An inside look at a "no-excuses" charter school that reveals this educational model's strengths and weaknesses, and how its approach shapes students Silent, single-file lines. Detention for putting a head on a desk. Rules for how to dress, how to applaud, how to complete homework. Walk into some of the most acclaimed urban schools today and you will find similar recipes of behavior, designed to support student achievement. But what do these "scripts" accomplish? Immersing readers inside a "no-excuses" charter school, Scripting the Moves offers a telling window into an expanding model of urban education reform. Through interviews with students, teachers, administrators, and parents, and analysis of documents and data, Joanne Golann reveals that such schools actually dictate too rigid a level of social control for both teachers and their predominantly low-income Black and Latino students. Despite good intentions, scripts constrain the development

of important interactional skills and reproduce some of the very inequities they mean to disrupt. Golann presents a fascinating, sometimes painful, account of how no-excuses schools use scripts to regulate students and teachers. She shows why scripts were adopted, what purposes they serve, and where they fall short. What emerges is a complicated story of the benefits of scripts, but also their limitations, in cultivating the tools students need to navigate college and other complex social institutions—tools such as flexibility, initiative, and ease with adults. Contrasting scripts with tools, Golann raises essential questions about what constitutes cultural capital—and how this capital might be effectively taught. Illuminating and accessible, Scripting the Moves delves into the troubling realities behind current education reform and reenvisioning what it takes to prepare students for long-term success.

He was named by The Atlantic Monthly as "the most sought-after strategist in the Democratic party." He was targeted by National Review as the Democratic Party's "poet goon." From his unique perspective, Robert Shrum gives us an epic and personal story of the struggle for power in America during the past four decades. With wit and humor, rare candor, and a wealth of detail, he vividly recounts the real personalities and real forces that shaped the outcome of the closest and most important elections of our time. We are there with Shrum in the back rooms, on the planes, and in the motorcades with Ted Kennedy, Al Gore, John Kerry, John Edwards, and Bill and Hillary Clinton. Shrum reveals the manipulations and limitations of old and new forms of political persuasion, from the historic and sometimes controversial speeches he wrote to the negative ads he created for national and statewide candidates, from prepping presidential nominees for critical debates to the deployment of the new political weapon, the Internet. He lifts the curtain on decisive moments. Did John Kerry and John Edwards actually believe in the Iraq war they voted for? What was the real reason the Kerry campaign didn't respond faster to the Swift Boat attacks? Why didn't Al Gore let Bill Clinton campaign all-out in 2000? How did Clinton get through the first perilous week of the Lewinsky scandal? This is a provocative journey through recent history: George McGovern's antiwar campaign of 1972, the improbable rise of Jimmy Carter, Senate campaigns that made historic breakthroughs and shaped the presidential contests of the future, the gifts that made Bill Clinton a great politician -- and the circumstances and calculations that kept him from being a great president. As strategist, adviser, and often friend to the leaders he enlisted with, Shrum shows them as they are, with their strengths and human weaknesses -- as well as his own. Assailed as a populist who pushed the Democratic Party, in a phrase he coined, "to stand for the people, not the powerful," Shrum argues that unlike Republicans from Reagan on, Democrats fall short, politically or in office, when they trim their convictions and walk away from fundamental issues -- like universal health coverage. This is one of the most fascinating books ever written about the victories and defeats, the causes and candidates, the "flawed heroes" that drive the high drama of American politics.

Almost everyone is guilty of playing the blame game. It's satisfying and easy to do. Handbook of Classroom Management Harper Collins

