When he was just five years old, Rupert Neville innocently walked through a bedroom door and into his first nightmare. At that time, there were no secrets in his world. Sadly, it would not be the first dark secret he would be asked to keep. In a raw recounting of his experiences, Neville details how growing up entrenched in a religious group forced him to question, and ultimately hide, his homosexuality. As he reveals how he became more involved in their teachings, even preaching their beliefs to others, he also discloses how he found himself caught in a web of human spiders who exploited him. While dealing with the resulting self-imposed guilt for much of his life, the effects of his sexuality and the abuse became so entangled that Neville spent years attempting to pull them apart. He shares his candid story with the hope that it might not only shed a guiding light for survivors of abuse who struggle to accept themselves, but also celebrate the peace

experienced by embracing one's sexual identity. Butterfly Road is the true story of a sexual abuse survivor who recounts his experiences, reveals the consequences and, most importantly, speaks of the hope and power of healing.

Paul's first letter to the Corinthians was addressed originally to a fledgling mission church in Corinth. Paul's absence from the church had allowed serious problems to arise within the Corinthian community, but the problems that he addresses in this letter do not always seem based in explicitly theological ideas. The brilliance of Paul, though, is that he frames the issues in theological terms and reflects on them in the light of the gospel. Hays identifies and discusses the major theological themes of the letter, as well as issues such as community formation and the

rethinking of inherited sociocultural norms and practices, and he offers Paul as a model for ministry.

Informed by the experiences of 772 Black churches, this book relies on a multidisciplinary, mixed-methodological lens to examine how today's Black churches address the religious and non-religious educational and broader socialization needs of youth. Drawing from a cultural and

ecological framework of village-mindedness, Barnes and Wimberly examine the intersected nature of place, space, and race to propel a conversation about whether and how the Black Church can become a more relevant and empowering presence for youth and the Black community.

Make sure your Catholic school's LGBT students are getting the support they need *Creating Safe Environments for LGBT Students* is a comprehensive training guidebook for educators who are committed to diversity and the full inclusion of LGBT students in every aspect of the Catholic high school experience. Based on five years of pilot testing in Catholic schools, this unique book emphasizes safe-staff training in integrating the Church's pastoral, social, and moral dimensions with the special needs of LGBT students. The book presents strategies and resources for building safer schools, helpful materials for communicating with parents, and general guidelines for developing and maintaining professional helping relationships with LGBT students. Based on a "training the trainer" model, *Creating Safe Environments for LGBT Students* encourages the development of grassroots leadership within the school. This unique book promotes a positive framework for navigating the challenging landscape of the Catholic tradition and the LGBT experience as it helps to establish anti-harassment and anti-bullying protocols for school environments and models for developing LGBT student support groups and gay/straight student alliances. The book promotes role-play by students, alumni, teachers, and parents—a hallmark of the ministry work and training methods of the Catholic Pastoral Committee on Sexual Minorities—and is flexible enough to allow each school's individual climate and culture to be respected. *Creating Safe Environments for LGBT Students* includes: * first-hand stories from students and teachers * realistic, dynamic, and creative role-play scenarios that explore various relationships between students, teachers, parents, administrators, and the school board * opening prayer and meditation rituals * a special foreword by Bishop Thomas J. Gumbleton, one of the few Catholic bishops to publicly affirm LGBT persons * an extensive bibliography and glossary regarding the experiences, language, culture, and spirituality of LGBT youth * the latest research findings on at-risk behaviors of LGBT teenagers * training handouts that are easy to duplicate and use as transparencies * a manual log that can be used as a training diary * and much more! *Creating Safe Environments for LGBT Students* is an essential resource for faculty and staff members at Catholic high schools, particularly school administrators, chaplains, campus ministers, psychologists, social workers, and counselors.

