Roughly half the world's population speaks languages derived from a shared linguistic source known as Proto-Indo-European. But who were the early speakers of this ancient mother tongue, and how did they manage to spread it around the globe? Until now their identity has remained a tantalizing mystery to linguists, archaeologists, and even Nazis seeking the roots of the Aryan race. *The Horse, the Wheel, and Language* lifts the veil that has long shrouded these original Indo-European speakers, and reveals how their domestication of horses and use of the wheel spread language and transformed civilization. Linking prehistoric archaeological remains with the development of language, David Anthony identifies the prehistoric peoples of central Eurasia's steppe grasslands as the original speakers of Proto-Indo-European, and shows how their innovative use of the ox wagon, horseback riding, and the warrior's chariot turned the Eurasian steppes into a thriving transcontinental corridor of communication, commerce, and cultural exchange. He explains how they spread their traditions and gave rise to important advances in copper mining, warfare, and patron-client political institutions, thereby ushering in an era of vibrant social change. Anthony also describes his fascinating discovery of how the wear from bits on ancient horse teeth reveals the origins of horseback riding. *The Horse, the Wheel, and Language* solves a puzzle that has vexed scholars for two centuries--the source of the Indo-European languages and English--and recovers a magnificent and influential civilization from the past.

A Lady's Cruise in a French Man-of-war Random House NATIONAL BESTSELLER • The triumphant true story of a woman who rode her horse across America in the 1950s, fulfilling her dying wish to see the Pacific Ocean, from the #1 New York Times bestselling author of *The Perfect Horse* and *The Eighty-Dollar Champion* "The gift Elizabeth Letts has is that she makes you feel you are the one taking this trip. This is a book we can enjoy

always but especially need now."—Elizabeth Berg, author of *The Story of Arthur Truluv* In 1954, sixty-three-year-old Maine farmer Annie Wilkins embarked on an impossible journey. She had no money and no family, she had just lost her farm, and her doctor had given her only two years to live. But Annie wanted to see the Pacific Ocean before she died. She ignored her doctor's advice to move into the county charity home. Instead, she bought a cast-off brown gelding named Tarzan, donned men's dungarees, and headed south in mid-November, hoping to beat the snow. Annie had little idea what to expect beyond her rural crossroads; she didn't even have a map. But she did have her ex-racehorse, her faithful mutt, and her own unfailing belief that Americans would treat a stranger with kindness. Annie, Tarzan, and her dog, Depeche Toi, rode straight into a world transformed by the rapid construction of modern highways. Between 1954 and 1956, the three travelers pushed through blizzards, forded rivers, climbed mountains, and clung to the narrow shoulder as cars whipped by them at terrifying speeds. Annie rode more than four thousand miles, through America's big cities and small towns. Along the way, she met ordinary people and celebrities—from Andrew Wyeth (who sketched Tarzan) to Art Linkletter and Groucho Marx. She received many offers—a permanent home at a riding stable in New Jersey, a job at a gas station in rural Kentucky, even a marriage proposal from a Wyoming rancher. In a decade when car ownership nearly tripled, when television's influence was expanding fast, when homeowners began locking their doors, Annie and her four-footed companions inspired an outpouring of neighborliness in a rapidly changing world.

When Teagan's father abruptly abandons his family and his farm, Teagan finds herself wading through the wreckage of what was once an idyllic life, searching for something—or someone—to hold on to. What she finds is Ian, short for Obsidian: the magnificent but dangerously headstrong horse her father left behind. But even as she grows close to Ian, patiently training him, trying to overcome her fear of him, Teagan is learning that life and love are fragile. With an unflinching eye and remarkable restraint, Talley

English tells a piercing story about how families hold together and fall apart; about loss and grief; about friendship; about the blunt cruelty of chance; and, finally, about forgiveness.

As Australia began the process of breaking away from its status as a British colony, Catherine Martin was fascinated with the meaning of Australian culture and identity. She examines these issues through the story of the independent and intelligent Stella Courtland, a young girl who marries and finds herself hampered by the social constraints of her new life. In this sensitive *Late of* moral and emotional growth, Martin brilliantly captures this turning point in Australian history and anticipates the values of a new generation.

In preparing a book of etiquette for ladies, I would lay down as the first rule, "Do unto others as you would others should do to you." You can never be rude if you bear the rule always in mind, for what lady likes to be treated rudely? True Christian politeness will always be the result of an unselfish regard for the feelings of others, and though you may err in the ceremonious points of etiquette, you will never be impolite. Politeness, founded upon such a rule, becomes the expression, in graceful manner, of social virtues. The spirit of politeness consists in a certain attention to forms and ceremonies, which are meant both to please others and ourselves, and to make others pleased with us; a still clearer definition may be given by saying that politeness is goodness of heart put into daily practice; there can be no true politeness without kindness, purity, singleness of heart, and sensibility.

