This dual-language book is a translation of John Pecham's *De aeternitate mundi* (On the Eternity of the World), written probably in 1270. Pecham was born in England around 1230. He pursued studies in Paris, where he may have been a student of Roger Bacon's, and at Oxford. He returned to Paris some time between 1257 and 1259 to study theology and in

1269-1270 became magister theologiae. It was at this time that he presumably wrote the essay translated here, and presented it as part of his inception, the equivalent of a doctrinal defense, in 1271, when he sought to become a magister regens, a member of the theological faculty. While Pecham was studying in Paris, two controversial theological innovations were being debated. The first issue involved the founding of the mendicant orders (Franciscans and Dominicans) in the first decade of the thirteenth century. Their active moving about, preaching and

teaching, represented a departure from the established Rule of St. Benedict in which Orders were largely confined to monasteries. The second debate was over the introduction of the new philosophy of Aristotle. The Dominicans and Franciscans found themselves allied against the Latin Averroists (or Radical Aristotelians) on such issues as the unicity of the intellect and the assertion of the world's eternity in the sense that it was not created. The two Orders disagreed, however, on the truth of other Aristotelian theses such as the unicity of substantial form and the

demonstrability of the world's having a beginning in time. On another front, having to do with the legitimacy of the Dominicans and Franciscans interpretation of religious life, the two Orders united under attacks from the secular clergy. Pecham, a Franciscan, witnessed his Order allied with the Dominicans against Averroists and secular clergy, and at odds with them over Aristotelianism in orthodox theology. During this tumultuous time Pecham met, and probably discussed his inception with Thomas, and his position on the eternity of the world can be compared to the treatment of the topic found in the writings of St. Thomas Aquinas and St. Bonaventure. In 1279, Pecham was named the Archbishop of Canterbury by Pope Nicolas III, in this position it was expected that he carry out reforms mandated by the Council of Lyons. The ruling of that council included the eradication of the Averroists radical departures from theological philosophy and some of the theses held by the Thomists. Pecham died in 1291, no doubt in disappointment that the reforms for which he had strived never came to pass.

Ghana has played a key role in African/Western relations since medieval times. For this reason and others, Ghana has evolved into a linguistic quilt that contains forty-four indigenous languages and several exotic ones, of which most Ghanians speak at least two. Using Accra, Ghana's capital, as a microcosm, Dakubu conducts a linguistic, historical, and ethnographic investigation of the origins and durability of this multilingualism and how it has effected Ghanaian society.

In this original *Outlander* novella, Diana Gabaldon reveals what really happened to Roger MacKenzie Wakefield's parents. Orphaned during World War II, Roger believed that his mother died during the London Blitz, and that his father, an RAF pilot, was killed in combat. But in *An Echo in the Bone*, Roger discovers that this may not be the whole story. Now, in "A Leaf on the Wind of All Hallows," readers learn the truth. Praise for Diana Gabaldon's

[A Leaf on the Wind of All Hallows: An Outlander Novella](#) Anchor Canada Mobility is fundamental to economic and social activities such as commuting, manufacturing, or supplying energy. Each movement has an origin, a potential set of intermediate locations, a destination, and a nature which is linked with geographical attributes. Transport systems composed of infrastructures, modes and terminals are so embedded in the socio-economic life of

individuals, institutions and corporations that they are often invisible to the consumer. This is paradoxical as the perceived invisibility of transportation is derived from its efficiency. Understanding how mobility is linked with geography is main the purpose of this book. The third edition of *The Geography of Transport Systems* has been revised and updated to provide an overview of the spatial aspects of transportation. This text provides greater discussion of security, energy, green logistics, as well as new and updated case studies, a revised content structure, and new figures. Each chapter covers a specific conceptual dimension including networks, modes, terminals, freight transportation, urban transportation and environmental impacts. A final chapter contains core methodologies linked with transport geography such as accessibility, spatial interactions, graph theory and Geographic Information Systems for transportation (GIS-T). This book provides a comprehensive and accessible introduction to the field, with a broad overview of its concepts, methods, and areas of application. The accompanying

website for this text contains a useful additional material, including digital maps, PowerPoint slides, databases, and links to further reading and websites. The website can be accessed at:

This text explores the theme of intra-Islamic tensions in North and West Africa, the result largely of the rise of radical Islamist movements in countries such as Egypt, Algeria and the Sudan.

The African Frontier Fordham Univ Press
Situating along the Senegal River, the Kingdom of Waalo was the smallest of the Wolof states of Senegal, but it illustrates the broader consequences of a shift from trans-Saharan to trans-Atlantic commerce during a time of competing European, Muslim, and indigenous African forces. From the establishment of a French trading post in 1659 to the early nineteenth century, the history of Waalo

was closely tied to French interests in St. Louis, popular revolutionary Islamic movements, and internal rivalries between competing royal families and provincial leaders. Stimulating Waalo's socio-political changes were the devastations and fluctuations of the Atlantic slave trade, as well as the Muslim attack on its aristocracy. Torn by internal divisions, devastated by French and Berber incursions, Waalo's institutions and its economy declined. Residents of Waalo sought their own solutions only for external agents to ruin their efforts. By the nineteenth century, the French attempted to establish a plantation economy in Waalo, culminating in their military control of the state and the Senegal valley. This newly translated study is a vital tool in our understanding of Senegal's history, its place in the era of trans-Saharan and trans-Atlantic commerce, and its development into the present. The book should be of value to African studies scholars, anthropologists, and historians of Africa, colonialism, empire, and post-colonialism.

