Urban Trails: Kitsap focuses on the trails,
parks, and preserves within the urban

and suburban areas around Bremerton,
Bainbridge Island, and the Key and
Kitsap peninsulas. You'll find trails to
beaches, old growth forests, lakeshores,
wildlife-rich wetlands, rolling hills, scenic
vistas, meadows, historic sites, and
vibrant communities. All of the routes
here are designed to show you where
you can go for a nice run, long walk, or
quick hike right in your own backyard.
Features include: Trailhead directions
that include public transit where
available Trail distance, high point,

amenities, and more Sidebars on area history, nature, tips, or sights Info for families and dog owners

The Sierra Club Guide to the Ancient Forests of the Northeast Rowman & Littlefield

High-resolution topographic maps, detailed directions and suggestions for extending hikes guides hikers to Oregon's Mount Jefferson, a scenic eroded volcanic area in the central Oregon Cascades. Includes appendices listing campgrounds, lookout towers, cabins and resorts, places you can drive to, and top 5 lists (suggestions for best hikes for old grove forests, wildflowers, rushing streams, waterfalls, lakes, panoramic views, fall colors, solitude, rainy days, winter hikes, and for children).

Picturesque California Rizzoli Publications

* Guidebook to 50 wildflower species and the trails by which you can find them in Washington * Hikes include charts listing trails by featured flowers, peak viewing times, and more Best Wildflower Hikes Washington offers 50 hikes from Washington's ocean beaches to its high alpine terrain and the lowlands in between. Wildflowers reveal their glory only once a year, and this guidebook will tell you where and when you're most likely to find them. Included wildflowers range from the ephemeral (thus rarely seen) Lewisia Tweedyi to common trilliums. You'll enjoy hikes through meadow flowers (from Sitka Valerian to Columbine), flowers of the forest (from Pink Pyrola to Wild Ginger),

and plants and flowers you'll see on beach trails. The guidebook includes sidebars on flower habitat and color maps and photos illustrate each hike. A separate section presents in-depth profiles of 50 flowers, including common and Latin botanical names, distinguishing features, where they are commonly found, conditions in which they thrive, accompanying vegetation, their growth and propagation habits, and historical uses (culinary, medicinal, etc.).

Urban Trails The Mountaineers Books

Take some of the mystery out of a walk in the woods with this new field guide from the author of *Reading the Forested Landscape*. Thousands of readers have had their experience of being in a forest changed forever by reading Tom Wessels's *Reading the Forested*

Landscape. Was this forest once farmland? Was it logged in the past? Was there ever a major catastrophe like a fire or a wind storm that brought trees down? Now Wessels takes that wonderful ability to discern much of the history of the forest from visual clues and boils it all down to a manageable field guide that you can take out to the woods and use to start playing forest detective yourself. Wessels has created a key—a fascinating series of either/or questions—to guide you through the process of analyzing what you see. You'll feel like a woodland Sherlock Holmes. No walk in the woods will ever be the same.

Walking Paths and Protected Areas of the Keweenaw Navillus Press

From a hike through Pymatuning State Park to see its famous spillway, to an old

Indian path called the Warrior Trail, this book describes the best hikes in and around Pittsburgh, many of them never previously covered elsewhere.

100 Classic Hikes The Mountaineers Books

A guidebook for hikers, bikers, and equestrians, *Hiking from Portland to the Coast* explores the many trails and logging roads that crisscross the northern portion of Oregon's Coast Range. Designed to showcase convenient "looped" routes, it also describes complete throughways connecting Portland to the coastal communities of Seaside and Tillamook. Each of the 30 trails described includes a backstory to help users appreciate the history and significance of the places through which they are traveling.