In innumerable discussions and activities dedicated to better understanding and helping teenagers, one aspect of teenage life is curiously overlooked. Very few such efforts pay serious attention to the role of religion and spirituality in the lives of American adolescents. But many teenagers are very involved in religion. Surveys reveal that 35% attend religious services weekly and another 15% attend at least monthly. 60% say that religious faith is important in their lives. 40% report that they pray daily. 25% say that they have been "born again." Teenagers feel good about the congregations they belong to. Some say that faith provides them with guidance and resources for knowing how to live well. What is going on in the religious and spiritual lives of American teenagers? What do they actually believe? What religious practices do they engage in? Do they expect to remain loyal to the faith of their parents? Or are they abandoning traditional religious institutions in search of a new, more authentic "spirituality"? This book attempts to answer these and related questions as definitively as possible. It reports the findings of *The National Study of Youth and Religion*, the largest and most detailed such study ever undertaken. The NYSR conducted a nationwide telephone survey of teens and significant caregivers, as well as nearly 300 in-depth face-to-face interviews with a sample of the population that was surveyed. The results show that religion and spirituality are indeed very significant in the lives of many American teenagers. Among many other discoveries, they find that teenagers are far more influenced by the religious beliefs and practices of their parents and caregivers than commonly thought. They refute the conventional wisdom that teens are "spiritual but not religious." And they confirm that greater religiosity is significantly associated with more positive adolescent life outcomes. This eagerly-awaited volume not only provides an unprecedented understanding of adolescent religion and spirituality but, because teenagers serve as bellwethers for possible future trends, it affords an important and distinctive window through which to observe and assess the current state and future direction of American religion as a whole.

To young Christians of the world, Pope Francis has a message for you: "Christ is alive, and he wants you to be alive!" In his fourth apostolic exhortation, *Christus Vivit*, Pope Francis encapsulates the work of the 2018 synod of bishops on "Young People, The Faith, and Vocational Discernment." Pope Francis has always had a special relationship with young people, and in his fatherly love for you he shows that: You can relate to young people in Scripture who made a difference You identify with the Christ who is always young You face difficult issues in the world today You yearn for the truth of the Gospel You are capable of amazing things when you respond to the Gospel You learn and grow with help from the faithful of all generations You need bold and creative youth ministry You can discover who God made you to be You are urged to pray for discernment *Christus Vivit* is written for and to young people, but Pope Francis also wrote it for the entire Church, because, as he says, reflecting on our young people inspires us all. "May the Holy Spirit urge you on as you run this race. The Church needs your momentum, your intuitions, your faith. We need them! And when you arrive where we have not yet reached, have the patience to wait for us."

This book is a unique contribution to the study of children's and youth ministry, displaying the rich theological thinking that is developing amongst Australian evangelical scholars. Many of the writers have previously presented at the Youthworks "House" conference, which promotes "theological reflection for best practice in youth and children's ministry in a community of youth and children's ministers." The themes explored in this book are vitally important to pastors seeking to nurture young people as disciples of Jesus. Thirteen evangelical scholars answer questions such as: How can biblical theology shape a young person's view of themselves? What is the biblical definition of church and how does this shape our understanding of intergenerational gatherings, family, and community? How should young Christians interact with the culture around them? And how do biblical teachings on sin, grace, and wisdom provide young people with the resources to live in today's world? You will be challenged to reconsider how theology and exegetical study of the Bible can mold your priorities, principles, and presumptions as you exercise ministry to and with young people.

"We come to know God through His story, through His wonderful works in the history of salvation" (*Sacrosanctum concilium*, 35.2). Effective preachers do more than retell this story—they make informed imaginative connections that help contemporary listeners engage with these ancient texts. In *Preaching the Light of the Word: Enlivening the Scriptural Imagination*, scholars and experienced preachers share their wisdom on how Scripture shapes and inspires preaching." Featuring contributions from Fr. J. Michael Joncas, Rita Ferrone, Fr. Donald Senior, cp, Ann Garrido, Thomas Long, Sr. M. Catherine Hilkert, op, Fr. Jude Siciliano, op, and Michael E. Connors, csc, this imaginative collection of essays will challenge the reader to discover: How preachers are to understand revelation and the divine inspiration of the scriptural texts. Sound approaches to

biblical interpretation. How to bridge the chasm of years to find meaning for today in these ancient texts. An understanding of scripturally based preaching. How the biblical text informs and inspires preaching and can lead the assembly into a deeper relationship with God.

