Summary: Hillbilly Elegy Instaread
A Summary of Hillbilly Elegy! Hillbilly Elegy, or by its full name, Hillbilly Elegy: A Memoir of a Family and Culture in Crisis is sort of a historical book. The book is written by JD (James David by author's full name) Vance and in it the author tries to describe the overall life and struggles of people in post-industrial time in the United

States. This book deals with the problems of white working-class and the book is not just some book where the author tries to describe lives of ordinary white people. The book is actually a memento and a message to the readers; in it Vance describes his life and his starts, especially growing up while being poor in Ohio. We can find out about this when we find out that Vance's family is of Scottish-Irish descent and that his ancestors have longer history of poverty and hard work that they need to endure in order to survive the hard times that were at hand.

We also find out that since the 18th century many Scottish-Irish people were working as plantation workers, as miners and/or as millworkers. Because these people worked only the hardest jobs that hardly anyone else would take many people belittled them. Words like 'white trash, redneck' and/or 'hillbilly' were unfortunately a common everyday word for those people. Hillbilly Elegy is a fascinating work, not because it was written based on a true story but because it was written from a man who lived 'through' his story. The fact that the entire

book contains a message is, of course, welcoming plus and something we want from literature of this genre. Here Is A Preview Of What You Will Get: In Hillbilly Elegy , you will get a summarized version of the book. In Hillbilly Elegy , you will find the book analyzed to further strengthen your knowledge. In Hillbilly Elegy , you will get some fun multiple choice quizzes, along with answers to help you learn about the book. Get a copy, and learn everything about Hillbilly Elegy.

Summary HarperCollins

Discusses the failure of America's political elites to recognize how group identities drive politics both at home and abroad, and outlines recommendations for reversing the country's foreign policy failures and overcoming destructive political tribalism at home.

Hillbilly Elegy Createspace Independent Publishing Platform

This is a Summary of J.D. Vance's Hillbilly Elegy: A Memoir of a Family and Culture In Crisis #1 NEW YORK TIMES BESTSELLER From a former marine and Yale Law School graduate, a powerful account of growing up in a poor Rust Belt town that offers a broader, probing look at the struggles of

America's white working class Hillbilly Elegy is a passionate and personal analysis of a culture in crisis—that of white working-class Americans. The decline of this group, a demographic of our country that has been slowly disintegrating over forty years, has been reported on with growing frequency and alarm, but has never before been written about as searingly from the inside. J. D. Vance tells the true story of what a social, regional, and class decline feels like when you were born with it hung around your neck. The Vance family story begins hopefully in postwar America. J. D.'s grandparents were "dirt poor and in love," and moved north from Kentucky's Appalachia region to Ohio in the hopes of escaping the dreadful poverty around them. They raised a middle-class family, and eventually their grandchild (the author) would graduate from Yale Law School, a conventional marker of their success in achieving generational upward mobility. But as the family saga of Hillbilly Elegy plays out, we learn that this is only the short, superficial version. Vance's grandparents, aunt, uncle, sister, and, most of all, his mother, struggled profoundly with the demands of

their new middle-class life, and were never able to fully escape the legacy of abuse, alcoholism, poverty, and trauma so characteristic of their part of America. Vance piercingly shows how he himself still carries around the demons of their chaotic family history. A deeply moving memoir with its share of humor and vividly colorful figures, Hillbilly Elegy is the story of how upward mobility really feels. And it is an urgent and troubling meditation on the loss of the American dream for a large segment of this country. Available in a variety of formats, this summary is aimed for those who want to capture the gist of the book but don't have the current time to devour all 272 pages. You get the main summary along with all of the benefits and lessons the actual book has to offer. This summary is intended to be used with reference to the original book.

