### **Pegasus and the Fight for Olympus**

Simon and Schuster

Imagine you were told to kill a terrifying monster. That's just what happens to Bellerophon and he's in despair... until he finds Pegasus, a magnificent flying horse. Together they set off on a hair-raising adventure in this lively retelling of the classic Greek myth for children just starting to read on their own. Includes links to carefully chosen

websites to find out more about Ancient Greece. "Crack reading and make confident and enthusiastic readers with this fantastic reading programme." - Julia Eccleshare

*Women on Waves* Simon and Schuster

When a novice French diplomat arrives for an audience with the Emperor, he is enraptured by the Joseon Dynasty's magnificent culture, then at its zenith. But all fades away when he sees Yi Jin perform the traditional Dance of the Spring Oriole. Though well aware that women of the court belong to the palace, the young diplomat confesses his love to

the Emperor, and gains permission for Yi Jin to accompany him back to France. A world away in Belle Epoque Paris, Yi Jin lives a free, independent life, away from the gilded cage of the court, and begins translating and publishing Joseon literature into French with another Korean student. But even in this new world, great sorrow awaits her. Betrayal, jealousy, and intrigue abound, culminating with the tragic assassination of the last Joseon empress—and the poisoned pages of a book. Rich with historic detail and filled with luminous characters, Korea's most beloved novelist brings a lost era to life in a story that will resonate long after the final page.

Pegasus Bloomsbury Publishing USA  
In the early morning hours of June 6,

1944, a small detachment of British airborne troops stormed the German defense forces and paved the way for the Allied invasion of Europe. Pegasus Bridge was the first engagement of D-Day, the turning point of World War II. This gripping account of it by acclaimed author Stephen Ambrose brings to life a daring mission so crucial that, had it been unsuccessful, the entire Normandy invasion might have failed. Ambrose traces each step of the preparations over many months to the minute-by-minute excitement of the hand-to-hand confrontations on the bridge. This is a story of heroism and cowardice, kindness and brutality—the stuff of all great adventures.

**Perfectly Pegasus** Simon and Schuster  
Reborn as the Flame, thirteen-year-old

Emily has saved Olympus from destruction but when the gruesome Nirads begin a new invasion, Emily and her friends become entangled in the conflict as old grudges are unearthed and new enemies are discovered.

Gloranthan Scenarios for the RuneQuest Roleplaying Game.

Lady Chevy Simon and Schuster  
Born deep in the ocean, Kelp is not like the other narwhals and one day, when he spies a creature on land that looks like him, he learns why.

Black Cotton Star Del Rey  
A #1 New York Times bestseller! Sarah J. Maas's brand-new CRESCENT CITY series begins with House of Earth and Blood: the story of half-Fae and half-human Bryce Quinlan as she seeks revenge in a

contemporary fantasy world of magic, danger, and searing romance. Bryce Quinlan had the perfect life-working hard all day and partying all night-until a demon murdered her closest friends, leaving her bereft, wounded, and alone. When the accused is behind bars but the crimes start up again, Bryce finds herself at the heart of the investigation. She'll do whatever it takes to avenge their deaths. Hunt Athalar is a notorious Fallen angel, now enslaved to the Archangels he once attempted to overthrow. His brutal skills and incredible strength have been set to one purpose-to assassinate his boss's enemies, no questions asked. But with a demon wreaking havoc in the city, he's offered an irresistible deal: help Bryce find the murderer, and his freedom will

be within reach. As Bryce and Hunt dig deep into Crescent City's underbelly, they discover a dark power that threatens everything and everyone they hold dear, and they find, in each other, a blazing passion-one that could set them both free, if they'd only let it. With unforgettable characters, sizzling romance, and page-turning suspense, this richly inventive new fantasy series by #1 New York Times bestselling author Sarah J. Maas delves into the heartache of loss, the price of freedom-and the power of love.

**The Flame of Olympus** Pegasus, The Heart of the Harrier

Emily and Pegasus face their greatest challenge yet when they venture back to Earth to save a friend in this sixth and final book of an exciting series that puts

a modern thrill into ancient mythology. After the events in Hawaii, Emily is contending with diminished powers, a new body, and the fact that she has to teach the Titan Lorin how to use her own powers. To make matters worse, Joel has been acting strangely towards her ever since she changed, and it's all become too much. However, Emily has one last promise to fulfill, one she made a long time ago: to save Agent B from the secret government agency called the CRU. But when Emily, Pegasus, Joel, and Paelen arrive in London, they discover that Agent B has been captured by the CRU and the only way to free him is for Emily and Lorin to surrender. As Emily and her friends delve deeper into the CRU's history, horrible discoveries are made. Not only about the victims the

powerful agency has been trapping and abusing for centuries, but about the very origins of the secret agency itself.

Origins that lead directly back to...Emily.

