Russia, 1905. Behind the gates of the Karenin Palace, Sergei, son of Anna Karenina, meets Tolstoy in his dreams and finds reminders of his mother everywhere: the almost-living portrait that the Tsar intends to acquire and the opium-infused manuscripts she wrote just before her death, one of which opens a trapdoor to a wild feminist fairytale. Across the city, Clementine, an anarchist seamstress, and Father Gapón, the charismatic leader of the proletariat, tip the country ever closer to revolution. Boullosa lifts the voices of coachmen, sailors, maids, and seamstresses in this playful, polyphonic, and subversive revision of the Russian revolution, told through the lens of Tolstoy's most beloved work.

A Dream Come True collects the complete stories of Juan Carlos Onetti, presenting his existentialist, complex, and ironic style over the course of his writing career. Onetti was praised by Latin America's greatest authors, and regarded as an inventor of a new form and school of writing. Juan Carlos Onetti's A Dream Come True depicts a sharp, coherent, literary voice, encompassing Onetti's early stages of writing and his later texts. They span from a few pages in "Avenida de Mayo - Diagonal - Avenida de Mayo" to short novellas, like the celebrated detective story "The Face of Disgrace" and "Death and the Girl," an existential masterpiece that explores the complexity of violence and murder in the mythical town of Santa María. His stories create a world of writing which is both universal and highly local, mediating between philosophical characters and the quotidian melodrama of Uruguayan villages.

Successful Leadership Through the Government of Twelve Penguin

"To read these poems is to be reminded again and again of our

true allegiance to each other." —from the introduction by Julia Alvarez With a powerful and poignant introduction from Julia Alvarez, *Resistencia: Poems of Protest and Revolution* is an extraordinary collection, rooted in a strong tradition of protest poetry and voiced by icons of the movement and some of the most exciting writers today. The poets of *Resistencia* explore feminist, queer, Indigenous, and ecological themes alongside historically prominent protests against imperialism, dictatorships, and economic inequality. Within this momentous collection, poets representing every Latin American country grapple with identity, place, and belonging, resisting easy definitions to render a nuanced and complex portrait of language in rebellion. Included in English translation alongside their original language, the fifty-four poems in *Resistencia* are a testament to the art of translation as much as the act of resistance. An all-star team of translators, including former US Poet Laureate Juan Felipe Herrera along with young, emerging talent, have made many of the poems available for the first time to an English-speaking audience. Urgent, timely, and absolutely essential, these poems inspire us all to embrace our most fearless selves and unite against all forms of tyranny and oppression.

A Rainmaker Translation Grant Winner from the Black Mountain Institute: Senselessness, acclaimed Salvadoran author Horacio Castellanos Moya's astounding debut in English, explores horror with hilarity and electrifying panache. A boozing, sex-obsessed writer finds himself employed by the Catholic Church (an institution he loathes) to proofread a 1,100 page report on the army's massacre and torture of thousands of indigenous villagers a decade earlier, including the testimonies of the survivors. The writer's job is to tidy it up: he rants, "that was what my work was all about, cleaning up and giving a manicure to the Catholic hands that were piously getting ready to squeeze the balls of the military tiger." Mesmerized by the strange Vallejo-like poetry of the Indians' phrases ("the houses they were sad because no people were inside them"), the increasingly agitated and

frightened writer is endangered twice over: by the spell the strangely beautiful heart-rending voices exert over his tenuous sanity, and by real danger—after all, the murderers are the very generals who still run this unnamed Latin American country.

Jorge Luis Borges (1899-1986) is Argentina's most celebrated author. This volume brings together for the first time the numerous contexts in which he lived and worked; from the history of the Borges family and that of modern Argentina, through two world wars, to events including the Cuban Revolution, military dictatorship, and the Falklands War. Borges' distinctive responses to the Western tradition, Cervantes and Shakespeare, Kafka, and the European avant garde are explored, along with his appraisals of Sarmiento, gauchesque literature and other strands of the Argentine cultural tradition. Borges' polemical stance on Catholic integralism in early twentieth-century Argentina is accounted for, whilst chapters on Buddhism, Judaism and landmarks of Persian literature illustrate Borges's engagement with the East. Finally, his legacy is visible in the literatures of the Americas, in European countries such as Italy and Portugal, and in the novels of J. M. Coetzee, representing the Global South.

