**The Great Train Robbery** Bloomsbury Pub Limited  
*London's Underworld* takes us on the nightmarish last journeys of condemned criminals to the gallows at Tyburn. We enter death-trap eighteenth century prisons, one of which the novelist Henry Fielding described as a 'prototype of hell'. We walk the crowded

streets of Victorian London with its swarms of prostitutes and follow the ingenious villains who carried out the first great train robbery in 1854. We see the rise and fall of the interwar racecourse gangs and the bloody battle for control of the Wes End. This fascinating book illustrates how crime in the capital has evolved from the extreme violence of the early eighteenth century to the vastly more complex and lucrative, but no less brutal, gangland of today.

**Pirate Latitudes** Mainstream Publishing

A fictional retelling of the story behind the great train robbery, providing a sinister portrayal of the loyalties and fear operating within criminal and police circles in the sixties. If you thought the great train robbers were unlucky to get caught, you don't know half the story... In the early hours of the 8th August 1963, several men hold up a GPO mail train in rural Buckinghamshire. Two and a half million pounds (equivalent to over £45 million today) is snatched from under the noses of the GPO, the police and the establishment. This creates a gang of heroes who the public fall in love with; some of whom, like Ronnie Biggs, become a part of British folklore. But behind the bravado lays a darker story; one of greed, betrayal, and both thieves and police turning on each other. Eddie Maloney, an IRA fundraiser, and Tommy Lavery, a northern crime boss, know who the robbers are and where they live, because they hired them for the job. The men traditionally seen as 'Robin Hoods' were set up and all, with the exception of Biggs, are brought to justice - unsurprising, given that Maloney and Lavery reach deep inside the investigating Flying Squad. There is a reason that most of the money from the robbery was never recovered - the two men at the top systematically robbed

and cheated the men who did the dirty work. In the aftermath, will there be honour between the two masterminds of the operation - the two men who were never caught? There have been some attempts to catalogue the story of the great train robbery in the past, almost all from a factual perspective, looking at both the thieves and police. This fictionalised account adds a fascinating twist to the story and will appeal to lovers of thrillers - especially crime thrillers - and those interested in true crime.

*The Great Train Robbery* Weidenfeld & Nicolson

In 1981, Detective Inspector Satchwell was the officer in charge of the case against Train Robber Tom Wisbey and twenty others. The case involved massive thefts from mail trains - similar to the Great Train Robbery of 1963 where £2.6 million was taken and only £400,000 ever recovered. Thirty years later their paths crossed again and an unlikely partnership was formed, with the aim of revealing the truth about the Great Train Robbery. This

book reassesses the known facts about one of the most infamous crimes in modern history from the uniquely qualified insight of an experienced railway detective, presenting new theories alongside compelling evidence and correcting the widely accepted lies and half-truths surrounding this story.

The Secret Train Robber Arena books

During the 1800s trains carried the nation's wealth throughout the east, but no one thought to rob a speeding train until 1866. In 1870 the first western train was robbed in Nevada and within hours a second train was robbed. Railroads made every alteration to their cars and changed every procedure they could imagine to thwart the robbers, but to no avail. Robbing trains became epidemic over the next five decades, even when the legislatures made train robbery a capital crime. A few of the hundreds of train robberies stand out as thrilling and dangerous affairs, and the greatest of these (15-20) are included in this book.

**The Great Train Robbery** Vintage

On the 8th August 1963 a gang of 15 men stopped a mail train in Buckinghamshire and proceeded to steal sacks of money worth £2.6 million. It was the biggest heist ever carried out in the UK and frontpage news around the world. The mastermind behind this most audacious crime of the twentieth century was Bruce Reynolds. Perhaps the last of the 'gentlemen villains'; Reynolds epitomised that particular breed of sharply dressed, post-war criminals who mixed with royalty and movie stars, and never carried a gun. They thrived on adventure and glamour, and the Great Train Robbery was their last ride. From his childhood and early forays into crime, to planning the robbery and his life on the run, and finally his capture, prison years and growing old with the gang - this is a true crime classic. Widely regarded as a one of the finest memoirs of a life of crime, Autobiography of a Thief is

essential listening for anyone interested in true crime. Narrated by his son, Nick Reynolds, who grew up on the run with his father. *Great Train Crimes Signet Book*

A former Scotland Yard superintendent and a veteran Fleet Street crime reporter give an account of the daring 1963 robbery of \$7 million from a Royal Mail train on its way from Glasgow to London.

*The Curse of the Great Train Robbery* Grub Street Publishers

The train robbery by the James-Younger gang in 1874 at Gads Hill, Missouri, was a big news item of the day.

American newspapers from as far away as New York and Boston carried the story, and journalists in St. Louis, Chicago, and even European cities wrote scathing editorials about the crime. In time, the excitement subsided, but the raid at Gads Hill had a lasting effect on the lives of the James and Younger brothers. Dramatic events that occurred during the robbery, retreat, and pursuit brought the bandits world-wide attention and became the source for much of the Jesse James legend we know today. Here, told largely by trainmen, passengers, farmers, detectives, outlaws, news reporters, and others who were directly or indirectly involved with the crime, is a true, documented account of Frank and Jesse James, the Younger brothers, and Missouri's first train robbery. Many of the photographs included have never been published.

*All for Nothing* The History Press

In the early hours of 8 August 1963, a crime took place which simultaneously captured the imagination of the general public, and shook the British Establishment to the core, in a way that no criminal event had ever done before. The Great Train Robbery, as

it subsequently became known, involved the audacious high-jacking of one of Her Majesty's mail trains, netting the sixteen strong gang over 2.6million, equivalent to almost 50million in 2016. One by one, thanks to the tenacity of the Scotland Yard Flying Squad officers charged with bringing the perpetrators to justice, all known members of the gang were brought to trial and, with one exception, were subsequently convicted and sentenced to imprisonment. However, there was a great deal of public outrage at the length of the some of the sentences handed out by the trial judge, with many of the gang facing the prospect of up to 30 years in prison. Yet, for many of those involved both directly and indirectly in the Great Train Robbery, the story does not end there. Over the coming years, a series of tragedies, misfortunes, illnesses and downright bad luck were to blight the lives of a significant number of the guilty and the innocent. The Curse of the Great Train Robbery tells the thrilling story of the robbery and reveals the series of subsequent events which will leave readers to ponder whether this was a crime which was both cursed and doomed to fail from the very outset."

*Great Train Robbery, the* -CC Rowman & Littlefield

Shout and we'll kill you! Threats and violence were part of the Great Train Robbery of 1963. Its loot was, at that time, the largest amount of cash ever stolen in Britain. The Crime of the Century seemed to be perfectly planned and executed, but police aimed to show that they'd find those involved and bring them to justice. Would they succeed or would the daring criminals involved in the crime escape with the cash?

*The First Great Train Robbery* Wharncliffe

In the early hours of Thursday, 8 August 1963, sixteen masked

men ambushed the Glasgow-Euston mail train at Sears Crossing in Buckinghamshire. Making off with a record haul of £2.6 million, the robbers received approximately £150,000 each (over £2 million in today's money). While twelve of the robbers were jailed over the next five years, four were never brought to justice – they evaded arrest and thirty-year prison sentences, and lived out the rest of their lives in freedom. In stark contrast to the likes of Ronnie Biggs, Buster Edwards and Bruce Reynolds, they became neither household names nor tabloid celebrities. Who were these men? How did they escape detection for so long? And how, almost sixty years later, are their names still not common knowledge? In *No Case to Answer*, Andrew Cook gathers and examines decades of evidence and lays it out end to end. It's time for you to draw your own conclusions.
