Dictionary Kodansha
International

This indispensable tool enables scientists and translators with only a basic knowledge of Japanese to quickly locate and evaluate pertinent information, tapping the large body of chemical literature that at present is mainly inaccessible to non-Japanese readers. The dictionary is unique in both its scope and concept, listing over 15,000 technical terms from all chemical disciplines in kanji/kana script, romaji transcription and English translation, ordered according to frequency of occurrence for quick access. The dictionary is supplemented by valuable background information on the Japanese language, chemical industry and chemical literature. A ready reference for all those chemical professionals dealing with the world's second largest economy.

Tuttle Concise Japanese Dictionary Japan Times Publishing, Limited

Every serious student of Japanese needs a reliable

and user-friendly dictionary in their collection. Tuttle Concise Japanese Dictionary, now with 30% more content, is a completely updated dictionary designed for students and business people who are living in Japan and using the Japanese language on a daily basis. Its greatest advantage is that it contains recent idiomatic expressions which have become popular in the past several years and which are not found in other competing dictionaries. The dictionary has been fully updated with the addition of recent vocabulary relating to computers, mobile phones, social media and the Internet. Other special features that set this dictionary apart include: Over 25,000 words and expressions including idioms and slang. User-friendly layout with main entries in color. Complete Japanese-English and English-Japanese sections. Romanized forms and the Japanese script are given for all Japanese words. A guide to pronunciation helps the user to pronounce Japanese words correctly. Different senses of each word are distinguished by multiple definitions.

Random House Reference

"This new compilation offers many advantages...As an example of a book design, little more could be asked of this volume."—Harvard Journal of Asiatic Studies
The Compact Nelson is an abridged edition of the revised New Nelson Dictionary, Dr. Andrew N. Nelson's award-winning classic work. An invaluable guide for learning Japanese, this kanji dictionary has the following features: 3,068 main character entries and more than 30,000 character compounds—all the Japanese characters and compounds needed for everyday use. The Universal Radical Index (URI) which permits the user to look up a character based not only on the main radical but any radical found in the character. This is the most thorough and reliable index for novice users. Cross-referencing with the Japan Industrial Standard (JIS) code and Morohashi's Dai Kanwa Jiten Definitions have been modernized to reflect current usage and translation. This revised editions is updated with additional characters, contemporary definitions, and an innovative radical

index system. It sets new standards of excellence, easy-of-use, and reliability for Japanese language reference tools. This edition keeps pace with the evolution of the Japanese language and remains an indispensable tool for students and scholars of Japanese.

Japanese For Dummies

Hong Kong University Press

"Japanese Sentence Patterns for Effective Communication presents 142 essential sentence Patterns for everyday conversation - all that is needed to get by in most uncomplicated social situations. These patterns represent the basic building blocks of sophisticated speech, and are mastered by all intermediate students. Each is given first in the form of a full-length English sentence, so that one can quickly understand its meaning and intent, then is followed by a Japanese translation, a short, precise explanation, several example sentences, and a practice section that allows one to test one's comprehension. By familiarizing oneself with these patterns and practicing them out loud, and inventing new sentences with them, one

will quickly gain the skills necessary to effectively communicate one's thoughts in Japanese." "With page after page of sentence-pattern practice and straightforward explanations of grammar, this book is ideal for ambitious beginning-level students who wish to up their oral proficiency quickly. But it will also usefully serve intermediate and advanced students in need of solid review material, or anyone with an interest in the workings of the Japanese language."--BOOK JACKET. *Merriam-Webster's Japanese-English Dictionary* Brill Archive Multi Linguis offers you a frequency-thematic dictionary of the Japanese language. It includes up to 3'000 essential lemmas belonging to the levels from Elementary to Pre-Intermediate. The entries are divided into 300 vocabulary themes as well as 2 importance levels. They are arranged by themes, not by the alphabet. The book is intended to help you learn this language or revise your vocabulary in a thematic way, but can also be applied for translating or entertaining. You may use it separately or as an

