### Orange Juice

Candlewick Press  
Translation is everywhere, giving us dubbed films, and access to foreign news and the literature of

other cultures. Considering subtitling, interpreting, and adaptations, Matthew Reynolds reveals how translation is changing radically in the new age of electronic media. *Webster's International Dictionary of the English Language*

Oxford University Press  
The Handbook of  
Japanese Contrastive  
Linguistics is a unique  
publication that brings  
together insights from  
three  
traditions—Japanese  
linguistics, linguistic  
typology and  
contrastive  
linguistics—and makes  
important contributions  
to deepening our  
understanding of  
various phenomena in  
Japanese as well other  
languages of the globe.  
Its primary goal is to  
uncover principled  
similarities and  
differences between  
Japanese and other  
languages of the globe  
and thereby shed new  
light on the universal  
as well as language-  
particular properties of  
Japanese. The issues  
addressed by the  
papers in this volume  
cover a wide spectrum

of phenomena ranging  
from lexical to  
syntactic and discourse  
levels. The authors of  
the chapters, leading  
scholars in their  
respective field of  
research, present the  
state-of-the-art  
research from their  
respected field.

National Book Foundation "5 under 35" honoree -- 2010. A Best Book of 2010 -- NPR, Amazon, Shelf Unbound The Believer Book Award, Finalist Indie Bookseller's Choice Awards, Finalist "Krilanovich's work will make you believe that new ways of storytelling are still emerging from the margins." --Rachel Syme, NPR A girl with drug-induced ESP and an eerie connection to Patty Reed (a young member of the Donner Party who credited her survival to her relationship with a hidden wooden doll), searches for her disappeared foster sister along "The Highway That Eats People," stalked by a

conflation of Twin Peaks' "Bob" and the Green River Killer, known as Dactyl. The New Classics series aims to celebrate the enduring cultural impact that publications have made by refreshing these evergreen titles with cover designs and new introductions or afterwords by acclaimed writers and artists that speak to the resonance and relevance of these works.

### The Orange Economy

Melville House  
How orange juice became a North American breakfast staple and what "100% pure orange juice" means today  
Close to three quarters of U.S. households buy orange juice. Its popularity crosses class, cultural, racial, and regional

divides. Why do so many of us drink orange juice? How did it turn from a luxury into a staple in just a few years? More important, how is it that we don't know the real reasons behind OJ's popularity or understand the processes by which the juice is produced? In this enlightening book, Alissa Hamilton explores the hidden history of orange juice. She looks at the early forces that propelled orange juice to prominence, including a surplus of oranges that plagued Florida during most of the twentieth century and the army's need to provide vitamin C to troops overseas during World War II. She tells the stories of the FDA's decision in the early 1960s to standardize

orange juice, and the juice equivalent of the cola wars that followed between Coca-Cola (which owns Minute Maid) and Pepsi (which owns Tropicana). Of particular interest to OJ drinkers will be the revelation that most orange juice comes from Brazil, not Florida, and that even "not from concentrate" orange juice is heated, stripped of flavor, stored for up to a year, and then re-flavored before it is packaged and sold. The book concludes with a thought-provoking discussion of why consumers have the right to know how their food is produced.

**Oranges** Penguin

This manual has been designed and written with the purpose of introducing key concepts and areas of

debate around the "creative economy", a valuable development opportunity that Latin America, the Caribbean and the world at large cannot afford to miss. The creative economy, which we call the "Orange Economy" in this book (you'll see why), encompasses the immense wealth of talent, intellectual property, interconnectedness, and, of course, cultural heritage of the Latin American and Caribbean region (and indeed, every region). At the end of this manual, you will have the knowledge base necessary to understand and explain what the Orange Economy is and why it is so important. You will also acquire the analytical tools needed to take better

advantage of opportunities across the arts, heritage, media, and creative services.

