The beloved debut novel about an affluent Indian family forever changed by one fateful day in 1969, from the author of *The Ministry of Utmost Happiness* NEW YORK TIMES BESTSELLER • MAN BOOKER PRIZE WINNER Compared favorably to the works of Faulkner and Dickens, Arundhati Roy's modern classic is equal parts powerful family saga, forbidden love story, and piercing political drama. 'I don't think anyone, apart from Don Bradman, is in the same class as Sachin Tendulkar.' -Shane Warne Readers are in love with Sachin Tendulkar's autobiography: 'A must read for anyone who knows cricket' 'An idol . . . An inspiration' 'A great book by one of the all time greats' 'Brings back so many wonderful memories' 'This book has made me feel proud to be a lover of the game and has inspired me to succeed in everything I do.' The story of the greatest cricket player of all time, told in his own words. The greatest run-scorer in the history of cricket, Sachin Tendulkar retired in 2013 after an astonishing 24 years at the top. The most celebrated Indian cricketer of all time, he received the Bharat Ratna Award - India's highest civilian honour - on the day of his retirement. Now Sachin Tendulkar tells his own remarkable story - from his first Test cap at the age of 16 to his 100th international century and the emotional final farewell that brought his country to a standstill. When a boisterous Mumbai youngster's excess energies were channelled into cricket, the result was record-breaking schoolboy batting exploits that launched the career of a cricketing phenomenon. Before long Sachin Tendulkar was the cornerstone of India's batting line-up, his every move watched by a cricket-mad nation's devoted followers. Never has a cricketer been burdened with so many expectations; never has a cricketer performed at such a high level for so long and with such style - scoring more runs and making more centuries than any other player, in both Tests and one-day games. And perhaps only one cricketer could have brought together a shocked nation by defiantly scoring a Test century shortly after terrorist attacks rocked Mumbai. His many achievements with India include winning the World Cup and topping the world Test rankings. Yet he has also known his fair share of frustration and failure - from injuries and early World Cup exits to stinging criticism from the press, especially during his unhappy tenure as captain. Despite his celebrity status, Sachin Tendulkar has always remained a very private man, devoted to his family and his country. Now, for the

first time, he provides a fascinating insight into his personal life and gives a frank and revealing account of a sporting life like no other.

What do I wear today? The way we answer this question says much about how we manage and express our identities. This detailed study examines sartorial style in India from the late nineteenth century to the present, showing how trends in clothing are related to caste, level of education, urbanization, and a larger cultural debate about the nature of Indian identity. Clothes have been used to assert power, challenge authority, and instigate social change throughout Indian society. During the struggle for independence, members of the Indian elite incorporated elements of Western style into their clothes, while Gandhi's adoption of the loincloth symbolized the rejection of European power and the contrast between Indian poverty and British wealth. Similar tensions are played out today, with urban Indians adopting "ethnic" dress as villagers seek modern fashions. Illustrated with photographs, satirical drawings, and magazine advertisements, this book shows how individuals and groups play with history and culture as they decide what to wear.

'Seldom does one get a chance to become acquainted with India's

great leaders through a young woman so intimately associated with them.' -New York Times Book Review  
A dramatic portrait of the spirit of sacrifice that carried India through the years of the struggle for independence, this evocative memoir of an unusual childhood ends with the assassination of Mahatma Gandhi in 1948. Nayantara Sahgal describes what it was like growing up in Anand Bhavan, Allahabad, the home of her parents shared with her maternal uncle, Jawarlar Nehru, during the years when Gandhi was leading the movement for independence. It describes in loving detail the lives of a family for whom the country's fight for freedom was more important than anything else, certainly coming before comfort and riches. The book is particularly delightful for its picture of Nehru who springs from these pages as a man of friendly humanity and a joy in life that made him a beloved uncle, yet with an inborn greatness that inspired awe and admiration in the little girl who played with him. 'She is brilliant...complex and questioning.' - Pearl S. Buck

As a young girl in Bangalore, Gayathri was surrounded by the fragrance of jasmine and flickering oil lamps, her family protected by gods and goddesses. But as she grew older, demons came forth from dark corners of her idyllic kingdom—with the scariest creatures lurking within her tortured mind. *Shadows in the Sun* traces Gayathri's courageous battle with debilitating depression that consumed her from adolescence through marriage and a move to the United States. Her inspiring memoir provides a first-of-its-kind cross-cultural view of mental illness—how it is regarded in India and in America, and how she drew on both her rich Hindu heritage and Western medicine to find healing.
