Forever . . . In the Beginning Quilts Incorporated

What happens when famed quilt designer Lissa Alexander invites her quilting friends to create scrap quilts alongside her? Scrapalicious magic! Lissa reached out to six quilters whose quilt designs she's long admired--Susan Ache, Kim Brackett, Barbara Brackman, Sheryl Johnson, Laurie Simpson, and Sandy Klop. The result? Spectacular scrap quilts from true masters of the craft, and an invitation for YOU to join the Sisterhood of Scraps! Choose from 12 quilts inspired by everything from simple Four Patches to Trip Around the World designs to Log Cabins and more. Start a quilting bee, build a community, and bring new sisters into the fold as you make these stunning projects. Inside you'll find your Sisterhood of Scraps certificate--hang it in your sewing space to show that you're a proud member of the Sisterhood of Scraps.

Rustic Revisited The Countryman Press

Once too numerous to attract attention, the log buildings of Texas now stand out for their rustic beauty. This book preserves a record of the log houses, stores, inns, churches, schools, jails, and barns that have already become all too few in the Texas countryside. Terry Jordan explores the use of log buildings among several different Texas cultural groups and traces their construction techniques from their European and eastern American origins.

Cabin Fever Penguin

- Rich, warm, relaxed, natural—Adirondack camps, Western lodges, much more
- Glowing photos of dozens of unique rustic homes from across North America
- Spotlights craftspeople and creative forces in construction and deacute;cor
- Great idea book for anyone looking to design or decorate a primary or second home Used to be that “rustic” meant a dusty, dumpy cabin in the woods. No more!Rustic Revisitedreveals today's rustic—contemporary design that celebrates the honesty of all-natural, local materials such as wood, twig, stone, and bark. Rustic structures often have the same finish on the exterior and the interior—for example, rough-hewn timber on the outside and rough-hewn timber on the inside. The projects inRustic Revisitedembrace the hand-crafted philosophy of rustic and show how to take that philosophy to new heights in a variety of styles, from the Adirondack camp to the Western lodge to the classic log cabin. Thirty unique homes, most planned by architects or interior designers, are showcased here, each lavishly photographed

to allow readers exclusive access to interiors, exteriors, and noteworthy details in unusual rustic houses from New York to California, from Montana to Ontario, from North Carolina to Minnesota. These spotlighted projects, plus photos of dozens of additional homes, cover the full spectrum of rustic—renovations and new construction, traditional and cutting edge. A bonus chapter on decoration spotlights the craftspeople who are the creative forces of the movement.

"A superior exploration of the consequences of the hollowing out of our agricultural heartlands."—Kirkus Reviews In the tradition of Wendell Berry, a young writer wrestles with what we owe the places we've left behind. In the tiny farm town of Emmett, Idaho, there are two kinds of people: those who leave and those who stay. Those who leave go in search of greener pastures, better jobs, and college. Those who stay are left to contend with thinning communities, punishing government farm policy, and environmental decay. Grace Olmstead, now a journalist in Washington, DC, is one who left, and in *Uprooted*, she examines the heartbreaking consequences of uprooting—for Emmett, and for the greater heartland America. Part memoir, part journalistic investigation, *Uprooted* wrestles with the questions of what we owe the places we come from and what we are willing to sacrifice for profit and progress. As part of her own quest to decide whether or not to return to her roots, Olmstead revisits the stories of those who, like her great-grandparents and grandparents, made Emmett a strong community and her childhood idyllic. She looks at the stark realities of farming life today, identifying the government policies and big agriculture practices that make it almost impossible for such towns to survive. And she explores the ranks of Emmett's newcomers and what growth means for the area's farming tradition. Avoiding both sentimental devotion to the past and blind faith in progress, Olmstead uncovers ways modern life attacks all of our roots, both metaphorical and literal. She brings readers face to face with the damage and brain drain left in the wake of our pursuit of self-improvement, economic opportunity, and so-called growth. Ultimately, she comes to an uneasy conclusion for herself: one can cultivate habits and practices that promote rootedness wherever one may be, but: some things, once lost, cannot be recovered.

