"I spend hours in my study and on my knees preparing sermons, but when I preach them no one listens. What's wrong? Why aren't I getting through? Why do I see blank stares, daydream reveries, nodding heads as soon as I open my mouth to preach? I know my messages are biblically sound. I'm sure I'm preaching what God has laid on my heart. But it's not being received. What's wrong? What can I do?" Sound familiar? If you're a preacher, you probably know the feeling. But it doesn't have to be that way. You can learn to preach in a way that will be readily, even eagerly, received by your congregation. It's all here: what inductive preaching is, how it works, why it's effective, who's

used it—including Jesus, Peter, Paul, Augustine, St. Francis, Wesley, Edwards, and Moody, to name only a few. Also included are: * Step-by-step guidelines for constructing an inductive sermon * Two sample inductive sermons * A list of 96 inductive preachers from 20 centuries * A strategy for making traditional sermon structures inductive * A checklist of inductive characteristics. The principles in this book can dramatically increase your sermon effectiveness—turn apathy into involvement, make listeners out of the listless. Inductive preaching is preaching that works!

Ruins (Partials, Book 3) Harper Collins

The bestselling guide to the healing wisdom of the Twenty-Third Psalm—from the beloved author of *When Bad Things Happen to Good People*. "A book worthy of attention from people of all faiths." —The Dallas Morning News Rabbi Harold Kushner has found that the simple, beautiful verses of perhaps the most memorable and cherished chapter of the Bible—full of honesty and optimism—have an almost magical power to comfort and

calm—and to change your life. The psalm does not pretend that life is ever easy, but it offers a masterful guide to living in the world with faith and courage. Drawing on over forty years of his own thinking, on other biblical scholars, and on history, Kushner gracefully demonstrates how this sustaining work can help us cope with every aspect of life, from mundane jealousies to the death of a loved one to unimaginable tragedies of global proportions.

The Psalter, Or, Psalms of David Faber & Faber

And why did her instant joy at finding Lucas alive suddenly turn to trepidation at the cool disdain in her groom's eyes?

But The 100 Thing Challenge is more than just the story of how one man started a movement to unhook himself from consumerism by winnowing his life's possessions down to 100 things in one year. It's also an inspiring, invigorating guide to how we all can begin to live simpler, more meaningful lives.

Self and Self-Transformation in the History of Religions Harvard University Press

Learn to use your later years for awakening and spiritual growth. Encouraging, inspiring, and practical, The Grace in Aging invites all those who have ever experienced spiritual longing to awaken in their twilight years. Since aging, in and of itself, does not lead to spiritual maturity, The Grace in Aging suggests and explores causes and conditions that we can create in our lives, just as we are living them, to allow awakening to unfold -- transforming the predictable sufferings of aging into profound opportunities for growth in clarity, love, compassion, and peace. Kathleen Dowling Singh streamlines vast and complex teachings into skillful means and wise views. Straightforward language and piercing questions bring Singh's teachings into the sharp focus of our own lives; the contemplative nature of each chapter allows for an uncommon depth of inquiry. Examples from our lives and from the chatter in our own minds touch the reader personally, offering the chance to absorb the implications deeply and do the work of freeing his or her own mind. Ecumenical in spirit, tone, and language, Singh offers wisdom from teachers from a variety of spiritual backgrounds: Thich Nhat Hanh, the Apostles, Annie Dillard, and more. Lessening our attachments, decreasing our aversions, unbinding what binds us, we bear witness to the possibility of awakening for all beings. The Grace in Aging offers guidelines for older individuals of any wisdom tradition who wish to awaken before they die; no need for caves or seven-year retreats. This is spiritual practice for the lives we live.

The only hitch in my brilliant scheme is Wick himself. He's just gotta be all love-not-war and peace-is-the-only-way. He's more concerned about helping me heal than seeking my sweet revenge. Asceticism in the Graeco-Roman World Oxford Early Christian Studies

"The macaron bible that we have all waited for . . . filled with imagination, creativity and wonder" by the universally acknowledged king of French pastry (Cooking by the Book). With shops in Tokyo, Paris and London, Pierre Herme has taken the world by storm and has even been described as a couturier of pastry. This is a man at the top of his art and there is no question his macarons are in a league of their own. Macarons are the aristocrats of pastry; these brightly colored, mini meringues, daintily sandwiched together with gooey fillings have become a holy grail for cookery fanatics and there are even food blogs dedicated to them. Like Pierre Herme's famous macarons, it would be difficult for any macaron book to surpass this universal bestseller. There are 208 pages of recipes and beautiful food photography, and because making macarons is mostly about technique, rather than just a standard recipe, readers will appreciate the 32 step-by-step photo-illustrated instructions for making shells and fillings. All the classics are here like dark chocolate, praline, coffee, and pistachio, but others feature the more unusual macarons that Herme is justly famous for: Isfahan is one, with lychee, rose and raspberry, Arabesque with apricot and pistachio, Satine with passion fruit, orange and cream cheese, Mandarin and pink pepper, black truffles, balsamic vinegar as well as a bright-green macaron filled with fresh mint.
