Assassins A Radical Set In Islam *Downloaded from intra.itu.edu by guest*

GRIFFIN HERNANDEZ

The Assassins Mulholland Books
Winner of the Los Angeles Times Book Prize in History and one of the New York Times's 100 Notable Books of the Year. The assassination of Israeli Prime Minister Yitzhak Rabin remains the single most consequential event in Israel's recent history, and one that fundamentally altered the trajectory for both Israel and the Palestinians. In Killing a King, Dan Ephron relates the parallel stories of Rabin and his stalker, Yigal Amir, over the two years leading up to the assassination, as one of them planned political deals he hoped would lead to peace, and the other plotted murder. "Carefully reported, clearly presented, concise and gripping," It stands as "a reminder that what happened on a Tel Aviv sidewalk 20 years ago is as important to understanding Israel as any of its wars" (Matti Friedman, The Washington Post).
Gandhi's Assassin Basic Books
Warning: Philosophical Content - Explicit Ideas - May offend those easily offended. The legend of the Hassan El Sabbah is not as famous as his garden. Sabbah was an entrepreneur of sorts using the assassin as a tool to gain political influence throughout the Middle East. He would use young men by making them smoke hash then allowing them to enter his Garden of Earthly Delights. The young men were told they had entered paradise and would be expelled if they did not carry out Sabbah's wishes, which were usually to kill someone of relative importance. This tale is not only a fictional look at Sabbah, but also a mind-altering look into America's drug culture and the idea of paradise. Told by a stoner, set over a thousand years ago with an Arabian Nights feel to it, the story centers around Emir Abdullah-Harazins (Sabbah) and his infamous garden. This is the story of how Abdullah found the garden and came to be Emir Abdullah-Harazins.
American Radical Vintage
• An examination of the interactions of the Christian Knights Templar and their Muslim counterparts, the Assassins, and of the profound changes in Western society that resulted. • Restores the reputation of the secret Muslim order of the Assassins, disparaged as the world's first terrorist group. • Dispels many myths about the Knights Templar and provides the most incisive portrait of them to date. A thousand years ago Christian battled Muslim for possession of a strip of land upon which both their religions were founded. These Crusades changed the course of Western history, but less known is the fact that they also were the meeting ground for two legendary secret societies: The Knights Templar and their Muslim counterparts, the Assassins. In The Templars and the Assassins: The Militia of Heaven, occult scholar and secret society member James Wasserman provides compelling evidence that the interaction of the Knights Templar and the Assassins in the Holy Land transformed the Templars from the Pope's private army into a true occult society, from which they would sow the seeds of the Renaissance and the Western Mystery Tradition. Both orders were destroyed as heretical some seven hundred years ago, but Templar survivors are

believed to have carried the secret teachings of the East into an occult underground, from which sprang both Rosicrucianism and Masonry. Assassin survivors, known as Nizari Ismailis, flourish to this day under the spiritual leadership of the Aga Khan. Wasserman strips the myths from both groups and penetrates to the heart of their enlightened beliefs and rigorous practices, delivering the most probing picture yet of these holy warriors.

WARP Book 1: The Reluctant Assassin Verso Books

SEATTLE, 204. The Space Needle lies crumpled. Veiled women hurry through the streets. Alcohol is outlawed, replaced by Jihad Cola, and mosques dot the skyline. New York and Washington, D.C., are nuclear wastelands. At the edge of the empire, Islamic and Christian forces fight for control, and rebels plot to regain free will....

Rings and Radicals W. W. Norton & Company

“This country's leading hell-raiser" (The Nation) shares his impassioned counsel to young radicals on how to effect constructive social change and know “the difference between being a realistic radical and being a rhetorical one.” First published in 1971 and written in the midst of radical political developments whose direction Alinsky was one of the first to question, this volume exhibits his style at its best. Like Thomas Paine before him, Alinsky was able to combine, both in his person and his writing, the intensity of political engagement with an absolute insistence on rational political discourse and adherence to the American democratic tradition.

