---

### **Pandora By Holly Hollander** Del Rey

Translated by David L. Schindler, Jr. In what is one of the greatest Catholic poetic works of our century, Péguy offers a comprehensive theology ordered around the often-neglected second virtue which is incarnated in his celebrated image of the 'little girl Hope'.

### The Market World and Chronicle Macmillan

Identifies and thoroughly describes book publishers, literary journals, mass-circulation magazines, small presses, and university quarterlies which accept submissions of poetry. Includes submission guidelines, editorial needs, contact information, and listings of organizations and grants. Established editors and poets provide tips and perspectives. Annotation copyrighted by Book News, Inc., Portland, OR

### Relics of the Christ Moving Image

Brings together a collection of classic essays on the important topic of contemporary film theory from the influence of feminism to queer theory and the reasons for the powerful effect of horror films.

### Quarterly Review of the Methodist Episcopal Church, South Udon Entertainment Incorporated

A scientist friend asked Bruno Latour point-blank: "Do you believe in reality?" Taken aback by this strange query, Latour offers his meticulous response in Pandora's Hope. It is a remarkable argument for understanding the reality of science in practical terms. In this book, Latour, identified by Richard Rorty as the new "bête noire of the science worshipers," gives us his most philosophically informed book since Science in Action. Through case studies of scientists in the Amazon analyzing soil and in Pasteur's lab studying the fermentation of lactic acid, he shows us the myriad steps by which events in the material world are transformed into items of scientific knowledge. Through many

examples in the world of technology, we see how the material and human worlds come together and are reciprocally transformed in this process. Why, Latour asks, did the idea of an independent reality, free of human interaction, emerge in the first place? His answer to this question, harking back to the debates between *Might and Right* narrated by Plato, points to the real stakes in the so-called science wars: the perplexed submission of ordinary people before the warring forces of claimants to the ultimate truth.

**The Saturday Review of Politics, Literature, Science and Art** Random House

DigiCat Publishing presents to you this special edition of "Stories of Old Greece and Rome" by Emilie K. Baker. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

The Saturday Review of Politics, Literature, Science, Art, and Finance Harvard University Press

An innovative investigation of the inner workings of Spotify that traces the transformation of audio files into streamed experience. Spotify provides a streaming service that has been welcomed as disrupting the world of music. Yet such disruption always comes at a price. Spotify Teardown contests the tired claim that digital culture thrives on disruption. Borrowing the notion of "teardown" from reverse-engineering processes, in this book a team of five researchers have playfully disassembled Spotify's product and the way it is commonly understood. Spotify has been hailed as the solution to illicit downloading, but it began as a partly illicit enterprise that grew out of the Swedish file-sharing community. Spotify was originally praised as an innovative digital platform but increasingly resembles a media company in need of regulation, raising questions about the ways in which such cultural content as songs, books, and films are now typically made available online. Spotify Teardown combines interviews, participant observations, and other analyses of Spotify's "front end" with experimental, covert investigations of its "back end." The authors engaged in a series of interventions, which include establishing a record label for research purposes, intercepting network traffic with packet sniffers, and web-scraping corporate materials. The authors' innovative digital methods earned them a stern letter from Spotify accusing them of violating its terms of use; the company later threatened their research funding. Thus, the book itself became an intervention into the ethics and legal frameworks of corporate behavior.

*I Love Jesus, But I Want to Die* Harper Collins

"A Book of Myths" deals in a most entertaining manner with the mythology of Greece and Rome and many other noted lands. Added to the pleasure of the story there is the lure of the legend and the spell of old ways and customs. Not only many of the most celebrated are retold, but also many of the less well-known tales. The aim of the author, it is stated, has been to simplify for those who are not erudite scholars the stories of mythology, to which constant reference is made not only in classic, but in modern poetry, and to direct the attention of readers to poems which are not already known to them. Included are tales of Prometheus, Pygmalion, Orpheus, Perseus, King Midas, Pan, the Lorelei, Baldur and many more.

**The Paradise of Children** HarperCollins

NEW YORK TIMES BESTSELLER "Funny, sharp explications of what these sometimes not-very-nice women were up to, and how they sometimes made idiots of . . . but read on!"—Margaret Atwood, author of *The Handmaid's Tale* The national bestselling author of

