In this transformative resource for youth workers, children's ministry teachers, parents, and VBS volunteers, Jack Klumpenhowe teaches how to discover the gospel connections in every Bible story. Show Them Jesus is an instruction manual for teachers of kids and teens written by a lay Bible teacher with thirty years of experience. With a simple framework and real-life examples, Jack helps teachers identify and communicate the heart of the gospel to each child in each lesson. Show Them Jesus challenges the culture of low-stakes, low-expectations teaching and invites teachers to do nothing less than teach and treasure the good news of Jesus—in every lesson. Instead of leaving kids with lessons about

changing their behavior, Show Them Jesus offers a new way by sweetly, masterfully, and powerfully showing kids how the gospel really applies to their lives and changes them for eternity. In sharing example after example from his years of experience, Jack provides readers with a more enriched view of Jesus and how to teach this gospel perspective in a classroom setting. This life-changing tool will complement and enrich existing lessons or teaching materials, and it's appropriate for teachers of children and teens in any setting. Millions of church kids are growing up and deciding to leave the church. If we are not primarily teaching our kids about God's love for us in Christ, we may miss our opportunity to capture their hearts. Don't miss your opportunity to show them Jesus.

Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Me is that programme. It's based

on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.
