English-Medium Instruction in Japanese Higher Education provides a touchstone for higher education practitioners, researchers and policy makers. It enables readers to more clearly understand why policies concerning English-medium instruction (EMI) are in place in Japan, how EMI is being implemented, what challenges are being addressed and what the impacts of EMI

may be. The volume situates EMI within Japan's current policy context and examines the experiences of its stakeholders. The chapters are written by scholars and practitioners who have direct involvement with EMI in Japanese higher education. They look at EMI from perspectives that include policy planning, program design, marketing and classroom practice.

This book examines the major warships of the Imperial Russian Navy which participated in the Russo-Japanese War. The focus is on the battleships, coastal defence warships, and cruisers of the Pacific Squadron and Baltic Squadron that fought during the war. It discusses in detail their design and development between the years of 1885 and 1905, concentrating particularly on battleships and cruisers. The book explores, in depth, the mutually influential relationship between Russian and foreign warship design, as Russia progressed from a reliance on foreign designs and shipyards towards an ability to produce its own influential ships, such

as the Novik. The title also outlines the gripping operational history of the Russian warships which participated in the Russo-Japanese war, tracing their activity before and during the combat, as well as the post-war fate of those ships which were bombarded, scuttled, captured, or salvaged. Packed with contemporary photography and full-colour illustrations, this title offers a detailed and definitive guide to the design, development, and destiny of the Russian warships which battled the Japanese in the Eastern seas.

"From crawling through Buddha's nose at Todai-ji Temple to finding peace in Hiroshima, discover the secrets of savvy expatriates, seasoned travelers, and inspired locals. With its unique storytelling style, and insights into dining, shopping, sightseeing, and culture, *To Japan With Love* is a one-of-a-kind guide for the passionate traveler"-- Cover [p.4]

The Outlook University of Hawaii Press

This volume is a textbook for aspiring translators of Japanese into English, as well as a reference work for professional Japanese-English translators and for translator educators. Underpinned by sound theoretical principles, it provides a solid foundation in the practice of

Japanese-English translation, then extends this to more advanced levels. Features include: 13 thematic chapters, with subsections that explore common pitfalls and challenges facing Japanese-English translators and the pros and cons of different procedures exercises after many of these subsections abundant examples drawn from a variety of text types and genres and translated by many different translators This is an essential resource for postgraduate students of Japanese-English translation and Japanese language, professional Japanese-English translators and translator educators. It will also be of use and interest to advanced undergraduates studying Japanese.

Business Digest and Investment

Weekly Innovative Language Learning Japan's Diversity Dilemmas: Ethnicity, Citizenship, and Education reveals how Japanese society is now in the midst of dramatic transformation brought on by demographic change and globalization. Foreigners are coming to Japan and many more will come in the near future to meet the demands of an economy that needs workers to compensate for an extremely low birth rate. The ramifications of this influx of foreigners into a society that has based its identity on a mythical ethnic purity are enormous. This book examines the effects of globalization on both new and older ethnic communities. It shows the ways in which minorities, in particular Koreans, are changing their conceptions and practices regarding nationality. It

explores issues of human rights and emerging conceptions of citizenship in Japan. It also looks at how forces of globalization are affecting the state ideology of homogeneity and how a new image of diversity and multiculturalism is slowly developing. Several authors focus their attention on implications for education in citizenship education, ethnic education, and international education. Japan's Diversity Dilemmas is not just about minorities, but addresses issues of diversity that impact Japan as a nation in three areas: ethnicity, citizenship, and education. As the population diversifies, the linking of ethnicity and citizenship is being challenged and education is a battleground where these struggles occur. This collection of papers by an

interdisciplinary group of authors helps readers to understand Japan's evolving conceptions of the nation and its attempts to balance tensions of unity and diversity. 'Japan's Diversity Dilemmas looks at precisely the kind of issues that need examination and discussion, as Japan stands on the cusp of potentially huge demographic and social changes. This collection of studies will enrich and inform classroom and public discourse and those who follow these issues will find this book essential.' -Sharon Noguchi, San Jose Mercury News and former Fulbright Fellow, University of Tokyo

Established in 1911, The Rotarian is the official magazine of Rotary International

and is circulated worldwide. Each issue contains feature articles, columns, and departments about, or of interest to, Rotarians. Seventeen Nobel Prize winners and 19 Pulitzer Prize winners – from Mahatma Ghandi to Kurt Vonnegut Jr. – have written for the magazine.

Bulletin of the United States Bureau of Labor Statistics

Queer Voices from Japan examines the wide range of queer voices in Japan, and the longevity that these minority communities have enjoyed in society. Mark McLelland, Katsuhiko Suganuma, and James Welker bring together historical and contemporary narratives that contribute to the study of sexual identities in Japan. These essays trace the evolution of queer voices in Japan with analyses of the presence of

homosexuality in the Japanese Imperial Army, the development of Japan's first gay bars, and same-sex experiences in the pre- and post-war periods. This book offers a variety of perspectives including a range of male-to-female and female-to-male transgender voices and experiences. The broad scope of this volume makes it an invaluable text for understanding the development of Japanese sex and gender categories in the twentieth century. *Queer Voices from Japan* is a compelling read that will appeal to those interested in Asian studies and human sexuality.

To Japan with Love

The mission of the International Journal of Educational Reform (IJER) is to keep readers up-to-date with worldwide developments in education reform by

providing scholarly information and practical analysis from recognized international authorities. As the only peer-reviewed scholarly publication that combines authors' voices without regard for the political affiliations perspectives, or research methodologies, IJER provides readers with a balanced view of all sides of the political and educational mainstream. To this end, IJER includes, but is not limited to, inquiry based and opinion pieces on developments in such areas as policy, administration, curriculum, instruction, law, and research. IJER should thus be of interest to professional educators with decision-making roles and policymakers at all levels turn since it provides a broad-based conversation between and among policymakers, practitioners, and

academicians about reform goals, objectives, and methods for success throughout the world. Readers can call on IJER to learn from an international group of reform implementers by discovering what they can do that has actually worked. IJER can also help readers to understand the pitfalls of current reforms in order to avoid making similar mistakes. Finally, it is the mission of IJER to help readers to learn about key issues in school reform from movers and shakers who help to study and shape the power base directing educational reform in the U.S. and the world.

LIFE.com, the largest, most amazing collection of professional photography on the internet. Users can browse, search and view photos of today's people and events. They have free access to share, print and post images for personal use.

T.P.'s Weekly

Micronesians often liken the Pacific War to a typhoon, one that swept away their former lives and brought dramatic changes to their understandings of the world and their places in it. Whether they spent the war in bomb shelters, in sweet potato fields under the guns of Japanese soldiers, or in their homes on atolls sheltered from the war, Micronesians who survived those years know that their peoples passed through a major historical transformation. Yet Pacific War histories scarcely mention

the Islanders across whose lands and seas the fighting waged. Memories of War sets out to fill that historical gap by presenting the missing voices of Micronesians and by viewing those years from their perspectives. The focus is on Micronesian remembrances—the ritual commemorations, features of the landscape, stories, dances, and songs that keep their memories of the conflict alive. The inclusion of numerous and extensive interviews and songs is an important feature of this book, allowing Micronesians to speak for themselves about their experiences. In addition, they

also reveal distinctively Micronesian cultural memories of war. Memories of War preserves powerful and poignant memories for Micronesians; it also demonstrates to students of history and culture the extent to which cultural practices and values shape the remembrance of personal experience.
