This book brings together writings by Ralph Russell, the eminent twentieth-century Urdu scholar, which illuminates his life-long engagement with Urdu speakers and their literature. Written in his lively, accessible style, it provides a unique introduction for those new to Urdu literature, and unusual insights for those familiar with it. Part 1 is autobiographical, describing how he first came in contact with Urdu speakers when conscripted into the Indian Army during World War II; and later encounters, which portray his warm character and his interest in people. Part 2 comprises essays on key figures in Urdu literature, reflecting his personal interests. Poets of the eighteenth and nineteenth-centuries, early novelists, popular literature, and memoirs by remarkable women. Russell is best known as an authority on Ghalib, and one essay describes his approach to translating Ghalib's ghazals. Part 3 has essays on language and literary history, characterized by

his combination of meticulous scholarship with a broad understanding of social and political contexts. The Foreword by Marion Molteno, his student and editor, and now his literary executor, introduces readers to his life and work. The Afterword brings together appreciations by some of the hundreds of people who were influenced by him.

This book brings together writing by Ralph Russell, the eminent 20th century scholar of Urdu, which illuminates his life-long engagement with Urdu speakers and their literature. It showcases his lifelong commitment to Urdu as a language, a history, and culture. Written in his lively, accessible style, it provides a unique introduction for those new to Urdu literature, and unusual insights for those familiar with it. Each piece contributes something different - taken together, they reflect his masterful engagement with Urdu prose and poetry, his championing of the language against colonial neglect of Indian literatures, and the warmth of his interactions with Urdu speakers of all backgrounds. The essays contained in this volume cover sweeping ground - highlighting major writers and their works, discussing both classical and unconventional "popular" genres,

teasing out secrets in Ghalib's ghazals, analysing the burdens of colonialism and Partition, and engaging with the role of Islam in Urdu literature. Russell shares his insights in a way that draws the reader in, deftly entwining intellectual arguments with personal encounters. Pakistan today stands at a critical juncture in its short history of existence. While much has been written about Pakistan, little is known about Communism or left-leaning politics in the country post-Partition which played a key role in shaping Pakistani politics today. Kamran Asdar Ali here presents the first extensive look at Pakistan's communist and working class movement. The author critically engages with the history of Pakistan's early years while paying special attention to the rise and fall of the Communist Party of Pakistan (CPP), from Partition in 1947 to the aftermath of Bangladeshi independence in 1971. Since its formation in 1947 as a homeland for South Asian Muslims, Pakistan has been a configuration of shifting alliances and competing political and social ideologies. Pakistan has experienced three military takeovers and is plagued with geopolitical conflict - from Kashmir to Baluchistan, Waziristan - and while these aspects of Pakistan make headlines, in order to understand the complexities of these events, it is vital to understand the state's relationship throughout history with its divergent political and ethnic voices. One dominant feature of the state, along with its emphasis on the Islamic nature of its polity, has been the non-resolution of its ethnic problem - while the history of Pakistan is often viewed through the lens of unified Muslim nationalism, the author here also explores the history of Pakistan's often tense relationship with its various ethnic groups - Baluch, Pathan, Sindhis, Punjabis and Bengalis. Shedding light on a vital and little-researched aspect of Pakistani history, this book shows that military coups, Islamic radicalization and terrorist activities do not constitute the sum total of Pakistan's history; that it, too, has had a history that included the activities of communist intellectuals and activists.

A Wilderness of Possibilities brings together eleven essays exemplifying the changing place of Urdu in today's world. Written by specialists in the field, they discuss diverse aspects of Urdu and Persian literature and poetry between the sixteenth and twentieth centuries. While the focus is mainly on Urdu poetry, offering a comprehensive introduction to the sociology, culture, and politics of its enchanting and complex world, the volume also includes essays on travelogues, print journalism, and a play. The first part explores the divergent social and political spaces that Urdu

literature has occupied through the centuries while the second part critiques the paradigms that have informed Urdu literary history and point to new methodologies of reading. The book will interest scholars and students of South Asian cultural history and literary studies as well as general readers interested in the subject.

Peppered with heartfelt accounts and charming anecdotes, Urdu film magazines were in great favour with the public from the 1930s through the 1990s - a considerable period of seven decades. Unfortunately, as Urdu got progressively marginalised in later years, these magazines were not archived, for the most part; leading to their inevitable disappearance from popular imagination. Tracking down these lost publications, Yasir Abbasi followed leads - some futile, some fruitful - to obscure towns and people's homes in a last-ditch effort to save valuable records of Indian cinema. As challenging as it was to locate faded issues and original texts, he managed to uncover and translate many fabulous memoirs covering a wide gamut of our favourite old artistes at their candid best. A gloom-laced piece on Meena Kumari by Nargis, a rollicking description by Raja Mehdi Ali Khan of an eventful evening with Manto (not to mention a mysterious woman and a house on fire), Jaidev writing about his chequered career, Balraj Sahni introspecting about the relevance of Hindi and Urdu in films - it's a rich mix of engrossing narratives brought back from oblivion.

The main subject under discussion in this book is DEVELOPMENT OF URDU LANGUAGE AND LITERATURE UNDER THE SHADOW OF THE BRITISH IN INDIA. The writers hope is that it will throw fresh light on the subject and facilitate more understanding for the western readers. The Miracle of Ahmad Oxford University Press

The book, *The Miracle of Ahmad* (I'jāz-e-Ahmadi) is one of the signs of truthfulness of the Founder of Ahmadiyya Muslim Community. It was written in 1902 when an opponent in Mudh, India alleged that all prophecies made by Hazrat Mirza Ghulam Ahmad (as) were false and that he did not possess the miraculous knowledge of the Arabic language he had claimed. In response, the Promised Messiah (as) wrote this book containing a lengthy Arabic Qasidah [ode] in praise of the Holy Prophet Muhammad, may peace and blessings of Allah be upon him, in a mere five days. He challenged his opponents to produce the like of it and announced a prize money of Rs. 10,000 which was his total worth at the time. No one arose to the challenge. Instead, a large number of residents of town of Mudh were decimated by the plague as prophesied in this book.

British Universities' Guide to Graduate Study

This volume breaks new ground on the issue of the Urdu language with the backdrop of language politics in the post- and pre- Partition eras. It is a compilation of essays and commentaries by seventeen renowned Urdu literateurs, scholars of social science, and lovers of the Urdu language and its literature. This seminal volume of essays on the status of the Urdu language since partition examines the problems faced by Urdu and the future of its survival as a functional language in India. It forwards the argument that this once-secular language has now been denigrated to only the Muslim population--it survives merely as a medium of religious instruction in madrasas. This has brought the functionality of the language in the common Indian civic space into question and has given it communal overtones. These essays, by seventeen renowned Urdu litterateurs, speak against such reductionism. They look forward to the integration of Urdu into the educational curriculum as a Modern Indian Language and provide workable solutions for the same. This would also pave the way for a better assimilation of the minority Muslims into the mainstream fabric of India, by promoting a more liberal and modern outlook in the community. Redefining Urdu Politics in India is a significant contribution towards giving Urdu its rightful place alongside other regional Indian languages and the dissemination of education to all sections of the Indian Muslim community.