Claude Wheeler is a young man who was born after the American frontier has vanished. The son of a successful farmer and an intensely pious mother, Wheeler is guaranteed a comfortable livelihood. Nevertheless, Wheeler views himself as a victim of his father's success and his own inexplicable malaise. Thus, devoid of parental and spousal love, Wheeler finds a new purpose to his life in France, a faraway country that only existed for him in maps before the First World War. Will Wheeler ever succeed in his new

goal? The novel is inspired from real-life events and also won the Pulitzer Prize in 1923.

**Murder on Main Street** Alain Braux  
What's more annoying than one Annoying Orange? You guessed it! Orange becomes the victim of identity theft, but doesn't really mind. But who is the false Orange, and why would anyone steal the identity of one of the most annoying creatures in existence? Is the world ready for a second Annoying Orange? And what happens when the impostor decides "there shall be only one" Annoying Orange?

**Michif** Walter de Gruyter GmbH & Co KG ‘We are like the Corleones in The Godfather’—Randhir Kapoor There is no film family quite like the Kapoors. A family of professional actors and directors, they span almost eighty years of film-making in India, from the 1920s to the present. Each decade in the history of Hindi films has had at least one Kapoor—if not more—playing a large part in defining it. Never before have four generations of this family—or five, if you include Bashesharnath Kapoor, Prithviraj

Kapoor’s father, who played the judge in Awara—been brought together in one book. The Kapoors details the professional careers and personal lives of each generation—box-office successes and failures, the ideologies that informed their work, the larger-than-life Kapoor weddings and Holi celebrations, their extraordinary romantic liaisons and family relationships, their love for food and their dark passages with alcohol. Based on extensive personal interviews conducted over seven years with family members and friends, Madhu Jain goes behind the façade of each member of the Kapoor clan to reveal what makes them tick. The Kapoors resembles the films that the great showman Raj Kapoor

made: grand and sweeping, with moments of high drama and touching emotion. 'Few books on Indian cinema have been written with such wit, clarity and sparkle'—Outlook 'Jain writes in a language that is simple and pithy. . . it will keep alive public interest in the Kapoors who refuse to call it a day'—Telegraph 'Immensely readable...will surely find a place in the Indian cineaste's library'—Biblio

Kitty is 16 years old and a student at a boarding school in the mountains of Colorado. Her life is rather dreary and boring and she feels very alone. Only her roommate and best friend Jojo offers her support in this situation. When Kitty and Jojo suddenly land in a strange, magical world one evening, the shy young Kitty gradually becomes a combative, self-confident magician. In the mysterious world of Naytnal, she and Jojo must take up the fight against the evil that threatens to destroy the world. The new fantasy series NAYTNAL is a seven-part series about Kitty and Jojo in the fantastic

world of the Star of Realms, as Naytnal is also called. This is the first volume in the series.

HarperCollins UK

Auntie and Uncle and

Nannie and Gran-Gran and all the cousins want to hug and kiss the new baby — they all love the baby SO MUCH! Illustrations by Helen Oxenbury brim with the warmth of a large, loving extended family. Mom and baby are home alone when — DING DONG! — Auntie and then Uncle and Nannie and Gran-Gran and the cousins come to visit. And they all want to hug and kiss and squeeze and eat the baby right up — because everybody loves the baby SO MUCH! With Helen Oxenbury lending her characteristic warmth and humor to a most exuberant family party, Trish Cooke's rhythmic, cumulative story captures the joy of being the baby in a large extended family — a baby who knows

that he is absolutely, utterly adored.

Houghton Mifflin Harcourt

Whether on the other side of the world or in our own backyard, languages everywhere are fading into oblivion. Mark Abley explores what the human family stands to lose — and explains why some endangered languages continue to thrive. Within the next couple of generations, most of the world's 6000 languages will vanish, due mainly to the unstoppable tide of English. With an open mind and a well-worn passport, award-winning journalist and poet Mark Abley tells entertaining and vital stories about why languages matter.