Summary of Hillbilly Elegy Harper Large Print

NEW YORK TIMES BESTSELLER • A fascinating explanation for why white America has become fractured and divided in education and class, from the acclaimed author of Human Diversity. "I'll be shocked if there's another book that so

compellingly describes the most important trends in American society.”—David Brooks, *New York Times* In *Coming Apart*, Charles Murray explores the formation of American classes that are different in kind from anything we have ever known, focusing on whites as a way of driving home the fact that the trends he describes do not break along lines of race or ethnicity. Drawing on five decades of statistics and research, *Coming Apart* demonstrates that a new upper class and a new lower class have diverged so far in core behaviors and values that they barely recognize their underlying American kinship—divergence that has nothing to do with income inequality and that has grown during good economic times and bad. The top and bottom of white America increasingly live in different cultures, Murray argues, with the powerful upper class living in enclaves surrounded by their own kind, ignorant about life in mainstream America, and the lower class suffering from erosions of family and community life that strike at the heart of the pursuit of happiness. That divergence puts the success of the American project at risk. The evidence in *Coming Apart* is

about white America. Its message is about all of America.

Summary - Hillbilly Elegy Createspace Independent Publishing Platform

Although he was a suburban husband and father, living a far different life than the “Wolf of Wall Street,” Michael Kimelman had a good run as the cofounder of a hedge fund. He had left a cushy yet suffocating job at a law firm to try his hand at the high-risk life of a proprietary trader — and he did pretty well for himself. But it all came crashing down in the wee hours of November 5, 2009, when the Feds came to his door—almost taking the door off its hinges. While his wife and children were sequestered to a bedroom, Kimelman was marched off in embarrassment in view of his neighbors and TV crews who had been alerted in advance. He was arrested as part of a huge insider trading case, and while he was offered a “sweetheart” no-jail probation plea, he refused, maintaining his innocence. The lion’s share of *Confessions of a Wall Street Insider* was written while Kimelman was an inmate at Lewisburg Penitentiary. In nearly two years behind bars, he reflected on his experiences before incarceration—rubbing elbows and

throwing back far too many cocktails with financial titans and major figures in sports and entertainment (including Leonardo DiCaprio, Alex Rodriguez, Ben Bernanke, and Alan Greenspan, to drop a few names); making and losing hundreds of thousands of dollars in daily gambles on the Street; getting involved with the wrong people, who eventually turned on him; realizing that none of that mattered in the end. As he writes: “Stripped of family, friends, time, and humanity, if there’s ever a place to give one pause, it’s prison . . . Tomorrow is promised to no one.” In *Confessions of a Wall Street Insider*, he reveals the triumphs, pains, and struggles, and how, in the end, it just might have made him a better person. Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World

War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

[Summary - Hillbilly Elegy](#) Penguin

At the beginning of the homelessness epidemic in the 1980s, Josephine Ensign was a young, white, Southern, Christian wife, mother, and nurse running a new medical clinic for the homeless in the heart of the South. Through her work and intense relationships with patients and co-workers, her worldview was shattered, and after losing her job, family, and house, she became homeless herself. She reconstructed her life with altered views on homelessness—and on the health care system. In *Catching Homelessness*, Ensign reflects on how this work has changed her and how her work has changed through the experience of being homeless—providing a piercing look at the homelessness industry, nursing, and our country's health care safety net.

Publishers."--Title page verso.

RIP GOP Harper

After rising from poverty to earn two Ivy League degrees, an Appalachian lawyer pays tribute to the strong "hill women" who raised and inspired her, and whose values have the potential to rejuvenate a struggling region. "Destined to be compared to *Hillbilly Elegy* and *Educated*."—BookPage (starred review) "A gritty, warm love letter to Appalachian communities and the resourceful women who lead them."—Slate Nestled in the Appalachian mountains, Owsley County, Kentucky, is one of the poorest places in the country. Buildings are crumbling as tobacco farming and coal mining decline. But strong women find creative ways to subsist in the hills. Through the women who raised her, Cassie Chambers traces her path out of and back into the Kentucky mountains. Chambers's Granny was a child bride who rose before dawn every morning to raise seven children. Granny's daughter, Ruth—the hardest-working tobacco farmer in the county—stayed on the family farm, while Wilma—the sixth child—became the first in the family to graduate from high school. Married at

nineteen and pregnant with Cassie a few months later, Wilma beat the odds to finish college. She raised her daughter to think she could move mountains, like the ones that kept her safe but also isolated from the larger world. Cassie would spend much of her childhood with Granny and Ruth in the hills of Owsley County. With her "hill women" values guiding her, she went on to graduate from Harvard Law. But while the Ivy League gave her opportunities, its privileged world felt far from her reality, and she moved home to help rural Kentucky women by providing free legal services. Appalachian women face issues from domestic violence to the opioid crisis, but they are also keeping their towns together in the face of a system that continually fails them. With nuance and heart, Chambers breaks down the myth of the hillbilly and illuminates a region whose poor communities, especially women, can lead it into the future.

