Lithuanian: A Comprehensive Grammar
Routledge

Lithuanian Lullaby follows the lives of six people as they manage the unprecedented world events in the decade between 1987 and 1997. With his country collapsing, a Soviet conscript in Afghanistan devotes his life to undermining the very country he is meant to serve. A Hungarian teenager cuts through a border fence in search of a better life; only to find herself indebted and robbed in London. In his perennial search for adventure and romance, an American discovers that language is no barrier to true love. An unorthodox union leaves two English parents struggling to raise their love child in Yorkshire. Each are about to share a peculiar connection to the tiny Baltic nation of Lithuania; a 'new' country emerging from an elongated sleep. The years of loneliness and isolation are over; the world is changing - and so will they.

The dictionary example is the culminating component of the information presented in articles of dictionaries intended for language learning. This study analyses the example comprehensively: its provenance, its theoretical status, its distinction from multiword lexical units (to be presented as infralemmas), types and specific functions. The example not only illustrates the data provided by the definition, the equivalent, the grammatical, collocational and pragmatic items, but also provides valuable complementary information on the use of each lexical unit described. Examples are models with which users can form other sentences but are also instantiations of the language that escape systematicity and reflect unpredictable but real uses. Theoretical reflection on the theory of the example (with special emphasis on the bilingual), analysis of how (especially bilingual) dictionaries present examples and what kind of information each type of example provides can assist lexicographers in planning their dictionaries and making theoretically based choices when it comes to the selection and presentation of examples.

The Dedalus Book of Lithuanian Literature Routledge

Ellen Cassedy's longing to recover the Yiddish she'd lost with her mother's death eventually led her to Lithuania, once the "Jerusalem of the North." As she prepared for her journey, her uncle, sixty years after he'd left Lithuania in a boxcar, made a shocking disclosure about his wartime experience, and an

elderly man from her ancestral town made an unsettling request. Gradually, what had begun as a personal journey broadened into a larger exploration of how the people of this country, Jews and non-Jews alike, are confronting their past in order to move forward into the future. How does a nation—how do successor generations, moral beings—overcome a bloody past? How do we judge the bystanders, collaborators, perpetrators, rescuers, and ourselves? These are the questions Cassedy confronts in *We Are Here*, one woman's exploration of Lithuania's Jewish history combined with a personal exploration of her own family's place in it. Digging through archives with the help of a local whose motives are puzzling to her; interviewing natives, including an old man who wants to "speak to a Jew" before he dies; discovering the complications encountered by a country that endured both Nazi and Soviet occupation—Cassedy finds that it's not just the facts of history that matter, but what we choose to do with them.

An Unproclaimed Empire: The Grand Duchy of Lithuania is an interdisciplinary study of the Grand Duchy of Lithuania (GDL) that is historical in subject but social scientific in approach. It is also the first study to apply this comparative and social scientific method to the GDL. In this book, Zenonas Norkus draws on national historiographies and applies theories from comparative empire studies involving historians, sociologists, political scientists, anthropologists and scholars in the theory of international relations, allowing it to transcend differences in national viewpoints. It also

provides answers to contested issues in the history of the GDL, and raises a number of new questions, including whether the Grand Duchy was an empire or a federation, and why and when it failed. By adopting this "imperial approach" of considering the GDL as an empire, this book brings something new to the research surrounding the Grand Duchy and is ideal for academics and postgraduates of early modern Lithuania, early modern Eastern Europe, historical sociology, and the history of empires.

The Golden Age of the Lithuanian

Yeshivas Academic Studies Press
Discusses the political cooperation between Jews and Lithuanians in the Tsarist Empire from the last decades of the 19th century until the early 1920s. These years saw the transformation of both Jewish and Lithuanian political life. Within the Jewish community, the previously dominant integrationists were now challenged both by those who believed that the Jews were not a religious but an ethnic or proto-nationalist group and those who believed that only with the abolition of capitalism and the establishment of a socialist state would Jewish integration be possible. Among the Lithuanians, the emergence of a modern national identity became increasingly prevalent.