*A Thousand Ships* returns with a fascinating, eye-opening take on the remarkable women at the heart of classical stories Greek mythology from Helen of Troy to Pandora and the Amazons to Medea. The tellers of Greek myths—historically men—have routinely sidelined the female characters. When they do take a larger role, women are often portrayed as monstrous, vengeful or just plain evil—like Pandora, the woman of eternal scorn and damnation whose curiosity is tasked with causing all the world's suffering and wickedness when she opened that forbidden box. But, as Natalie Haynes reveals, in ancient Greek myths there was no box. It was a jar . . . which is far more likely to tip over. In *Pandora's Jar*, the broadcaster, writer, stand-up comedian, and passionate classicist turns the tables, putting the women of the Greek myths on an equal footing with the men. With wit, humor, and savvy, Haynes revolutionizes our understanding of epic poems, stories, and plays, resurrecting them from a woman's perspective and tracing the origins of their mythic female characters. She looks at women such as Jocasta, Oedipus' mother-turned-lover-and-wife (turned Freudian sticking point), at once the cleverest person in the story and yet often unnoticed. She considers Helen of Troy, whose marriage to Paris "caused" the Trojan war—a somewhat uneven response to her decision to leave her husband for another man. She demonstrates how the vilified Medea was like an ancient Beyoncé—getting her revenge on the man who hurt and betrayed her, if by extreme measures. And she turns her eye to Medusa, the original monstered woman, whose stare turned men to stone, but who wasn't always a monster, and had her hair turned to snakes as punishment for being raped. *Pandora's Jar* brings nuance and care to the millennia-old myths and legends and asks the question: Why are we so quick to villainize these women in the first place—and so eager to accept the stories we've been told?

*The Secret Diary of Adrian Mole, Aged 13 3/4* MIT Press

A compassionate, shame-free guide for your darkest days "A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized."—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to "choose joy" and "pray more." So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

**On Signs** City Lights Books

The Professor Layton series couples brilliant puzzle games with a fascinating story to create a riveting formula that has provided great entertainment for mystery fans and puzzle-solving gurus alike. Now you can dive even deeper into Professor Layton's universe with a fabulous tome that is sure to remind you of a puzzle! The World of Professor Layton is bursting with artwork,

rough concepts, storyboards, and detailed character profiles from every Professor Layton game, as well as exclusive interviews, creator commentary, and much more!"

**The Engineer** Jazzybee Verlag

**The Illustrated London News** Macmillan

Ten thousand years ago, our species made a radical shift in its way of life: We became farmers rather than hunter-gatherers. Although this decision propelled us into the modern world, renowned geneticist and anthropologist Spencer Wells demonstrates that such a dramatic change in lifestyle had a downside that we're only now beginning to recognize. Growing grain crops ultimately made humans more sedentary and unhealthy and made the planet more crowded. The expanding population and the need to apportion limited resources created hierarchies and inequalities. Freedom of movement was replaced by a pressure to work that is the forebear of the anxiety millions feel today. Spencer Wells offers a hopeful prescription for altering a life to which we were always ill-suited. *Pandora's Seed* is an eye-opening book for anyone fascinated by the past and concerned about the future.

*The Sketch* NYU Press

A book full of boxes. A box in itself. An unboxing. This book explores boxes in their broadest sense and size. It invites us to step into the field, unravel how and why things are contained and how it might be otherwise. By turning the focus of Science and Technology Studies (STS) to boxing practices, this collation of essays examines boxes as world-making devices. Gathered in the format of a field guide, it offers an introduction to ways of ordering the world, unpacking their boxed-up, largely invisible politics and epistemics. Performatively, pushing against conventional uses of academic books, this volume is about rethinking taken-for-granted formats and infrastructures of scholarly ordering - thinking, writing, reading. It diverges from encyclopedic logics and representative overviews of boxing practices and the architectural organization of monographs and edited volumes through a single, overarching argument. This book asks its users to leave well-trodden paths of linear and comprehensive reading and invites them to read sideways, creating their own orders through associations and relating. Thus, this book is best understood as an intervention, a beginning, an open box, a slim volume that needs expansion and further experiments with ordering by its users.

*Pandora's Box* JHU Press

Religious relics, defined as "either portions of or objects connected with the body of a saint or other holy person," are among the most revered items in the world. Christian relics such as the Holy Grail, the True Cross, and the Lance of Longinus are also the source of limitless controversy. Such items have incited people to bloodshed and, some say, have been a source of miracles. Relics inspire fear and hope among the faithful and yet are a perennial target for skeptics, both secular and Christian. To research the authenticity of numerous Christian relics, Joe Nickell takes a scientific approach to a field of study all too often tainted by premature conclusions. In this volume, Nickell investigates such renowned relics as the Shroud of Turin, the multiple heads of John the Baptist, and the supposedly incorruptible corpses of saints, first examining the available evidence and documented history of each item. From accounts of true believers to the testimony of the relics' alleged fabricators, Nickell then presents all sides of each story, allowing the evidence to speak for itself. For each relic, Nickell evaluates both the corroborating and contradictory bodies of evidence and explores whether the relic

and attributed miracles can be reconstructed. In addition to his own experiments, Nickell presents findings from the world's top scientists and historians regarding these controversial objects of reverence and ire, explaining the circumstances under which each case was examined. Radiocarbon dating and tests to determine the validity of substances such as blood or patina indicate a variety of possible origins. Nickell even reveals some of the techniques used to create archaeological forgeries and explains how investigators have exposed them. Each relic is a mystery to be solved; guided by the maxim, "extraordinary claims require extraordinary proof," Nickell seeks only the truth. *Boxes* University Press of Kentucky

Adrian Mole's first love, Pandora, has left him; a neighbor, Mr. Lucas, appears to be seducing his mother (and what does that mean for his father?); the BBC refuses to publish his poetry; and his dog swallowed the tree off the Christmas cake. "Why" indeed.

