The purpose of me wishing to share my experiences on this journey of grief was to firstly outline some of the emotions and feelings you can go through after losing someone you love to suicide. All of these feelings of guilt, regret, abandonment, unworthiness, and insurmountable sadness are all just stages in the grieving process. It is important to share your story and still talk about the one who passed to keep them alive in your heart. This will make you feel closer to them and comfort you in your grief. You will also draw in people who will be able to support you through this grieving process who have had similar experiences. I also wanted this to be an insight into one young experienced man's life that lived his life to the full and lived balancing on a wire. It was the drugs in the end that took his life. He took drugs to hide the pain of his past and like most people who indulge to cover up his true feelings. The demons of his past were eating him up like a disease. Adam had a full life; he was intelligent and a streetwise, well-travelled loving man. However, it was depression that sent him into a spiral which ultimately led to his death. After Adam died, people would say to me things like, Did you see this coming?

Were there any signs?' I knew that there was something wrong, and his downward spiral happened way too quickly for me to have any control over the outcome. I could feel it taking over, and I did not know what to do. One minute, he was partying with friends, then the car accident, and then the downward spiral which led to his demise. Within a week, I watched him go through so many negative mixed emotions. He was anxious, incredibly distressed, crying, angry, and by the middle of the week, he transgressed into a very solemn, dark, and very quiet mood. I felt helpless to console him. Adam was the type of man who kept his troubles to himself. This obviously did not help. Depression is a very serious illness that can be so debilitating for the sufferer that they see no other way out but to end their lives. There are many contributing factors that can lead to depression, and unfortunately, over two million Australians suffer from this illness coupled with anxiety and sometimes alcohol and or drug abuse. Out of these sufferers, 10 per cent will take their own life every year. If people are abusing drugs and alcohol, there is a reason. The only reason these vices are abused is to mask pain and hide behind it. Statistically, men take their own life four times more than women. Men tend to suppress their true emotions when under stress and do not talk openly as much as women do about what is troubling them. It does not have to be this way, as fortunately now, there is more and more government support provided and groups that we can join to share our troubles and concerns. My message to anyone who reads this book is to be there for your friends and family. More importantly, be there for yourself so that we can all be strong and support each

other in times of need. We all play an important role in someone's life, and we should be there for each other. Be well, live, and love.

WALNECK'S CLASSIC CYCLE TRADER, APRIL 1996 Univ. Press of Mississippi
 A raw and powerful memoir of Jaycee Lee Dugard's own story of being kidnapped as an 11-year-old and held captive for over 18 years On 10 June 1991, eleven-year-old Jaycee Dugard was abducted from a school bus stop within sight of her home in Tahoe, California. It was the last her family and friends saw of her for over eighteen years. On 26 August 2009, Dugard, her daughters, and Phillip Craig Garrido appeared in the office of her kidnapper's parole officer in California. Their unusual behaviour sparked an investigation that led to the positive identification of Jaycee Lee Dugard, living in a tent behind Garrido's home. During her time in captivity, at the age of fourteen and seventeen, she gave birth to two daughters, both fathered by Garrido. Dugard's memoir is written by the 30-year-old herself and covers the period from the time of her abduction in 1991 up until the present. In her stark, utterly

honest and unflinching narrative, Jaycee opens up about what she experienced, including how she feels now, a year after being found. Garrido and his wife Nancy have since pleaded guilty to their crimes.

Aloha, Lady Blue Simon and Schuster
 This riveting new mystery series pays loving homage to legendary author John D. MacDonald. Stryker McBride is a former crime reporter who lives on a hugely expensive houseboat, "the Travis McGee." When Stryker receives an unexpected SOS call from a sultry beauty queen, he agrees to look into the suspicious death of the woman's grandfather. As Stryker investigates, he encounters a cast of characters as diverse as Hawaii itself, including Auntie Kealoha, a charming entertainer turned mobster, and her 400 pound right-hand man, a Chinese-Hawaiian named Tiny Maunakea. Soon, Stryker discovers a deadly secret buried deep in the heart of Hawaii that has consequences much larger than one old man's death. Vivid and exhilarating, *Aloha, Lady Blue* transports you right to the heart of an island paradise populated with exotic women, glorious scenery, and whispered scandals. Memminger brings Hawaii to

life so vividly that you can almost hear the pounding of the surf and catch the scent of plumeria on the breeze. Fans of John D. MacDonald's Travis McGee series will be swept away by this delicious, action-packed tale.

"If you didn't grow up with an SNES and are curious to know about games like Chrono Trigger, Super Metroid and more, then this is the book for you." —Got Game Following on from the previously released NES Encyclopedia, The SNES Encyclopedia is the ultimate resource for fans of Nintendo's second home video game console, the Super Nintendo Entertainment System. Containing detailed information on all 780 games released for the SNES in the west, this enormous book is full of screenshots, trivia and charmingly bad jokes. It's an economical and well-crafted book of Nintendo's 16-bit history, and it's sure to leave you yearning for the days of

Super Mario World's vibrant colors, Super Metroid's intoxicating atmosphere, and Super Punch Out!!'s incredible tension.
