A BRILLIANT AND BEGUILING REIMAGINING OF ONE OF OUR

GREATEST MYTHS BY A GIFTED YOUNG WRITER

Zachary Mason's brilliant and beguiling debut novel, *The Lost Books of the Odyssey*, reimagines Homer's classic story of the hero Odysseus and his long journey home after the fall of Troy. With brilliant prose, terrific imagination, and dazzling literary skill, Mason creates alternative episodes, fragments, and revisions of Homer's original that taken together open up this classic Greek myth to endless reverberating interpretations. *The Lost Books of the Odyssey* is punctuated with great wit, beauty, and playfulness; it is a daring literary page-turner that marks the emergence of an extraordinary new talent.

The concept of Urban Protocol names a strategy concerning the condition of Athens today. It would serve as an experimental pseudo-methodology that faces the condition of the

city. The Urban Protocols are meant to introduce legal temporary occupancies of the abandoned city center that will be accepted and controlled by a municipal authority; the purpose of an Urban Protocol would be to establish cluster-like micro-legislative constructions with communal functions. Urban Protocols are formed as systems of rules. Using a video game terminology we may say that the Urban Protocols are "play-tested" in the city, performed and improved via Internet. The system of rules they represent could be transformed and re-established easily. The Urban Protocol challenges the relation between the city and the Internet; the concept of user would function better for its performance than the one of citizen. Nevertheless its most sophisticated part would have to deal with the relation between user and citizen. Its most challenging legislative part is ruled by the relationship between the Internet and the state; the Internet is understood as the quick functional basis for the formation, installation and function of an Urban Protocol. The Girl with the Dragon Tattoo meets *Gone Girl* in this enthralling murder mystery set in Kenya. In the shadows of Sangu City, there lives a girl who doesn't exist. After fleeing the Congo as refugees, Tina and her mother arrived in Kenya looking for the chance to build a new life and home. Her mother quickly found work as a maid for a prominent family, headed by Roland Greyhill, one of the city's most respected business leaders. But Tina soon learns that the Greyhill fortune was made from a life of corruption and crime. So when her mother is found shot to death in Mr. Greyhill's personal study, she knows exactly who's behind it. With revenge always on her mind, Tina spends the next four years surviving on the streets alone, working as a master thief for the Goondas, Sangu City's local gang. It's a job for the Goondas that finally brings Tina back to the Greyhill estate, giving her the chance for vengeance she's been waiting for. But as soon as

she steps inside the lavish home, she's overtaken by the pain of old wounds and the pull of past friendships, setting into motion a dangerous cascade of events that could, at any moment, cost Tina her life. But finally uncovering the incredible truth about who killed her mother—and why—keeps her holding on in this fast-paced nail-biting thriller.

After her mother's mysterious death, a young woman is summoned to the floating city of Sky in order to claim a royal inheritance

she never knew existed in the first book in this award-winning fantasy trilogy from the NYT bestselling author of *The Fifth Season*. Yeine Darr is an outcast from the barbarian north. But when her mother dies under mysterious circumstances, she is summoned to the majestic city of Sky. There, to her shock, Yeine is named an heiress to the king. But the throne of the Hundred Thousand Kingdoms is not easily won, and Yeine is thrust into a vicious power struggle with cousins she never knew she had. As she fights for her life, she draws ever closer to the secrets of her mother's death and her family's bloody history. With the fate of the world hanging in the balance, Yeine will learn how perilous it can be when love and hate -- and gods and mortals -- are bound inseparably together.

Maggie shares her strategies on exactly how she beat stage 4 cancer--naturally right from her own kitchen! Maggie reconnected with her Ozark Valley country roots, concocting and deconcocting powerful folk remedies designed to

attack cancer cells. Through extensive research, Maggie discovered additional folk remedies from around the world that harness the power of the planet's most nutrient dense foods. Maggie brilliantly combined all these resources with elements of other proven protocols into one easy to understand step by step protocol. While many books will focus on the emotional aspects of fighting cancer, Maggie's book gives the reader her formula on precisely how she beat stage four cancer. When diagnosed with stage 4 cancer, Maggie searched for the ultimate book on how to beat cancer, but there was none to be found. Being the determined fighter that she is, she prayed to God for wisdom in her battle with cancer. Ultimately, this is the book that came from that prayer. Now includes index.

opener about a spy gone rogue, perfect for fans of Ally Carter and Killing Eve. Jessie Archer is a member of the Athena Protocol, an elite organization of female spies who enact vigilante justice around the world. Athena operatives are never supposed to shoot to kill—so when Jessie can't stop herself from pulling the trigger, she gets kicked out of the organization, right before a huge mission to take down a human trafficker in Belgrade. Jessie needs to right her wrong and prove herself, so she starts her own investigation into the trafficking. But going rogue means she has no one to watch her back as she delves into the horrors she uncovers. Meanwhile, her former teammates have been ordered to bring her down. Jessie must face danger from all sides if she's to complete her mission—and survive. Don't miss this gripping page-turner that New York Times bestselling author Patrick Ness called "a ferocious, take-no-prisoners thriller that actually thrills!"

