This exclusive folio presents 20 of Ludovico Einaudi's most popular piano works in special arrangements matched to the grade criteria of the major examination boards. Designed as a progressive course for beginner players, Einaudi's pieces have been adapted to make them accessible to students, while retaining their unique beauty. Each piece is preceded by companion exercises which focus on specific techniques or musical ideas present in the work. With a specially written Preface by the composer, this inspirational collection brings the joy of playing Einaudi's music to beginner pianists.

Why is classical music predominantly the preserve of the white middle classes? Contemporary associations between classical music and social class remain underexplored, with classical music primarily studied as a text rather than as a practice until recent years. In order to answer this question, this book outlines a new approach for a socio-cultural analysis of classical music, asking how musical institutions, practices, and aesthetics are shaped by wider conditions of economic inequality, and how music might enable and entrench such inequalities or work against them. This approach is put into practice through a richly detailed ethnography which locates classical music within one of the cultures that produces it - middle-class English youth - and foregrounds classical music as bodily practice of control and restraint. Drawing on the author's own background as a classical musician, this closely observed account examines youth orchestra and youth choir rehearsals as a space where young people learn the unspoken rules of this culture of weighty tradition and gendered control. It highlights how the middle-classes' habitual roles - boundary drawing around their protected spaces and reproducing their privilege through education - can be traced within the everyday spaces of classical music. These practices are camouflaged, however, by the ideology of 'autonomous art' that classical music carries. Rather than solely examining the social relations around the music, the book demonstrates how this reproductive work is facilitated by its very aesthetic, of 'controlled excitement', 'getting it right', precision, and detail. This book is of particular interest at the present moment, thanks to the worldwide proliferation of El Sistema-inspired programmes which teach classical music to children in disadvantaged areas. While such schemes demonstrate a resurgence in defending the value of classical music, there has been a lack

of debate over the ways in which its socio-cultural heritage shapes its conventions today. This book locates these contestations within contemporary debates on class, gender and whiteness, making visible what is at stake in such programmes.

*The Recorder Magazine* ABRSM Exam Pieces

Specially commissioned easy and accessible guitar solos with minimal demands on the left-hand so that the student can concentrate on a stable relaxed right tirando technique. Other techniques such as appoyando, tremolo, simple chords, tambora and rasgueado are also covered. This primer was planned to precede the 3-volume Solo Now! series, but is suitable as a "stand-alone" easy solo book. This book is on the new 2009 examination syllabus of the Royal Colleges of Music, London.

GUITAR EXAM EXERCISE BOOK INTRODUCTION For guitarists looking to further their playing technique and/or who are preparing for ABRSM, Trinity, Guildhall or indeed any classical/fingerstyle guitar exam, this book is for you. Created by virtuoso guitarist and conservatoire lecturer James Akers, this guitar manual has been created to help players develop their technique to help ensure performing success, not least in the preparation for grade exams. The exercises and studies in this book are graded to correspond to the technical demands required of each grade from 1 to 5, in both classical and acoustic guitar syllabuses. A section with more advanced techniques is included towards the end of the book. Instructions, including fingerings and tips for success are included. All examples are given in both staff notation and TAB. Although largely corresponding to the various grading systems available, this book can be used by anyone as a means of improving their guitar technique. BOOK CONTENT 85 exercises & 16 studies grade 1 to grade 5 and beyond covering: GRADE 1 - The exercises for grade 1 are intended to help the guitarist in the early stages of their development build up their finger strength, improve their coordination, tone production, speed, and accuracy. GRADE 2 - The exercises for Grade 2 extend and consolidate the ideas introduced in Grade 1, providing more material to allow the evolving guitarist to improve their technique in a systematic way. GRADE 3 - New techniques are introduced, including slurs, (or hammer-ons and pull-offs) and natural harmonics. In addition, as well as exercises, there are several specially composed study pieces, in a variety of styles, to allow the techniques learned so far to be practised in a more musical context. GRADE 4 - Common descending arpeggio pattern across three strings, 4 note chords using all right-hand fingers, multiple slurs, or hammer-ons and pull-offs, in various finger combinations including open strings and multiple fretted notes, the half-barre technique for the left hand. GRADE 5 - Ascending arpeggio patterns, speed & rhythmic pattern exercises, left hand

workouts with repeated patterns, mixed ascending/descending slur patterns, full barre technique  
 BEYOND GRADE 5 - Tremelo technique, natural harmonics in exercise and within a study. STUDIES  
 Sixteen original studies are provided for grades 3 onwards: GRADE 3 - Six studies individually  
 demonstrating various left hand finger combinations, two part chordal textures, three part chords,  
 ascending slur and hammer on techniques, GRADE 4 - Four studies individually demonstrating  
 arpeggio playing, three and four part chordal performance, half barre in a musical context,  
 ascending and descending slurs, playing in complex time signatures, introducing natural harmonics.  
 GRADE 5 AND BEYOND - Six studies individually demonstrating arpeggio playing, slur exploration,  
 speed study, thick textured chordal playing, tremelo study, artificial harmonics in melodic scenario.  
 DOWNLOAD All exercises and studies have been recorded by James Akers and are included as a free  
 download to accompany this book. Details of how to access the free download are detailed within  
 the publication.

Trying to understand the complex interplay between effective learning and personal experience is  
 one of the main challenges for instrumental music education. Much of the research that focuses on  
 effective learning outcomes often adopts experimental methodologies that do not allow for a  
 thorough examination of the subjective and social processes that accompany each student's musical  
 journey; on the contrary, contributions dedicated to the detailed analysis of the learners' lived  
 experience often do not offer generalizable outcomes to different types of learning and teaching.