### **Pegasus and the Rise of the Titans**

Usborne Publishing Ltd

Reborn as the Flame, Emily has saved Olympus from destruction. The Olympic flame now burns strong, and peace has been restored. But not for long ... When the gruesome Nirads begin a new invasion, Emily and her friends become entangled in the conflict as old grudges are unearthed and new enemies are discovered. And all the while, Emily yearns for her father, still a prisoner of the sinister CRU, somewhere in New York. Join Emily astride the magnificent winged-stallion, Pegasus, as she embarks on a new flight of adventure

through worlds both old and new.

'Anyone who enjoys mythology will find much to love in Pegasus and the Flame. Kate O'Hearn serves up a winning mix of modern adventure and classic fantasy.' Rick Riordan, author of the Percy Jackson series

### Not Quite Narwhal Aladdin

Emily and her winged horse face a war of Olympic proportions in this second book of the Pegasus series. Emily, newly recognized as the Flame, is living in Jupiter's palace on Mt. Olympus. Her friends, Joel, Paelen, and—of course—Pegasus, are there as well. The only person missing is Emily's father, who is still being held prisoner by the CRU back in the human world. Emily wants to go find him, but Jupiter won't allow her to leave. However, Emily does

have access to a winged horse... Determined to rescue her father, Emily and her friends make plans to sneak away from Olympus and back to New York. Then Cupid, Emily's sort-of crush, decides to come along as well. It will be hard enough to hide a winged horse from the prying eyes of the CRU, but a winged boy as well? And when the gruesome Nirads begin a new invasion, old grudges are unearthed, new enemies are discovered, and Emily and her friends become entangled in a conflict more dangerous than they ever anticipated.

Engaging Emergence Crowood  
Stanley Hooker joined the Bristol Aeroplane Company in 1949 and tugged a rather reluctant company into the jet age, determined to give real competition

to Rolls-Royce. So successful was he that in 1966 Rolls-Royce decided the best thing to do was to spend ?63.6 million and buy its rival. By this time there was scarcely a single modern British aero-engine for which Hooker had not been responsible.

Origins of Olympus Simon and Schuster  
The acclaimed author of *Sovietistan* travels along the seemingly endless Russian border and reveals the deep and pervasive influence it has had across half the globe. Imperial, communist or autocratic, Russia has been—and remains—a towering and intimidating neighbor. Whether it is North Korea in the Far East through the former Soviet republics in Asia and the Caucasus, or countries on the Caspian Ocean and the Black Sea. What would it be like to

traverse the entirety of the Russian periphery to examine its effects on those closest to her? An astute and brilliant combination of lyric travel writing and modern history, *The Border* is a book about Russia without its author ever entering Russia itself. Fatland gets to the heart of what it has meant to be the neighbor of that mighty, expanding empire throughout history. As we follow Fatland on her journey, we experience the colorful, exciting, tragic and often unbelievable histories of these bordering nations along with their cultures, their people, their landscapes. Sharply observed and wholly absorbing, *The Border* is a surprising new way to understand a broad part our world. *In Byron's Wake* Hodder Children's Books A group of kids must stop invaders

before they take over Titus—and the rest of the universe—in this first book in a brand-new series from bestselling Pegasus author Kate O'Hearn, who masterfully blends mystery and mythology together. Fifteen years ago, Olympus was destroyed and the Olympians were resettled on Titus. Since then Earth has been declared a quarantined world. Neither Titans nor Olympians are allowed to visit and under no circumstances are humans allowed on Titus. The Titans and Olympians are keeping the peace. But the deep-seated mistrust still lingers, so when a human ends up on Titus, he could be the spark that reignites the war... Astraea is a Titan, granddaughter of Hyperion, and now a reluctant student at the brand-new school, Arcadia. She just knows that

it's going to be awful, and that there is no way that Titans and Olympians will ever get along! At least she's got her best friend, a winged-horse named Zephyr, to keep her company. Then the night before the first day of school, Astraea hears her parents discussing something terrifying: a human has been spotted on Titus. But that's not possible. All routes to Earth via the Solar Stream have been closed—no one can travel between the two worlds...or can they? When Astraea and Zephyr get detention on their first day—for fighting with a centaur—they're sent to the orchards to harvest nectar. There they discover a human boy named Jake. How he got to Titus is a mystery even to him. But Astraea and Zephyr know they have to get Jake home before anyone else

discovers him. But what the trio uncovers is something much bigger than one misplaced human boy. It's a scheme to take down the rulers of this world, conquer it, and then do the same across the galaxy. Can a group of kids stop the invaders? Or is Titus, like Olympus before it, doomed?

