DECKER MOHAMMAD

Russia Without Putin Doubleday Books

Three popular books, now collected for the first time in one special edition! We live in a world that seems to be on the verge of coming apart. Shootings. Killer viruses. The threat of nuclear war. All of it is just too real. What is happening in our world today is moving Christians to return to the foundations of our spiritual existence. Believers everywhere must get back to what matters most. We must always remember our battle, at its most basic level, is spiritual. In *The Prophecy Collection*, popular Bible teacher Mark Hitchcock helps you discover spiritual insight and spiritual tools to understand what's happening--and to prepare for the future--through three important works: *The End Times Survival Guide* *The Coming Apostasy* (coauthored with Jeff Kinley) *Russia Rising* As we prepare for the Lord's coming, it's time to understand the biblical truths you need to know in order to face an increasingly decaying, darkening world. No matter what the future holds, anchor your spiritual health and welfare on the immovable rock of God's Word.

[The Midwest Survival Guide](#) Russian Information Service

Handy (and often hilarious) hacks from the resourceful TV hero. Includes illustrations! For over thirty years, the name MacGyver has been synonymous with astonishing feats of ingenuity, from fixing a car with nothing but water and egg whites to busting out of jail using a hairpin and a pair of repurposed handcuffs to, of course, saving the world with his favorite weapon, a simple paperclip. What you might not know is that every trick that the resourceful secret agent pulls off on CBS's hit show has been tested and fact-checked by experts, and really works . . . most of the time. No one is saying that you should craft a DIY airplane out of trash bags and a lawnmower engine. But with this book, you could. The first official how-to guide to the MacGyver universe, this book is packed with drawings and step-by-step descriptions of the hacks that made this character the world's most resourceful secret agent. It's lots of fun for fans of the new hit series as well as the classic show that started it all—or anyone who enjoys a bit of applied physics and clever problem-solving.

The sole surviving family member, the daughter Agafia, lives by herself in the Lykov family cabin to this day.

Del Rey

In this book, a widely respected advisor on academic administration and ethics offers tips, insights, and tools for handling complaints, negotiating disagreements, responding to accusations of misconduct, and dealing with difficult personalities. With humor and generosity, C. K. Gunsalus applies

scenarios based on real-life cases to guide academic administrators through the dilemmas of management in not-entirely-manageable environments. *Culture Shock!*. WeldonOwn+ORM

Managing life, relationships and mental health on any social media platform. Empower your kids to stay safe online with this fun, comprehensive guide for kids aged 10+. Packed with entertaining illustrations alongside practical information, the Social Media Survival Guide answers questions about all aspects of social media - the good AND the bad - making it a must-have tool for young people (and parents) to help navigate the online world safely and confidently and learn the best approaches to taking care of themselves. Content includes:- In-depth coverage of a range of important a difficult issues young people face including: body image, appearance-enhancing filters, influencers, sexual content and mental health- Uses recognisable themes rather than platform specifics, making the content relevant long-term- Tips on how to set up accounts safely and best manage privacy and messaging settings- Addressing your persona, online reputation, and relationships- Understanding fake news and information- How to handle online bullying, as well as avoiding trolls- Also includes links to professionally approved websites with more advice and support- Expert advice from children's online charity, Childnet International

Russian Business Survival Guide Tyndale House Publishers, Inc.

The Closer's Survival Guide is perfect for sales people, negotiators, deal makers and mediators but also critically important for dreamers, investors, inventors, buyers, brokers, entrepreneurs, bankers, CEO's, politicians and anyone who wants to close others on the way they think and get what they want in life. Show me any highly successful person, and I will show you someone who has big dreams and who knows how to close! The end game is the close.

