Political Assassinations and Attempts in US History Princeton University Press

DESTINY MINISTRIES INTERNATIONAL SCHOOL OF THE PROPHETS Destiny Ministries International

School of the Prophets is a School of the Prophets and School of Intercession and School of the

Seers Training Academy that has been in existence for over 25 years. Destiny Ministries

International School of the Prophets has trained thousands of Prophets to learn battleground

precision in battle and how to discern demonic spirits that tries to assassinate the Kingdom of

God. The Destiny Ministries Training Academy this year in 2019 received a Prophetic name change

to its current name: Destiny Ministries International School of the Prophets. The definition of the

word Destiny means: "The hidden power believed to control" a person, one's fate or destiny. The

Multiple Spirits and the many faces of The Jezebelic Spirit is a Captivating Prophetic Manuel about

the study of Jezebel and how this Diabolical Spirit has plagued our Churches, and Communities and

the Kingdom of God. God has given Apostle Dr. Bridget C. Outlaw (The Founder and Pedagogical Instructor) a revelation concerning what the Body of Christ is up against. It is crucial in this hour that Prophetic Ministries in the Kingdom of God become Kingdom Strategist, who understand the demonic spirits and forces that are on assignment to destroy the Kingdom. The Bible declares in Ephesians 6:12: For we wrestle not against Flesh and Blood but against Principalities and Spiritual Wickedness in high places.

**An Introduction to World Politics** Macmillan

From a master historian, the definitive account of history's first terrorists An offshoot of the Ismaili Shi'ite sect of Islam, the Assassins were the first group to make systematic use of murder as a political weapon. Established in Iran and Syria in the eleventh and twelfth centuries, they aimed to overthrow the existing Sunni order in Islam and replace it with their own. They terrorized their foes with a series of dramatic murders of Islamic leaders, as well as of some of the Crusaders, who brought their name and fame back to Europe. Professor Lewis traces the history of this radical group, studying its teachings and its influence on Muslim thought. Particularly insightful in light of the rise of the terrorist attacks in the U.S. and in Israel, this account of the Assassins -- whose

name is now synonymous with politically motivated murderers -- places recent events in historical perspective and sheds new light on the fanatic mind.

Age of Assassins Pan Macmillan

The Kingdom of Assassins Conrad and MacKenzie

The Assassins Sourcebooks, Inc.

This book compares the performances of four key non-state actors in the Arab-Israeli conflict ecosystem: the PLO, Hamas, Hizbullah, and Amal. It argues that it is not the assets a militant group has, but rather how it acquired them that matters in explaining the variation in these actors' abilities to militarily resist and politically recover from confrontations with far more powerful adversaries. Groups that rely on marketing campaigns to secure local support and regional patronage do far better than those that rely on coercion or even barter. The book develops a typology of organizations based on their foreign and domestic policies, which has interesting implications for other non-state actors, such as ISIS. It is based on field research in Jordan, Lebanon, Israel, the West Bank, Egypt, and Syria, including interviews with members of a range of Lebanese and Palestinian militant groups, as well as politicians, UN staff, journalists, and members

of the Jordanian and Israeli armies.

*Eclipse of the Assassins* Routledge

Just Assassins examines terrorism as it's manifested in Russian culture past and present, with essays devoted to Russian literature, film, and theater; historical narrative; and even amateur memoir, songs, and poetry posted on the Internet. Along with editor Anthony Anemone's introduction, these essays chart the evolution of modern political terrorism in Russia, from the Decembrist uprising to the horrific school siege in Beslan in 2004, showing how Russia's cultural engagement with its legacy of terrorism speaks to the wider world.

*Wolves, Jackals, and Foxes* Orbit

These were the crimes that were meant to change the world, and sometimes did. The book connects the killing of the Kennedys or the murder that sparked the First World War with less well-known stories, such as the Berlin shooting of an instigator of the Armenian genocide or the attack on an American 'robber baron'. Taking in Malcolm X and Queen Victoria, Adolf Hitler and Andy Warhol, Charles Manson and Emma Goldman, Tsars, Presidents, and pop stars, Age of Assassins traces the process that turned thought into action and murder into an icon. In tackling the history of political violence, the book is unique in its range and attention to detail, summoning up an age of assassination that is far from over.