Little Travelers: Six Months in Europe with Two Kids Lonely Planet

* More than 80 Oregon hikes for kids and adults, accessible from urban areas * Hikes range in length from less than a mile to nearly 6 miles, with optional turn-around points * Handy sidebars with information on animals, plants, geology, and fun activities for kids to do on the hike * Special emphasis on trail highlights with child appeal * Graphic, two-color layout provides key data at a glance Search for frogs and turtles in a pond, stay in a cabin, visit a nature center, see waterfalls, or discover abundant wildlife. These are just a few of the hikes in *Best Hikes with Kids Oregon* that families (and anyone looking for an easy outing) will enjoy. Each hike in this guidebook offers points of interest and

opportunities for kids to learn about nature on the trail. The hikes are rated easy to difficult for children, and feature optional turn-around points for tired feet. *Best Hikes with Kids: Oregon Nature Trails* specifically selected with younger hikers in mind Tips for family vacation destinations Features easy-to-access “nature fixes” throughout Western Washington Author Susan Elderkin has seen her kids express wonder and glee at discovering insects and flowers, melt down in tearful defiance in the middle of a trail, and triumphantly reach a summit and view. In short, she’s a regular mom who wants to encourage other parents to get their regular kids out into nature too. While Susan is an expert hiker in her own right, it’s her children who helped her to see hiking from a kid’s point of

view. The result is *Best Hikes with Kids: Western Washington*, a fresh and wholly new guide for families looking for quality time together away from their distracting devices. Guidebook features include: 125 hikes—carefully selected and vetted by both parents and children Routes range in length from less than 2 miles (great for toddlers) to as much as 6 miles (for older kids who want to test themselves) Handy info blocks give a quick snapshot of each hike: best season, difficulty, length, high point, and elevation gain 13 “Great Getaways”—weekend or vacation destinations around the state with hiking trails and other family-fun activities Colorful icons indicate star attractions of the hike: splash zone, wildflowers, old-growth, dog-friendliness, stroller-

accessibility, and more “Best of” lists make it easy for families to match hikes to their kids’ interests. Driving directions, complete trail information, GPS trailhead coordinates, and color map included for each hike. Tips on how to motivate kids on the trail, what’s appropriate for different ages, nature facts, and more. Whether you’re looking for the best hikes to hug a really big tree; take a fun and refreshing dip; see birds, animals, or waterfalls; go on a winter day; or stuff yourself with berries, *Best Hikes with Kids: Western Washington* has you covered.

[Best Short Hikes in Redwood National and State Parks](#) 100 Classic Hikes Winner of the 2020 National Outdoor Book Award, this book is a hiker's inspirational bucket list embodied in a

lavishly illustrated celebration of our nation's one hundred best mountain trails. America's mountain trails lure us to exquisite heights, from the Atlantic Coast in Maine to the Pacific edge in California and the Northwest. These rugged yet seductive pathways call to all who seek both solace and adventure, whether out for a day hike or an extended backpacking expedition. *America's Great Mountain Trails* introduces readers to one hundred hikes of a lifetime. The book covers some of our nation's most legendary trails and some that are scarcely known, but all can take us on journeys to remarkable places. Between the ancient Appalachians and the Pacific Coast's uplift lie the Rockies, Desert Range, Sierra Nevadas, Cascade Mountains,

Olympics, and more. Beyond are the resoundingly wild terrain of Alaska and the islands of Hawaii and Puerto Rico, which ascend like dreamy visions from the sea. Readers get practical details about the length and difficulty of each hike, along with concise directions to each trailhead, tips about the best seasons to go, advice on permit requirements, and a selection of alternate routes. An appendix offers information about what must be done to protect these special places so they'll remain alluring and rewarding to all the generations ahead. With fascinating text and beautiful photography by Tim Palmer, *America's Great Mountain Trails* is sure to become the definitive reference book to the most outstanding mountain trails in America.

[Hiking Guide to the Big Trees of Southwestern British Columbia](#) 100 Classic Hikes

Written for both through-hikers of Colorado's more than 700-mile portion of the Continental Divide National Scenic Trail and segment hikers doing a section at a time. Book jacket.

Our Living Ancestors Rowman & Littlefield

The all-time best selling hiking guidebook to Washington state!

