Kenya Gazette African

Books Collective

Syllable weight is a crucially important concept in the fields of phonology and morphology. It impacts analyses and explanation whether theoretical, typological, or descriptive. African linguistics was critical in the original development of the concept and, as this book demonstrates, the concept is critical to our understanding of complex phenomena in African languages, including stress, tone, allomorphy, minimal word requirements, and metrics. This volume includes a broad overview of syllable weight as a phonological variable and then provides detailed case studies covering an array of African languages from various phyla spoken

across the continent. This should prove to be an essential book for scholars and students in the area of general phonology and African linguistics. The editor of the book, Distinguished Professor Paul Newman, is an internationally well-known expert on African linguistics in general and the Hausa language in particular. It was he who first introduced the term 'syllable weight' in a seminal article published nearly a half century ago.

Mpango wa kwanza wa muungano wa maendeleo ya miaka mitano

1981/82-1985/86

This is a comprehensive manual intended to teach students the basics of communicating in Swahili at an elementary level. It is designed to teach major communicative skills such as speaking, listening, reading, and writing. Moreover, the text strives to impart fundamental knowledge about East African and Swahili culture.

Hali ya uchumi wa Zanzibar

This easy-to-read, comprehensive guide contains what you need to know on how to parent with confidence. Packed with advice and powerful tips, using the latest research on child development and parenting techniques, it offers a mine of

information on how to let children flourish, take the frustration out of parenting and develop happy family relations. Authors provide guidance on developing character, knowledge, values, and skills, as well as a faith-based outlook in children, benefitting parents with kids of all ages. Many strategies and techniques offered include: teaching children how to problem-solve, make decisions, and develop self-esteem. Raising God conscious, moral, successful children, with a sense of civic responsibility in today's world is not easy. It is also not impossible. Effective parenting is the key.

This book tells the story of cotton in Tanzania, which illustrates both the potential of the crop and the factors which have held it back. It does not neglect the fact that Tanzania's largest ever cotton crop of 376,000 tons of seed cotton was achieved in 2005/06 or that government and farmers initiatives over time have been serious and have had some success. However, Joe Kabissa shows that whether in terms of 'Research and Development', the adoption of improved cultivation techniques or the institutional structure of both the cotton and textile

sectors, there has been a consistent pattern of under-performance, acknowledged at different times by all the major players. The search for a stable smallholder cropping systems in Africa, combining food security with cash income, remains as acute an issue as ever. It is tempting to see the way forward in terms of larger scale agriculture. But with well over half of Africa's population still relying on agriculture for survival and income, the role which specific crops can play, needs constant examination.

This handy book is a beginners complete course in the Swahili language, designed especially for foreigners. The book is a result of the authors many years of teaching experience. It is divided into two parts: part one covers pronunciation; Swahili greetings and manners; classification of nouns; adjectives, verbs, adverbs, etc. in twenty-eight lessons and thirty-six exercises. part two includes a study of Swahili usage in specific situations (e.g. at home, in the market, on the road, at the airport, etc.); eleven further lessons and thirteen exercises; the

key to the exercises in Parts One and Two; and a Swahili-English vocabulary of words used in the book.
Parent-Child Relations
Colloquial Swahili: The Complete Course for Beginners has been carefully developed by an experienced teacher to provide a step-by-step course to Swahili as it is written and spoken today. Combining a clear, practical and accessible style with a methodical and thorough treatment of the language, it equips learners with the essential skills needed to communicate confidently and effectively in Swahili in a broad range of situations. No prior knowledge of the language is required. Colloquial Swahili is exceptional; each unit

presents a wealth of grammatical points that are reinforced with a wide range of exercises for regular practice. A full answer key, a grammar summary, bilingual glossaries and English translations of dialogues can be found at the back as well as useful vocabulary lists throughout. Key features include: A clear, user-friendly format designed to help learners progressively build up their speaking, listening, reading and writing skills Jargon-free, succinct and clearly structured explanations of grammar An extensive range of focused and dynamic supportive exercises Realistic and entertaining dialogues covering a broad variety of narrative

situations Helpful cultural points explaining the customs and features of life in Swahili-speaking countries. An overview of the sounds of Swahili Balanced, comprehensive and rewarding, Colloquial Swahili is an indispensable resource both for independent learners and students taking courses in Swahili. Audio material to accompany the course is available to download free in MP3 format from www.routledge.com/cw/colloquials. Recorded by native speakers, the audio material features the dialogues and texts from the book and will help develop your listening and pronunciation skills.