Weis was taught football by some of the best minds in the game: Bill Parcells and Bill Belichick. Parcells would give him a life-defining break in 1990 by hiring him as an assistant on the New York Giants staff. For a Jersey guy who loved sports, this was a dream come true, especially when Weis won his first championship in his debut year in the NFL. He'd always wanted to be a sports announcer—the next Marv Albert—but he'd caught the coaching bug and was now in a position to learn from the best. And he did, following Parcells to the New England Patriots and then to the New York Jets. Under enormous pressure and exacting standards, Weis flourished and later became offensive coordinator. When Parcells stepped down as coach of the Jets, Weis joined his colleague and friend Bill Belichick, who was the newly named Patriots head coach. Together they would thrive, building a storied franchise, a rare modern-day dynasty that won three Super Bowls in four years. Through it all, Weis designed offensive schemes that would befuddle even the best defenses in the NFL, and he coached a number of players to greatness, including Pro Bowlers Ben Coates, Curtis Martin, and, of course, Tom Brady. The chance of a lifetime arrived in December of 2004: Weis was offered the opportunity to lead one of the most prestigious football schools in the country, Notre Dame—home of coaching legends Knute Rockne, Frank Leahy, Ara Parseghian, Dan Devine, and Lou Holtz. And so began a new chapter in Weis's career. Weis took over a program in dire need of direction, and now he is in the process of building his own legacy with his unique vision. Off the field, Weis faced his other challenges. Seeking to improve his health and lose weight, he decided to get gastric bypass surgery. What he thought would be a routine procedure turned into a nightmare as he nearly bled to death, lapsed into a coma, and was read the last rites. It was a horrifying experience, yet he battled back in inspiring fashion and still demands nothing less of himself despite the long-lasting aftereffects. He has had his joys, too. Weis considers his wife, Maura, his best friend. They have two beautiful children: Charlie, his "best buddy," and Hannah, who he and his wife consider their "guiding angel." Hannah is developmentally delayed and has been the inspiration leading to the establishment of Hannah and Friends, a nonprofit foundation seeking to improve the quality of life for people with special needs. No Excuses is not only illuminating and insightful, it is an extraordinary look inside one of football's greatest minds who has helped shape today's game.

Intentioning by best-selling author Gloria Feldt will help you envision the life and career you might have thought were impossible dreams, then give you the courage and actionable tools to achieve them. In the wake of the coronavirus pandemic and a pandemic of racial injustice that together shook our world to its core and revealed deep fault lines in our culture, Gloria Feldt, New York Times best-selling author, speaker, commentator, international leadership expert, successful CEO, and feminist icon, shows how we can seize the once-in-a-lifetime opportunity created by massive disruption to build back stronger with diverse women at the center of the recovery. In *Intentioning: Sex, Power, Pandemics, and How Women Will Take The Lead for (Everyone's) Good*, Feldt inspires diverse women to embrace their personal power to lead with intention, confidence, and joy. It comes as no surprise to her that women flexed their formidable muscles when needed most, representing a disproportionate number of essential workers during the darkest days of the coronavirus global outbreak and leading the charge against racism in the United States. But this book is decidedly about the future, taking the leadership lessons learned from this disruption and creating a better world for all. Feldt not only unveils the next step in advancing gender parity in all

spheres of business and life, but she also lays out the vital next steps in the overall advancement of our economy and our civilization. The "Lead Like a Woman" framework and the "9 Leadership Intentioning Tools" she presents in this book will prepare, motivate, and propel women of all diversities and intersectionalities now so that by 2025, women will have attained their fair and equal share of leadership positions across all sectors of industry and society. We simply cannot squander women's talents when so much hangs in the balance. Women must be at the vanguard of reimagining and reconstructing a vibrant and sustainable future for us all.

"Al and Danny cut to a depth that most calisthenic practitioners will never reach. What you have before you is a well researched, practical approach to achieving your fitness goals through bodyweight training, produced by the experts in their field." --Jeff Cavaliere MSPT, CSCS ATHLEAN-X(tm) "In Arnold's classic book, *The Education of a Bodybuilder*, Arnold stresses the importance of bodyweight training. His insights are brilliant, correct and... completely ignored. Danny and Al once again remind us of the need for bodyweight training in their new book, *Next Level Strength*. I have been using the techniques that Danny and Al have taught me personally and I continue to make progress well after the age of sixty. This is amazing information brought to you by two of the best people I know." --Dan John, Author of *The Hardstyle Kettlebell Challenge* "Next Level Strength takes all the power of old school calisthenics and blasts it to a higher level! Just when I think the Kavadlo library of advanced calisthenics cannot possibly be improved upon, they raise the game for everyone else! *Next Level Strength* is brilliant...make no mistake: this is the ULTIMATE manual on using rings and parallettes as old school calisthenics tools. As I've gotten older I've found myself utilizing the techniques in this awesome book more and more...the result has ALWAYS been the same: old aches and pains vanish, my joints heal, I gain fresh muscle, and I make breakthroughs in total-body strength. If you have seen rings and parallettes in gyms and were wondering how to use them to take your training to the next level quickly and safely, or if you are just looking for new tools to explode your athleticism beyond your old limits, *Next Level Strength* belongs on your bookshelf! 10/10!" --Paul "Coach" Wade, Author of *Convict Conditioning* "Danny and Al Kavadlo have truly taken their already masterful bodyweight strength instruction to the next level with *Next Level Strength*. Rings and parallettes are great training tools, but the genius of this book is in the exercise selection and progressions. The program is accessible to the beginner, while giving the advanced trainee all they can handle. Most importantly, the program is fun and goal oriented, and will be in regular rotation with my own training. The Kavadlos always set the bar high with the quality of their books, and I think this one will become my favorite, which is saying a lot. *Next Level Strength* should be on the bookshelf of any serious student of strength. Highly recommended!" --Dr. Chris Hardy, co-author of *Strong Medicine*