additional tool for any suited educational course. You can find full version of this and other dictionaries of the Japanese language on <https://multilinguis.com/languages/japanese-l/>.
 国家地理 National Geographic Books
 The Cambridge Advanced Learner's Dictionary is the ideal dictionary for advanced EFL/ESL learners. Easy to use and with a great CD-ROM - the perfect learner's dictionary for exam success. First published as the Cambridge International Dictionary of English, this new edition has been completely updated and redesigned. - References to over 170,000 words, phrases and examples explained in clear and natural English - All the important new words that have come into the language (e.g. dirty bomb, lairy, 9/11, clickable) - Over 200 'Common Learner Error' notes, based on the Cambridge Learner Corpus from Cambridge ESOL exams Plus, on the CD-ROM: - SMART thesaurus - lets you find all the words with the same meaning - QUICKfind - automatically looks up words while you are working on-screen - SUPERwrite - tools for

advanced writing, giving help with grammar and collocation - Hear and practise all the words. Takenobu's Japanese-English Dictionary John Wiley & Sons Starting at the very basics and working its way up to important language constructions, "An introduction to Japanese" offers beginning students, as well as those doing self-study, a comprehensive grammar for the Japanese language. Oriented towards the serious learner, there are no shortcuts in this book: no romanised Japanese for ease of reading beyond the introduction, no pretending that Japanese grammar maps perfectly to English grammar, and no simplified terminology. In return, this book explains Japanese the way one may find it taught at universities, covering everything from basic to intermediary Japanese, and even touching on some of the more advanced constructions. Handbook of Japanese Lexicon and Word Formation Penguin It's amazing how 100 key words and phrases provide instant communication! Do you want to speak simple Japanese but are too busy

to study it? Are you visiting Japan for a short time and want a Japanese phrase book to help you communicate? If so, then this thoroughly revised second edition of Boye Lafayette De Mente's classic, bestselling phrase book and Japanese dictionary is for you. It's tiny 0.4 x 4.1 x 5.9 inches size makes it incredibly convenient to travel with but without losing the essential content for communication. The idea of Instant Japanese is simple--learn 100 words and phrases and say 1,000 things. The trick is knowing which 100 words to learn, but the author, De Mente has solved the problem, choosing only those words you'll hear again and again. Even with a vocabulary this small, you'll be surprised how quickly and fluently you too can communicate in the Japanese language. Words are repeated in different combinations, building familiarity without effort. A brief guide to pronunciation allows the user to say the phrases correctly and a Japanese dictionary allows for quick reference. Here's a sample of what you'll be able to do with this Japanese phrasebook: Meet people Go shopping Ask directions Ride the

subway Order food and drinks And much more... About this new edition: This new, expanded edition contains 15% more content, fun manga-style illustrations, Japanese etiquette tips and additional information on which destinations, personalities and trends are hot in Japan right now! Random House Japanese-English English-Japanese Dictionary Multi Linguis Mini Japanese Dictionary is the most up-to-date Japanese pocket dictionary available. This dictionary is completely up-to-date with the latest vocabulary for IT, smartphones and social media. It is the perfect dictionary to take with you when you travel to Japan for any reason. This powerful pocket reference contains the following essential features: Bidirectional English-Japanese and Japanese-English sections Covering over 13,000 essential words, idioms, and expressions Japanese words given in Romanized and native script for easy pronunciation Latest computer, Internet, smartphone, and social media terms Whether you need a travel size dictionary for your trip to Japan or are learning the

Japanese language in a formal setting, this mini dictionary is an essential resource.

An Introduction to Japanese - Syntax, Grammar & Language
Walter de Gruyter

The completely revised edition of "Understanding Japanese Information Processing" supplements each chapter with details about how Chinese, Korean, and Vietnamese scripts are processed on computer systems. New information, such as how these scripts impact contemporary Internet resources (such as the WWW and Adobe Acrobat) is provided.