The Assassins' Gate Pen and Sword

“Ten days after the war ended, my sister Laura drove a car off a bridge.” These words are spoken by Iris Chase Griffen, married at eighteen to a wealthy industrialist but now poor and eighty-two. Iris recalls her far from exemplary life, and the events leading up to her sister’s death, gradually revealing the carefully guarded Chase family secrets. Among these is “The Blind Assassin,” a novel that earned the dead Laura Chase not only notoriety but also a devoted cult following. Sexually explicit for its time, it was a pulp fantasy improvised by two unnamed lovers who meet secretly in rented rooms and seedy cafés. As this novel-within-a-novel twists and turns through love and jealousy, self-sacrifice and betrayal, so does the real narrative, as both move closer to war and catastrophe. Margaret Atwood’s Booker Prize-winning sensation combines elements of gothic drama, romantic suspense, and science fiction fantasy in a spellbinding tale.

The English Assassin The History Press

The reign of King Baldwin IV of Jerusalem (1174-85) has traditionally been seen as a period of decline when, because of the king's illness, power came to be held by unsuitable men who made the wrong policy decisions. Notably, they ignored the advice of Raymond of Tripoli and attacked Saladin, who was prepared to keep peace with the Franks while uniting the Islamic near east under his rule. This book challenges that view, arguing that peace with Saladin was not a viable option for the Franks; that the young king, despite suffering from lepromatous leprosy (the most deadly form of

the disease) was an excellent battle leader who strove with some success to frustrate Saladin's imperial ambitions; that Baldwin had to remain king in order to hold factions in check; but that the society over which he presided was, contrary to what is often said, vigorous and self-confident.

Assassins AuthorHouse

"A fascinating history . . . The Medieval conflict between Christians and Muslims has many similarities to the Middle East today."—Firetrench The Ismaili Assassins were an underground group of political killers who were ready to kill Christians and Muslims alike with complete disregard for their own lives. Under the powerful control of an enigmatic grand master, these devoted murderers often slayed their victims in public, cultivating their terrifying reputation. They assumed disguises and their weapon of choice was a dagger. The dagger was blessed by the grand master and killing with it was a holy and sanctified act; poison or other methods of murder were forbidden to the followers of the sect. Surviving a mission was considered a deep dishonor and mothers rejoiced when they heard that their Assassin sons had died having completed their deadly acts. Unsurprisingly, their formidable reputation spread far and wide. In 1253, the Mongol chiefs were so fearful of them that they massacred and enslaved the Assassins' women and children in an attempt to liquidate the sect. The English monarch, Edward I, was nearly dispatched by their blades and Richard the Lionheart's reputation was sullied by his association with the Assassins' murder of Conrad of Montferrat. The Ismaili Assassins explores the origins, actions and legacy of this notorious sect. Enriched with eyewitness accounts from Islamic and Western sources, this important book unlocks the history of the Crusades and the early Islamic period, giving the reader entry into a historical epoch that is thrilling and pertinent. "An inherently fascinating, deftly written, and impressively informative read from beginning to end."—Midwest Book Review

Radical CRC Press

Shadow Assassins, Book One: Radical separatists, created at the onset of the Great Conflict, have been made obsolete by years of peace. They live in their subterranean Shadow Maze and only emerge when it's time to breed. For Varrik, that time is now. Varrik, current leader of the Shadow Assassins, knows his people are on the verge of extinction. If they cannot adapt, they will die. Yet if his son were a direct descendant of the High Queen it would secure a place for future generations. Protecting his people is his first priority, so Varrik assembles a hunting party and kidnaps the royal twins. He is determined to claim the eldest for his own. Echo, the younger princess, knows her pampered sister will never survive the sexual appetites of their virile captor. Echo doesn't understand the powerful attraction she feels for Varrik, but drawing his attention is a far better choice than allowing him to overwhelm her twin. She doesn't expect to find him fascinating or to crave the demanding passion he ignites. Can a dominating warrior and his willing captive bring light to the Shadow Maze? Note to Readers: This book contains detailed

descriptions of sizzling passion only suitable for mature readers. From Cyndi: I introduced Shadow Assassins clear back in Taken by Storm. Tal mentions, almost in passing, that his mother was killed by one. Years passed as the concept churned away in the back of my mind. Who were the Shadow Assassins and what became of them after the Great Conflict? As I answered these questions, Royal Obsession was born. Then it became apparent that I didn't have one new book; I had a new series. Royal Obsession is part paranormal romance, part capture fantasy. It's hot and unapologetically sexual. Varrik simply wouldn't be tamed and Echo was more than happy to revel in his carnality. Though this story has sci-fi elements, it's less space opera than my previous books. It's always risky when an author shifts gears, but I hope you enjoy the new series!