The Dream of My Return Set in the highlands of the Mexican state of Chiapas, The Book of Lamentations tells of a fictionalized Mayan uprising that resembles many of the rebellions that have taken place since the indigenous people of the area were first conquered by European invaders five hundred years ago. With the panoramic sweep of a

Diego Rivera mural, the novel weaves together dozens of plot lines, perspectives, and characters. Blending a wealth of historical information and local detail with a profound understanding of the complex relationship between victim and tormentor, Castellanos captures the ambiguities that underlie all struggles for power. A masterpiece of contemporary Latin American fiction from Mexico's greatest twentieth-century woman writer, The Book of Lamentations was translated with an afterword by Ester Allen and introduction by Alma Guillermoprieto.

A high-octane paranoia deranges a writer and fuels a dangerous plan to return home to El Salvador. High-octane paranoia deranges a writer and fuels a dangerous plan to return home at the tail end of El Salvador's long civil war. Is the plan a dream or a nightmare? Is he courageous, foolhardy, or just plain dumb? Is the bubbling brew of horrors and threats actual or imagined? After he seeks relief for liver pain through hypnosis (while drinking more than ever, despite the treatments), his few impulse-control mechanisms rapidly dissolve, and reality only rarely intrudes on his cogitations. Harebrained murder plots, half-mad arguments, hysterical rants: the narrative escalates at a maniacal pace, infused with Horacio Castellanos Moya's uniquely outlandish and acerbic sense of humor.

The Word of the Speechless New Directions Publishing

"A thoughtfully observed travel memoir and history as richly detailed as it is deeply felt" (Kirkus Reviews) of South America, from Butch Cassidy to Che Guevara to cocaine king Pablo Escobar to Charles Darwin, all set in the Andes Mountains. The Andes

Mountains are the world's longest mountain chain, linking most of the countries in South America. Kim MacQuarrie takes us on a historical journey through this unique region, bringing fresh insight and contemporary connections to such fabled characters as Charles Darwin, Che Guevara, Pablo Escobar, Butch Cassidy, Thor Heyerdahl, and others. He describes living on the floating islands of Lake Titcaca. He introduces us to a Patagonian woman who is the last living speaker of her language. We meet the woman who cared for the wounded Che Guevara just before he died, the police officer who captured cocaine king Pablo Escobar, the dancer who hid Shining Path guerrilla Abimael Guzman, and a man whose grandfather witnessed the death of Butch Cassidy. Collectively these stories tell us something about the spirit of South America. What makes South America different from other continents—and what makes the cultures of the Andes different from other cultures found there? How did the capitalism introduced by the Spaniards change South America? Why did Shining Path leader Guzman nearly succeed in his revolutionary quest while Che Guevara in Bolivia was a complete failure in his? "MacQuarrie writes smartly and engagingly and with...enthusiasm about the variety of South America's life and landscape" (The New York Times Book Review) in Life and Death in the Andes. Based on the author's own deeply observed travels, "this is a well-written, immersive work that history aficionados, particularly those with an affinity for Latin America, will relish" (Library Journal).

Hitchens brings the character of Jefferson to life as a man of his time and also as a symbolic figure beyond it. Conflicted by power, Jefferson wrote the Declaration of Independence and acted as

Minister to France yet yearned for a quieter career in the Virginia legislature. Predicting that slavery would shape the future of America's development, this professed proponent of emancipation continued to own human property. He negotiated

the Louisiana Purchase with France, doubling the size of the nation, and authorized the Lewis and Clark expedition, opening up the American frontier. The Barbary War, a lesser-known chapter of his political career, led to the building of the U.S. Navy and the fortification of America's reputation regarding national defense. In

the background is the fledgling nation's struggle for independence, formed in the crucible of the eighteenth-century Enlightenment, and, in its shadow, the deformation of that struggle in the excesses of the French Revolution.