Use your stash of precuts from the popular fabric company to treat yourself to quilts, table runners, pillows, totes and more! In this deliciously inspiring book, 15 popular project designers from the Moda Bake Shop serve it up in style! Their recipes are simple: Start with a mix of Moda precuts, sprinkle in some eye-catching details, and then top it all off with creative garnishes. Easy-to-follow instructions, vibrant photographs, and a variety of clever tips make these projects a snap to complete! "Is it the designers, the precuts or all the yummy Moda fabrics that draw us into this book? Oh heck, it's all three! . . . In this case, the quilts are simple and doable (April in Paris is sooo pretty!), but the shine really comes from the other sewn projects. Just a bit more involved than beginner, Roslyn Mirrington's Jewelry Wallet is so incredibly girly and useful for those of us who travel that our fingers were itching to make it. Jenny Garland's Zippidy Doodle Bag is practically a no-brainer for kid-accompanied outings. (Skeptical? Just think about how many shoes you can try on while your 4-year-old works on the Cars 2 coloring book.) And Kimberly Walus' Pack 'N' Go Tote with a matching Sewing Kit is a fabulous combo for us sew-types. A perfect buy for gift givers or those of you drowning in precuts."—Generation Q Magazine

NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Guitar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

In 2009, Leah Day started a new blog, the Free Motion Quilting Project, and set out to create 365 new free motion quilting designs. Each design was published online with photos and a video tutorial for free for everyone in the world to enjoy. This book is a compilation of those 365 designs, and within it you will find a treasury of ideas and inspiration you'll return to again and again. - Find hundreds of filler designs to work in all the different areas of your quilts. From the blocks, to the sashing, and into the borders, you're sure to find the perfect designs to fit your quilt. - Feeling confused with free motion quilting? Get back on track with Leah's quick tips on everything from machine settings to how to prepare your quilt top and backing before quilting. - Build your repertoire of continuous line quilting designs by stitching a different design every day. This book will definitely help you break out of the Stippling rut! Inside you'll find a high quality photo of each meticulously stitched design. For practice, trace the design, or visit www.LeahDay.com/365 to find video tutorials for every single design in this book. While this is not a primer on free motion quilting basics, this book is a helpful companion and the largest collection of free motion quilting designs ever published! This second edition offers a spiral binding to help the book lay flat near your sewing machine. Challenge yourself to memorize - not mark - a new design every day for a year. Stitch the designs exactly as shown or play with creating your own variations. The possibilities are endless! See why quilters like you have called this book "an amazing resource," "just what I needed" and "the best quilting book ever!"

Fresh Fabric Treats Skyhorse

2015 Reprint of 1945 Edition. Full facsimile of the original edition, not reproduced with Optical Recognition Software. If you want to build your own fireplace, or your own cabin in the woods with its wood-burning fireplaces, this book contains cabin plans and detailed instructions you will need. Written for the novice, it not only tells about cabins and fireplaces and how to build them, but about back garden fireplaces, designs for rustic furniture, out-door cooking menus, gateways, guard-rails and fences. It is filled with philosophy and wisdom on living in the out-of-doors. Meinecke was a well-known master cabin builder and do-it-yourself man. He not only wrote the book, but he printed the original edition himself on a small press in his own home and bound it in craft cloth laced together with stout cord. Still considered a classic work.

"Cindy Ross is one of today's most eloquent and thoughtful writers on the connection between humans and the natural world."—Richard Louv, New York Times bestselling author *The Log Cabin Years* is the inspiring story of how award-winning author Cindy Ross and her husband, artist Todd Gladfelter—a young couple totally inexperienced in construction—built a log home using raw trees and without the use of power, how they recycled and used salvage to supplement their materials, and how the home went on to become a living, breathing part of their lives together. With a perfect mix of memoir and practical information, *The Log Cabin Years* explores the ways the couple not only developed their building skills but defined the values and virtues by which they would continue to live—self-confidence, freedom, and independence. As the cabin walls grew, so, too, did Cindy and Todd—as individuals and as partners. Building a home forced the couple to learn to argue constructively, communicate openly, and work within the parameters of each person's unique personality. *The Log Cabin Years* is a great example of how two people can learn to work together through difficult times, both mental and physical. For their efforts, they were able to build, and then live in, a beautiful home—debt free. From hosting Appalachian Trail hikers to offering a sanctuary for recovering veterans, from providing a place to homeschool and teach their children to launching Todd's very successful career as a chainsaw carving artist, the cabin has given back, fostering creativity, learning, and healing. Building your own home has long been an American dream. The desire and need to live more sustainably has seeped into all aspects of our lives. *The Log Cabin Years* will speak to all people who wish to live a more sustainable life, empower themselves, build relationships, learn skills, and perhaps create a hand-built home of their own.