Paradise of the Assassins Anything-But-Ordinary Publishing

Spy turned art restorer Gabriel Allon finds himself accused of murder in this New York Times bestseller from Daniel Silva. An Israeli spy by trade and art restorer by preference, Gabriel Allon arrives in Zurich to restore the work of an Old Master for a millionaire banker—and finds himself standing in blood and framed for the man's murder. While trying to clear his name, Allon is swept into a spiraling chain of events involving Nazi art theft, a decades-old suicide, and a dark and bloody trail of killings—some of them his own. The spy world Allon thought he had left behind has come back to haunt him. And he will have to fight for his life—against an assassin he himself helped train.

The Assassins Trafford Publishing

From a master historian, the definitive account of history's first terrorists An offshoot of the Ismaili Shi'ite sect of Islam, the Assassins were the first group to make systematic use of murder as a political weapon. Established in Iran and Syria in the eleventh and twelfth centuries, they aimed to overthrow the existing Sunni order in Islam and replace it with their own. They terrorized their foes with a series of dramatic murders of Islamic leaders, as well as of some of the Crusaders, who brought their name and fame back to Europe. Professor Lewis traces the history of this radical group, studying its teachings and its influence on Muslim thought. Particularly insightful in light of the rise of the terrorist attacks in the U.S. and in Israel, this account of the Assassins -- whose name is now synonymous with politically motivated murderers -- places recent events in historical perspective and sheds new light on the fanatic mind.

The Templars and the Assassins Capstone

An adventure love-story set in Syria in the middle ages. Under the guise of doing Hajj, young lovers Zamurrud and Hussain elope. En route to Mecca, Zamurrud is kidnapped by The Assassins – an extreme sect whose members are prepared to leap to death at a sign from their masters, their reward paradise. Zamurrud is coerced into returning to visit Hussain in what he believes is a dream. She convinces him that she is in paradise, and that if he wants to see her again he must join the Assassins and perform acts of terror against his own beliefs.

The Gringa Macmillan + ORM

Blend a dollop of

Enlightenment history for the lawyers and history buffs, a skosh of cool technology for the geekish, and a smidgen of business for the Wall Street crowd. Add to a boiling cauldron of passion and armed violence. Sprinkle with strong dialog and wit. Shazaam! Tomorrow's headlines today, in Patriot and Assassin. Patriot and Assassin places the protagonist, Alejandro 'Cooch' Cuchulain, at the heart of a plot to release nerve gas in one of our nation's busiest stadiums, then later into the sadistic hands of the terrorist who planned that attack. Cooch leads a Rhodes Scholar former Seal, a stunning female MacArthur winning physicist, a former USMC Master Sniper and the former director of the CIA's special operations unit, now working in the White House. Together, they engage a large contingent of Al-Qaeda, among others, while working to improve the life of Muslims. Inspired by the evidence that Middle Eastern culture will be transformed positively when Muslims are convinced that transformation in their self-interest, Patriot and Assassin uses the proven lessons of the Enlightenment to expedite that transformation. More than simply sex and violence advance the story. Patriot and Assassin incorporates strong character development and powerful, thoughtful dialogue to drive this politico-thriller at a breakneck pace. The Enlightenment transformed the Western world in three hundred years. Cooch and company hope to transform the Muslim world in far less time, using technology, violence and lessons from the past. They neither disdain violence on this journey to improve, nor avoid using the latest technology to make both the journey and the violence easier. Action flows seamlessly from West Texas to Washington to Morocco to Yemen and back. Former CIA warrior Cuchulain is a strong male protagonist working with a dynamic female protagonist in Dr. Caitlin O'Connor. This thriller brings a fresh dynamic to the genre. Patriot and Assassin positions itself as the thriller for thoughtful readers interested in observing strong, complex characters meeting complex world-wide challenges.

