The sequel to the award-winning *Stepping on the Cracks*.
“Sometimes heart-rending, sometimes funny, Gordy Smith will prove memorable to all who meet him.”—Booklist (starred review) In *Following My Own Footsteps*, sixth-grader Gordy Smith comes to grips with the fear that he’ll turn out no better than his abusive father . . . With his father now in jail and one brother hospitalized, Gordy’s mother has no choice but to take the family to their wealthy grandmother’s house in North Carolina. There Gordy meets William, a boy who had polio and is now wheelchair

bound. Though they become friends, Gordy’s plans to help William fail spectacularly. Matters only get worse when Gordy’s father is released from prison and his mother is poised to give him a second chance. Gordy must decide where he belongs—with his dysfunctional parents or with the grandma who is more than his match in toughness, in courage, and in love. “A cast of unforgettable characters inhabit this work, seasoned with WW II setting but utterly contemporary in its concerns. Hahn is in top form, proving through Gordy’s first-person narration that real love can triumph over all kinds of adversity, and often does.”—Kirkus Reviews “The complex characterizations, period setting and Gordy’s brave attempts to break a cycle of violence will hold readers’ interest.”—Publishers Weekly “It’s a timeless social issue really, in any era, of having a dysfunctional abusive parent . . . A

very good story showcasing complex friendships, familial relationships, and inner conflict, all set in WW2 America.”—Cats and Fiction

NEW YORK TIMES BESTSELLER • “A delightful sampler plate of our national parks, written with charisma and erudition.”—Nick Offerman, author of *Paddle Your Own Canoe* From CBS Sunday Morning correspondent Conor Knighton, a behind-the-scenery look at his year traveling to each of America's National Parks, discovering the most beautiful places and most interesting people our country has to offer NAMED ONE OF THE BEST BOOKS OF THE YEAR BY OUTSIDE When Conor Knighton set off to explore America's "best idea," he worried the whole thing could end up being his worst idea. A broken engagement and a broken heart had left him longing for a change of scenery, but the plan he'd cooked up in response had gone a bit overboard in that department: Over the course of a single year, Knighton would visit every national park in the country, from Acadia to Zion. In *Leave Only Footprints*, Knighton shares informative and entertaining dispatches from what turned out to be the road trip of a lifetime. Whether he's waking up early for a naked scrub in a historic bathhouse in Arkansas or staying up late to stargaze along our loneliest highway in Nevada, Knighton weaves together the type of stories you're not likely to find in any guidebook. Through his unique lens, America the Beautiful becomes America the Captivating, the Hilarious, and the Inspiring. Along the way, he identifies the threads that tie these wildly different places together—and that tie us to nature—and reveals how his trip ended up changing his views on everything from God and love to

politics and technology. Filled with fascinating tidbits about our parks' past and reflections on their fragile future, this book is both a celebration of and a passionate case for the natural wonders that all Americans share.

NEW YORK TIMES BESTSELLER • In this powerful novel, Danielle Steel tells the story of two World War II concentration camp survivors, the life they build together, and the son who faces struggles of his own as a first-generation American determined to be his own person and achieve success. When U.S. troops occupy Germany, friends Jakob and Emmanuelle are saved from the terrible fate of so many in the camps. With the help of sponsors, they make their way to New York. In order not to be separated, they allow their friendship to blossom into love and marriage, and start a new life on the Lower East Side, working at grueling, poorly paid jobs. Decades later, through talent, faith, fortune, and relentless hard work, Jakob has achieved success in the diamond business, invested in real estate in New York, and shown his son, Max, that America is truly the land of opportunity. Max is a rising star, a graduate of Harvard with friends among the wealthiest, most ambitious families in the world. And while his parents were thrown together by chance, Max chooses a perfect bride to start the perfect American family. An opulent society wedding. A honeymoon in Tahiti. A palatial home in Greenwich. Max's lavish lifestyle is unimaginable to his cautious old-world father and mother. Max wants to follow his father's example and make his own fortune. But after the birth of children, and with a failing marriage, he can no longer deny that his wife is not the woman he thought she was. Angry and afraid, Max must do what he has

never done before: struggle, persevere, and learn what it means to truly walk in his father's footsteps, while pursuing his own ideals and setting an example for his children. Moving from the ashes of postwar Europe to the Lower East Side of New York to wealth, success, and unlimited luxury, *In His Father's Footsteps* is a stirring tale of three generations of strong, courageous, and loving people who pay their dues to achieve their goals.

