Pencils down--graphite and eyebrow--and eyes to front of the room for this one-of-a-kind lesson. Since debuting over a decade ago, the world of RuPaul's Drag Race has steadily collected both popular and academic interests. This collection of original essays presents insightful analyses and a range of critical perspectives on Drag Race from across the globe. Topics covered include language

and linguistics, cultural appropriation, racism, health, wealth, the realities of reality television, digital drag and naked bodies. Though varied in topical focus, each essay centers public pedagogy to examine what and how Drag Race teaches its audience. The goal of this book is to frame Drag Race as a classroom, one that is helpful for both teachers and students alike. With an academic-yet-accessible tone and an interdisciplinary approach, essays celebrate and examine the show and its spin-offs from the earliest seasons to the very start of the coronavirus pandemic in 2020.

Game of Queens McFarland

As RuPaul has said, this is the Golden Age of Drag—and that's chiefly the achievement of RuPaul's Drag Race, which in its eleventh year is more popular than ever, and has now become fully mainstream in its appeal. The show has an irresistible allure for folks of all persuasions and proclivities. Yet serious or philosophical discussion of its exponential success has been rare. Now at last we have RuPaul's Drag Race and Philosophy, shining the light on all dimensions of this amazing phenomenon: theories of gender construction and identity, interpretations of RuPaul's famous quotes and phrases, the paradoxes of reality shows, the phenomenology of the drag queen, and how the fake becomes the truly authentic. Among the thought-provoking issues examined in this path-breaking and innovative volume: ● What Should a Queen Do? Marta Sznajder looks at RuPaul's Drag Race from the perspective of rationality. Where contestants have to eliminate each other, the prisoner's dilemma and other well-known situations emerge. ● Reading Is Fundamental! Lucy McAdams analyzes two different, important speech acts that regularly appear on Drag Race—reading and throwing shade. ● The Values of Drag Race. Guilel Treiber observes two competing sets of values being presented in Drag Race. The more openly advertised "charisma, uniqueness, nerve, and talent," advancing the skills of every single contender, are opposed by the fading set of "acceptance, support, solidarity, and empowerment," which has historically been the cornerstone of the LGBTI+ community. ● The Importance of Being Fabulous. Holly Onclin challenges the preconceived notion that drag queens are mainly about female impersonation and instead proposes to understand drag queens as impersonators of celebrity. ● RuPaul Is a Better Warhol. Megan Volpert compares RuPaul and Andy Warhol in their shared pursuit of realness. ● Is Reading Someone to Filth Allowed? Rutger Birnie asks whether there are ethical restrictions on reading someone, since reads are ultimately insults and could cause harm. ● Serving Realness? Dawn Gilpin and Peter Nagy approach the concept of realness in Drag Race, to discuss the differences between realness, authenticity and the nature of being. ● Death Becomes Her. Hendrik Kempt explores the topic of death both in philosophy and in Drag Race, starting from the claim that "Philosophy is training for death." ● We're All Born Naked. Oliver Norman follows up on Ru's mantra, "We are all born naked and the rest is drag." ● Fire Werk with Me. Carolina Are looks into the fan-subcultures of Drag Race and Twin Peaks, which have come together to form a unique sub-subculture, in which members of both fan-subcultures create memes and idiosyncrasies. ● Towards a Healthier Subjectivity? Ben Glaister looks at the way Drag Race contestants adopt their drag personae almost as second selves, without finding themselves violating their other self. ● RuPaul versus Zarathustra. Julie and Alice van der Wielen ask the question, Who would win an intellectual lip-sync battle—RuPaul or Nietzsche's Zarathustra? ● Playing with Glitter? Fernando Pagnoni and pals explore the game and play elements of Drag Race. ● The Origins of Self-Love. Anna Fennell expounds upon RuPaul's question, "If you can't love yourself, how in the hell you gonna love somebody else?" ● The Sublime. Sandra Ryan thinks about Kant's concept of the sublime and explores how we find its applications in Drag Race. ● You Want to Be Anonymous? You Better Work! Alice Fox watches Drag Race through the lens of criminal law and the problem of decreasing anonymity through ubiquitous data surveillance. Drag Race can teach us how to create misleading patterns of online behavior and public presentation to render the blackbox persona useless. ● Drag and Vulnerability. Anneliese Cooper contrasts Drag Race's demand for vulnerability and perceived

authenticity with the inherent inauthenticity of creating a new persona.

This book identifies and analyzes the ways in which RuPaul's Drag Race has reshaped the visibility of drag culture in the US and internationally, as well as how the program has changed understandings of reality TV. This edited volume illustrates how drag has become a significant aspect of LGBTQ experience and identity globally through RuPaul's Drag Race, and how the show has reformed a media landscape in which competition and reality itself are understood as given. Taking on lenses addressing race, ethnicity, geographical origin, cultural identity, physicality and body image, and participation in drag culture across the globe, this volume offers critical, non-traditional, and first-hand perspectives on drag culture.

This book examines queer characters in popular American television, demonstrating how entertainment can educate audiences about LGBT identities and social issues like homophobia and transphobia. Through case studies of musical soap operas (Glee and Empire), reality shows (RuPaul's Drag Race, The Prancing Elites Project and I Am Cait) and "quality" dramas (Looking, Transparent and Sense8), it argues that entertainment elements such as music, humour, storytelling and melodrama function as pedagogical tools, inviting viewers to empathise with and understand queer characters. Each chapter focuses on a particular programme, looking at what it teaches—its representation of queerness—and how it teaches this—its pedagogy. Situating the programmes in their broader historical context, this study also shows how these televisual texts exemplify a specific moment in American television.

FOREWORD BY JANE FONDA A timeless collection of philosophies from renaissance performer and the world's most famous shape-shifter RuPaul, whose sage outlook has created an unprecedented career for more than thirty-five years. GuRu is packed with more than 80 beautiful photographs that illustrate the concept of building the life you want from the outside in and the inside out. "You're born naked and the rest is drag." As someone who has deconstructed life's hilarious facade, RuPaul

has broken "the fourth wall" to expand on the concept of mind, body, and spirit. This unique perspective has allowed RuPaul to break the shackles of self-imposed limitations, but reader beware, this is a daily practice that requires diligence and touchstones to keep you walking in the sunshine of the spirit. Once you're willing to look beyond the identity that was given to you, a hidden world of possibilities will open its doors. Throughout the history of humans on this planet, there've always been shaman, seers, and mediums who are able to interpret both high and low frequencies and remind humans to look beyond the surface for the truth of who we really are. And who we really are is an extension of the power that created the universe (aka: God in drag). FYI: most people are not willing to hear or accept that. That is RuPaul's secret for success, not only in show business, but in all aspects of life, especially in navigating the emotional landmines that inhibit most sweet, sensitive souls. If you think this book is just about "doing drag," you are sorely mistaken because for RuPaul, drag is merely a device to deactivate the identity-based ego and allow space for the unlimited.