emperor father, young Prince Ahkin feels completely unready for his new position. Though his royal blood controls the power of the sun, he's now responsible for the lives of all the Chicome people. And despite all Ahkin's efforts, the sun is fading—and the end of the world may be at hand. For Mayana, the only daughter of the Chicome family whose blood controls the power of water, the old emperor's death may mean that she is next. Prince Ahkin must be married before he can ascend the throne, and Mayana is one of six noble daughters presented to him as a possible wife. Those who are not chosen will be sacrificed to the gods. Only one girl can become Ahkin's bride. Mayana and Ahkin feel an immediate connection, but the gods themselves may be against them. Both recognize that the ancient rites of blood that keep the gods appeased may be harming the Chicome more than they help. As a bloodred comet and the fading sun bring a growing sense of dread, only two young people may hope to change their world. Rich in imagination and romance, and based on the legends and history of the Aztec and

It's time to fight back in this second novel in a thrilling, subversive near future series from New York Times bestselling author Suzanne Young about a girls-only private high school that is far more than it appears to be. *Make me a girl with a razor heart...* It's been weeks since Mena and the other girls of Innovations Academy escaped their elite boarding school. Although traumatized by the violence and experimentations that occurred there, Mena quickly discovers that the outside world can be just as unwelcoming and cruel. With no one else to turn to, the girls only have each other—and the revenge-fueled desire to shut down the corporation that imprisoned them. The girls enroll in Ridgeview Prep, a private school with suspect connections to Innovations, to identify the son of an investor and take down the corporation from the inside. But with pressure from Leandra, who revealed herself to

be a double-agent, and Winston Weeks, an academy investor gone rogue, Mena wonders if she and her friends are simply trading one form of control for another. Not to mention the woman who is quite literally invading Mena's thoughts—a woman with extreme ideas that both frighten and intrigue Mena. And as the girls fight for freedom from their past—and freedom for the girls still at Innovations—they must also face new questions about their existence...and what it means to be girls with razor hearts. THE INSTANT NEW YORK TIMES BESTSELLER • From the critically-acclaimed author of *House of Salt and Sorrows* comes a mesmerizing and chilling fairy-talesque novel about Ellerie Downing, a young woman in a small town with monsters lurking in the trees and dark desires hidden in the shadows—in

Amity Falls, nothing is more dangerous than a wish come true. Ellerie Downing is waiting for something to happen. Life in isolated Amity Falls, surrounded by an impenetrable forest, has a predictable sameness. Her days are filled with tending to her family's beehives, chasing after her sisters, and dreaming of bigger things while her twin, Samuel, is free to roam as he wishes. Early town settlers fought off monstrous creatures in the woods, and whispers that the creatures still exist keep the Downings and their neighbors from venturing too far. When some townsfolk go missing on a trip to fetch supplies, a heavy unease settles over the Falls. Strange activities begin to plague the town, and as the seasons change, it's clear that something is terribly wrong. The creatures are real, and they're offering to fulfill the residents' deepest desires, however grand, for just a small favor. These seemingly trifling demands, however, hide sinister intentions. Soon Ellerie finds herself in a race against time to stop Amity Falls, her family, and the boy she loves from going up in flames. "Unique, enchanting, and

 This protocol-based book uses algorithms to discuss preconception care, care during pregnancy, labor and delivery, and the link between postpartum and ongoing primary care. The need for an educated provider community to care for pregnant patients is enormous, and *Medical Management of the Pregnant Patient* provides a practical handbook that addresses all aspects of this topic. A brief overview of physiology, its impact on pregnancy and diagnostics, and treatment recommendations are included. Each section covers both diseases that may exist independent of pregnancy and diseases unique to pregnancy. Additionally, symptom-based complaints are incorporated into each section and cross-

referenced appropriately. Internal medicine physicians, obstetricians, family practitioners and gynecologists alike will benefit from the practical clinical guidelines presented in this book.

It develops Riccati design techniques for general linear dynamics for cooperative state feedback design, cooperative observer design, and cooperative dynamic output feedback design. Both continuous-time and discrete-time dynamical multi-agent systems are treated. Optimal cooperative

control is introduced and neural adaptive design techniques for multi-agent nonlinear systems with unknown dynamics, which are rarely treated in literature are developed. Results spanning systems with first-, second- and on up to general high-order nonlinear dynamics are presented. Each control methodology proposed is developed by rigorous proofs. All algorithms are justified by simulation examples.
