On the heels of her mother's death, Hope Logan reluctantly returned to her grandparents' home place in search of a journal that revealed explosive crimes and atrocities of the past that had haunted her grandma for nearly sixty-five years. Bitterness, unforgiveness, and anger consumed her as she set out to solve the mystery that surrounded her grandma's life. The dark evil secret that was contained in the journal only deepened her resentment of God. Because of her quest, she came in contact with many strong believers, especially a handsome young pastor and three senior citizens. In that small town in the foothills of the mountains of North Carolina, Hope's bitterness, unforgiveness, and anger slowly began to fade in the light of the strong faith of the young pastor and three senior citizens. She discovered the true meaning of faith and hope in Christ in the midst of adversity.

Carolyn Digh Griffin, a native North Carolinian, resides in Waxhaw, North Carolina, with her husband, Hoyle. She is retired from Union County Public Schools where she was an Administrative Assistant to the Assistant Superintendent. She has two daughters and four grandchildren who also reside in the Old North State.

When Todd Harris makes the move from the mean streets of Chicago to the sleepy roads of Marietta, Montana, it's not just his career that's changing... it's his entire life. Going from police officer to forest ranger isn't too much of a stretch, but getting used to how things work in a small town is. As he settles in, Todd realizes he loves the slower pace of the countryside, but then... an Olympic gold medalist comes to town and shatters his hard fought peace. But the town's new forest ranger doesn't like attention and he sure as hell isn't looking for any kind of relationship with someone who does. When Molly gets lost in the woods though and Todd is the one who saves her, the spark he's been trying to ignore smolders and ignites. It's then that he realizes there's a lot more to Molly than ambition and public adulation. When Todd signs up for the Men of Marietta calendar shoot to raise money for Harry's House, a place for children to commemorate a fallen firefighter, Molly realizes the kind of man

he is. With the shoot wrapping up, she faces a painful decision—return to her old life, or give her new life with Todd a fighting chance.

"Are we for them or against them?" The Great Procession chronicles a series of encounters with the Holy Spirit that Jacob Reeve experienced over the course of nine months immediately following a 40-day fast. During this time, Jacob was awakened almost every night by the Spirit to receive the next portion of an ongoing parable that picked up where it left off the night before. As the story unfolds, so does the contrast between the divisive religious mindset and the mindset of pure identity in Christ. The Spirit is revealing what it looks like for mankind to venture out from the island of isolation and into the open forests of God's Kingdom: hence the Great Procession. For many, this parable will represent a foundational shift in the way everything is seen. The Incredible insights from the Holy Spirit answer many of those deep-down questions about life, purpose, and faith that many of us have, and will prove to be an indispensable resource for anyone who desires to live in a wholehearted, full embrace with Christ, knowing the King and His Kingdom, and living in the true faith, freedom, and love that the Holy Spirit beckons us into.

"It was the best of church, it was the worst of church..." [not Charles Dickens] In some ways, the church has a horrendous track record and is deserving of much of the hate, accusation and mistrust it has received. But, in many other ways, the church has also been monumental in affecting great systemic change, being first on the scene in crisis and on the forefront of reaching out to and loving well those considered the least of these. To those of you who believe church is the worst thing ever: You're right! To those of you who believe church is the best thing ever: You're right! The church was God's idea and it is the plan He has chosen to bring transformation to a world desperately in need of a deeper experience of His love. He doesn't appear to have a plan B. We are it! I call this book, 'i, church' because more than a building or a meeting or a list of do's and don'ts, the church is about the people. It is about me. And it is about you. If you love Jesus and have chosen to follow Him, then you are the church. Let's figure out together how to be the best church we can be. "Brett Anderson weaves a picture of the church that is stark and real. He sees through church politics and denominational blinkers and defines the core of what the church is and isn't and what God desires it to be." [Bruce Collins, legend and appreciator of good coffee]

If you've ever browsed the self-help sections of any bookshop, you'd be forgiven for thinking that all we need to do in order to have a better life is to work hard, take exercise and get thin. Yet Christian activism calls us to a bigger vision of what life is for. It dares to suggest that Christians change the world for the better.

In *12 Rules for Christian Activists*, Ellen Loudon and a host of contributors present 12 accessible and practical principles to encourage a new generation to create a movement for positive social change. Each chapter combines clear theological insight with inspiring stories told by activists and practitioners, including Naomi Maynard (activist researcher), Richard Peers (spiritual director), Angus Ritchie (Director, Centre for Theology and Community), and Nadine Daniel (Church of England National Refugee Coordinator).

ECPA BESTSELLER • A compelling emotional and spiritual case against hurry and in favor of a slower, simpler way of life "As someone all too familiar with 'hurry sickness,' I desperately needed this book."—Scott Harrison, New York Times best-selling author of *Thirst* "Who am I becoming?" That was the question nagging pastor and author John Mark Comer. Outwardly, he appeared successful. But inwardly, things weren't pretty. So he turned to a trusted mentor for guidance and heard these words: "Ruthlessly eliminate hurry from your life. Hurry is the great enemy of the spiritual life." It wasn't the response he expected, but it was—and continues to be—the answer he needs. Too often we treat the symptoms of toxicity in our modern world instead of trying to pinpoint the cause. A growing number of voices are pointing at hurry, or busyness, as a root of much evil. Within the pages of this book, you'll find a fascinating roadmap to staying emotionally healthy and spiritually alive in the chaos of the modern world.

The Kingdom Come Trilogy arrives in time to support a vision for the gospel as a shared heritage of the family of God. This book, the second of the Trilogy, is a must-read for ministers, community leaders, seminary students, care providers, and people of faith who desire to unite and care as a church during dynamic times. The Trilogy climaxes with Book II, which stories a heritage model at tension with systems that ostracize people from safe love. This book advocates for carers and the bookend generations that span the story of our lives. The Trilogy promotes unifying language that interprets the gospel with a heritage lens

and a vision towards kingdom come. This book reminds us of the need for a united neighborly heritage as the work of the church today: solidarity of caregiving and whole systems justice with the promise of life and love of generations together from now to eternity.

This book hails from decades of challenging trial-and-error work, abundant reading, and an enduring obligation to ministers, activists, and unsung lay heroes whose legacies matter. As there is little that actually addresses the elusive meanings, if not the dangers inherent in pursuing alleged spoils of "success," it is kairos time. Seemingly scarce resources and competition to make and maintain ministries in the city challenge those of us in the field, or on the sidelines, to speak, write, and communicate clearly, and convincingly—not only for ourselves and our "people," past and present, but for those who come along soon to receive the baton or wear the mantle. Concretely narrated, with unique case studies, a cast of dozens contribute their earthy, earnest testimonies and are, at long last, energetically affirmed. Specifically, this work proffers constructive attention to the critical cautions concerning subtle temptations to "succeed," including: commodification, cooptation, communalism, clientelism, and cowardice—and, not bailing on fierce charity-justice tensions (with benevolence protectively dominant). Narrative analysis and biography-as-theology, social ethics, biblical theology, and recent church history give apt attention to how a compelling case is possible for success, if justice is practiced, given a hopeful realism and perspective of prophetic eschatology.