The Blind Assassin Basic Books

A "chilling" and "expertly" written history of the 1939 September Campaign and the onset of World War II (Times of London). For Americans, World War II began in December of 1941, with the bombing of Pearl Harbor; but for Poland, the war began on September 1, 1939, when Hitler's soldiers invaded, followed later that month by Stalin's Red Army. The conflict that followed saw the debut of many of the features that would come to define the later war-blitzkrieg, the targeting of civilians, ethnic cleansing, and indiscriminate aerial bombing-yet it is routinely overlooked by historians. In Poland 1939, Roger Moorhouse reexamines the least understood campaign of World War II, using original archival sources to provide a harrowing and very human account of the events that set the bloody tone for the conflict to come.

Assassins Random House Trade Paperbacks

"I should be dead. Buried in an unmarked grave in Romania. Obviously, I am not. God had other plans." At just under five feet tall, Virginia Prodan was no

match for the towering 6' 10" gun-wielding assassin the Romanian government sent to her office to take her life. It was not the first time her life had been threatened--nor would it be the last. As a young attorney under Nicolae Ceausescu's brutal communist regime, Virginia had spent her entire life searching for the truth. When she finally found it in the pages of the most forbidden book in all of Romania, Virginia accepted the divine call to defend fellow followers of Christ against unjust persecution in an otherwise ungodly land. For this act of treason, she was kidnapped, beaten, tortured, placed under house arrest, and came within seconds of being executed under the orders of Ceausescu himself. How Virginia not only managed to elude her enemies time and again, but how she also helped expose the appalling secret that would ultimately lead to the demise of Ceausescu's evil empire is one of the most extraordinary stories ever told. A must-read for all generations, Saving My Assassin is the unforgettable account of one woman's search for truth, her defiance in the face of evil, and a surprise encounter that proves without a shadow of a doubt that nothing is impossible with God.
The Irish Assassins Simon and Schuster
A brilliant true crime account of the assassinations that altered the course of Irish history from the “compulsively readable” writer (The Guardian). One sunlit evening, May 6, 1882, Lord Frederick Cavendish and Thomas Burke, Chief Secretary and Undersecretary for Ireland, were ambushed and stabbed to death while strolling through Phoenix Park in Dublin. The murders were funded by American supporters of Irish independence and carried out by the Invincibles, a militant faction of republicans armed with specially made surgeon’s blades. They put an end to the new spirit of goodwill that had been burgeoning between British Prime Minister William Gladstone and Ireland’s leader Charles Stewart Parnell as the men forged a secret pact to achieve peace and independence in Ireland—with the newly appointed Cavendish, Gladstone’s protégé, to play an instrumental role in helping to do so. In a story that spans Donegal, Dublin, London, Paris, New York, Cannes, and Cape Town, Julie Kavanagh thrillingly traces the crucial events that came before and after the murders. From the adulterous affair that caused Parnell’s downfall; to Queen Victoria’s prurient obsession with the assassinations; to the investigation spearheaded by Superintendent John Mallon, also known as the “Irish Sherlock Holmes,” culminating in the eventual betrayal and clandestine escape of leading Invincible James Carey and his murder on the high seas, The Irish Assassins brings us intimately into this fascinating story that shaped Irish politics and engulfed an Empire.
Praise for Julie Kavanagh’s Nureyev: The Life “Easily the best biography of the year.” —The Philadelphia Inquirer “The definitive biography of ballet’s greatest star whose ego was as supersized as his talent.” —Tina Brown, award-winning journalist and author
Rules for Radicals Cambridge University Press
Named One of the 10 Best Books of the Year by The New York Times Book