Japanese-English and English-Japanese Dictionary Tuttle Publishing

This volume presents a comprehensive survey of the lexicon and word formation processes in contemporary Japanese, with particular emphasis on their typologically characteristic features and their interactions with syntax and semantics.

Through contacts with a variety of languages over more than two thousand years of history, Japanese has developed a complex vocabulary system that is composed of four lexical strata: (i) native Japanese, (ii) mimetic, (iii) Sino-Japanese, and (iv) foreign (especially English). This hybrid composition of the lexicon, coupled with the agglutinative character of the language by which morphology is closely associated with syntax, gives rise to theoretically intriguing interactions with word formation processes that are not easily found with inflectional, isolate, or polysynthetic types of languages.

Elementary Japanese

Tuttle Publishing
The volumes in this series set out to provide a contemporary record of the spread and development of the English language in South, Southeast, and East Asia from both a linguistic and literary perspective. Each volume will reflect themes that cut across national boundaries, including the study of language policies; globalization and linguistic imperialism; English in the media; English in law, government and education; 'hybrid'

Englishes; and the bilingual creativity manifested by the vibrant creative writing found in a swathe of Asian societies. This book gives an in-depth analysis of the use of the English language in modern Japan. It explores the many ramifications the Japanese-English language and culture contact situation has for not only Japanese themselves, but also others in the international community. Data for this book has been gathered using anthropological ethnographic fieldwork, augmented by archival sources, written materials, and items from popular culture and the mass media. An interdisciplinary approach, including those of anthropological linguistics, sociolinguistics, cognitive science and symbolic anthropology, is taken in the exploration of the topics here. This book's arguments focus on four major theoretical linguistic and social issues, namely the place of the Japanese-English case in the larger context of 'World Englishes'; the place of the Japanese-English case in a general theory of language and culture contact; how Japanese English informs

problems of categorization, meaning construction and cognition; and what it says about the social construction of identity and sense of self, nationalism and race. This book will be of interest to linguists, anthropologists, sociologists, cognitive scientists, and all readers who are interested in language contact, sociolinguistics, English as an international language, and World Englishes. It will also appeal to those who are interested in Japan and popular culture.

Japanese Sentence Patterns for Effective Communication For Dummies

This ever-popular series of dictionary-style grammar guides comprises three volumes--basic, intermediate, and advanced--with each presenting some 200 key grammar items, along with analysis of sentence patterns, abundant example sentences, and easy-to-understand explanations in English. The books also thoroughly explain common pitfalls and the distinctions in usage of similar expressions, helping users to develop an even stronger grasp of Japanese grammar. A must-have reference for

learners and teachers alike.

The Kodansha Kanji Learner's Dictionary

McGraw-Hill Education

This handy Japanese dictionary allows you to look up words quickly and easily--and be understood while speaking. Intended for use by tourists, students, and business people traveling to Japan, the Pocket Japanese Dictionary is an essential tool for communicating in Japanese. It features all the essential Japanese vocabulary appropriate for beginning to intermediate speakers. Its handy pocket format and user-friendly, two-color layout will make any future language class or trip to Japan much easier. All entries are in Romanized form as well as Japanese script (Kanji and Kana) so that, in case of difficulties, the book can simply be shown to the person the user is trying to communicate with. This dictionary includes the following key features: Over 18,000 words and expressions in the Japanese language. Japanese--English and English--Japanese sections. Fully updated with recent vocabulary and commonly used Japanese slang. Clear, user-friendly layout with

