Shadowshaper (The Shadowshaper Cypher, Book 1) Stanford University Press
 An inspiring and timely debut novel from Lisa Williamson, *The Art of Being Normal* is about two transgender friends who figure out how to navigate teen life with help from each other. David Piper has always been an outsider. His parents think he's gay. The school bully thinks he's a freak. Only his two best friends know the real truth: David wants to be a girl. On the first day at his new school Leo Denton has one goal: to be invisible. Attracting the attention of the most beautiful girl in his class is definitely not part of that plan. When Leo stands up for David in a fight, an unlikely friendship forms. But things are about to get messy. Because at Eden Park

School secrets have a funny habit of not staying secret for long, and soon everyone knows that Leo used to be a girl. As David prepares to come out to his family and transition into life as a girl and Leo wrestles with figuring out how to deal with people who try to define him through his history, they find in each other the friendship and support they need to navigate life as transgender teens as well as the courage to decide for themselves what normal really means. *Be A Triangle* State University of New York Press

Umrao Jan Ada Andrews McMeel Publishing

An educator's account of why and how she founded an innovative girls' school. Faced with a spirited 11-year-old daughter, a concern about what therapists have called a "poisonous" youth culture, and a conviction that parents need powerful tools to help their daughters realize their potential, educator-activist Diana Meehan was disappointed in the schools available. So she decided along with two other mothers to create one, based on social science and brain research on how girls learn best. The result, *The Archer School* in Los Angeles, has in just ten years become a model for girls' schools nationwide. Meehan describes her obstacle-ridden journey to create a new institution to serve girls first and foremost, while laying out what girls need to thrive. She also visits other schools, private and public, to show how single-sex education works, and how every girl can benefit.-- From publisher description.

NEW YORK TIMES BESTSELLER • In this thoughtful and revealing memoir, readers will accompany one of the world's most recognizable women on her journey of self-discovery. "I have always felt that life is a solitary journey, that we are each on a train, riding through our hours, our days, our years. We get on alone, we leave alone, and the decisions we make as we travel on the train are our responsibility alone." A remarkable life story rooted in two different worlds, *Unfinished* offers insights into Priyanka Chopra Jonas's childhood in India; her formative teenage years in the United States; and her return to India, where against all odds as a newcomer to the pageant world, she won the national and international beauty competitions that launched her global acting career. Whether reflecting on her nomadic early years or the challenges she has faced as she has doggedly pursued her calling, Priyanka shares her challenges and triumphs with warmth and honesty. The result is a book that is philosophical, sassy, inspiring, bold, and rebellious. Just like the author herself. From her dual-continent twenty-year-long career as an actor and producer to her work as a UNICEF Goodwill Ambassador, from losing her beloved father to cancer to marrying Nick Jonas, Priyanka Chopra Jonas's story will inspire a generation around the world to gather their courage, embrace their ambition, and commit to the hard work of following their dreams.

The Legends of the Panjâb Public Affairs

Where women are created for the pleasure of men, beauty is the first duty of every girl. In Louise O'Neill's world of *Only Every Yours* women are no longer born naturally, girls (called "eves") are raised in Schools and trained in the arts of pleasing men until they come of age. Freida and Isabel are best friends. Now, aged sixteen and in their final year, they expect to be selected as companions--wives to powerful men. All they have to do is ensure they stay in the top ten beautiful girls in their year. The alternatives--life as a concubine, or a chastity (teaching endless generations of girls)--are too horrible to contemplate. But as the intensity of final year takes hold, the pressure to be perfect mounts. Isabel starts to self-destruct, putting her beauty--her only asset--in peril. And then into this sealed female environment, the boys arrive, eager to choose a bride. Freida must fight for her future--even if it means betraying the only friend, the only love, she has ever known.

In his twisty, gritty, profoundly moving New York Times bestselling-debut--also called "mandatory reading" and selected as an Editors' Choice by the New York Times--Adam Silvera brings to life a charged, dangerous near-future summer in the Bronx. In the months after his father's suicide, it's been tough for sixteen-year-old Aaron Soto to find happiness again--but he's still gunning for it. With the support of his girlfriend Genevieve and his overworked mom, he's slowly remembering what that might feel like. But grief and the smile-shaped scar on his wrist prevent him from forgetting completely. When Genevieve leaves for a couple of weeks, Aaron spends all his time hanging out with this new guy, Thomas. Aaron's crew notices, and they're not exactly thrilled. But Aaron can't deny the happiness Thomas brings or how Thomas makes him feel safe from himself, despite the tensions their friendship is stirring with his girlfriend and friends. Since Aaron can't stay away from Thomas or turn off his newfound feelings for him, he considers turning to the Leteo Institute's revolutionary memory-alteration procedure to straighten himself out, even

if it means forgetting who he truly is. Why does happiness have to be so hard?

This book offers an in-depth look at the ways in which technology, travel, and globalization have altered traditional patterns of immigration for South Asians who live and work in the United States, and explains how their popular cultural practices and aesthetic desires are fulfilled. They are presented as the twenty-first century's "new cosmopolitans": flexible enough to adjust to globalization's economic, political, and cultural imperatives. They are thus uniquely adaptable to the mainstream cultures of the United States, but also vulnerable in a

period when nationalism and security have become tools to maintain traditional power relations in a changing world.

