PALOMA GRANT

Biology Philip Allan

Build essential maths, literacy and working scientifically skills to boost marks in GCSE Biology and ensure that students reach their full potential. Suitable for all specifications, this skills book provides additional support and will help to: - Sharpen mathematical skills with plenty of practice questions and coverage of all the maths techniques needed for the exams. - Improve literacy

skills with tips on how to write longer answers, plus peer-assessment marking activities. - Develop the working scientifically skills needed to plan, carry out and evaluate practical experiments, in order to secure the maximum number of marks. - Build confidence by putting skills into practice; using our three-step formula students will progress from worked examples to guided questions and exam-style questions, with fully-worked solutions in the book. - Raise performance in the exams with practical advice on how to revise effectively and tips on understanding the questions,

command words and assessment objectives.

Cambridge Lower Secondary Complete Biology: Student Book (Second Edition)

Longman

The complete package from Edexcel to support the concept-led approach for the new GCE Biology specification

Complete IELTS Bands 6.5-7.5 Student's Book Without Answers with CD-ROM

Hodder Education

This text matches the specification for teaching A level Chemistry from September 2000. Accessible language and layout should encourage students who may otherwise find it difficult to reach good A Level standards. Extension boxes contain more advanced material for more able students.

Pearson Edexcel International AS Level

Biology Student Book Ebook Hodder Education

Created for the new 2015 Edexcel AS and A level specifications, our new Student Books cover the topics comprehensively, developing scientific thinking in your students, providing them with a deep understanding of the subject and creating confident, independent scientists.

Essential Skills for GCSE Biology

Hachette UK

Perfect for revision, these guides explain the unit requirements, summarise the content and include specimen questions with graded answers. Each full-colour New Edition Student Unit Guide provides ideal preparation for your unit exam: Feel confident you understand the unit: each guide comprehensively covers the

unit content and includes topic summaries, knowledge check questions and a reference index Get to grips with the exam requirements: the specific skills on which you will be tested are explored and explained Analyse exam-style questions: graded student responses will help you focus on areas where you can improve your exam technique and performance

International GCSE Biology for Oxford International AQA

Examinations Heinemann Educational Publishers

Endorsed by Edexcel Build investigative skills, test understanding and apply biological theory to topical examples with this Edexcel Year 1 Student Book - Supports all 16 required practicals with activities and questions to help students

explain procedures, analyse data and evaluate results - Provides clear definitions, as well as explanations, of the meanings of all technical vocabulary needed for the new specification - Helps bring students up to speed with a summary of prior knowledge and diagnostic questions at the start of each chapter - Offers assessment guidance with Exam Practice Questions at the end of each chapter, graded by difficulty to support progression, along with Challenge Questions to stretch more able students - Mathematical skills throughout and a dedicated 'Maths in Biology' chapter explaining key concepts and methods - Develops understanding with free online access to Test yourself Answers, an Extended Glossary, Learning Outcomes and Topic

Summaries Edexcel A level Biology Student Book 1 includes AS level *Practical Biology* Hodder Education Supports Pearson Edexcel Level 3 Advanced GCE in Biology B (9BI0) specification. Build investigative skills, test understanding and apply biological theory to topical examples with the updated, all-in-one textbook for Years 1 and 2. Combining everything your students need to know for the Pearson Edexcel A level Biology B specification, this revised textbook will: - Support all 16 required practicals with activities and questions to help students explain procedures, analyse data and evaluate results. - Provide clear definitions, as well as explanations, of the meanings of all technical vocabulary needed for the specification. - Help bring students up to

speed with a summary of prior knowledge and diagnostic questions at the start of each chapter. - Offer assessment guidance with exam practice questions at the end of each chapter, graded by difficulty to support progression. - Stretch more able students with new extended response and 'Challenge' questions. - Build mathematical skills with a dedicated 'Maths for Biology' chapter and support throughout, explaining key concepts and methods. - Develop and embed understanding with end-of-chapter summaries, free online access to 'Test yourself' answers and an extended glossary. *Biology* Oxford University Press - Children Covering Topics 1-4 of the Edexcel AS

and A level Biology B specifications, for first teaching in September 2015, this book will help develop your scientific thinking and provide you with a deep understanding of the subject.

lab work to ensure that they cover the Core Practical assessment criteria track their progress in the development of A level practical skills create a record of all of the Core Practical work they will have completed, in preparation for revision.

Chemistry OUP Oxford

The only textbook that fully supports the Oxford AQA International GCSE Biology specification (9201), for first teaching in September 2016. The enquiry-based, international approach builds scientific skills and knowledge, preparing students for the Oxford AQA International GCSE exams and supporting their progression to further A Level study.

Revise BTEC National Applied Science Revision Guide Pearson Education Ltd

New Secondary Sciences has been

specifically written to cover the Ugandan syllabus. This course comprises Students' Books and Teacher's Guides for each subject that meet all the requirements of the syllabus.

Pearson Edexcel A Level Biology (Year 1 and Year 2) Hachette UK

This book aims to help students make a smooth transition from GCSE balanced science to A level biology. It meets the requirements of the new subject core and of all the major A level syllabuses, and has been written specifically for all students with a GCSE balanced science background.

Edexcel A Level Science Longman
Written by curriculum and specification experts, this Student Book supports and extends students through the new linear course while delivering the breadth,

depth, and skills needed to succeed in the new A Levels and beyond. It develops real subject knowledge as well as essential exam skills.

Edexcel A2 Biology Revision Guide

Nelson Thornes

Developed for the new International A Level specification, these new resources are specifically designed for international students, with a strong focus on progression, recognition and transferable skills, allowing learning in a local context to a global standard. Recognised by universities worldwide and fully comparable to UK reformed GCE A levels. Supports a modular approach, in line with the specification.

Appropriate international content puts learning in a real-world context, to a global standard, making it engaging and relevant for all learners. Reviewed by a language specialist to ensure materials are written in a clear and accessible style. The embedded transferable skills, needed for progression to higher education and employment, are signposted so students understand what skills they are developing and therefore go on to use these skills more effectively in the future. Exam practice provides opportunities to assess understanding and progress, so students can make the best progress they can.