*Assassins' Deeds* Springer

The latest edition of this renowned textbook explores the states and regimes of the Middle East and North Africa. Presenting heavily revised, fully updated chapters contributed by the world's leading experts, it analyzes the historical trajectory, political institutions, economic development, and foreign policies of the region's nearly two dozen countries. The volume can be used in conjunction with its sister volume, *The Societies of the Middle East and North Africa*, for a comprehensive overview of the region. Chapters are organized and structured identically, giving insightful windows into the nuances of each country's domestic politics and foreign relations. Data tables and extensive annotated bibliographies orient readers towards further research. Whether used in conjunction with its sister volume or on its own, this book provides the most comprehensive and detailed overview of the region's varied politics. Five new experts cover the critical country cases of Turkey, Lebanon, Jordan, Saudi Arabia, and Iran. All chapters cover the latest events, including trends that have remarkably changed in just a few years like the gradual end of the Syrian civil war. As such, this textbook is invaluable to students of Middle Eastern politics.. The ninth edition brings substantial changes. All chapters also have a uniform, streamlined structure that explores the historical context, social and economic environment, political institutions, regime dynamics, and foreign policy of each country. Fact boxes and political maps are now far more extensive, and photographs and images also help illustrate key points. Annotated bibliographies are vastly expanded, providing nothing short of the best list of research references for each country.

*History's Assassins* Orbit

Assassins have been killing the powerful and famous for at least three thousand years. Personal ambition, revenge, and anger have encouraged many to violent deeds, like the Turkish sultan who had nineteen of his brothers strangled or the bodyguards who murdered a dozen Roman emperors. More recently have come new motives like religious and political fanaticism, revolution and liberation, with governments also getting in on the act, while many victims seem to have been surprisingly careless: Abraham Lincoln was killed after letting his bodyguard go for a drink. So, do assassinations work? Drawing on anecdote, historical evidence, and statistical analysis, *Assassins' Deeds* delves into some of history's most notorious acts, unveiling an intriguing cast of characters, ingenious methods of killing, and many unintended consequences.

*An Impartial History of the Naval, Military and Political Events in Europe, from the commencement of the French Revolution to the entrance of the Allies into Paris and the conclusion of a general peace ... Embellished with fine engravings* Englewood Cliffs, N.J. : Prentice-Hall

Using a variety of cases from history and today's life, the book examines character attackers targeting the private lives, behavior, values, and identity of their victims. Numerous historical examples show that character assassination has always been a very effective weapon to win political battles or settle personal scores.

*The National Republican Skyhorse*

"A history of the twentieth century punctuated by gunshots. . . . An exciting account." --Sunday Telegraph (UK) Exploding telephones, pipe-guns, bullets made of teeth, aspirin explosives, cobra-venom darts, a rifle that shoots around corners, exploding clams, samurai swords, karate chops,

poisoned umbrellas, and a fuel-laden light aircraft. Sometimes even a regular gun. These are just some of the methods that have been used over the last fifty years to speed four thousand VIPs to a premature end. *Wolves, Jackals, and Foxes* is not an encyclopedia of assassination but rather a gripping history that charts the development of the modern world through the eyes of the assassins that tried to alter it. An experienced investigative reporter, Kris Hollington exposes shocking unknown stories of assassination. Surprising conspiracies and remarkable connections are uncovered throughout. Hollington relates the story of the man who shot Uday Hussein seventeen times, the remarkable career of the CIA's "black sorcerer," reveals how an East German Stasi agent, an American B-movie actress, and a Saudi prince conspired to commit one of the most important assassinations of the twentieth century, uncovers the terrible history of South Africa's brutal assassination squad and exposes for the first time the secret society that ensured racist assassins in the South never paid for their crimes. It also features previously classified information from the Secret Service, including the story of how President Jimmy Carter was saved from a sniper's bullet by a rabid swamp rabbit. This book is the first to study in detail not only the causes and surprising consequences of assassination, but also the crucial seconds of the act itself and the psychology of the killer in an effort to understand why some assassinations succeed where others fail--and what might be done to prevent them. It is also the first book to examine the fascinating facts and figures of assassination, revealing everything from the success rate by type of weapon and the escape and survival rates of assassins to the most popular time of year and location for an attack. The definitive book on assassination, *Wolves, Jackals, and Foxes* shows that sometimes, one murder can change the world.

*Just Assassins* The Kingdom of Assassins

Revised edition was published in 1975 under title : Assassination and terrorism.

