Does a Kangaroo Have a Mother, Too? Penguin

Carle is one of the most beloved illustrators of children's books. This retrospective is more than just an appreciation of his art, however. The book also contains an insightful autobiography illustrated with personal photographs, an anecdotal essay by his longtime editor, a photographic essay on how Carle creates his collages, and writings by Carle and his colleagues. Still, it is the artwork in the oversize volume that seizes the imagination. More than 60 of his full-color collage pictures are handsomely reproduced and serve as a statement of Carle's impressive talent.

Silliness takes center stage in this laugh-out-loud book from the creator of *The Very Hungry Caterpillar*--now available as a board book! Yes, there's something strange, something funny and even downright preposterous on every page of this book. But it's not a mistake - it's nonsense! Nonsense lies at the heart of many beloved nursery rhymes. Children readily accept odd statements like "the cow jumped over the moon" and "the dish ran away with the spoon." This fanciful bending of reality is also basic to surrealism. In this book, nonsense and surrealism combine to spark creativity and imagination. What's true? What's impossible? What's absolutely absurd? From Eric Carle, creator of the classic, *The Very Hungry Caterpillar*, comes a book to make children laugh and think, preparing them for a lifetime of loving both words and art. Praise for *The Nonsense Show* A TIME Magazine Top 10 Children's Book of 2015! * "Carle creates fun and laughter in this homage to the surrealist artist René Magritte. [P]erfect for storytimes and silly times all round. Carle hits it out of the nonsense park!"--Booklist, starred review * "A sure hit as a read-aloud and a definite purchase for picture book

collections."--School Library Journal, starred review * "A picture book made to incite pleasure and joy."--Kirkus Reviews, starred review * "[The Nonsense Show], with its cleanly designed white pages, makes the unexpected elements of the imagery stand out and prompts questions and wonder."--Horn Book, starred review *The Nonsense Show* Penguin

From bestselling author and illustrator Eric Carle, the creator of *The Very Hungry Caterpillar*, comes another classic tale about one very clumsy click beetle. A perfect gift to share with the child or grandchild in your life. When a little click beetle falls onto his back, he seeks the help of a wise old click beetle. "Look at me," says the more experienced click beetle, giving a loud CLICK and flipping onto its feet. But try as he might, the clumsy little click beetle just can't get the hang of it--or can he? In the tradition of *The Very Hungry Caterpillar*, Carle creates a winning story of perseverance and pride in achievement complete with an ingenious fiber-optic microchip that truly gives voice to the valiant little beetle as it CLICKs its way through the colorful pages and somersaults into your heart. Praise for *The Very Clumsy Click Beetle*: "Sure to be loved and requested again and again, *Click Beetle* is a well-crafted story, joyfully illustrated, that speaks to the hearts of young children."--Library Journal "At once stark and sophisticated, Carle's trademark collage art fills the pages of his latest *Very* volume."--Publishers Weekly "Carle's trademark artwork, featuring large, colorful collages set against expansive white space, is--as always--a strong attribute."--Booklist [The Board Book: An Insider's Guide for Directors and Trustees](#) HarperCollins

From cloud to puddle, and puddle to stream, the *Little Raindrop* is

making its way on the remarkable journey that is Earth's water cycle. In this inviting story—illustrated with pastels for a soft, full color—readers are taught about science and nature through a character driven narrative that leads a little raindrop on a big adventure. With an easy to follow plot that teaches precipitation, water flow, and evaporation, *The Little Raindrop* offers a sweet story full of learning and discovery. Featuring a heartwarming adventure from author Joanna Gray, and beautiful pastel illustrations by Dubravka Kolanovic, *The Little Raindrop* takes readers on a fun and educational ride through the water cycle. This is a wonderful introduction for children ages 3 to 6 about the water cycle. They will instantly connect with the cute, smiling little raindrop as it starts its journey in the clouds.