Review Named one of the Best Books of the Year by The Washington Post Book World, The Boston Globe, Chicago Tribune, TheSan Francisco Chronicle Book Review, Los Angeles Times Book Review, USA Today, Time, and New York magazine. Winner of the Overseas Press Club's Cornelius Ryan Award for Best Nonfiction Book on International Affairs Winner of the New York Public Library Helen Bernstein Book Award for Excellence in Journalism The Assassins' Gate: America in Iraq recounts how the United States set about changing the history of the Middle East and became ensnared in a guerrilla war in Iraq. It brings to life the people and ideas that created the Bush administration's war policy and led America to the Assassins' Gate—the main point of entry into the American zone in Baghdad. The Assassins' Gate also describes the place of the war in American life: the ideological battles in Washington that led to chaos in Iraq, the ordeal of a fallen soldier's family, and the political culture of a country too bitterly polarized to realize such a vast and morally complex undertaking. George Packer's best-selling first-person narrative combines the scope of an epic history with the depth and intimacy of a novel, creating a masterful account of America's most controversial foreign venture since Vietnam. The Ismaili Assassins In Dreams Extreme Press The authoritative true crime biography of a seemingly ordinary woman who nearly killed President Ford. President Gerald Ford suffered two attempts on his life during his term in office: one by Lynette "Squeaky" Fromme of the Manson Family, and the other by a far less likely candidate—an average middle-aged mother of five—Sara Jane Moore. After thirty years of communication with Moore in prison, journalist Geri Spieler provides a riveting account of her path from childhood in smalltown West Virginia to that fateful moment when she tried to assassinate the president. Throughout Moore's dodgy life she hid her identity and misled those around her. Through the turbulent 60s and 70s, she married five times, abandoned children, faked amnesia, befriended Patty Hearst's father, became a revolutionary, and worked as an FBI informant turned double agent feeding information to the underground radicals. From Spieler's insider correspondence and independent research, including interviews with President Ford himself, she dissects the popular narrative—confirming some details and debunks others—and delivers a compelling profile of a society lady turned elusive assassin. *Sins of the Assassin* Disney Electronic Content Maajid Nawaz spent his teenage years listening to American hip-hop and learning about the radical Islamist movement spreading throughout Europe and Asia in the 1980s and 90s. At 16, he was already a ranking member in Hizb ut-Tahrir, a London-based Islamist group. He quickly rose through the ranks to become a top recruiter, a charismatic spokesman for the cause of uniting Islam's political power across the world. Nawaz was setting up satellite groups in Pakistan, Denmark, and Egypt when he was rounded up in the aftermath of 9/11 along with many other radical Muslims. He was sent to an Egyptian prison where

he was, fortuitously, jailed along with the assassins of Egyptian President Anwar Sadat. The 20 years in prison had changed the assassins' views on Islam and violence; Maajid went into prison preaching to them about the Islamist cause, but the lessons ended up going the other way. He came out of prison four years later completely changed, convinced that his entire belief system had been wrong, and determined to do something about it. He met with activists and heads of state, built a network, and started a foundation, Quilliam, funded by the British government, to combat the rising Islamist tide in Europe and elsewhere, using his intimate knowledge of recruitment tactics in order to reverse extremism and persuade Muslims that the 'narrative' used to recruit them (that the West is evil and the cause of all of Muslim suffering), is false. Radical, first published in the UK, is a fascinating and important look into one man's journey out of extremism and into something else entirely. This U.S. edition contains a "Preface for US readers" and a new, updated epilogue.

Killing a King: The Assassination of Yitzhak Rabin and the Remaking of Israel

Melville House

Riley, a teen orphan boy living in Victorian London, has had the misfortune of being apprenticed to Albert Garrick, an illusionist who has fallen on difficult times and now uses his unique conjuring skills to gain access to victims' dwellings. On one such escapade, Garrick brings his reluctant apprentice along and urges him to commit his first killing. Riley is saved from having to commit the grisly act when the intended victim turns out to be a scientist from the future, part of the FBI's Witness Anonymous Relocation Program (WARP) Riley is unwittingly transported via wormhole to modern day London, followed closely by Garrick. In modern London, Riley is helped by Chevron Savano, a nineteen-year-old FBI agent sent to London as punishment after a disastrous undercover, anti-terrorist operation in Los Angeles. Together Riley and Chevie must evade Garrick, who has been fundamentally altered by his trip through the wormhole. Garrick is now not only evil, but he also possesses all of the scientist's knowledge. He is determined to track Riley down and use the timekey in Chevie's possession to make his way back to Victorian London where he can literally change the world.