Watkins Media Limited

The long, dark history of political violence in the United States Violence has been employed to achieve political objectives throughout history. Taking the life of a perceived enemy is as old as mankind. Antiquity is filled with examples of political murders, such as when Julius Caesar was felled by assassins in 44 BCE. While assassinations and assassination attempts are not unique to the American way of life, denizens of other nations sometimes look upon the US as populated by reckless cowboys owing to a "Wild West" attitude about violence, especially episodes involving guns. In this book, J. Michael Martinez focuses on assassinations and attempts in the American republic. Nine American presidents—Andrew Jackson, Abraham Lincoln, James A. Garfield, William McKinley, Harry S. Truman, John F. Kennedy, Richard Nixon, Gerald Ford, and Ronald Reagan—have been the targets of assassins. President-elect Franklin D. Roosevelt was also a target shortly before he was sworn into office in 1933. Moreover, three presidential candidates—Theodore Roosevelt, Robert F. Kennedy, and George Wallace—were shot by assailants. In addition to presidents and candidates for the presidency, eight governors, seven U.S. senators, nine U.S. House members, eleven mayors, seventeen state legislators, and eleven judges have been victims of political violence. Not all political assassinations involve elected officials. Some of those targeted, such as Joseph Smith, Malcolm X, and Martin Luther King Jr., were public figures who influenced political issues. But their cases are instructive because of their connection to, and influence on, the political process. No other nation with a population of over 50 million people has witnessed as many political assassinations or attempts. These violent episodes trigger a series of important questions. First, why has the United States—a country constructed on a bedrock of the rule of law and firmly committed to due process—been so susceptible to political violence? Martinez addresses these questions as he examines twenty-five instances of violence against elected officials and public figures in American history.

*Assassins of Athens* University of Wisconsin Pres

The word *Assassin* was brought back from Syria by the Crusaders, and in time acquired the meaning of murderer. Originally it was applied to the members of a Muslim religious sect *al-Nizariyya*, a branch of the Ismailis, and the followers of a leader known as the Old Man of the Mountain. Their beliefs and their methods made them a by-word for both fanaticism and terrorism in Syria and Persia in the 11th and 12th centuries, and the subject of a luxuriant growth of myth and legend. In this book, Bernard Lewis begins by tracing the development of these legends in medieval and modern Europe and the gradual percolation of accurate knowledge concerning the Ismailis. He then examines the origins and activities of the sect, on the basis of contemporary Persian and Arabic sources, and against the background of Middle Eastern and Islamic history. In a final chapter he discusses some of the political, social and economic implications of the Ismailis, and

examines the significance of the Assassins in the history of revolutionary and terrorist movements.

*The Saturday Review of Politics, Literature, Science and Art* Orbit

'Written with Burleigh's characteristic brio, with pithy summaries of historical moments (he is brilliant on the Americans in Vietnam, for example) and full of surprising vignettes' – The Times 'Book of the Week' In Day of the Assassins, acclaimed historian Michael Burleigh examines assassination as a special category of political violence and asks whether, like a contagious disease, it can be catching. Focusing chiefly on the last century and a half, Burleigh takes readers from Europe, Russia, Israel and the United States to the Congo, India, Iran, Laos, Rwanda, South Africa and Vietnam. And, as we travel, we revisit notable assassinations, among them Leon Trotsky, Hendrik Verwoerd, Juvénal Habyarimana, Indira Gandhi, Yitzhak Rabin and Jamal Khashoggi. Combining human drama, questions of political morality and the sheer randomness of events, Day of the Assassins is a riveting insight into the politics of violence. 'Brilliant and timely . . . Our world today is as dangerous and mixed-up as it has ever been. Luckily we have Michael Burleigh to help us make sense of it.' – Mail on Sunday

*The Blind Assassin* Pen and Sword

Discover a gripping new mystery series with the extended excerpt of Assassins of Athens When the body of a boy from one of Greece's most prominent families turns up in a dumpster in one of Athens' worst neighborhoods, Chief Inspector Andreas Kaldis of the Greek Police's Special Crimes Division is certain there's a message in the murder. But who sent it and why? Andreas' search for answers takes him deep into the sordid, criminal side of Athens nightlife and then to the glittering world of high society, where age-old frictions between old and new money breed jealousy, murder, revenge, revolutionaries, and some very dangerous truths. It is a journey amid ruthless, powerful adversaries that brings Andreas face-to-face with old grudges, new emotions, ancient Athenian practices, and modern political realities once thought unimaginable. Assassins of Athens brings readers deep into a world of crime set against the seductive backdrop of modern-day Greece in Jeffrey Siger's must-read series. "Jeffrey Siger's Assassins of Athens is a teasingly complex and suspenseful thriller....Siger and his protagonist, Chief Inspector Andreas Kaldis, are getting sharper and surer with each case."—Thomas Perry, New York Times bestselling author