Culture Shock! Russia Schiffer Pub Limited

The book is centred on a fascinating personality, a Western Siberian indigenous poet, reindeer herder and ecological activist, who, in his 40s, made the choice to live in the forest with reindeer. There, he struggled with oil giant LUKoil to ensure his reindeer the possibility to live. A series of essays reflect on his awareness and construction of self and culture, his complex relations with the oil industry, and his native spirituality. It presents insights into what it means to be an indigenous intellectual in post-Soviet Russia at the beginning of the 21st century. Yuri Vella (1948-2013) is not an ordinary representative of his people, but he shows one of the possible forms indigenous leadership could take in Russia, if it aims at giving indigenous peoples the possibility in the near and far future to shape a sustainable relation to nature and their neighbours.

An Agile Adoption and Transformation Survival Guide Random House

"When Gessen speaks about autocracy, you listen." —The New York Times "A reckoning with what has been lost in the past few years and a map forward with our beliefs intact." —Interview As seen on MSNBC's Morning Joe and heard on NPR's All Things Considered: the bestselling, National Book Award-winning journalist offers an essential guide to understanding, resisting, and recovering from the ravages of our tumultuous times. This incisive book provides an essential guide to understanding and recovering from the calamitous corrosion of American democracy over the past few years.

Thanks to the special perspective that is the legacy of a Soviet childhood and two decades covering the resurgence of totalitarianism in Russia, Masha Gessen has a sixth sense for the manifestations of autocracy—and the unique cross-cultural fluency to delineate their emergence to Americans.

Gessen not only anatomizes the corrosion of the institutions and cultural norms we hoped would save us but also tells us the story of how a short few years changed us from a people who saw ourselves as a nation of immigrants to a populace haggling over a border wall, heirs to a degraded sense of truth, meaning, and possibility. Surviving Autocracy is an inventory of ravages and a call to account but also a beacon to recovery—and to the hope of what comes next.

Social Media Survival Guide Usborne Life Skills

From the author of the #1 New York Times bestseller, *World War Z*, *The Zombie Survival Guide* is your key to survival against the hordes of undead who may be stalking you right now. Fully illustrated and exhaustively comprehensive, this book covers everything you need to know, including how to understand zombie physiology and behavior, the most effective defense tactics and weaponry, ways to outfit your home for a long siege, and how to survive and adapt in any territory or terrain. Top 10 Lessons for Surviving a Zombie Attack 1. Organize before they rise! 2. They feel no fear, why should you? 3. Use your head: cut off theirs. 4. Blades don't need reloading. 5. Ideal protection = tight clothes, short hair. 6. Get up the staircase, then destroy it. 7. Get out of the car, get onto the bike. 8. Keep moving, keep low, keep quiet, keep alert! 9. No place is safe, only safer. 10. The zombie may be gone, but the threat lives on. Don't be carefree and foolish with your most precious asset—life. This book is your key to survival against the hordes of undead who may be stalking you right now without your even knowing it. *The Zombie Survival Guide* offers complete protection through trusted, proven tips for safeguarding yourself and your loved ones against the living dead. It is a book that can save your life.

NEW, updated edition! Written by a teenager, this kid-friendly, inspiring book is filled with advice, tips, and strategies for how to deal with bullying.

NEW, updated edition! Written by a teenager who was bullied throughout middle school and high school, this kid-friendly book offers a fresh and relatable perspective on bullying. Along the way, the author offers guidance as well as different strategies that helped her get through even the toughest of days. *The Survival Guide to Bullying* covers everything from cyber bullying to how to deal with fear and how to create the life you dream of having. From inspiring "roems" (rap poems), survival tips, personal stories, and quick quizzes, this book will light the way to a brighter future. This updated edition also features new, never-before-seen content including a chapter about how to talk to parents, an epilogue, and an exclusive Q&A with the author.

