The Annual Information Bulletin presents a survey of research in hand on the social and economic aspects of transport in over 400 specialised agencies which are mainly European (West and East) but in some cases American, Canadian or Australian.

Index Medicus Odile Jacob
This volume assembles 50 contributions presented at the XVII International Colloquium on Latin Linguistics. They embrace essential topics of Latin linguistics with different theoretical and methodological approaches: phonetics, syntax, etymology and semantics, pragmatics and textual analysis. It is a useful resource for the study of comparative and general linguistics, not only for linguists but also for scholars of classical philology.

Having achieved its independence from France in 1960, Chad has run into a serious crises of national building, which have continued to haunt it to the present day, making it one of the poorest and most politically unstable countries on the globe. Chad is a country with sharp geographic and climatic contrasts that puzzle and fascinate the visitor, displaying first a monotonous but majestic portion of the Saharan Desert in the north, punctuated by plains and high altitudes displayed by the Tibesti mountains, where the highest point, Emi Koussi, reaches 11,204 ft.; the middle Central Sahelian zone, where pastoral transhumance lifestyle predominates but where and nut cultivation and harvesting is possible; and an endowed southern tropical zone where the forest and the savanna meet, blessed by several long-running rivers, most notably, the Logone and

the Chari that empty their waters into centuries-old Lake Chad. Even though things in Chad seem to have improved during the past 10 years, most observers agree that the path to peace, reconstruction, and economic progress is still long and arduous. This fourth edition of Historical Dictionary of Chad contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 1300 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Chad.

The British Critic Le Guide Musical
The Neanderthals populated western Europe from nearly 250,000 to 30,000 years ago when they disappeared from the archaeological record. In turn, populations of anatomically modern humans, Homo sapiens, came to dominate the area. Seeking to understand the nature of this replacement, which

has become a hotly debated issue, Paul Mellars brings together an unprecedented amount of information on the behavior of Neanderthals. His comprehensive overview ranges from the evidence of tool manufacture and related patterns of lithic technology, through the issues of subsistence and settlement patterns, to the more controversial evidence for social organization, cognition, and intelligence. Mellars argues that previous attempts to characterize Neanderthal behavior as either "modern" or "ape-like" are both overstatements. We can better comprehend the replacement of Neanderthals, he maintains, by concentrating on the social and demographic structure of Neanderthal populations and on their specific adaptations to the harsh ecological conditions of the last glaciation. Mellars's approach to these issues is grounded firmly in his

archaeological evidence. He illustrates the implications of these findings by drawing from the methods of comparative socioecology, primate studies, and Pleistocene paleoecology. The book provides a detailed review of the climatic and environmental background to Neanderthal occupation in Europe, and of the currently topical issues of the behavioral and biological transition from Neanderthal to fully "modern" populations. *The Neanderthal Legacy* BoD - Books on Demand Reprint of the original, first published in 1798. Research on Transport Economics 2000 Rowman & Littlefield Includes section, "Recent book acquisitions" (varies: Recent United States publications) formerly published separately by the U.S. Army Medical Library.