One of the most enduring divas of Hindi cinema, a producer and director for films and television, dancer and choreographer par excellence, magazine editor, an active member of Parliament and now a singer, Hema Malini wears many hats with admirable ease. No other industry name comes close to matching the breadth of her achievements. In an industry where the male star has traditionally driven the commercial success of films, Hema was an exception, with her name alone sufficing to ensure a film's box-office glory. She was, arguably, India's first female superstar. Apart from starring in mainstream super-hits like *Johnny Mera Naam*, *Jugnu*, *Andaz*, *Seeta Aur Geeta*, *Sholay* and, more recently, *Baghban*, she received critical acclaim for her performances in *Lal Patthar*, *Khushboo*, *Kinara*, *Meera*, *Ek Chadar Maili Si* and *Razia Sultan*. But there is much more to her than just her Bollywood journey. From her efforts at reviving and sustaining classical dance to her graceful handling of her personal life and the controversies that have plagued her in her political avatar, from her relationships to her religious beliefs and her recent tryst with singing, Hema Malini: *Beyond the Dream Girl* covers it all. With detailed interviews and exclusive anecdotes from her family, friends and co-actors, this is an inside look at the remarkable life of one of our greatest cinema icons, someone who has truly lived life on her own terms.

Few lives have been more eventful and controversial than Protima Bedi's, and *Timepass*, derived from her unfinished autobiography, journals and her letters to family, friends and lovers, is a startlingly frank and passionate memoir. Protima recounts with unflinching honesty the events that shaped her life: her humiliation as a child at being branded the ugly duckling, repeated rape by a cousin when she was barely ten, the failure of her 'open' marriage with Kabir Bedi, her many sexual encounters, and the romantic relationships she had with prominent politicians and artistes. She writes, too, of her intense involvement with dance, her relationship with her guru and fellow dancers, the difficult mission of establishing Nrityagram, and the suicide of her son--a tragedy from which she never fully recovered. In a moving epilogue to the book, her daughter, Pooja Bedi, describes her last days and the circumstances of her death. Illustrated with over fifty photographs, *Timepass* is the story of a remarkable woman who had the spirit, the courage and the intelligence to live life entirely on her own terms. I have broken every single rule that our society has so carefully constructed. doing and never given a damn. I have flaunted my youth, my sex, my intelligence, and I have done it shamelessly. I have loved many, been loved by some...

Two sisters are suddenly sent from their home in Brooklyn to Barbados to live with their grandmother, in Naomi Jackson's stunning debut novel *This*. This lyrical novel of community, betrayal, and love centers on an unforgettable matriarchal family in Barbados. Two sisters, ages ten and sixteen, are exiled from Brooklyn to Bird Hill in Barbados after their mother can no longer care for them. The young Phaedra and her older sister, Dionne, live for the summer of 1989 with their grandmother

Hyacinth, a midwife and practitioner of the local spiritual practice of obeah. Dionne spends the summer in search of love, testing her grandmother's limits, and wanting to go home. Phaedra explores Bird Hill, where her family has lived for generations, accompanies her grandmother in her role as a midwife, and investigates their mother's mysterious life. This tautly paced coming-of-age story builds to a crisis when the father they barely know comes to Bird Hill to reclaim his daughters, and both Phaedra and Dionne must choose between the Brooklyn they once knew and loved or the Barbados of their family. Naomi Jackson's Barbados and her characters are singular, especially the wise Hyacinth and the heartbreaking young Phaedra, who is coming into her own as a young woman amid the tumult of her family. Praise for *The Star Side of Bird Hill*: "Once in a while, you'll stumble onto a book like this, one so poetic in its descriptions and so alive with lovable, frustrating, painfully real characters, that your emotional response to it becomes almost physical. . . . The dual coming-of-age story alone could melt the sternest of hearts, but Jackson's exquisite prose is a marvel too. . . . A gem of a book."

Translated from the Urdu by Khushwant Singh. *Umrao Jan Ada* is perhaps one of the most enigmatic and forgotten female figures in South Asian Literature. The question of her existence, her beauty, her scholarly abilities and her poetic gift remain a mystery. The book is an account of Umrao's life as a Lucknawi courtesan, a nautch girl, delivered in first person by Umrao herself, and documented by a close friend. Written more than a hundred years ago, the novel recreates the gracious ambience of old Lucknow and takes the reader on a fascinating journey through the palaces of wealthy nawabs, the hideouts of the colorful vagabonds and the luxurious abodes of the city's courtesans. *The Renaissance in India* Harper Collins
The nationwide lockdown in 2020 to curb the spread of Covid-19 left millions of migrant labourers without jobs, food and shelter. Desperate and helpless, most took to the road, embarking on the long, often fatal, journey home. Ritesh, Ashish, Ram Babu, Sonu, Krishna, Sandeep and Mukesh-migrants from Bihar-undertook a similar journey on their bicycles that lasted for seven days and seven nights. Their harrowing trip from Ghaziabad, Uttar Pradesh, to their hometown of Saharsa as they braved police lathis and insults, and battled hunger, exhaustion and fear, was

documented by National Award-winning filmmaker Vinod Kapri. 1232 km is a story of the extraordinary courage of seven men in the face of tremendous odds.

'We need to create a home to return to. And when I say home, I'm not talking about a physical place or somewhere where pants are optional. I'm talking about a set of beliefs after a day full of, well, anything. We need to dig a foundation so deep that it will exist and thrive even if our surface-level efforts fail.' Ever wondered what the point of all those school maths lessons about triangles was? Youtuber and comedian Lilly Singh has finally discovered the answer: triangles are the perfect model for building your self-esteem and getting to know your own values. Triangles have a strong base, they're hard to knock-over and always retain their own shape, even when they grow. With her

incomparable sense of humour and fun, Lilly explains how she has put the ethos of the triangle to work in her own life, and shows how you can do the same.

Complete with playful illustrations and inspiring ideas, this book is like a best friend cheering you on as you find your purpose and get to know yourself.