Beautifully portrays both the pleasures and risks of riding horses and also of being a teen. Here are twelve moving short stories about Taiwan and its people by one of the island's most popular writers, Cheng Ch'ing-wen. Focusing primarily on village life and the effects of modernization on Taiwan in the postwar years, Cheng is one of the most

respected of the island's "nativist" writers, yet this is his first book to be translated into English. This anthology represents the best of his fictional efforts across a forty-year span and encompasses his major themes: the tensions between men and women, parents and children, city and village, tradition and modernity. Taken individually, each story presents a moving portrait of paralysis, frustration, or self-realization. Together, they weave a complex tapestry of life in a rapidly changing country. Cheng Ch'ing-wen's stories tell of men grappling with their fears and frustrations, from "The River Suite," in which a ferryman-championed throughout his small town for twice saving a drowning person-lacks the courage to confess his love to a young woman before she dies, to "Spring Rain," in which a man struggles to come to terms with his seemingly rootless life as both an orphaned child and an infertile husband. Here too are illustrations of the changing place of women in Taiwan, as they take on more powerful roles and awaken to a sense of their own sexuality: a woman forcibly separated from her husband by her jealous mother-in-law walks for hours through the night to see him on his birthday, only to turn back and go straight home before her absence is noticed; a disappointed young female scholar with a deformed hand comes to realize--after many painful rejections--that loneliness is not reason enough to become intimate with a man. And generations clash in "Thunder God's Gonna Getcha," as a mother's cruelty is repaid years later by a son's coldness. Death reverberates throughout these stories as characters recall deceased spouses, lovers, relatives, and friends in vivid detail. The focus, however, is not on the dead but on the living. In the title story, an old man carves exquisite lame horses as both a penance for having terrorized a town as a police officer during the Japanese occupation of Taiwan in World War II and a memorial to his deceased wife, who was nobler and more courageous than he. This book is a kind of gallery of three-legged horses: portraits of people maimed and transformed-for better or worse-by the suffering that life brings.

_____ "To ride into that arena, next to a sea of British flags and hear the roar of clapping and cheering, was so exciting. It's a sound I will never, ever forget." Charlotte Dujardin and her charismatic horse Valegro burst onto the international sports scene with their record-breaking performance at the London, 2012 Olympics. The world was captivated by the young woman with the dazzling smile and her dancing horse. But no one quite knew what it took to get there, nor how hard the path to success would be - until now. Dujardin began riding horses at the age of two, but dressage was firmly the domain of the wealthy, not the life of a girl from a middle-class family. Her parents sacrificed all and with a undeterred focus, Charlotte left school at 16 to follow her dream. When she was invited to be a groom for the British Olympian Carl Hester, she began to ride Valegro, a dark bay gelding and an unbreakable bond was formed. This is their incredible story. *The Horse in Harry's Room* Simon and Schuster

A Lady's Second Journey Round the World Zondervan

Never in my wildest dreams did I ever think I would marry a "Horse Lady," a beautiful but stubborn woman who lived, breathed and dreamed horses. But from the day I met her, I felt her impact on my life and it was profound. It convinced me first to spend considerable time at the barn, a place which I never even thought of previously. And it motivated me to want to learn how to care for and learn to love horses as well, since all "horse ladies" live by the motto: "Love me, love my horses." So, after nearly seventeen years of being a "Horse Husband", I decided it was time to document this lifestyle which has changed me so much. Who says old dogs can't learn new tricks? Confessions of a "Horse Husband" is a story of learning, making mistakes, paying for those mistakes with bruises and painful toes among other body parts, but also having fun, enjoying the fresh air and open space and experiencing love like I never knew before. It is my story in my own words about some of the most memorable moments in my life. Living with a "Horse Lady" is never dull, it's full of surprises and it covers many situations, many wonderful and some not so much. Many extremes are faced such as feeding horses on cold, frosty mornings as well as hot and humid oppressive Florida summers; from enjoying a trail ride with my wife and other equestrians to having a big toe crunched by a twelve hundred pound mare; or even waking up to find that over a dozen stalls must be stripped and re-bedded or even directing parking for participants at an equestrian event where the ground is a quagmire under a cold, pouring rain. And, of course, for laughs there's the story of the pony and goat getting loose in the feed room after devouring roses, or sitting up all night with a sick horse or a mare preparing to foal. The book includes beauty, pride, joy, love, humor, sadness and so much more. There's Hailey the "Boss Mare", who rules the herd completely. Then there's the old man, Gabe, a gelding in the twilight of his years yet still capable of causing a surprise when he wants. Or what about Flannel Jams, the retired track horse who has a wonderful disposition unless you come on too strong. And we can't leave out

the ponies, like bulky and strong Charm, a beauty who loves to tease, just like her mother who gained the nickname, the "Pony of the Corn". And these are just a few of those wonderful animals that "The Horse Lady" and I have fed, watered and cared for as part of our family. But make no mistake, the real "Boss Mare" of our family herd is not a horse, but "The Horse Lady" herself. Come take a "look see" at our story, if you love horses it's a "no brainer". If you know nothing about horses you might learn

something of interest and have some fun to boot. It's about living an active lifestyle and loving it. You can't sleep in on Saturday with horses but you find that you don't want to. Come join us and find out why this "Horse Husband", despite a few questioning moments, wouldn't change his lifestyle for anything.

The Smallest Horse tells the story of Trixie, a miniature horse, who worries that she's not big enough to have an important job

on the ranch. She tries her hand at herding cattle, but gets lost in the tall grass. She's sure she is brave enough to be a trail horse, but the creek is too deep for her to cross. She'd like to be a show horse, but she can't quite master the fancy footwork. The big horses try and cheer her up by reminding her of good reasons to be small, but it doesn't help. By the end of the book, Trixie discovers that she does indeed have a very important job to do, and being small helps her do it even better.
