Sterling Publishing Company, Inc.
This volume is a critical edition of a Victorian scrapbook, composed of cuttings from advertising images from the 1880's. These images are arranged

in hand-drawn domestic spaces and embellished with watercolour details. At the foot of each page is a handwritten running text, written by an unknown Victorian author, that provides a narrative to explain the accompanying images. The album also includes four original short stories, interspersed by twenty-three vignettes, which, like advertisements in a magazine,

echo and reinforce themes in the surrounding content. The album highlights issues of concern to women at the fin de siècle: romance, marriage, shopping, and house decoration. The satirical commentary on late Victorian shopping and commodity culture provides a fascinating insight into the interests and responses of consumers during this period. The volume will be

of great interest to students and scholars of literary and advertising history. *Handmade Photo Albums* Everyman's Library This ingenious book from the editors of *Creating Keepsakes* scrapbook magazine encourages readers to scrapbook their layouts with 4" x 6" photos

straight from the printer-- with minimal or even no, cropping required. And best of all, with no time-consuming photo resizing or expensive photo enlargements! This groundbreaking approach helps readers speed up their scrapbooking process and get caught up with their always-

growing stack of photos. The book is organized by the number of photos on each layout, which helps readers quickly identify the layouts that will be most helpful to them. Also included are ideas for using 4" x 6" photos to create mini albums, photo gifts for the family, and home décor items.