Lost in the Taiga Lulu.com

On one level, this book is the story of an epic 6000-kilometer road trip from the frigid shores of the Barents Sea to Sochi, Russia's southernmost tip on the Black Sea. Dubbed "The Spine of Russia," the adventure tasked a mismatched duo of Russian and American journalists with capturing a view of Russia from the ground, to collect powerful images and honest human stories that offered a more subtle, complex picture of the world's largest country. But this book is far more than just a travel essay. For it intertwines fascinating subject profiles with digressions into historical and cultural themes relevant to understanding modern Russia. It is a story told with humor and with the insight derived from the author's three decades of

intimate interactions with Russia. Among the many interesting stories in the book: An expedition to "The Well to Hell" A music school in one of the most polluted towns on earth An energetic youth activist branded as a foreign agent Russia's largest manufacturer of barbells (who also makes cloudberry preserves) A roadside berry seller recently paroled from prison A blacksmith who is a Jehovah's Witness A bone-chilling trip to the foundation place of the Russian state The slightly off-kilter leader of St. Petersburg's Cossack community A retired village doctor who can't stop working, because he won't be replaced A piece of Nebraska transplanted into the middle of Russia's Black Earth region There were also craft beer makers, ballroom dancers, policemen, restaurant owners, an opera student, a priest, a single mother, an accessibility activist, teachers, docents, a best-selling author, soap makers, journalists, a sailor, a winemaker, and a woman taking on the male-dominated world of Russian hockey. And no trip to Russia would be complete without a run-in with security officials in leather jackets. So there is also that. Taken together, the stories from this epic road trip create a compelling portrait of Russia and its people. The book could not be more timely; recent events show how vital it is for Americans to continue working to understand Russia.

How to Spy on Your Neighbor Rossi Publications

Much more than a guide to travel in Russia, this book is widely recognized as the definitive businessw resource on Russia Compact and comprehensive, it packs more information on business and travel to Russian in 200 pages than you would think possible. Updated yearly, this is an essential resource for business travelers.

Russia Survival Guide Doubleday Books

New York Times Bestseller A hilarious full-color guide to Midwestern culture, from comedian and journalist Charlie Berens, creator of the viral comedic series "The Manitowoc Minute" Have you ever had a goodbye lasting more than four hours? Do you lack the emotional capacity to say "I love you" so you just tell your loved ones to "watch out for deer"? Have you apologized to a stranger because she stepped on your foot? If you answered yes to any of these questions, there's a good chance you're a Midwesterner—or a Midwesterner at heart. Even if you answered no, you probably know someone who held the door for you from two football fields away. He likely waved at you and said, "Hey there," like you organized the church bar crawl together. That was a Midwesterner in the wild. We understand that your interaction was strange—but it's likely to get stranger. Don't wait until they stick their head in your second-floor window to invite you over for a perch fry because they climbed on your roof to clean your gutters. There's no need to pull the pepper spray; this species is helpful by nature. And the relationship could be very symbiotic—but only if you let it happen. And that's where this book comes into play. Inspired by my comedy tours across the Midwest and life growing up in Wisconsin, this book is an exploration into my favorite region on Earth. Some may think the Midwest is just a bunch of bland flyover states filled with less diversity than a Monsanto monoculture. But scratch that surface with your buck knife and you'll find rich cultures and traditions proving we're more than just fifty shades of milk. So whether you're a born-and-bred Midwesterner looking to sharpen your skill at apologies or a costal elite visiting the in-laws for the holidays, this book will help you navigate the Midwest, with everything from the best flannel looks to dating and mating rituals (yes, casserole is involved) to climbing the corporate corn silo to how to handle a four-way stop—and every backyard brat fry in between. And for those of you who don't like reading, don't worry—we've got pictures! Toss in illustrations, sidebars, quizzes, and jokes worthy of a supper club stall and *The Midwest Survival Guide* is just the walleye-deep look into this distinctive, beautiful, and bizarre American culture you've been looking for.

