Three generations of Blackwell women, each endowed with passion, ambition, and tormenting secrets, gather at Dark Harbor, Maine. They are there to pay homage to Kate Blackwell, the ninety-year-old head of the world's largest conglomerate. They find that power and success have become a deadly game.

Around the World in 222 Pages À Volta do Mundo em 222 Páginas Harper Collins

Kate Blackwell is the symbol of success—a beautiful woman who has parlayed her inheritance into an international conglomerate. Now, celebrating her 90th birthday, Kate surveys the family she has manipulated, dominated, and loved: the fair and the grotesque, the mad and the mild, the good and the evil—her winnings in life.

Teleny, ou o reverso da medalha Harper Collins

À l'occasion de son quatre-vingt-dixième anniversaire, Kate Blackwell évoque son histoire et celle de la société qu'elle dirige, la Kruger-Brent Ltd. Comment son père, jeune immigré écossais, a fondé son empire après avoir volé des diamants à l'odieux Van der Merwe, sur une plage d'Afrique du Sud. Comment son ami, le Noir Banda, a sauvé la petite Kate d'un kidnapping, puis est tombé, victime de l'apartheid. Comment Kate a épousé David Blackwell, directeur général de la société, qu'elle aimait d'un amour fou. Elle évoque son fils Tony, qu'elle a sacrifié à la Kruger-Brent, ses petites-filles - la douce Alexandra, qui a préféré le bonheur à l'intérêt familial, et Ève, la pestiférée; enfin Robert, de la cinquième génération, qui échappera à l'emprise de Kate, restée jusqu'alors maîtresse du jeu, passionnée, fascinante.

" O reverso da medalha é um implacável jogo pelo poder, e Kate só joga para ganhar. O mestre Sidney Sheldon constrói mais uma saga emocionante, marcada pelo mesmo estilo que cativou milhões de leitores em todo o mundo e fez dele o mais popular escritor norte-americano. Kate Black é símbolo do sucesso, uma linda mulher que transformou sua herança em império internacional - uma personalidade misteriosa, envolta por milhares de perguntas sem respostas. Detentora de uma posição de destaque entre os poderosos ela é uma sobrevivente, assim como foi seu incansável pai, que arriscou a própria vida para extrair uma fortuna em diamantes da inóspita África do Sul. Agora,

ao comemorar 90 anos, Kate analisa a família que manipulou, dominou e amou: o belo e o grotesco, a serenidade e a loucura, a bondade e a maldade - todas as suas conquistas ao longo da vida. E na extravagante celebração, os fantasmas de Kate a rondam, fantasmas de amigos e inimigos. Lembranças de uma vida de chantagens e assassinatos. Fantasmas de um império fundamentado em pura ambição. Como ensinar e aprender história da arquitetura? Para responder essa inquietação de maneira certa, são revisitados oito importantes livros panorâmicos sobre a arquitetura brasileira, produzidos em diferentes momentos do século XX e início do XXI. A organizadora e sua equipe de pesquisa exploram a possibilidade de combinar a medição quantitativa com interpretações de natureza mais subjetiva, revelando paradoxos complexos, não intuitivos, e talvez inesperados, dando forma a alguns dos "vazios do cânon". Este livro apresenta um conjunto metodológico de ferramentas para a revisão crítica de ideias repetidas e axiomas convertidos em cânones, possibilitando questionamentos e a abertura de novos caminhos. As tabelas e gráficos produzidos no livro são livremente interpretados e contraponteados pela visão de dezoito autores e autoras que contribuíram para o livro, desde jovens pesquisadores a renomados especialistas convidados/as. How to teach and learn architectural history? To answer this question, eight important panoramic books on Brazilian architecture, produced at different times in the twentieth century and early twenty-first, are revisited. The organizer and her research team explored the possibility of combining quantitative measurement extracted from these books with interpretations of a more subjective nature, revealing complex, non-intuitive, and unexpected paradoxes, shaping some of the "canon's voids". The book presents a methodological set of tools for the critical revision of repeated ideas and axioms converted into canons, allowing for questioning, and opening new paths. The tables and graphs produced in the book are freely interpreted and counterpointed by the views of eighteen contributing authors, ranging from young researchers to renowned guest experts. Maîtresse du jeu

In a time of correction, terrorism, corruption, unemployment, hunger, cancer, depression, in which we are constantly bombarded by catastrophic news, generating the "negative instinct" referred to by Hans Rosling, the question that surrounds us is: who cares? Based on a narrative that is both light and impressively profound, James Marins sets out to fight apathy and ignorance and make us feel the potential of the era in which we live. After all, our capacity for opinion, action, participation and collaboration at scale for systemic changes has never been greater. To understand our possibilities, we cannot limit ourselves to the narrow view of our personal horizon. We need a more comprehensive, complex and systemic analysis. To do so, Marins starts from three fundamental dimensions of the complex richness of our contemporary human condition: the Transforming Movement of Freedom, the Transforming Movement of Economy and the Transforming Movement of Consciousness. All these movements are interconnected, in order to constitute the Massive Transformative Movement, the backdrop in which the author weaves the entire work. The tools for action and for the updating of ourselves are available to all who care, in what is humanity's best time, our best opportunity. The Age of Impact.
