Capturing Jonathan Pollard Simon and Schuster

What would the war do without me? We March at Midnight is award-winning author Ray McPadden’s chronicle of his experience as a highly decorated Ranger Officer leading some of the most dangerous missions during the height of the Iraq and Afghan wars. In 2005, Ray joined the army in search of what he calls “the moment”—a chance to prove to himself and his brothers in arms that he is a true leader. His job is to establish the first outpost in the Korengal, Afghanistan’s deadliest valley, and his decisions and mistakes will have a permanent impact on the men he commands. During the fifteen-month tour, his unit receives numerous decorations for valor while suffering nearly 50 percent casualties, ultimately accomplishing their mission in a land considered unwinnable. Prowess with a rifle platoon soon earns Ray a position in the world’s premiere raiding force, the 75th Ranger Regiment, an accomplishment earned by less than 1 percent of the officers

in the US Army, and during the most combat-heavy period of the twenty-first century. Ray spearheads the first joint-strike force of Army Rangers and Navy SEALs, in a shadow war against the agents of a foreign government, where lightning raids by helicopter, armored vehicle, and foot are his nightly routine. In 2009, when Ray returns to the same corner of Afghanistan where his military career began, he suddenly finds himself tasked with leading Rangers against a target he knows all too well: the home of friends from his first tour. As he leads one last raid, Ray is at war with himself. Conquering this unexpected enemy proves the greatest challenge of all. We March at Midnight is a blood-spattered tour de force of growing up, leadership, the nature of war, and its aftermath.

This anthology discusses the converging operational issues of air base defense and counterinsurgency. It explores the diverse challenges associated with defending air assets and joint personnel in a counterinsurgency environment. The authors are primarily Air Force officers from security forces, intelligence, and the office of special investigations, but works are included from a US Air Force pilot and a Canadian air force officer. The authors examine lessons from Vietnam, Iraq, Afghanistan, and other conflicts as they relate to securing air bases and sustaining air operations in a high-threat counterinsurgency environment. The essays review the capabilities, doctrine, tactics, and training needed in base defense operations and recommend ways in which to build a strong, synchronized ground defense partnership with joint and combined forces. The authors offer recommendations on the development of combat leaders with the depth of knowledge, tactical and operational skill sets, and counterinsurgency mind set necessary to be

effective in the modern asymmetric battlefield.

Onslaught chronicles Captain Dan Lenson's latest challenge as the U.S. Navy struggles to hold Taiwan, Korea, and Japan against a massive Chinese offensive. The prize: domination of Asia and the Western Pacific. As the United States' computer, satellite, and financial networks are ravaged by coordinated cyberwar attacks, China and its Associated Powers begin to roll up and intimidate American allies, launching invasions of India, Taiwan, South Korea, and Okinawa. USS *Savo Island*, captained by Lenson, is one of the few forces left to stop them. But with a crew under attack from an unknown assailant aboard their own ship, and rapidly running out of ordnance against waves of enemy missiles and torpedoes, can Dan and his scratch-team task force hold the line? Or will the U.S. lose the Pacific—and perhaps much more—to an aggressive and expansionist new People's Empire? The most explosive novel yet in the long-running Dan Lenson series, David Poyer's *Onslaught* follows *Tipping Point* to unfold an utterly convincing scenario of how a global war with China could unfold.

We March at Midnight Simon and Schuster

For audiences of the popular FX television series *The People v. O.J. Simpson*: American Crime Story, based on Jeffrey Toobin's *The Run of His Life* and starring Cuba Gooding, Jr., John Travolta, David Schwimmer, and Courtney B. Vance. Named on *Vogue Magazine's* "American Crime Story Reading List" as one of the "eight definitive books on the trial of the century." Twenty years ago, America was captivated by the awful drama of the O.J. Simpson trial. The Simpson "Dream Team" legal defense had a seemingly impossible task: convincing a jury that their client was innocent of the murders of Nicole Brown Simpson and Ron Goldman. In order for O.J. Simpson to get away with murder, the defense attorneys had to destroy the reputation of Mark Fuhrman, a brilliant Los Angeles detective who was the lead on the murder scene and had collected overwhelming physical evidence against Simpson. Now Fuhrman tells his side of the story in the #1 New York Times bestseller *Murder in Brentwood*, a damning exposé that reveals why and how Simpson's prosecution was bungled. Fuhrman offers a sincere mea culpa for allowing his personal mistakes to become a focal point of the defense's strategy but also stands by the evidence he collected, writing: "One thing I will not apologize for is my policework on the O.J. Simpson case." With Fuhrman's own hand-drawn maps of the crime scene, his reconstruction of the murders, and interrogation transcripts, *Murder in Brentwood* is the book that sets the record straight about what really happened on June 12, 1994—and reveals why the O.J. Simpson trial was such a catastrophe. *Paris Nights* Simon and Schuster

A lot has been written about the time contractor Raymond Davis spent in a Pakistani jail in 2011. Unfortunately, much of it is misleading—or downright false—information. Now, the man at the center of the controversy tells his side of the story for the very first time. In *The Contractor: How I Landed in a Pakistani Prison and Ignited a Diplomatic Crisis*, Davis offers an up-close and personal look at the 2011 incident in Lahore, Pakistan, that led to his imprisonment and the events that took place as diplomats on both sides of the bargaining table scrambled to get him out. How did a routine drive turn into front-page news? Davis dissects the incident before taking readers on the same journey he endured while trapped in the Kafkaesque Pakistani legal system. As a veteran security contractor, Davis had come to terms with the prospect of dying long before the January 27, 2011 shooting, but nothing could prepare him for being a political pawn in a game with the

highest stakes imaginable. An eye-opening memoir, *The Contractor* takes the veil off Raymond

Davis's story and offers a sober reflection on the true cost of the War on Terror.
