NEWTON JONAH

U.S. Government and Presidents The Rosen Publishing Group, Inc
 Incorporating U.S. presidents from Taft to Bush, this volume uses research-based political psychology, history, and biography to provide a means of determining the performance of candidates as president.

The American Presidency and the Social Agenda Oxford University Press, USA
 Encourage students to participate in their government! Cover history, ideals, and symbols of the U.S. government, the Constitution, the three branches of government, each U.S. president through the November 2004 election, and much more. Supports NCSS standards.

America: Pathways to the Present Prentice Hall

KEY BENEFITVery readable and interesting, this book provides analyses of contemporary U.S. government and politics issues. One or two substantial essays are devoted to each of the major political topics of the day. It is the ideal supplement to any standard American Government book.KEY TOPICSThe presidency, political parties, the media, congress, the courts, foreign policy.MARKETFor readers who are interested in an analysis of the major political issues of the day and how these issues affect their lives.

Guide to Government by the People Prentice Hall

Bringing together presidential research and social policy research this book examines six issues that continually evade compromise and resolution --abortion, pornography, gun control, affirmative action, homosexuality and the environment-- as they have been addressed by modern-day presidents. The book is designed to show readers the impact of social policies and how presidents respond to social issues and subsequently build their agendas. This book examines the president's roles as opinion/party leader, legislative leader, chief executive, commander in Chief and Chief Diplomat as each relates to social issues. For individuals interested in the American presidency and public policy.

A National Agenda for the Eighties Saddleback Educational Publishing

The presidential-congressional relationship is the most important and vivid of all the inter-branch relationships. It defines presidential activities, priorities, and successes. No president, from Eisenhower to Nixon to Reagan, has been able to ignore or denigrate that relationship. Presidential Relations with Congress provides a succinct analysis of contemporary presidential-congressional relations in the post-World War II era. Richard S. Conley underscores what scholars have learned about presidents' interactions with Congress over time, the factors that account for success, and the methodologies that can measure success. He weaves the "bargaining", "institutional constraint", and "personality" perspectives of presidential relations with Congress alongside case studies of individual presidents' approaches, including agenda success, veto politics, and Supreme Court nominations. Presidential Relations with Congress emphasizes the changing nature of internal dynamics in Congress, as well as the importance of party control of both the White House and Capitol Hill. This engaging addition to the Presidential Briefings series provides students, scholars, and observers of presidential politics with an accessible and readable tool for analyzing and evaluating presidents' varied styles, successes, and failures in their relationships with Congress. Each chapter features specific examples of past presidents' approaches to influencing Congress.

The American President Prentice Hall

Background papers for the 44th American Assembly, Arden House, New York, N.Y., December 1973.

The Seven Laws of Presidential Leadership Prentice Hall

For the Introduction to American Government or Introduction to American Politics courses. This is the most authoritative text for American Government. Always one step ahead of the competition.

Government by the People continually sets the standards for other American Government texts by anticipating instructors' needs. Known for its impeccable scholarship and for its distinguished author team who treats each new edition as a fresh challenge, Government by the People is the perfect text for the educator who wants students to understand how the American political system works.

Magruder's American Government C Q Press College

This book serves as a valuable and intriguing resource on the presidential institution, exploring the potential and limitations of influence. It focuses on six major related concerns - presidential selection, power, accountability, decision-making, personality, and leadership, and also looks at the office from a historical to current events perspective. For anyone who wants a better understanding of the proper role of the president, and appreciates the increasingly controversial political environment in which that office functions.

The Presidency Prentice Hall

This next generation of U.S. citizens has the opportunity to shape the nation and the world. With knowledge of the foundations of citizenship and society, readers can make informed decisions and actively participate in their community and wider government. This book teaches readers about the civics concept of understanding government through engaging text and colorful photographs. In this book, readers will learn about what it means to be president. This nonfiction book is paired with the fiction book I Want to Be the President (ISBN: 9781538365229). The instructional guide on the inside front and back covers provides: Vocabulary, Background knowledge, Text-dependent questions, Whole class activities, and Independent activities.