**The Athenaeum** Nineteenth-Century Literature

WALL STREET JOURNAL BESTSELLER • "An interstellar suspense thriller . . . sweeping in scope and emotional range."—San Antonio Express-News In the star-spanning civilization known as the Intersolar Commonwealth, twenty-three planets have fallen victim to the Prime, a technologically advanced alien species genetically hardwired to exterminate all other forms of life. But the Prime is not the only threat. The Starflyer, an alien with mind-control abilities impossible to detect or resist, has secretly infiltrated the Commonwealth and is sabotaging the war effort. Is the Starflyer an ally of the Prime, or has it orchestrated a fight to the death between the two species for its own advantage? Caught between two deadly enemies, the fractious

Commonwealth must unite as never before. This will be humanity's finest hour—or its last gasp. Praise for *Judas Unchained*, the sequel to *Pandora's Star* "Bristles with the energy of golden age SF, but the style and characterizations are polished and modern."—SF Site "You're in for quite a ride."—The Santa Fe New Mexican "The reader is left breathless in amazement."—SFRevu

*Congressional Record* DigiCat

The box is heavy, locked, and very old. The only clue to its contents is the name written in gold upon its lid: PANDORA. Bright teenager Holly Hollander is understandably curious about what's inside, but when the box is opened, death is unleashed . . . and Holly is the only one who can solve the deadly puzzle.

**The Saturday Evening Post** A&C Black

An eighty-four-year-old fan woman who has uncovered the memoirs of Regency England's most notorious courtesan mysteriously disappears, in the second *Nine Muses* series.

**Pandora's Jar** Writer's Digest Books

Funeral Diva is the Winner of the Lambda Award for Lesbian Poetry! A poetic memoir about coming-of-age in the AIDS era, and its effects on life and art. "Sneed is an acclaimed reader of her own poetry, and the book has the feeling of live performance. . . . Its strength is in its abundance, its desire for language to stir body as well as mind."—Parul Sehgal, *The New York Times Book Review* "She is a writer for the future, in that she defies genre."—Hilton Als "This notable achievement, traveling from youth to adulthood, is a harrowing account of how Sneed transforms violence and pain into an artist's life."—Claudia Rankine, author of *Citizen: An American Lyric* "There's an eerie sense of timeliness to this book, which features prose and poetry by the writer and teacher Pamela Sneed and is largely — though not entirely — about mourning Black gay men killed too soon by a deadly virus."—Tomi Obaro, *Buzzfeed* "OH MY GOODNESS, it was amazing. I was in tears by the end. What starts off as beautiful memoir evolves into incredibly moving poetry, painful and sweet and lovely."—Marie Cloutier, *Greenlight Bookstore*, Brooklyn, NY

"Balancing and mixing, with rhyme and reason, love and anger, good and bad, memory and the created present, all to tell the story of a life, a memoir unrestrained, devoid of artificial forms. Honest. Free."—Anjanette Delgado, *New York Journal of Books* In this collection of personal essays and poetry, acclaimed poet and performer Pamela Sneed details her coming of age in New York City during the late 1980s. *Funeral Diva* captures the impact of AIDS on Black Queer life, and highlights the enduring bonds between the living, the dying, and the dead. Sneed's poems not only converse with lovers past and present, but also with her literary forebears—like James Baldwin, Toni Morrison, Audre Lorde—whose aesthetic and thematic investments she renews for a contemporary American landscape. Offering critical focus on matters from police brutality to LGBTQ+ rights, *Funeral Diva* confronts today's most pressing issues with acerbic wit and audacity. The collection closes with Sneed's reflections on the two pandemics of her time, AIDS and COVID-19, and the disproportionate impact of each on African American communities. "Riveting, personal, open-hearted, risky and wise."—Sarah Schulman, author of *Conflict Is Not Abuse* " . . . a

tour de force about the collision between a coalescing 1980s 'Black lesbian and gay literary and poetic movement' in New York and the onslaught of AIDS."—Donna Seaman, *Booklist* "Pamela Sneed's *Funeral Diva* is deft, defiant, and devastating."—Tommy Pico, author of *Feed* "Funeral Diva is urgent and necessary reading to live by. This is writing at its finest. Keep this book close to your heart and soul."—Karen Finley, author of *Shock Treatment* "Reminiscent of Audre Lorde's *Zami*, Pamela Sneed's memoir is, in itself, a healing balm, affirming in its truths and honesty. I cannot remember ever reading a book that illustrates the impact of the AIDS epidemic on our community more poignantly than *Funeral Diva*."—Nicole Dennis-Benn, author of *Patsy* "Pamela Sneed takes enormous risks in this book. She tells the truth with fierce concentration and an abiding sense of purpose."—Dorothy Allison, author of *Bastard Out of Carolina*