A young apprentice to an assassin becomes embroiled in a conspiracy that could destroy a kingdom in a brilliant epic fantasy debut by David Gemmell Award-nominated author RJ Barker To catch an assassin, use an assassin... Girton Club-foot has no family, a crippled leg, and is apprenticed to the best assassin in the land. He's learning the art of taking lives, but his latest mission tasks him with a far more difficult challenge: to save a life. Someone is trying to kill the heir to the throne, and it is up to Girton to uncover the traitor and prevent the prince's murder. In a kingdom on the brink of civil war and a castle thick with lies, Girton finds friends he never expected, responsibilities he never wanted, and a conspiracy that could destroy an entire kingdom. Praise for *The Wounded Kingdom*: "Dead gods, dread magic, and a lead that feels like a breath of fresh air. Great fun."—Peter Newman, author of *The Vagrant* "Often poignant and always intriguing, *Age of Assassins* reveals its mysteries with the style of a magic show and the artful grace of a gifted storyteller."—Nicholas Eames, author of *Kings of the Wild* "The most interesting treatment of the fantasy assassin trope in a while, and an involving narrative in its own right."—RT Book Reviews *The Wounded Kingdom* *Age of Assassins* *Blood of Assassins* *King of Assassins* For more from RJ Barker, check out: *The Tide Child Trilogy* *The Bone Ships* *Call of the Bone Ships* **THE STUDY OF THE PROPHETIC ASSASSINS AND OTHER SPIRITS THAT TRIES TO ASSASSINATE THE KINGDOM OF GOD** Penn State Press

This volume brings together groundbreaking essays that laid the foundations of several of Horsley's later works. The initial aims of these essays were, first, to ferret out evidence from our sources, primarily from the histories of Josephus, evidence for the lives of ordinary people living in Judean and Galilean villages. A second purpose was to explore as precisely as possible the fundamental conflictual division between the Roman, Herodian, and high priestly rulers in Palestine and the Judean and Galilean villagers they ruled. A third purpose was to explore more particularly how the popular and scribal opposition to the rulers was manifested in a remarkable diversity of movements and their leaders. And the fourth purpose, entailed in the first two, was to wriggle out from under some of the controlling constructs of New Testament/biblical studies that had been hiding the considerable complexity of the historical context. This was necessary even to begin to discern more precisely the fundamental political—economic—religious conflict between the rulers and the villagers manifested in a diversity of social movements attested in the sources.

*Age of Assassins* Northwestern University Press

“A fascinating history . . . The Medieval conflict between Christians and Muslims has many similarities to the Middle East today.”—Firetrench The Ismaili Assassins were an underground group of political killers who were ready to kill Christians and Muslims alike with complete disregard for their own lives. Under the powerful control of an enigmatic grand master, these devoted murderers often slayed their victims in public, cultivating their terrifying reputation. They assumed disguises and their weapon of choice was a dagger. The dagger was blessed by the grand master and killing with it was a holy and sanctified act; poison or other methods of murder were forbidden to the followers of the sect. Surviving a mission was considered a deep dishonor and mothers rejoiced when they heard that their Assassin sons had died having completed their deadly acts. Unsurprisingly, their formidable reputation spread far and wide. In 1253, the Mongol chiefs

were so fearful of them that they massacred and enslaved the Assassins’ women and children in an attempt to liquidate the sect. The English monarch, Edward I, was nearly dispatched by their blades and Richard the Lionheart’s reputation was sullied by his association with the Assassins’ murder of Conrad of Montferrat. The Ismaili Assassins explores the origins, actions and legacy of this notorious sect. Enriched with eyewitness accounts from Islamic and Western sources, this important book unlocks the history of the Crusades and the early Islamic period, giving the reader entry into a historical epoch that is thrilling and pertinent. “An inherently fascinating, deftly written, and impressively informative read from beginning to end.”—Midwest Book Review **Cobbett's Political Register** Lulu.com

“Ten days after the war ended, my sister Laura drove a car off a bridge.” These words are spoken by Iris Chase Griffen, married at eighteen to a wealthy industrialist but now poor and eighty-two. Iris recalls her far from exemplary life, and the events leading up to her sister’s death, gradually

revealing the carefully guarded Chase family secrets. Among these is “The Blind Assassin,” a novel that earned the dead Laura Chase not only notoriety but also a devoted cult following. Sexually explicit for its time, it was a pulp fantasy improvised by two unnamed lovers who meet secretly in rented rooms and seedy cafés. As this novel-within-a-novel twists and turns through love and jealousy, self-sacrifice and betrayal, so does the real narrative, as both move closer to war and catastrophe. Margaret Atwood’s Booker Prize-winning sensation combines elements of gothic drama, romantic suspense, and science fiction fantasy in a spellbinding tale.

**The Politics of Militant Group Survival in the Middle East** Faber & Faber  
Eclipse of the Assassins investigates the sensational 1984 murder of Mexico’s most influential newspaper columnist, Manuel Buendía, and how that crime reveals the lethal hand of the U.S. government in Mexico and Central America during the final decades of the twentieth century.
