Arrow Notion Press

Written in 1980, this novel by prize-winning Indian writer Mahasweta Devi, translated and introduced by Gayatri Chakravorty Sprivak, is remarkable for the way in which it touches on vital issues that have in subsequent decades grown into matters of urgent social concern. Written by one of India's foremost novelists, and translated by an eminent cultural and critical theorist. Ranges over decades in the life of Chotti – the central character – in which India moves from colonial rule to independence, and then to the unrest of the 1970s. Traces the changes, some forced, some welcome, in the daily lives of a marginalized rural community. Raises questions about the place of the tribal on the map of national identity, land rights and human rights, the 'museumization' of 'ethnic' cultures, and the justifications of violent resistance as the last resort of a desperate people. Represents enlightening reading for students and scholars of postcolonial literature and postcolonial studies.

"Essential reading for anyone who wants to understand history – and then go out and change it." –President Barack Obama Nelson Mandela was one of the great moral and political leaders of his time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. After his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela was at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's anti-apartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is still revered everywhere as a vital force in the fight for human rights and racial equality. *Long Walk to Freedom* is his moving

and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela told the extraordinary story of his life -- an epic of struggle, setback, renewed hope, and ultimate triumph. The book that inspired the major motion picture *Mandela: Long Walk to Freedom*.

Eleanor Estes's *The Hundred Dresses* won a Newbery Honor in 1945 and has never been out of print since. At the heart of the story is Wanda Petronski, a Polish girl in a Connecticut school who is ridiculed by her classmates for wearing the same faded blue dress every day. Wanda claims she has one hundred dresses at home, but everyone knows she doesn't and bullies her mercilessly. The class feels terrible when Wanda is pulled out of the school, but by that time it's too late for apologies. Maddie, one of Wanda's classmates, ultimately decides that she is "never going to stand by and say nothing again." This powerful, timeless story has been reissued with a new letter from the

author's daughter Helena Estes, and with the Caldecott artist Louis Slobodkin's original artwork in beautifully restored color.

The abuse of power, genocide, the destruction of total war, unimaginable cruelty and the suffering of millions were all central features of Hitler's Nazi regime. Yet the Nazis were also highly successful in manipulating images and information: they mobilized and engaged vast numbers of people, caught the imagination of the young and appeared remarkably modern to many contemporary observers. Was the Third Reich a throwback to a mythical past or a brutally modern and technologically advanced state? Was

Hitler a strong dictator who achieved his clear goals, or was his chaotic style of government symptomatic of a weak dictator, unable to control the complex and contradictory forces that he had unleashed? Was the Third Reich ruled by terror, or largely supported by a compliant German population? Was the genocide against the Jews a peculiarly German phenomenon, or a uniquely German expression of a terrible wider trend? Whittock explores these and other key questions, interrogating the views of different historians and drawing on a wealth of primary sources - from state-sponsored art to diaries, letters and memoirs of both perpetrators and victims - to provide an overview of the complex evidence. History should aim to put us firmly in touch with the lives of people living in the past and the issues they faced. Whittock never loses sight of the individuals whose lives were caught up in these extraordinary events, while also giving a lucid overview of the bigger picture.
