In this Deluxe Edition of
an enduring Masonic
classic, W. Kirk MacNulty
takes the reader on a
quest deep into the heart
of Craft Freemasonry in
search of its spiritual core.
Drawing upon

Renaissance philosophy, kabbalistic mysticism, and Jungian psychology, *The Way of the Craftsman* explores the symbolism and ceremony of the Masonic lodge in a profound and effective manner. With new illustrations, amended annotations, and a special Foreword by Masonic scholar Shawn Eyer. [The True Masonic Chart](#)
Sagwan Press
DigiCat Publishing presents to you this special edition of "Morals and Dogma of the Ancient and Accepted Scottish

Rite of Freemasonry" by Albert Pike. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature. **Introduction to Freemasonry** Good Press
Freemasonry is an ancient secret society shrouded in

obscurity. Fascination with the mysteries of the Masons reached a fevered pitch after the release of Dan Brown's novels *Angels and Demons*, *The Da Vinci Code*, and *The Lost Symbol*. But these novels and their related movies raised more questions than they answered. *The Complete Idiot's Guide® to Freemasonry, Second Edition*, fills readers in on the truths behind the mysteries. In it, readers get: - A fact-filled overview of the birth and beginnings of

Freemasonry, including its relationship to the Knights Templar and Egypt. - Fascinating facts about famous Masons. - An explanation of the various Masonic organizations, such as the York and Scottish rites, and the Shriners. - A behind-the-scenes look at what really goes on in a Masonic lodge, including initiations. - A new walking tour of Washington, DC, pointing out the hidden Masonic symbols featured in The Lost Symbol. - Scripts for Masonic rituals, giving a

flavor of the language used in such ceremonies. - A field guide to Masonic symbols and regalia, with photos and explanations of significance. - The history behind Masonic philanthropic efforts and youth groups. - A history of African-American Freemasonry and the role of women in Masonic organizations.

The Masonic Initiate

DigiCat
Explored from the perspective of the Scottish Rite degrees of Freemasonry, The Apprentice combines

elaborate descriptions, interpretative exploration and links to parallel symbolic constructs to form a working understanding of the meaning behind this first step of becoming a Freemason.

Masonic Kung Fu Lulu.com

This book is aimed, primarily, at the newly initiated Mason, but it is also for those older Masons who have not delved into the depth of meaning in Masonic ceremonies. As Freemasonry is a system of morality, veiled in

allegory and illustrated by symbols, this book takes a look at what those allegories and symbols are hinting at. The creators of the amazing Masonic degree ceremonies have added a layer of meaning that goes beyond the obvious moral lessons and starts to point the Mason who seeks light towards a more spiritual understanding of himself and the reason for his existence in this world. This is the first of three volumes, each aimed at one of the three Craft

Degrees.
The Symbolism of Freemasonry Wentworth Press
 George Thornburgh's 'Masonic Monitor of the Degrees of Entered Apprentice, Fellow Craft and Master Mason' is a comprehensive guide to the rituals and teachings of Freemasonry. Written in a clear and concise style, this book provides detailed explanations of the symbolism and symbolism found within each degree, making it an essential resource for both new and

experienced members of the fraternity.
 Thornburgh's work is a valuable contribution to the study of Freemasonry, offering insights into the history and traditions of this ancient institution. The book is written in a scholarly yet accessible manner, making it suitable for both academic study and personal reflection. George Thornburgh, a respected authority on Freemasonry, draws upon his years of experience within the fraternity to shed light on its teachings

and practices. His meticulous research and profound understanding of the subject make this book a must-read for anyone interested in learning more about Freemasonry. I highly recommend 'Masonic Monitor of the Degrees of Entered Apprentice, Fellow Craft and Master Mason' to anyone seeking a deeper understanding of this enigmatic and fascinating organization.