This book is, essentially, a love story. The story of an Irish girl who fell in love with a Lithuanian man, then fell in love with his country and its food. The book contains nine of my favourite traditional Lithuanian dishes, including kugelis (potato pudding), cepelinai (potato dumplings), koldunai (pasta dumplings) and saltibarsciai (cold beet soup). The

recipes are explained in detail with step-by-step instructions and illustrations where required, making this book ideally suited to anyone attempting these dishes for the first time. Substitute ingredients are suggested where certain ingredients might be hard to find outside of Lithuania. Each recipe is accompanied by a short preamble about my life in Lithuania and how the recipe was developed. The book also contains a number of stunning photographs of the Lithuanian landscape and wildlife.

We Are Here Oxford University Press

A famous Nazi hunter and a descendent of Nazi collaborators team up on a journey to uncover Lithuania's Holocaust secrets. This remarkable book traces the quest for the truth about the Holocaust in Lithuania by two ostensible enemies: Rūta a descendant of the perpetrators, Efraim a descendant of the victims. Rūta Vanagaitė, a successful Lithuanian writer, was motivated by her recent discoveries that some of her relatives had played a role in the mass murder of Jews and that Lithuanian officials had tried to hide the complicity of local collaborators. Efraim Zuroff, a noted Israeli Nazi hunter, had both professional and personal motivations. He had worked for years to bring Lithuanian war criminals to justice and to compel local authorities to tell the truth about the Holocaust in their country. The facts that his maternal grandparents were born in Lithuania and that he was named for a great-uncle who was murdered with his family in Vilnius with the active help of Lithuanians made his search personal as well. Our People exposes the significant role in implementing the Final Solution played by local political leaders and the prewar Lithuanian administration that remained in place during the Nazi occupation. It also tackles the sensitive

issue of the motivation of thousands of ordinary Lithuanians who were complicit in the murder of their Jewish neighbors. At the heart of the book, these are the issues that Rūta and Efraim discuss, debate, and analyze as they crisscross the country to visit dozens of Holocaust mass murder sites in Lithuania and neighboring Belarus. This book follows them on their remarkable journey as they search for neglected graves, interview eyewitnesses, and uncover hints of the rich life that had existed in hundreds of Jewish communities throughout Lithuania.

Introduction to Modern Lithuanian Psychology Press

Her parents never really explained what a D.P. was. Years later Daiva Markelis learned that “displaced person” was the designation bestowed upon European refugees like her mom and dad who fled communist Lithuania after the war. Growing up in the Chicago suburb of Cicero, though, Markelis had only heard the name T.P., since her folks pronounced the D as a T: “In first grade we had learned about the Plains Indians, who had lived in tent-like dwellings made of wood and buffalo skin called teepees. In my childish confusion, I thought that perhaps my parents weren’t Lithuanian at all, but Cherokee. I went around telling people that I was the child of teepees.” So begins this touching and affectionate memoir about growing up as a daughter of Lithuanian immigrants. Markelis was raised during the 1960s and 1970s in a household where Lithuanian was the first language. White Field, Black Sheep derives much of its charm from this collision of old world and new: a tough but cultured generation that can’t quite understand the ways of America and a younger one weaned on Barbie dolls and The Brady Bunch, Hostess cupcakes and comic books, The Monkees and Captain Kangaroo. Throughout, Markelis recalls the amusing contortions of language and identity that animated her childhood. She also humorously recollects the touchstones of her youth, from her First Communion to her first game of Twister. Ultimately, she revisits the troubles that surfaced in the wake of her assimilation into American culture: the constricting

expectations of her family and community, her problems with alcoholism and depression, and her sometimes contentious but always loving relationship with her mother. Deftly recreating the emotional world of adolescence, but overlaying it with the hard-won understanding of adulthood, *White Field, Black Sheep* is a poignant and moving memoir—a lively tale of this Lithuanian-American life.