Studying Acts may make readers feel as though they are stepping into a different world, a world of miracles, a world where God is alive and moving and doing remarkable things. How can that world intersect ours? How can the old story of people speaking in tongues and raising the dead come alive in a world where no one speaks in tongues and the dead stay dead? How can Acts be relevant to our lives and our church? In Acts, the people who believe in Jesus are filled with the Holy Spirit and set about the business of gathering a community. They have to decide how wide their tent is going to be and whom they're going to embrace, so they give themselves to the task of breaking down walls. Jesus is not just for Jews, they decide. He's for everyone. They launch out spreading the word. Paul becomes the focal point of the story, and he and his friends move about the ancient world telling all kinds of people the good news about Jesus and his resurrection. But there is opposition, and Paul is imprisoned. He is faithful even there, though, taking a stand before the government authorities. By the time the drama of Acts ends, Paul might be confined, but his message most assuredly is not. The gospel has been unleashed throughout that entire part of the world. Gathering a community. Breaking down walls. Spreading the word. Taking a stand. These four phrases organize this study of Acts and guide readers through a world alive with God and God's mighty deeds. And all of us who have drunk too deeply at the wells of reason and rationality will once again pause to wonder and stand rapt in awe.

At the end of WWII, the Soviet Union, to its surprise and delight, found itself in control of a huge swath of territory in Central Europe. It set out to convert a dozen radically different countries to a completely new political and moral system, Communism. *Iron Curtain* describes how the communist regimes of Eastern Europe were created, and what daily life was like once they were complete. Applebaum draws on newly opened European archives and personal accounts translated for the first time to portray in devastating detail millions of individuals trying to adjust to a way of life that challenged their every belief, rendered worthless their every qualification, and took everything away they had accumulated. Today the Soviet Block is a lost civilization, once whose cruelty, paranoia, bizarre morality and strange aesthetics Applebaum captures in the electrifying pages of this book.

Wise Up! invites the reader to step up to the divine customer service desk and exchange self-sufficiency, self-absorption, self-indulgence, and self-protection for the four virtues of biblical wisdom: the fear of the Lord (faith), the listening heart (compassion), the cool spirit (self-discipline), and the subversive voice (moral courage). An invaluable resource for personal devotion, small group study, and sermon series, *Wise Up!* is a spiritual manual for navigating the twists and turns of an unpredictable life. The author mines the riches of the Bible's wisdom literature from Proverbs, Job, Ecclesiastes, and the short sayings of the synoptic Jesus. The result is four guiding virtues that can keep our feet from stumbling on the journey to wisdom through the thorniest of paths. McKenzie, the author of several popular books for both clergy and laity, places her profound knowledge of biblical wisdom in conversation with the absurdities, pains, and joys of our everyday lives. She invites wisdom down from the pedestal to accompany the reader on his or her daily rounds. Reading this book, at the same time, soothes the soul and troubles the conscience. It deepens faith, fires compassion, cools destructive desires, and nudges the sleeping conscience awake.

Why closing the back door of your church is even more important than opening the front door wider. In Sticky Church, author and pastor Larry Osborne offers a time-tested strategy for doing so: sermon-based small groups that dig deeper into the weekend message and tightly velcro members

to the ministry. It's a strategy that enabled Osborne's congregation to grow from a handful of people to one of the larger churches in the nation—without any marketing or special programming. Sticky Church tells the inspiring story of North Coast Church's phenomenal growth and offers practical tips for launching your own sermon-based small group ministry. Topics include: Why stickiness is so important Why most of our discipleship models don't work very well Why small groups always make a church more honest and transparent What makes groups grow deeper and stickier over time Sticky Church is an ideal book for church leaders who want to start or retool their small group ministry—and velcro their congregation to the Bible and each other.