Prominent masonic

scholars discuss the meaning and symbolism behind the three Blue Lodge degrees of Freemasonry, which every mason will encounter, during his initiatic journey. Presented here are the essays: Studies in Blue Lodge Symbolism by H. L. Haywood, Symbolism of the First Degree by Asahel W. Gage, The Wages of an Entered Apprentice by William Harvey, Discourse on the Fellowcraft Degree by Arthur Edward Waite, The Legend of the Winding Stairs by Albert G.

Mackey, The Third Degree: Its Ornaments and Emblems by William Harvey and Soliloquy For a Master Mason.

The General Ahiman Rezon and Freemason's Guide: Containing Monitorial Instructions in the Degrees of Entered Apprentice, Fellow-craft and Master Mason ...

Gramercy

This book is aimed, primarily, at the Mason who has been raised to the Third Degree, but it is also for those older Masons who have not delved into the depth of

meaning in Masonic ceremonies. As Freemasonry is a system of morality, veiled in allegory and illustrated by symbols, this book takes a look at what those allegories and symbols are hinting at. The creators of the amazing Masonic degree ceremonies have added a layer of meaning that goes beyond the obvious moral lessons and starts to point the Mason who seeks light towards a more spiritual understanding of himself and the reason for his

existence in this world. This is the third of three volumes, each aimed at one of the three Craft Degrees. [The Master Mason's Handbook](#) CreateSpace A detailed account of Masonic rituals and traditions for the freemasonry movement. The book describes the burial ceremonies, installation ceremonies, laying corner stones and other ceremonies. Grand Master Hicks: "It is the best Monitor to be found for Arkansas Masons." Grand Lecturer Oathout

had the manuscript sent to his home that he might very carefully examine it, and he wrote: "I have carefully examined the manuscript of your Monitor twice over and cheerfully give my endorsement, believing it to be the best Monitor I have ever seen. I believe your work will be appreciated by the Craft in Arkansas when they examine the Monitor." Brother G. W. DeVaughan, Custodian of the Secret Work: "I am very much pleased with it." Brother W. M. Kent, the other

custodian of the Secret Work: "Good; I want another copy." Our Senior Past Grand Master G. A. Dannelly, who was so long the Grand Lecturer, says: "I have read it carefully. In my judgment it is the best Monitor I ever saw. I heartily congratulate you on being the author of such a book. I recommend it to all the lodges. It would be well if every member would supply himself with a copy." Past Grand Master R. H. Taylor: "I have carefully reviewed it from opening to conclusion. It is a work of

great merit, concise and clear, free and easy of style. It is not alone valuable and useful as a guide to Arkansas Masons, but to Masons everywhere. In fact if adopted by other Grand Jurisdictions, would simplify and beautify Masonic work. Every Mason in the State should own and study the Arkansas Monitor." Past Grand Master Sorrells, who made the motion in Grand Lodge to have the Monitor prepared, says: "I have examined it closely, and feel sure that it will

meet the approbation of the Craft throughout this Jurisdiction." Past Grand Master Bridewell: "I have examined it and find it complete. To a newly made Mason it is indispensable, and if every one of them would get a copy immediately after their raising we would have brighter and better Masons. It would do a world of good if many of the older Masons would make it their 'vade mecum.' You have eliminated an immense quantity of useless matter contained in most

Monitors, and that which you placed in lieu is clear and easily understood. The chapters on 'Laying Corner Stones,' 'Dedicating Lodges,' 'Funerals,' etc., will be appreciated by all who have those services to perform." Past Grand Master Baker: "Have examined it carefully and am well pleased. I think it conforms to the ancient usages of Masonry, and I feel sure that by the use of it we will have many more Masons in Arkansas who know something of lodge work. Every lodge

ought to have at least three copies." Past Grand Master Harry Myers: "I have carefully examined your Monitor and consider it the best for our lodges possible to get. It is concise, yet comprehensive. It takes up the work and follows it in order. No lodge should be without it. I wish every Mason in the State would possess himself of this valuable addition to Masonic literature at once." CONTENTS. We appreciate your support of the preservation process, and thank you for being an important part of