The Deadlock of Democracy Prentice Hall

Some texts feature presidential leadership in relationship to one facet of the presidency, such as policy making, power, and character: others focus on the dilemmas and problems of presidential leadership; still others present a theory of presidential leadership; and some concentrate on presidential history. [This text] merges these approaches into seven laws, which integrate and synthesize the concepts and structure, history and politics of presidential leadership.-Pref.

Government by the People Routledge

KEY BENEFIT: " This comprehensive, classic book takes readers from on-lookers to participants.

"Government by the People" lets them see democracy as the participatory government that it is.

Covers 2000 Presidential Election, constitutional democracy, political culture and ideology, campaigns and elections, the Presidency, the judiciary, and much more. Explains how Congress and the President work together. For anyone interested in American Government.

The Clash of Issues Westview Press

For decades, public expectations of U.S. presidents have become increasingly excessive and unreasonable. Despite much anecdotal evidence, few scholars have attempted to test the expectations gap thesis empirically. This is the first systematic study to prove the existence of the expectations gap and to identify the factors that contribute to the public's disappointment in a given president. Using data from five original surveys, the authors confirm that the expectations gap is manifest in public opinion. It leads to lower approval ratings, lowers the chance that a president will be reelected, and even contributes to the success of the political party that does not hold the White House in congressional midterm elections. This study provides important insights not only on the American presidency and public opinion, but also on citizens' trust in government.

Themes: Government, United States, Politics, President, Nonfiction, Handbook, Teen, Young Adult, Hi-Lo, Hi-Lo Books, Hi-Lo Solutions, High-Low Books, Hi-Low Books, ELL, EL, ESL, Struggling Learner, Struggling Reader, Special Education, SPED, Newcomers, Reading, Learning, Education, Educational, Educational Books. The Office of the President handbook details the specific jobs of the president, including chief of state, chief executive, and commander-in-chief, plus the role of the president's

cabinet and the limited powers of the office. Five unique handbooks comprise the new American Government series. With the confusing political discourse in today's world, it's no wonder kids tune out. How can we tune them back in? The stale descriptions in standard American government textbooks do nothing to motivate learning. The readability is too high. And the language too dry. How can we make it personal? Accessible? Interesting? Even humorous?

Presidential Relations with Congress University of Michigan Press

Civics: Government and Economics in Action provides an engaging, current, and relevant look at the foundations of American government, citizenship, and the American economic and legal systems. The program combines an accessible narrative and engaging visual design with a wide variety of instructional tools -- from workbooks to interactive technology -- to motivate students to participate, make decisions, and take action both in and out of the classroom.

The Presidential Character Saddleback Educational Publishing

New edition of a basic text on American constitutional democracy in which the authors emphasize the absolute need for politics and politicians despite the current climate of contempt for government. Specific topics include constitutional principles, rights and liberties, the political process, and p

The Rhetorical Presidency Prentice Hall

This book focuses primarily on the president's role in government and the choices and considerations afforded by this position, such as the formation of a cabinet and the power to create executive orders. By illuminating both high and low points in this historic position, the reader gains a sense of the intricacies of this nation's system of checks and balances, and how differences in style have influenced the direction of history. By featuring the stories of the women and men surrounding the president, this book creates a well-rounded depiction of this branch of the U.S. government.

Choosing the President Prentice Hall

"Modern presidents regularly appeal over the heads of Congress to the people at large to generate support for public policies. [This book] makes the case that this development, born at the outset of the twentieth century, is the product of conscious political choices that fundamentally transformed the presidency and the meaning of American governance. Now with a new foreword by Russell Muirhead and a new afterword by the author, this...work probes political pathologies and analyzes the dilemmas of presidential statecraft."...