[What You are Getting Wrong about Appalachia](#) Thomas Dunne Books An accidental death, and the cover-up that follows, sparks a dark series of events that reverberates through the lives of four people who will never be the same again. When Darl Moody went hunting after a monster buck, a kill that could make the difference between meat for the winter

and an empty freezer, he never expected he'd accidentally shoot a man digging ginseng. Worse yet, he's killed a Brewer, a family notorious for vengeance and violence. With nowhere to turn, Darl calls on the help of the only man he knows will answer, his best friend, Calvin Hooper. But when Dwayne Brewer comes looking for his missing brother and stumbles onto a blood trail leading straight back to Darl and Calvin--and to Calvin's girlfriend, Angie--a nightmare of revenge rips apart their world. A story of friendship and family, *The Line That Held Us* is a tale balanced between destruction and redemption, where the only hope is to hold on tight, clenching those you love. From a writer whose stories are "like a pull from a bottle of Appalachian moonshine: smooth and elegant with a punch in the gut that lingers a while after you're done" (Garden & Gun), Joy's book is another masterwork of Southern noir.

Summary of Hillbilly Elegy by J. D. Vance
UNC Press Books

In 2016, headlines declared Appalachia ground zero for America's "forgotten tribe" of white working class voters. Journalists flocked to the region to extract

sympathetic profiles of families devastated by poverty, abandoned by establishment politics, and eager to consume cheap campaign promises. *What You Are Getting Wrong About Appalachia* is a frank assessment of America's recent fascination with the people and problems of the region. The book analyzes trends in contemporary writing on Appalachia, presents a brief history of Appalachia with an eye toward unpacking Appalachian stereotypes, and provides examples of writing, art, and policy created by Appalachians as opposed to for Appalachians. The book offers a must-needed insider's perspective on the region.

[Summary of the Hillbilly Elegy by J. D. Vance Harper](#)

Here's a FREE Excerpt from the Book: 31-year-old J.D. Vance believes that he hasn't achieved anything great and the idea of any stranger paying money to read his memoir is weird. The only 'cool' thing he has accomplished is graduating from Yale Law School. Even though he has a joyful marriage, a good job, a comfortable home, etc., the reason for writing the book is not because he accomplished anything

special. Vance wrote this book because he managed to achieve something ordinary, which others with a background like him usually fail to. He grew up amidst poverty, with one of his parents facing the curse of addiction all the time. Vance was raised by his grandparents, who did not even graduate from high school. Culture in Crisis includes: Summary of the book A Review Analysis & Key Takeaways A detailed "About the Author" section Preview: J.D. Vance's Hillbilly Elegy is a memoir about his life growing up in Ohio as the child of a working-class family with roots in Appalachia. Vance uses his experiences in a dysfunctional family to talk about the problems with what he calls hillbilly culture. He says that hillbilly culture is mired in laziness, drug use, and learned helplessness. Hillbillies claim to be committed to hard work, but Vance believes they actually refuse to work at available jobs, miring them in poverty. He argues that hillbillies must recommit to institutions like the family and the church in order to escape poverty. Vance's grandparents, Jim Vance and Bonnie Blanton, were born in the town of Jackson in southeast Kentucky. They left in the 1940s when Bonnie, or Mamaw, became pregnant at fourteen. They moved to Middletown, Ohio, where Jim, or Pawpaw, worked in the steel mill. Their first child, that led them to leave Appalachia, was stillborn. Eventually, though, the family had three children, including a middle daughter, Bev, who became J.D. Vance's

mother.