keeping this knowledge alive and relevant. The Standard Masonic Monitor Hardpress Publishing
The Fraternity of Freemasonry supplies the necessary resources, that when properly applied, can assist a man in bettering himself not only mentally and physically, but also spiritually. In an attempt to revive the interest, within the Fraternity, of the practical applications of the deeper spiritual lessons provided within the degrees, "The Masonic Initiate - A Guide

to Light" confirms for every Brother that his Fraternity is furnished with the necessary tools to erect his spiritual temple. This book provides a foundation to begin the "journey of the soul" through the manifestation of the teachings of the degrees of Freemasonry. This book focuses on the Entered Apprentice degree of Freemasonry, covering its symbolism, forms and ceremonies. It takes the lessons and symbols of the first degree of Freemasonry, and reveals

content that can be applied through both traditional and contemporary forms of spiritual development. This book gives a fresh perspective; it links spiritual practices, like visualization and meditation, to the teachings of Freemasonry. "The Masonic Initiate - A Guide to Light" can be beneficial for the youngest member of the Fraternity, as it attempts to clarify the nature of the forms and ceremonies of his degree, and shed Light on what it means to be

"initiated." At the same time, it offers a fresh perspective on some of the symbols and ceremonies that can be well received, enlightening, and even quite refreshing for the elder Brother.

Literary Licensing, LLC
A legend differs from an historical narrative only in this-that it is without documentary evidence of authenticity. It is the offspring solely of tradition. Its details may be true in part or in whole. There may be no

internal evidence to the contrary, or there may be internal evidence that they are altogether false. But neither the possibility of truth in the one case, nor the certainty of falsehood in the other, can remove the traditional narrative from the class of legends. It is a legend simply because it rests on no written foundation. It is oral, and therefore legendary.

Esoteric Handbook For The Master Mason

Lulu.com

A simple explanation of the period of learning and

fundamentals. This book answers the elementary inquiries of the new brother to whom all the craft is strange. This set of books will also make many a Mason sit up in astonishment that what he thought obvious and uninteresting is so vividly alive.

 Two Chinese teenagers rescue a British Freemason naval officer as the Japanese invade the Chinese coast in 1937. The secrets and ceremonies of masonry and Shaolin Kung Fu are revealed in this book written by a Shaolin Kung Fu master who is also a master mason. Richard Del Connor discovered his "Masonic Kung Fu" while studying for his "3rd Degree" of freemasonry. This book is based on some of the information Richard uncovered

researching this Kung Fu and other true stories he discovered.
The Way of the Craftsman
 Penguin
 Carl H. Claudy's seminal classic Introduction to Freemasonry has long been available in three small volumes, the idea being that a new Entered Apprentice, Fellowcraft, or Master Mason would receive the title appropriate to the degree that he had just attained, and have a bit of information to digest about what just happened to him. The publisher of

this version decided to publish all three volumes together to find efficiencies in the printing process and thereby save you money on the binding and other aspects of printing. We hope you will find the book useful, and that you will encourage your candidates to not read ahead, tempting as it may be. Claudy's writing is rife with wisdom and information for the new and experienced Mason alike to dwell upon, and the book is broken into bite-size pieces so that the reader need not get

bogged down in one singular part or subject. It is easy to take information like this one part at a time, and even create a Masonic discussion group based on the several parts. Esoteric Handbook for the Entered Apprentice Mason Createspace Independent Publishing Platform Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where

there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

The EA's Handbook

Harper Collins

"The purpose of this work is not so much to gratify the curiosity of the uninitiated as to furnish a guide for the neophytes of

the Order, by means of which their progress from grade to grade may be facilitated. Every statement in the book is authentic, as every proficient Mason will admit to himself, if not to be public, as he turns over its pages. The non-Masonic reader, as he peruses them, will perhaps be puzzled to imagine why matters of so little real importance to society at large should have been so industriously concealed for centuries, and still more surprised that

society should have been so extremely inquisitive Preface.