Every local church requires leaders. Many believers are given responsibility to lead but fail to sustain their leadership. Developing the people who lead is essential to building strong churches and demonstrating the kingdom message to those who do not know Christ. The nonpublic lifestyle of a leader is what vitally supports the public expression of his or her grace. Jesus said, "Follow me ... and I will make ... you fishers of men." Those three simple phrases are the essence of Rick Johnston's Next Level Leadership Training. Johnston provides a syllabus for training such leaders. Bible-saturated lessons are the foundation of teaching. Classroom interaction tips, external resource suggestions, and life-implementation steps, given at the end of each lesson, provide the opportunity to increase in grace. Theological foundations, relationship-building assignments, and miracle demonstrations-defined in this text-provide a wide-ranging training course for every local church. N

THESE HABITS WILL MAKE YOU EXTRAORDINARY. Twenty years ago, author Brendon Burchard became obsessed with answering three questions: 1. Why do some individuals and teams succeed more quickly than others and sustain that success over the long term? 2. Of those who pull it off, why are some miserable and others consistently happy on their journey? 3. What motivates people to reach for higher levels of success in the first place, and what practices help them improve the most After extensive original research and a decade as the world's leading high performance coach, Burchard found the answers. It turns out that just six deliberate habits give you the edge. Anyone can practice these habits and, when they do, extraordinary things happen in their lives, relationships, and careers. Which habits can help you achieve long-term success and vibrant well-being no matter your age, career, strengths, or personality? To become a high performer, you must seek clarity, generate energy, raise necessity, increase productivity, develop influence, and demonstrate courage. The art and science of how to do all this is what this book is about. Whether you want to get more done, lead others better, develop skill faster, or dramatically increase your sense of joy and confidence, the habits in this book will help you achieve it faster. Each of the six habits is illustrated by powerful vignettes, cutting-edge science, thought-provoking exercises, and real-world daily practices you can implement right now. If you've ever wanted a science-backed, heart-centered plan to living a better quality of life, it's in your hands. Best of all, you can measure your progress. A link to a free professional assessment is included in the book.

• Only Jesus was referred to as the Son of David. Believers are never referred to as such, but rather as children of Abraham. • As a result, Abraham is listed after David respecting the Lineage of Christ, and is given a place in the very first Scripture of the Bible. • It was to Abraham that the great Doctrine of Justification by Faith was given. In fact, the Holy Spirit used this great truth given to Abraham in instructions given to the Apostle Paul (Romans, Chapters 4-5). • No man in the Old Testament played as great a role as did Abraham, other than Moses.

An invaluable guidebook, which contends that the most vexing problems facing women today isn't that doors of opportunity aren't open but that not enough women are walking through them Feminist icon Gloria Feldt pulls no punches in this new book, which argues that the most confounding problem facing women today isn't that doors of opportunity aren't open, but that not

enough women are walking through them. From the boardroom to the bedroom, public office to personal relationships, she asserts that nobody is keeping women from parity-except themselves. Feldt puts women's power into an historical context, showing the ways in which women have made huge leaps forward in the past, only to pull back right when they were at the threshold. Feldt argues that there's no excuse-whether it's the way women are socialized, or pressure to conform, or work/life balance issues-for women today not to own their power. Women are still facing unequal pay, being passed over for promotions, entering public office at a much lesser rate than men, and oftentimes still struggling with traditional power dynamics in their interpersonal relationships. Feldt's solution to all these places where women face inequality is the same: we need to shift the way we think to achieve true parity with our male counterparts. No Excuses is divided into nine chapters that organized around how women can change the way they think, and therefore the way they act. These include: Know Your History and You Can Create the Future of Your Choice; Define the Terms-First; Embrace Controversy; Employ Every Medium; and other helpful ideas for using the tools and resources women already have to create the changes they want to see. No Excuses is a timely and invaluable book to help women equalize gender power in politics, work, and love.