100 Classic Hikes: Northern California Mountaineers Books

Completely revised and updated Every trail rehiked, with 13 new hikes and 80 new photos GPS driving directions to every trailhead No one knows this premier hiking region better than author John Soares, who now offers his fourth

and fully updated edition of 100 Classic Hikes: Northern California. And while he's still in love with many of the old trails, some of them have become unsafe or less accessible. The good news is that this gave him the chance to fall for some new trails, which are happily now included in this new edition. The old-growth forests and multiple mountain ranges of Northern California beckon the 10 million urban inhabitants of the Bay Area—who need outdoor experiences BADLY! This new edition not only gets them to the best of nature not far from their door, but looks tremendous on an urban coffee table, too. New hikes in this edition include: 2 in the Bay Area, including the Coastal Trail in San Francisco 5 in the Redwoods and along the coast north of the Bay

Area 4 in the Sierra Nevada, including two summits: Ellis Peak and Sierra Buttes 2 in the Russian Wilderness in the Klamath Mountains

The Trails of the Adirondacks The Mountaineers Books

Whether you like to be fancy with your trail food or keep it simple, this cookbook is your guide to better eating and more enjoyment on the trail. 275+ recipes to enjoy; from pancakes, polenta, pasta dishes, desserts and more. Method & Gear Recipes Hot & Cold Drinks Breakfast Lunches Soups Dinners Dry Mixes & Seasonings Desserts, Energy Bars & Balls Glossary Resources"

Best Wildflower Hikes: Washington

Greystone Books Ltd

Covers 50 dayhikes and 5 backpacking

trails with tips, times, vistas, and maps. [Lonely Planet Berlin CreateSpace](#) This official book published with the Adirondack Mountain Club celebrates America's original hiking destination through breathtaking contemporary photography, maps, rarely seen archival photos, and a text that brings the history of the trails to life. The Adirondack Park is home to the largest protected natural area in the lower 48 states--six million acres including more than 10,000 lakes, 30,000 miles of rivers and streams, and thousands of miles of hiking trails running from mountain summits through a wide variety of habitats including wetlands and old-growth forests. How better to view this wilderness than afoot on the many trails, many leading to some of the most picturesque summits

in North America. There are trails for everyone in the Adirondacks. Today, thousands enjoy hiking, skiing, and snowshoeing trails to backcountry destinations all around the park while others aspire to climb all 46 peaks. Water trails include the historic Fulton Chain of Lakes, Raquette River, and Saranac River routes, in addition to more intimate paddles across wild lakes and waters that meander through towering mountains and verdant forests. Every season has its own charm, all portrayed here in this one of a kind volume of history and photography along Adirondack trails. This is a book for anyone who enjoys travelling through the Adirondack backcountry and includes unique and picturesque destinations throughout the Adirondack

Park in addition to a comprehensive history on hiking in the Adirondacks. From the dramatic beauty of the Lake George Wild Forest, to numerous fire tower summits and open ledges and mountaintops scattered around the park, and the rugged splendor of the High Peaks and bucolic beauty of the Champlain Valley, this book covers it all.

100 Hikes in the Central Oregon Cascades Anchor Canada

Old-growth forests touch the soul of many people. Some hear the echoes of Native Americans or the first settlers. Some feel the great age of the trees and revere them, while others feel they are in the presence of an overwhelmingly rare beauty. Still others understand the profound scientific value of old-growth forests as reference systems for what

forests can be. Despite the remarkable emotional appeal and scientific value of old-growth forests, they are rare in Wisconsin. Only 0.3% of Wisconsin's old-growth forests remain, but these scattered, small parcels still retain their ability to amaze hikers with their size, beauty, and elegance. Where are they? This book directs visitors to the 50 best old-growth sites left in Wisconsin. Each site has clear directions, a listing of ownership, size, and age, and a description of its ecological features, with perhaps a story of why it was saved. A map and photo(s) illustrates each site. An additional shorter chapter includes the "50 Best-of-the-Rest." The book is for a general audience, but its wealth of rigorously-researched and profusely-illustrated data may also serve

as a general reference for professional ecologists and conservationists.
