Author Nora Roberts
comes two stories
about the macgregor
grandchildren finding
love...with the help of
their meddling
grandfather. The

Macgregor Brides At
age ninety, there is
nothing the powerful
patriarch of the
MacGregor clan would
like more than to see
his three eldest
granddaughters
happily married. So
Daniel MacGregor has
handpicked three
unsuspecting
candidates he believes
would make perfect
husbands. But this
might be his biggest
matchmaking

challenge yet; his granddaughters are so focused on their careers that marriage is the last thing on their minds. It's a good thing Daniel has a few tricks left up his sleeve... The Macgregor Grooms It worked with his granddaughters. Now Daniel MacGregor, powerful patriarch of the MacGregor clan, wants to see his three handsome and eligible -- but stubbornly single -- grandsons married. So he's found just the women to tempt, tease and torture D.C., Duncan and Ian all the way to the altar! And you can be sure that if Daniel MacGregor wants something, he will stop at nothing to get it!

bestselling author Nora Roberts enchants again with two more beloved classics about the passionate and headstrong MacGregor family. All the Possibilities Creative, compelling, unconventional—Shelby Campbell was unlike any woman Senator Alan MacGregor had ever known. The cynical politician found himself falling in love with the spirited beauty, though she

kept him at arm's length. But Alan was determined and nothing was going to keep him from getting what he wanted—not even the centuries-old feud between the MacGregors and Campbells.... One Man's Art Grant Campbell was a loner—rude and impossible! Yet as soon as he opened the lighthouse door to Genevieve Grandeau on that stormy night, she was lost. Underneath his gruff, handsome exterior, he was intelligent, sensitive...and slightly scarred. To Gennie, loving meant sharing, trusting. But Grant was hiding in the shadow of the past, afraid to move beyond it. She'd have to convince him that their love was a beacon for the

future—but how?

[Several Short Sentences About Writing](#) Macgregors Throughout history, patterns have come in countless permutations of motif, colour-way and scale. Yet what all have in common is the

regularity of repetition, that insistent rhythm that animates a flat surface with a sense of movement and vitality and gives it depth. Evident in the arrangement of petals on a flower head, the branching growth of stems and vines, the spirals of a seashell - pattern is inherent in the natural world that surrounds us. Powerful and transformative, pattern has an irrepressible joie de vivre. With more than 1,500 illustrations of patterns from all ages and cultures, Pattern Design is a visual feast. This comprehensive compendium is arranged thematically according to type, with chapters on Flora, Fauna, Pictorial, Geometric and Abstract designs. These broad categories

are supplemented by in-depth features highlighting the work of key designers from the rich history of pattern-making - such as William Morris, Sonia Delaunay, Charles and Ray Eames, Lucienne Day and Orla Kiely - along with sections detailing the characteristic motifs of key period styles from Baroque to Art Deco.

Stubbornly single, but not for long--three unsuspecting MacGregor bachelors are about to be off the market! Daniel MacGregor is at it again! This time, the lovable MacGregor patriarch is looking to connect three of his bachelor grandsons with the women of their dreams...whether

they want his help or not. But just as he did with his granddaughters, Daniel has a few tricks up his sleeve to kick-start three lasting relationships. Artist D.C. never wanted to be tied down, but Daniel has Layna Drake in mind to inject D.C.'s life with the passion he's been missing. Cruise ship owner Duncan is through betting on love, but Daniel knows Cat Farrell will show Duncan it's worth one more try. And lawyer Ian always longed for a family of his own, so luckily Daniel remembered Naomi Brightstone has more in common with Ian than he realizes. Despite their protests, D.C., Duncan and Ian might agree that sometimes their

meddling grandfather knows best!
The MacGregors Mills & Boon
 The holidays are the perfect time for romance--and no one knows that better than the MacGregors! The only thing Daniel MacGregor truly wants to see is his three beloved granddaughters happily married to their perfect matches. The clever patriarch of the MacGregor clan knows if he wants something done right, he has to do it himself--and even at age ninety, he's still up for some matchmaking! But with all three girls adamant that marriage is the last thing on their minds, this might be Daniel's biggest challenge yet. Independent lawyer Laura is used to

practical routine, and Daniel has a feeling Royce Cameron will add some excitement to her life. Doctor Gwendolyn has always cared for others, but Daniel thinks it's high time Branson Macguire showed her that she should put herself first every now and then, too. And smart businesswoman Julia swears she's too busy for romance, though of course Daniel knows that for Cullum Murdoch, she's sure to make time. If Daniel has his way, his unsuspecting granddaughters will be engaged by Christmas!

The MacGregor

Brides Penguin

An indispensable and distinctive book that will help anyone who wants to write, write better, or have a clearer understanding of what it means for them to be writing,

from widely admired writer and teacher Verlyn Klinkenborg. Klinkenborg believes that most of our received wisdom about how writing works is not only wrong but an obstacle to our ability to write. In *Several Short Sentences About Writing*, he sets out to help us unlearn that “wisdom”—about genius, about creativity, about writer’s block, topic sentences, and outline—and understand that writing is just as much about thinking, noticing, and learning what it means to be involved in the act of writing. There is no gospel, no orthodoxy, no dogma in this book. Instead it is a gathering of starting points in a journey toward lively, lucid, satisfying self-

expression.