The Official MacGyver Survival Manual Penguin

Siberia - infamous for its brutal winters, and larger than the entire United States - is not the only wilderness within the former Soviet Union. Harsh southern deserts, arctic islands, disputed border regions, and minority populations belligerent towards the their present government are spread all across the gigantic nation. Flying over Russia presents risks few other aircrews in time of peace must face. And while Russian combat aircraft are world renowned for their reliable performance, what happens when something does go wrong? Given their exceptional egress systems - odds are the pilot will eject safely, but how does he survive and advance under such potentially dire circumstances? *MiG Pilot Survival: Russian Aircrew Survival Equipment and Instruction* explores the components and details of Russian survival science with color photographs, in depth descriptions, and a full translation of the exact manual - with original illustrations intact - as used by Russian aircrews in time of crisis, Alan R. Wise is a consultant, writer, and photographer who has done work for the Department of Defense, Department of State, U.S. Army, U.S. Air Force, U.S. Air Force Museum, and the Kansas Cosmosphere and Space Center. He has served as a military advisor and has written numerous articles for magazines such as *National Defense*, *Journal of Defense and Diplomacy*, *Armor*, and *Behind the Lines: The Journal of Special Operations*. He is also the coauthor with Michael S. Breuninger of *Jet Age Flight Helmets* (see page 5 of this catalog). He resides in Middletown, Ohio and is an experienced collector specializing in flight gear, survival and special operations equipment, and military vehicles.

The ineffectual Ambassador is just one of the handicaps facing the Americans as Southeast Asia becomes increasingly involved with Communism.

MiG Pilot Survival Harvard University Press

Following the success of "Cryptolawgy: A Pioneering Resource on Crypto Laws and Regulations," Dah (Prince) Roland Amoussou releases a highly anticipated follow-up: "Cryptolawgy: A Survival Guide to Crypto Business Risks" (Crypto Contracts and Litigations Made Simple). This new volume

responds to the growing demand for practical guidance to navigate the complexity of legal issues in the cryptocurrency space. Amoussou meticulously examines the intricate legal landscape surrounding cryptocurrency and blockchain technology in this comprehensive guide. The book offers invaluable insights for dealing with the multiplex web of regulations, contracts, and litigation in the rapidly evolving crypto industry. Key features of the book include: - Global Regulatory Overview: An exploration of diverse regulatory approaches across four continents, with detailed insights into key markets such as the United States, European Union, Japan, Thailand, Hong Kong, Mauritius, and Nigeria. - Legal Risk Assessment: A thorough analysis of the legal risks associated with cryptocurrency, including regulatory compliance, contractual disputes, anti-money laundering (AML), know-your-customer (KYC) requirements, and data protection laws. - Crypto Contracting Guide: A practical section for investors and entrepreneurs, covering contract fundamentals, unique aspects of crypto contracts, and implications of smart contracts. It also provides guidance on contracting processes, administration, and strategic management to minimize legal risks and ensure compliance. - Tax-related issues in crypto

investment and operations - Litigation in Crypto Business: An in-depth look at common types of litigation in the crypto world, including civil lawsuits, regulatory enforcement actions, criminal prosecutions, tax disputes, and arbitration. Case studies of landmark cases such as SEC v. Ripple Labs offer valuable insights into legal processes and their potential industry impacts. - The Future of Dispute Resolution in Crypto and Blockchain Arbitration: A discussion on Smart Contracts and how arbitration works. - Digital Asset Definitions: A preliminary chapter emphasizing the importance of clear and precise definitions for digital assets, examining various jurisdictions to highlight commonalities and differences in regulatory approaches. - Guide Templates on various crypto-related contracts and agreements - A Real Cross-border case study involving crypto fraud in Thailand and the UK - How to Open and Operate a crypto account - A Checklist on surviving crypto-related legal issues. "Cryptolawgy" (Vol. 2) caters to a diverse audience, including retail investors, legal practitioners, entrepreneurs, business owners, students, and researchers. By providing guiding principles and in-depth analyses, this publication equips readers with the knowledge and tools to confidently navigate the legal challenges and opportunities in the dynamic and transformative crypto industry.