*Includes pictures *Includes a bibliography for further reading Modern day Lithuania is a small country bordering the Baltic Sea with a population of less than 3 million people, but despite its relative size, the nation has exerted an influential role on the history of the region. More recently, in the 20th century, Lithuania was caught between much larger powers in two world wars and then the Cold War. Along with neighbors Latvia and Estonia, Lithuania was one of the only states to truly break free of the Soviet Union when the latter dissolved in 1991. Now entrenched in the EU's political and security bloc, Lithuania has seen unprecedented economic growth and prosperity, although Vilnius is still wary of the Russian giant on its doorstep. The end of the Cold War brought Lithuania the independence it had sought for almost 200 years and had only briefly attained in the 1918-39 Interwar Period. This is due in large measure to its location, as Lithuania is wedged between Poland and the Russian exclave of Kaliningrad to the south, Belarus to the east and Latvia to the north. The country's capital city is Vilnius and next largest city is Kaunas. Covering an area of 65,000 square kilometers, although at various stages of its history this was

much greater, Lithuania borders the Baltic Sea to the west. Indeed, it is perhaps best to think of the country as a Baltic one, and as with the other Baltic states, Lithuania has been at the crossroads of events involving European, Middle Eastern, and Asian powers. For centuries, its main relationships were with Poland, Sweden, and the burgeoning Rus peoples, later Russia and Ukraine. Subsequently Germany would become an important player in the Baltics, while Russia's Romanov dynasty coveted access to the Baltic sea lanes, inevitably meaning Lithuania would come into its sights. Given everything going on around it, it should come as little surprise that Lithuania's history during the 20th century revolved around the remarkable resilience of its people in the face of aggression and imperialism from first Russia, then Nazi Germany, then the Soviet Union. *The Fight for Lithuanian Independence: The History and Legacy of Lithuania in the 20th Century* examines the geopolitics of the region, Lithuania's place in it, and the most important events in Lithuania's recent history. Along with pictures depicting important people, places, and events, you will learn about Lithuania like never before.

"Dovid Katz's monumental *Lithuanian Jewish Culture* is the most comprehensive work ever to appear in English on the cultural, linguistic and spiritual worlds of the Litvaks. The Litvaks are the Jews hailing from the lands of the medieval Grand Duchy of Lithuania and its successor modern states - Lithuania, Belarus, Latvia, and parts of northern Ukraine and northeastern Poland. This huge folio volume provides an introduction to

Jewish history and culture starting with antiquity and leading methodically to the rise of Lithuanian Jewry some seven centuries ago." --Book Jacket.

"This gripping and well-documented account of the history of the town of Vilnius and its surrounding region from the Polish ultimatum of March 1938, which forced Lithuania to open diplomatic relations with Poland, to the incorporation of Lithuania into the Soviet Union in June 1940 is set against the evolution of Lithuania's relations with her neighbours during this crucial period. It is a major contribution to the outbreak of war in September 1939 and the subsequent evolution of Nazi Soviet relations. Prof. Liekis presents a remarkable history based on archival sources never before utilized in any English-language study. In revealing the geopolitical, ideological, economic, social and ethnic dimensions of an immense tragedy in the heart of Europe, the author provides a new perspective on the unraveling of a society and nation during the initial days of World War II as prelude to the most violent period in European history."--Publisher's description.

The Vanished World of Lithuanian Jews

Jason Aronson, Incorporated

The Golden Age of the Lithuanian Yeshivas tells the story of the last chapter of Jewish rabbinical schools in Eastern Europe, from the eve of World War I to the outbreak of World War II. The Lithuanian yeshiva established a rigorous standard for religious education in the early 1800s that persisted for over a century and continues to this day. Although dramatically reduced and forced into exile in Russia and Ukraine during World War I, the yeshivas survived the war, with yeshiva heads and older students forming the nucleus of the institutions. These scholars rehabilitated the yeshivas in their original locations and quickly returned to their regular activities. Moreover, they soon began to expand into areas now empty of yeshivas in lands occupied by Hasidic populations in Poland and even into the lands that would soon become Israel. During the economic depression of the 1930s, students struggled for food and their leaders journeyed abroad in search for funding, but their determination and commitment to the yeshiva system continued. Despite the material difficulties that prevailed in the yeshivas, there was consistently a full occupancy of students, most of them in their twenties. Young men from all over the free world joined these yeshivas, which were considered the best training programs for the religious professions and rabbinical ordination. The outbreak of World War II and the Soviet occupation of first eastern Poland and then Lithuania marked the beginning of the end of the Yeshivas, however, and the Holocaust ensured the final destruction of the venerable institution. The Golden Age of the Lithuanian

Yeshivas is the first book-length work on the modern history of the Lithuanian yeshivas published in English. Through exhaustive historical research of every yeshiva, Ben-Tsiyon Klibansky brings to light for the first time the stories, lives, and inner workings of this long-lost world.