[Rocket Boys](#) Random House

#1 NEW YORK TIMES BESTSELLER • A “nostalgic and entertaining memoir” (People) about a group of young men who dreamed of launching rockets into outer space—the inspiration for the film *October Sky* “A message of hope in an age of cynicism. . . . Perhaps we all have something to learn from a half-dozen boys who dared to reject all limitations . . . and resolved to send dreams roaring to the sky.”—The San Diego Union-Tribune It was 1957, the year Sputnik raced across the Appalachian sky, and the small town of Coalwood, West Virginia, was slowly dying. Faced with an uncertain future, Homer Hickam nurtured a dream: to send rockets into outer space. The introspective son of the mine's superintendent and a mother determined to get him out of Coalwood forever, Homer fell in with a group of misfits who learned not only how to turn scraps of metal into sophisticated rockets but how to sustain their hope in a town that swallowed its men alive. As the boys began to light up the tarry skies with their flaming projectiles and dreams of glory, Coalwood, and the Hickams, would never be the same. With the grace of a natural storyteller, NASA engineer Homer Hickam paints a warm, vivid portrait of the harsh West Virginia mining town of his youth, evoking a time of innocence and promise, when anything was

possible. Lush and lyrical, *Rocket Boys* is a uniquely American memoir: A powerful, luminous story of coming of age at the end of the 1950s, of a mother's love and a father's fears, and of growing up and getting out.

The New York Times Explorer. 100 Dream Trips Around the World MIRA

A curated collection of the New York Times' travel column, "Footsteps," exploring iconic authors' relationships to landmarks and cities around the world Before Nick Carraway was drawn into Daisy and Gatsby's sparkling, champagne-fueled world in *The Great Gatsby*, F. Scott Fitzgerald vacationed in the French Riviera, where a small green lighthouse winked at ships on the horizon. Before the nameless lovers began their illicit affair in *The Lover*, Marguerite Duras embarked upon her own scandalous relationship amidst the urban streets of Saigon. And before readers were terrified by a tentacled dragon-man called Cthulhu, H.P. Lovecraft was enthralled by the Industrial Trust tower-- the 26-story skyscraper that makes up the skyline of Providence, Rhode Island. Based on the popular New York Times travel column, Footsteps is an anthology of literary pilgrimages, exploring the geographic muses behind some of history's greatest writers. From the "dangerous, dirty and seductive" streets of Naples, the setting for Elena Ferrante's famous Neapolitan novels, to the "stone arches, creaky oaken doors, and riverside paths" of Oxford, the backdrop for Alice's adventures in *Wonderland*, Footsteps takes a fresh approach to literary tourism, appealing to readers and travel enthusiasts alike.

Winner of the 2020 Medici Prize for Foreign Novel From the award-winning author of the Man Booker Prize finalist *Like a Fading Shadow*, Antonio Muñoz Molina presents a flâneur-novel tracing the path of a nameless wanderer as he walks the length of Manhattan, and his mind. De Quincey, Baudelaire, Poe, Joyce, Benjamin, Melville, Lorca, Whitman . . . walkers and city dwellers all, collagists and chroniclers, picking the detritus of their eras off the filthy streets and assembling it into something new, shocking, and beautiful. In *To Walk Alone in the Crowd*, Antonio Muñoz Molina emulates these classic inspirations, following their peregrinations and telling their stories in a book that is part memoir, part novel, part chronicle of urban wandering. A skilled collagist himself, Muñoz Molina here assembles overheard conversations, subway ads, commercials blazing away on public screens, snatches from books hurriedly packed into bags or shoved under one's arm, mundane anxieties, and the occasional true flash of insight—struggling to announce itself amid this barrage of data—into a poem of contemporary life: an invitation to let oneself be carried along by the sheer energy of the digital metropolis. A denunciation of the harsh noise of capitalism, of the

conversion of everything into either merchandise or garbage (or both), *To Walk Alone in the Crowd* is also a celebration of the beauty and variety of our world, of the ecological and aesthetic gaze that can, even now, recycle waste into art, and provide an opportunity for rebirth.

"Above all, do not lose your desire to walk: every day I walk myself into a state of well-being and walk away from every illness." —Søren Kierkegaard Duncan Minshull has always walked and in the last twenty years has made use of it by writing and publishing books on the subject. He has described the whys, hows, and wheres of traveling on foot for various magazines and newspapers, including *The Times* (London), the *Financial Times*, *Condé Nast Traveler*, and *Vogue*. He has edited two other collections on walking: *While Wandering: A Walking Companion* (originally *The Vintage Book of Walking*) and *The Burning Leg: Walking Scenes from Classic Fiction*. Walking and writing have always gone together. Think of the poets who walk out a rhythm for their lines and the novelists who put their characters on a path. But the best insights, the deepest and most joyous examinations of this simple activity are to be found in nonfiction—in essays, travelogues, and memoirs. *Beneath My Feet: Writers on Walking* rounds up the most memorable walker-writers from the 1700s to the modern day, from country hikers to urban strollers, from the rationalists to the truly outlandish. Follow in the footsteps of William Hazlitt, George Sand, Rebecca Solnit, Will Self, and dozens of others. Keep up with them—and be astonished.

