There are oh so many things a mom loves about her young child. But most of all, she just loves him, no matter what. Bestselling author and illustrator LeUyen Pham combines her experience as a mother and her proven storytelling skills in a humorous and heartfelt love letter of a book. In *All the Things I Love About You*, Mama lists the reasons she loves her little boy: the way his hair sticks up in the morning, the way he says "Mama" (even in the middle of the night), and the way he laughs. Simply written and beautifully illustrated, *All the Things I Love About You* honestly speaks to the unconditional love between a mother and her child. Children and parents alike will treasure this heartwarming book and, in reading it together, appreciate the small actions that make love grow stronger every day.

Susan Cain, New York Times bestselling author of *Quiet*: "The world could surely use a little more

love, a little more compassion, and a little more wisdom. In *Love for Imperfect Things*, Haemin Sunim shows us how to cultivate all three, and to find beauty in the most imperfect of things--including your very own self." A #1 internationally bestselling book of spiritual wisdom about learning to love ourselves, with all our imperfections, by the Buddhist author of *The Things You Can See Only When You Slow Down* Hearing the words "be good to yourself first, then to others" was like being struck by lightning. Many of us respond to the pressures of life by turning inward and ignoring problems, sometimes resulting in anxiety or depression. Others react by working harder at the office, at school, or at home, hoping that this will make ourselves and the people we love happier. But what if being yourself is enough? Just as we are advised on airplanes to take our own oxygen first before helping others, we must first be at peace with ourselves before we can be at peace with the world around us. In this beautiful follow-up to his international bestseller *The Things You Can See Only When You Slow Down*, Zen Buddhist monk Haemin Sunim turns his trademark wisdom to the art of self-care, arguing that only by accepting yourself--and the flaws that make you who you are--can you have compassionate and fulfilling relationships with your partner, your family, and your friends. With more than thirty-five full-color illustrations, *Love for*

*Imperfect Things* will appeal to both your eyes and your heart, and help you learn to love yourself, your life, and everyone in it. When you care for yourself first, the world begins to find you worthy of care.

What's a girl to do when there are two guys who seem like The One? Just when Courtney has found the Best Boyfriend Ever (aptly named Grant Superior), she has to leave him to go to college, because apparently the universe doesn't want her to be happy. Now that she's three states away, what's going to happen to her Superior relationship? And what about that cute guy she works with at college? No, not him. Him. Definitely getting in the way with his cuteness. But not distracting

Courtney enough to make her stop wondering what exactly happened between Grant and her best friend, Beth, back home. Why can't dating be as easy as eating a healthy vegan diet? Not that she's ever managed that, either, but still. Will Courtney ever figure out how to get this love thing right?

From prehistoric stone tools, to machines, to computers, things have traveled a long road along with human beings. Changing with the times, places, and methods of their production, emerging from diverse histories, and enveloped in multiple layers of meaning, things embody ideas, emotions, and symbols of which we are often unaware. The meaning of "thing" is richer than that of "object," which is something that is manipulated with indifference or according to impersonal technical procedures. Things also differ from merchandise, objects that can be sold or exchanged or seen as status symbols. Things, in the philosophical sense, are nodes of relationships with the life of others, chains of continuity among generations, bridges that connect individual and collective histories, junctions between human civilizations and nature. Things incite us to listen to reality, to make them part of ourselves, giving fresh life to an otherwise suffocating interiority. Things also reveal the hidden aspect of a "subject" in its most secret and least explored side. Things are the repositories of ideas, emotions, and symbols whose meaning we often do not understand. In an unexpected but coherent journey that includes the visions of classic philosophers from Aristotle to Husserl and from Hegel to Heidegger, along with the analysis of works of art, Bodei addresses issues such as fetishism, the memory of things, the emergence of department stores, consumerism, nostalgia for the past, the self-portraits of Rembrandt and Dutch still-lives of the seventeenth century. The more we are able to recover objects in their wealth of meanings and integrate them into our mental and emotional horizons, he argues, the broader and deeper our world becomes.

New York Times Bestseller "There is no writer quite like Dolly Alderton working today and very soon the world will know it." —Lisa Taddeo, author of #1 New York Times bestseller *Three Women* "Dolly Alderton has always been a sparkling Roman candle of talent. She is funny, smart, and explosively engaged in the wonders and weirdness of the world. But what makes this memoir more than mere entertainment is the mature and sophisticated evolution that Alderton describes in these pages. It's a beautifully told journey and a thoughtful, important book. I loved it." —Elizabeth Gilbert, New York Times bestselling author of *Eat, Pray, Love* and *City of Girls* The wildly funny, occasionally heartbreaking internationally bestselling memoir about growing up, growing older, and learning to navigate friendships, jobs, loss, and love along the ride When it comes to the trials and triumphs of becoming an adult, journalist and former Sunday Times columnist Dolly Alderton has seen and tried it all. In her memoir, she vividly recounts falling in love, finding a job, getting drunk, getting dumped, realizing that Ivan from the corner shop might just be the only reliable man in her life, and that absolutely no one can ever compare to her best girlfriends. Everything I Know About Love is about bad dates, good friends and—above all else— realizing that you are enough. Glittering with wit and insight, heart and humor, Dolly Alderton's unforgettable debut weaves together personal stories, satirical observations, a series of lists, recipes, and other vignettes that will strike a chord of recognition with women of every age—making you want to pick up the phone and tell your best friends all about it. Like Bridget Jones' Diary but all true, Everything I Know About Love is about the struggles of early adulthood in all its terrifying and hopeful uncertainty.

*Semantics for Reasons* is a book about what we mean when we talk about reasons. It not only brings together the theory of reasons and natural language semantics in original ways but also sketches out a litany of implications for metaethics and the philosophy of normativity. In their account of how the language of reasons works, Bryan R. Weaver and Kevin Scharp propose and defend a view called Question Under Discussion (QUD) Reasons Contextualism. They use this view to argue for a series of novel positions on the ontology of reasons, indexical facts, the reasons-to-be- rational debate, moral reasons, and the reasons-first approach.

WINNER OF THE 2022 ECPA CHRISTIAN BOOK AWARD FOR NEW AUTHOR Healthy relationships across cultures are possible. Dr. Michelle Reyes takes a close look at the concept of cultural accommodation found in Scripture—and especially in the letter of 1 Corinthians—to redefine how Christians interact with cultural narratives that are different from their own. Christians—whose standard of living is oneness in Christ, whose gospel is radically nonexclusive—should be at the frontlines of justice and of cross-cultural unity. But many of us struggle to reach outside of our own cultural bubbles and form real relationships that move beyond stereotypes and lead to understanding, healing, and solidarity across cultural lines. Why is that? Why is it so difficult to reconcile our call to be united in Christ with a celebration of different cultural expressions? What are the reasons for cultural differences and how do they so often lead to stereotyping, appropriation, gentrification, racism, and other forms of injustice? What does the Bible say about human beings as cultural image bearers? How do we reevaluate our awareness of culture identity in a healthy and constructive way? These are just some of the questions that Dr. Reyes explores as she faces the challenges surrounding cross-cultural relationships in America today and her thoughts on the way forward. Spoiler Alert! The way forward does require willingness to change. It requires embracing cultural discomfort. But by engaging with this book, you will be empowered to learn how to become all things to all people—that is: how to reflect Jesus' love in a multicultural, multiracial body of Christ and to share that love with a hurting world.