headwords in blue. Romanized script and Japanese script (hiragana and katakana) and characters (kanji) for every entry. Other books from this best-selling series you might enjoy include: Pocket Korean Dictionary, Pocket Vietnamese Dictionary, Pocket Mandarin Chinese Dictionary, and Pocket Cantonese Dictionary. *A Dictionary of Military Terms* Tuttle Publishing The lexicon of Japanese contains a large number of conventional mimetic words which vividly depict sounds, manners of action, states of mind etc. These words are notable for their distinctive syntactic properties, for the strikingly patterned way in which they exploit sound-symbolic correspondences, and for the copiousness of their use in conversation as well as in many written registers of Japanese. This dictionary is a comprehensive resource for linguists, language teachers, translators, and others who require detailed information about this important sector of the Japanese vocabulary. Examples created by the editors are accompanied by thousands of contextualized,

referenced examples from published sources to illustrate the alternative meanings of each mimetic form. All examples appear in Japanese orthography, in romanization, and in English translation. Concise information is provided concerning the varieties of syntactic usage appropriate for each mimetic. An extensive English index facilitates comparison of English and Japanese vocabulary. English-Japanese & Japanese-English One-to-One Dictionary (exam-suitable) National Textbook Company Die nach Sachgruppen geordnete Bibliographie erfaßt 2.150 auf deutsch publizierte Schriften zu Fragen der japanischen Sprache, von der Phonetik des Altjapanischen bis zur Semiotik moderner T-Shirt-Texte. Berichtszeitraum: 1794 bis 2000. Zusammen mit der 1999 als Band 5 der Bibliographischen Arbeiten erschienenen Sammlung ›Wörterbücher und Glossare‹ liegt damit erstmals eine Gesamtbestandsaufnahme des deutschen Schrifttums zum Japanischen vor. Erschlossen wird das Material durch einen Titel-, einen Namens- und

einen Sachindex. Die Anhänge bieten knapp 300 einschlägige Buchbesprechungen und 62 Titel zum Ainu.

Interessenten: Japanologen, Sprachwissenschaftler, Ainuisten.

With more than 6,750 fully illustrated words and phrases in Japanese and English, along with a free bilingual audio app, DK's Japanese-English Bilingual Visual Dictionary is your essential companion to life in any Japanese-speaking country. You will learn all the words and phrases you need to buy food and clothes, talk about work and education, visit the doctor, go to the bank, use public transportation, and much more. Perfect

for tourists, business travelers, and students, the dictionary is incredibly easy to follow, with thematically organized vocabulary so you can find closely related words on a particular topic. Words and phrases are illustrated with full-color photographs and artwork, helping to fix new vocabulary in your mind. A comprehensive, two-way index provides an instant reference point for new Japanese vocabulary. The supporting audio app enables you to hear all the words and phrases spoken out loud in Japanese. The app is easy to use and helps you learn, remember, and pronounce important vocabulary. The dictionary gives a pronunciation guide for every Japanese word, and you can use this alongside the app to perfect your pronunciation.

NTC's Dictionary of Japan's Business Code

Words Tuttle Publishing With The Kodansha Kanji Learner's Dictionary: Revised and Expanded, learners finally have at their fingertips accurate and in-depth information on all the kanji prescribed by the Japanese government. In all, 3,002 characters—772 more than in the first edition—fill its pages, making it the most comprehensive and up-to-date dictionary of its kind. The main goal of the dictionary is to give the learner instant access to a wealth of useful information on kanji, including their meanings, readings, stroke order, and usage in compounds. Compounds pose a special problem for learners. Normally one must memorize them as unrelated units. A unique feature of this dictionary that overcomes this difficulty is the core meaning, a concise keyword that defines the dominant sense of each

kanji, followed by character meanings, or specific senses the kanji can have when used in the living language. Together these features help learners understand the logic behind compound formation. Another unique feature is the System of Kanji Indexing by Patterns (SKIP), a revolutionary indexing system that has gained widespread popularity because it enables the user to locate characters as quickly and as accurately as in alphabetical dictionaries. With SKIP, all one needs to do to find a kanji is identify the geometrical pattern to which it belongs, then count the strokes in each part of that pattern—a much speedier process than searching by traditional methods. These features, and many more, make this dictionary the most powerful kanji-learning tool ever devised.