From Oklahoma to Provence, aboriginal Australia to Baffin Island, the cultures are radically different, but the problems of shrinking linguistic and cultural richness are painfully similar. Abley's investigation provides a stunning glimpse of the beauty and intricacies of languages like Yiddish and Yuchi, Mohawk and Manx, Inuktitut and Provençal. More importantly, it offers a sympathetic and memorable portrait of the people who still speak languages under threat. When a language dies out, gone too are stories that have been told for centuries, unique ways of seeing the world, and perhaps even ways of solving problems both large and small. Abley

believes we must see languages as abundant sources of richness, wonder and usefulness. And he shows that hope still exists: that the determination of even one person can revive a whole language and its culture, in the process creating something new, changing and alive — exactly what languages do best.

### **A Clockwork Orange**

Papercutz

Wendy Dow and Nancy Eblen, two very financially comfortable business women, head off their annual summer vacation which they have scheduled together for years. They find themselves on the Island of Nantucket in early May. After a wonderful lunch in the garden of The Chanticleer Inn, they

start discussing how nice it would be just to give it all up and spend the entire summer on the island. Well, this adventure moves forward, and they find themselves the owners of a five acre parcel of land in Polpis. The property has two run down barns and a home that has been neglected for quite a number of years. When they start their restoration projects, they uncover a long old slender metal box that is locked. Now, the contents of this mysterious box could it possibly hold the clue to a murder? Ahh, the plot thickens...

### **Paletas** BQB

Publishing

From the Pulitzer

Finalist and universally beloved author of the New York Times best sellers *Swamplandia!*

and Vampires in the Lemon Grove, a stunning new collection of short fiction that showcases Karen Russell's extraordinary, irresistible gifts of language and imagination. Karen Russell's comedic genius and mesmerizing talent for creating outlandish predicaments that uncannily mirror our inner lives is on full display in these eight exuberant, arrestingly vivid, unforgettable stories. In "Bog Girl", a revelatory story about first love, a young man falls in love with a two thousand year old girl that he's extracted from a mass of peat in a Northern European bog. In "The Prospectors," two opportunistic young women fleeing the depression strike out

for new territory, and find themselves fighting for their lives. In the brilliant, hilarious title story, a new mother desperate to ensure her infant's safety strikes a diabolical deal, agreeing to breastfeed the devil in exchange for his protection. The landscape in which these stories unfold is a feral, slippery, purgatorial space, bracketed by the void—yet within it Russell captures the exquisite beauty and tenderness of ordinary life. Orange World is a miracle of storytelling from a true modern master.

The Orange Book  
Vintage

This interdisciplinary edited volume of thirteen essays presents a broad look at the Central

American experience in the United States with a focus on Southern California. By examining oral histories, art, poetry, and community formation, the contributors fill a void in the scholarship on the multiple histories, experiences, and forms of resistance of Central American groups in the United States. The contributors provide new research on the 1.5 generation and beyond and how the transnational dynamics manifest in California, home to one of the largest U.S. Central American populations.

**Three Squeezes** Ten Speed Press

A classic of reportage, *Oranges* was first conceived as a short magazine article about oranges and orange juice, but the author

kept encountering so much irresistible information that he eventually found that he had in fact written a book. It contains sketches of orange growers, orange botanists, orange pickers, orange packers, early settlers on Florida's Indian River, the first orange barons, modern concentrate makers, and a fascinating profile of Ben Hill Griffin of Frostproof, Florida who may be the last of the individual orange barons.

McPhee's astonishing book has an almost narrative progression, is immensely readable, and is frequently amusing. Louis XIV hung tapestries of oranges in the halls of Versailles, because oranges and orange trees were the symbols

of his nature and his reign. This book, in a sense, is a tapestry of oranges, too—with elements in it that range from the great orangeries of European monarchs to a custom of people in the modern Caribbean who split oranges and clean floors with them, one half in each hand.