For nearly two decades Western governments and a growing activist community have been frustrated in their attempts to bring about a freer and more democratic Burma—through sanctions and tourist boycotts—only to see an apparent slide toward even harsher dictatorship. But what do we really know about Burma and its history? And what can Burma's past tell us about the present and even its future? In *The River of Lost Footsteps*, Thant Myint-U tells the story of modern Burma, in part through a telling of his own family's history, in an interwoven narrative that is by turns lyrical, dramatic, and appalling. His maternal grandfather, U Thant, rose from being the schoolmaster of a small town in the Irrawaddy Delta to become the UN secretary-general in the 1960s. And on his father's side, the author is descended from a long line of courtiers who served at Burma's Court of Ava for nearly two centuries. Through their stories and others, he portrays Burma's rise and decline in the modern world, from the time of Portuguese pirates and renegade Mughal princes through the decades of British colonialism, the devastation of World War II, and a sixty-year civil war that continues today and is the longest-running war anywhere in the world. *The River of Lost Footsteps* is a work both personal and global, a distinctive contribution that makes Burma accessible and enthralling.

Did Marco Polo reach China? This richly illustrated companion volume to the public television film chronicles the remarkable two-year expedition of explorers Denis Belliveau and Francis O'Donnell as they sought the answer to this controversial 700-year-old question. With Polo's book, *The Travels of Marco Polo*, as their guide, they journeyed over 25,000 miles becoming the first to retrace his entire path by land and sea without resorting to helicopters or airplanes. Surviving deadly skirmishes and capture in Afghanistan, they were the first Westerners in a generation to cross its ancient forgotten passageway to China, the Wakhan Corridor. Their camel caravan on the southern Silk Road encountered the deadly singing sands of the Taklamakan and Gobi deserts. In Sumatra, where Polo was stranded waiting for trade winds, they lived with the Mentawai tribes, whose culture has remained unchanged since the Bronze Age. They became among the first Americans granted visas to enter Iran, where Polo fulfilled an important mission for Kublai Khan. Accompanied by 200 stunning full-color photographs, the text provides a fascinating account of the lands and peoples the two hardy adventurers encountered during their perilous journey. The authors' experiences are remarkably similar to descriptions from Polo's account of his own travels and life. Laden with adventure, humor, diplomacy, history, and art, this book is compelling proof that travel is the enemy of bigotry—a truth that resonates from Marco Polo's time to our own.

Roger Federer could live anywhere in the world, but he always returns to the place he loves most: Switzerland. Dave Seminara is a mad traveler and tennis lifer who has written about Federer for The New York Times and other publications. A pair of autoimmune diseases and a knee surgery kept Dave from playing tennis for years, but as he inched toward recovery, he had a bright idea: why not start his tennis comeback on hallowed ground—courts that his hero Roger Federer graced in Switzerland. *Footsteps of Federer* is a funny, novella-length account of Seminara's travels across seven Swiss cantons in search of insights into Federer's character, which is inextricably linked to his deep roots in, and love for, his country. Seminara timed his unique pilgrimage to the 2019 Swiss Indoors, where he had a chance to ask Roger a number of offbeat questions before and after Federer hoisted his record tenth title there. Seminara's Federer pilgrimage took him to Switzerland's most important abbey, where he prayed with Abbot Urban Federer; to the vineyard of Jakob Federer from Berneck, where the Federer clan originated from; to the stunning villa where Roger and Mirka were married; and to many of the neighborhoods and tennis clubs where Roger has lived and trained at over the years.

In *Putin's Footsteps* is Nina Khrushcheva and Jeffrey Tayler's unique combination of travelogue, current affairs, and history, showing how Russia's dimensions have shaped its identity and culture through the decades. With exclusive insider status as Nikita Khrushchev's great grand-daughter, and an ex-pat living and reporting on Russia and the Soviet Union since 1993, Nina Khrushcheva and Jeffrey Tayler offer a poignant exploration of the largest country on earth through their recreation of Vladimir Putin's fabled New Year's Eve speech planned across all eleven time zones. After taking over from Yeltsin in 1999, and then being elected president in a landslide, Putin traveled to almost two dozen countries and a quarter of Russia's eighty-nine regions to connect with ordinary Russians. His travels inspired the idea of a rousing New Year's Eve address delivered every hour at midnight throughout Russia's eleven time zones. The idea was beautiful, but quickly abandoned as an impossible feat. He correctly intuited, however, that the success of his presidency would rest on how the country's outback citizens viewed their place on the world stage. Today more than ever, Putin is even more determined to present Russia as a formidable nation. We need to understand why Russia has for centuries been an adversary of the West. Its size, nuclear arsenal, arms industry, and scientific community (including cyber-experts), guarantees its influence.
