"Sound is more than simply a medium of artistic expression. Sound has practical and powerful applications in the real world." Mantras, or simple chants, are short phrases packed with energy and intention--specifically designed to generate powerful sound waves that promote healing, insight, creativity, and spiritual growth. Healing Mantras is the practical, how-to guide that makes the strengths and benefits of mantras available to everyone. The transformative power of sound has been passed down to the present from the sages of India, the classical scientists of ancient Greece, and the medieval monks of Europe. Mantras, sounds, and chants have inspired, comforted, and mended the lives of individuals, religious orders, and even entire cultures. Even though the science and discipline of chanting and formal prayer are practiced in every religion around the world, this is the first time that ancient Sanskrit mantras have been explained and adapted to Western needs. One of the few Western experts in Hindu and Buddhist mantras, Thomas Ashley-Farrand has practiced mantra-based spiritual disciplines for twenty-five years. In this illuminating book, he explains how and why mantras work and shows how to use them for everything from controlling habits to overcoming fear, from curing specific ailments to finding inner peace. In each of the more than fifty mantras, all translated from the original Sanskrit, Ashley-Farrand unlocks the power of every word, explains its appropriate application, and tells you how to pronounce it in easy-to-follow phonetic symbols. Inside, you'll find mantras for - Health - Worldly Success - Habit Control - Protection - Grief - Anger - Controlling Fear - Personal Attraction - Wisdom - Concentration and Mental Clarity - Healing Life Issues - and more! These mantras can be repeated aloud or in silence and can be used by people of any religion or spiritual practice, "as you wash dishes, as you drive on

the freeway, as you meditate, or as you cook." Sound can help and sound can heal, and Healing Mantras now makes this sound medicine available to everyone.

"Shiva tattva is total; it is complete. Shiva is where the mind dissolves. He is formless yet sees all. He is the formless core of existence and also the goal. He is the seer, sight and the scene. He is without a beginning or end. He permeates the entire creation. He is never born and is eternal. He is the fourth state of consciousness, the non-dual consciousness that is present everywhere." - H. H. Sri Sri Ravi Shankar His Holiness Sri Sri Ravi Shankar, a spiritual leader and humanitarian, was born in 1956 in southern India. He was often found deep in meditation as a child. At the age of four, he astonished his teachers by reciting the Bhagawad Gita. To globalise the knowledge of leading a happy, stress-free life, H. H. Sri Sri Ravi Shankar established an international educational and humanitarian NGO - The Art of Living, in 1982. Today, with a presence in over 151 countries, the Art of Living is one of the largest voluntary organizations in the world

This unique ethnographic investigation examines the role that fashion plays in the production of the contemporary Indian luxury aesthetic. Tracking luxury Indian fashion from its production in village craft workshops via upmarket design studios to fashion soirées, Kuldova investigates the Indian luxury fashion market's dependence on the production of thousands of artisans all over India, revealing a complex system of hierarchies and exploitation. In recent years, contemporary Indian design has dismissed the influence of the West and has focused on the opulent heritage luxury of the maharajas, Gulf monarchies and the Mughal Empire. Luxury Indian Fashion argues that the desire for a luxury aesthetic has become a significant force in the attempt to define contemporary Indian society. From the cultivation of erotic capital in businesswomen's dress to a discussion of masculinity and muscular neo-royals to staged designer funerals, Luxury Indian Fashion analyzes the production, consumption and aesthetics of luxury and power in India. Luxury Indian Fashion is essential reading for students of fashion history and theory, anthropology and visual culture.

This book discusses in detail the importance of maintaining the God consciousness to achieve God realization. Without maintaining the God consciousness one may never touch the higher planes of self consciousness and at the end may land up disastrously nowhere. The book is divided in 5 topics of Consciousness, Spiritual Experiences and Miracles, Holy Path, Spiritual Quest and Renunciation. Saint Khemraja chief disciple of Sage Vasaguta has said that the aspirants who do upasana and meditation day and night do not achieve anything even after years of practice. These aspirants are ignorant in a way bound by worldly affairs and maya. The realization of self has not taken place. When full realization has not been achieved, that when consciousness has not been filled with independent state of supreme God consciousness. Till then everything is useless. There will be no results. There will be no progress on the path to God realization. So, it is very important to maintain Consciousness of Supreme God at all time for the real benefit of one's efforts. The independent state of God consciousness is also found in each and every being. In accordance with Vijnan Bhirav one must find this God consciousness. To discover it one should concentrate on totality of individuality which is the state of universal consciousness. By doing this practice one will get differentiated state of universal consciousness above the individuality of consciousness. One has to be aware of God consciousness at all the times in true spirit with utmost love dedication and seriousness. This God consciousness is most intoxicating if cultivated in right and true manner. Without maintaining the consciousness the progress is hindered. This consciousness should be endeavored to hold it in all the three states.

While searching the footprints of that great traveller, it was not known when the circumambulation across India was completed effortlessly. * Every reform becomes a stereotype over a period. It is the habit of history to witness every revolution becoming hypocritical and free warriors becoming dictators. While being a monk, he had the courage to say that | am neither an idol nor a worshipper, nor am | a priest, nor religion, nor caste. * Adi Shankaracharya has the answers to all the questions of today's youth, their curiosities and frustrations as well. Who else would be the outstanding management guru than him who changed the consciousness and the ways of life of the entire nation. The monks who were beyond all the disciplines of the world, he organised them into arenas and ashrams. He made them disciplined and organised. The conflict between Buddhism and Hinduism was pacified. A Scientist: Journey of a Village Boy of Bihar, Bharat (India) Onlinegatha

From ancient times to the present, India has been the birthplace of numerous remarkable scientists. The role models of average youth have shifted from scientists and 'Gurus' to individuals wielding power, fame, and wealth, such as politicians, celebrities, and influential government officials. With changing 'Yugas,' corruption has seeped into society, becoming the norm, and even academic institutions and their associated systems have not remained untouched by this persistent ailment. As a result, nurturing the next generation of scientists has been significantly impacted. Within the pages of this book unfolds the journey of a village boy from Bihar, India, who refused to let the flame of a scientist within him be extinguished, despite facing numerous challenges to his survival. Undeterred, he went on to achieve two Ph.D. degrees - one in India and another in the USA - within ten years, all fully funded through scholarships. He waged a relentless battle against the corrupt system and its enablers throughout this period. Balancing a successful career in the industry, he pursued his passion for research in parallel, collaborating with some of the world's foremost scientists. The fruits of his labor are evident in the authorship of over 50 articles, books, and book chapters and the receipt of several prestigious awards. The underlying message this book conveys is powerful: never surrender unless the challenge strikes at the essence of life and dignity.

This book looks at a sector of black and Asian British film and television as it presented itself in the 1990s and early 2000s. For this period, a 'mainstreaming' of black and Asian British film has been observed in criticism and theory and articulated by an increasing number of practitioners themselves, referring to changing modes of production, distribution and reception and implying a more popular and commercial orientation of certain media products. This idea is a leitmotif for the authors' readings of recent films and examples of television drama, including such diverse products as Young Soul Rebels and Babymother, East Is East and Bend It Like Beckham, The Buddha of Suburbia and White Teeth. These analyses are supplemented with a look at earlier landmark

productions (like Pressure) as well as relevant social, institutional and aesthetic frameworks. The book closes with a selection of statements by black and Asian media practitioners who operate from within Britain's cultural industries: Mike Phillips, Horace Ové, Julian Henriques, Parminder Vir and Gurinder Chadha.