Journey to the Centre of the Earth

Hachette UK

"First published in Great Britain in 2012 by Hodder Children's Books"

*The Border* Simon and Schuster

Philadelphia, 1776: George Washington asks Betsy Ross to design the first flag of the future United States of America. Her housemaid, Angela Brown, adds to it a secret tribute to the black community: a black cotton star that she slips under one of the white ones. Dover, 1944: A

soldier named Lincoln receives a letter from his sister back home that reveals Angela Brown's memoirs, and wonders if the star that she mentions truly exists. His superiors seem to think so. In light of this revelation, Lincoln and two other African-American soldiers set out on a dangerous mission, ranging from liberated Paris to the snow-covered Ardennes, seeking answers—and the ultimate prize. Black Cotton Star is a magnificent war drama, unfolding a fictional tale of struggle, resilience, and sacrifice with themes that resonate deeply in a divided modern-day America. Pegasus, the Heart of the Harrier Simon and Schuster

Let Anne McCaffrey, storyteller extraordinaire and New York Times and Sunday Times bestselling author, open

your mind to new worlds and new concepts: telepathy and tele kinetics. Worlds where amazing gifts can lead to power and persecution.  \*\*\*\*\*  
 \*\*\*\*\* Earth was at bursting point, in spite of the birth restrictions of only one child to each couple. Extra children existed in a sub-cultured world or were

rounded up into slavery. The only hope was the space platform -- the jumping-off point for the colonization of other worlds. But more Talents were needed to build and operate those platforms. Rhyssa Owen was the one responsible, both for finding Talents and training them. And when she felt the first encroachment of a mind reaching out to her, she knew it was exceptional -- a fourteen-year-old boy with incredibly powerful kinetic ability. And in the seamy underworld of near-criminal children was another brilliant mind in danger from a ruthless group of child kidnappers. Rhyssa knew she had to find the two children and train them for the survival of earth.

**Pegasus In Flight** Simon and Schuster  
The glory and tragedy of the Hundred

Years War is revealed in a new historical narrative, bringing Henry V, the Black Prince, and Joan of Arc to fresh and vivid life. In this captivating new history of a conflict that raged for over a century, Gordon Corrigan reveals the horrors of battle and the machinations of power that have shaped a millennium of Anglo-French relations. The Hundred Years War was fought between 1337 and 1453 over English claims to both the throne of France by right of inheritance and large parts of the country that had been at one time Norman or, later, English. The fighting ebbed and flowed, but despite their superior tactics and great victories at Crécy, Poitiers, and Agincourt, the English could never hope to secure their claims in perpetuity: France was wealthier and far more populous, and

while the English won the battles, they could not hope to hold forever the lands they conquered. Military historian Gordon Corrigan's gripping narrative of these epochal events is combative and refreshingly alive, and the great battles and personalities of the period—Edward III, The Black Prince, Henry V, and Joan of Arc among them—receive the full attention and reassessment they deserve.

#### Titans Simon and Schuster

Just as Emily is getting used to life as the Flame of Olympus, news from the human world disrupts the peace ... There's been a Pegasus spotting on Earth. Tornado Warning is as beautiful and mysterious as the mythological winged-stallion, but has been born and bred on Earth. Emily and her friends are determined to find

out the truth before Jupiter of Olympus gets involved and fly back to the human world to investigate. Their new mission takes them through the Nevada desert from Area 51 to Las Vegas where they discover a sinister conspiracy. Emily is convinced that they will trace it back to their old enemies - the corrupt governmental agency, the CRU. But what they find is bigger and more dangerous than they ever expected and will pit Olympian against Human in a war of epic proportions. With the fate of two worlds in her hands, Emily must make an impossible choice, otherwise everything she has ever known and loved will be destroyed. Join Emily astride the magnificent winged-stallion, Pegasus, as she embarks on a new flight of adventure through worlds both old and

new. '

**The Court Dancer** Berrett-Koehler  
Publishers

"McCaffrey's world of the Talented is as vivid as that of Pern and its dragons."—Publishers Weekly When a freak accident furnishes solid scientific proof of paranormal mental abilities, the world reacts with suspicion and fear. How can ordinary people coexist with a minority able to read minds, heal with a touch, peer into the future, or move objects with a thought? How can anyone with such power be trusted not to abuse it? Harsh repression seems the only answer Gifted with precognitive talent, Henry Darrow has other ideas, foreseeing a future in which the Talents are accepted for what they are and not what they can offer their fellow humans.

But the road to that future will not be easy. Darrow and the powerful telepath Daffyd op Owen must win the public's trust while overcoming the threat of rogue Talents like Solange Boshe, a young girl so consumed with hatred that her thoughts can kill, and the singer known as Amalda, whose telepathic prowess can unite a thousand strangers in joyful harmony—or mold them into a bloodthirsty mob. . . .

**The End of Olympus** Simon and Schuster

In the tenth fantastical adventure of The Kingdom of Wrenly series, Prince Lucas and Clara must rescue a young Pegasus. When a shooting star streaks across the night sky, Prince Lucas makes a wish for an epic adventure. Little did he know it would come true! As Lucas and Clara set

out to investigate some mysterious happenings in Wrenly, they find a Pegasus that is lost and in danger. Will the two friends be able to help the mystical creature find its way back home

to a floating castle high above in the clouds? With easy-to-read language and illustrations on almost every page, The Kingdom of Wrenly chapter books are perfect for beginning readers.