Ce livre remonte à l'époque qui précède la constitution de l'empire bamanan de Biton Mamari Coulibaly. Il décrit aussi l'empire toucouleur de El Hadj Omar Tall de sa création à sa dislocation, la conquête coloniale suivie de l'occupation française, mais aussi la lutte pour l'émancipation du Soudan français avec ses principaux acteurs. Il rappelle l'indépendance, d'abord de la Fédération, puis de la République du Mali jusqu'à l'avènement de la 2e République.

Sexual Medicine in Primary Care

Drawing from the diverse fields of postcolonial studies, literary studies, history, anthropology, sociology, political science, environmental studies, and development studies, among others, *Gender and Sexuality in Senegalese Societies* demonstrates the urgency and necessity of new research in gender and queer studies in and on Senegalese societies. By focusing on subjects that have thus far been largely neglected in national and scholarly debates, the chapters are subversive, complex, and inclusive, centering within Senegalese studies themes and elements of

alternative, nonbinary, variant, and nonheteronormative gender identities, sexualities, and voices. Contributors demonstrate that nationalist and anticolonial discourses propelled by deep and lingering socioeconomic inequalities have led, in postcolonial Senegal, to vitriolic scapegoating of individuals and communities with variant sexual and gender identities. The chapters in this volume look inward to the voices and experiences of the Senegalese people to challenge nationalist representations of advocacy for the liberation of gender and sexual minorities in Senegal as a function of a Western neocolonialist agenda.

Les Bambara du Ségou et du Kaarta
Routledge

#1 NEW YORK TIMES BESTSELLER • Diana Gabaldon returns with the “vast and sweeping” (The Washington Post) newest novel in the epic Outlander series. War leaves nobody alone. Neither the past, the present, nor the future offers true safety, and the only refuge is what you can protect: your family, your friends, your home. Jamie Fraser and Claire Randall were torn apart by the Jacobite Rising in 1746, and it took them twenty years of

loss and heartbreak to find each other again. Now it’s 1779, and Claire and Jamie are finally reunited with their daughter, Brianna, her husband, Roger, and their children, and are rebuilding their home on Fraser’s Ridge—a fortress that may shelter them against the winds of war as well as weather. But tensions in the Colonies are great: Battles rage from New York to Georgia and, even in the mountains of the backcountry, feelings run hot enough to boil Hell’s teakettle. Jamie knows that loyalties among his tenants are split and it won’t be long before the war is on his doorstep. Brianna and Roger have their own worry: that the dangers that provoked their escape from the twentieth century might catch up to them. Sometimes they question whether risking the perils of the 1700s—among them disease, starvation, and an impending war—was indeed the safer choice for their family. Not so far away, young William Ransom is coming to terms with the mysteries of his identity, his future, and the family he’s never known. His erstwhile father, Lord John Grey, has reconciliations to make and dangers to meet on his son’s behalf and on his own, and far to the north, Young Ian

Murray fights his own battle between past and future, and the two women he’s loved. Meanwhile, the Revolutionary War creeps ever closer to Fraser’s Ridge. Jamie sharpens his sword, while Claire whets her surgeon’s blade: It is a time for steel.

The African Saga Rowman & Littlefield
The seventh Outlander novel from #1 National Bestselling author Diana Gabaldon. Jamie Fraser, erstwhile Jacobite and reluctant rebel, knows three things about the American rebellion: the Americans will win, unlikely as that seems in 1778; being on the winning side is no guarantee of survival; and he’d rather die than face his illegitimate son—a young lieutenant in the British Army—across the barrel of a gun. Fraser’s time-travelling wife, Claire, also knows a couple of things: that the Americans will win, but that the ultimate price of victory is a mystery. What she does believe is that the price won’t include Jamie’s life or happiness—not if she has anything to say. Claire’s grown daughter Brianna, and her husband, Roger, watch the unfolding of Brianna’s parents’ history—a past that may be sneaking up behind their own family.

Strengthening Women's Entrepreneurship Doubleday Canada

A beautifully designed collector's edition of the third book in Diana Gabaldon's blockbuster *Outlander* series featuring a brand new introduction and bonus material to celebrate the 25th anniversary of its original publication. In this rich, vibrant tale, Diana Gabaldon continues the story of Claire Randall and Jamie Fraser that began with the now-classic novel *Outlander* and continued in *Dragonfly in Amber*. Sweeping us from the battlefields of eighteenth-century Scotland to the exotic West Indies, Diana Gabaldon weaves magic once again in an exhilarating and utterly unforgettable novel. Their passionate encounter happened long ago by whatever measurement Claire Randall took. Two decades before, she had traveled back in time and into the arms of a gallant eighteenth-century Scot named Jamie Fraser. Then she returned to her own century to bear his child, believing him dead in the tragic battle of Culloden. Yet his memory has never lessened its hold on her . . . and her body still cries out for him in her dreams. Then Claire discovers that

Jamie survived. Torn between returning to him and staying with their daughter in her own era, Claire must choose her destiny. And as time and space come full circle, she must find the courage to face the passion and the pain awaiting her . . . the deadly intrigues raging in a divided Scotland . . . and the daring voyage into the dark unknown that can reunite--or forever doom--her timeless love.
