Sapiens A Graphic History, Volume 1
 Penguin
 From the team behind #1 New York Times bestseller *Five Feet Apart* comes a gripping new romance that asks: Can you find true love after losing everything? Kyle and Kimberly have been the perfect couple all through high school, but when Kimberly breaks up with him on the night of their graduation party, Kyle's entire world upends—literally. Their car crashes and when he awakes, he has a brain injury. Kimberly is dead. And no one in his life could possibly understand. Until Marley. Marley is suffering from her own loss, a loss she thinks was her fault. And

when their paths cross, Kyle sees in her all the unspoken things he's feeling. As Kyle and Marley work to heal each other's wounds, their feelings for each other grow stronger. But Kyle can't shake the sense that he's headed for another crashing moment that will blow up his life as soon as he's started to put it back together. And he's right. This book includes bonus content.

The New York Times bestselling author Jonathan Safran Foer re-evaluated his meat-based diet—and his conscience—in his powerful memoir and investigative report, *Eating Animals*. Now, he offers a mind-bending and potentially world-changing call to action on climate change. Most books about the environmental crisis are densely academic, depressingly doom-laden, and crammed with impersonal

statistics. *We Are the Weather* is different—accessible, immediate, and with a single clear solution that individual readers can put into practice straight away. A significant proportion of global carbon emissions come from farming meat. Giving up meat is incredibly hard and nobody is perfect—but just cutting back is much easier and still has a huge positive effect on the environment. Just changing our dinners—cutting out meat for one meal per day—is enough to change the world. With his distinctive wit, insight, and humanity, Foer frames this essential debate as no one else could, bringing it to vivid and urgent life.

A Library Reads Pick! The Blair Witch Project meets Midsommar in this brilliantly disturbing thriller from Camilla Sten, an electrifying new voice in suspense. Documentary filmmaker Alice Lindstedt has been obsessed with the vanishing residents of the old mining town, dubbed "The Lost Village," since she was a little girl. In 1959, her grandmother's entire family disappeared in this mysterious tragedy, and ever since, the unanswered questions surrounding the only two people who were left—a woman stoned to death in the town center and an abandoned newborn—have plagued her. She's gathered a small crew of friends in the remote village to make a film about what really happened. But there will be no turning back. Not long after they've set up camp, mysterious things begin to happen. Equipment is destroyed. People go missing. As doubt breeds fear and their very minds begin to crack, one thing becomes startlingly clear to Alice: They are not alone. They're looking for the truth... But what if it finds them first? Come find out.  Project Runway meets Mulan in this sweeping fantasy about a teenage girl who poses as a boy to compete for the role of imperial tailor and embarks on an impossible journey to sew three magic dresses, from the sun, the moon, and the stars. And don't miss Elizabeth Lim's new novel, the instant New York Times bestseller, *Six Crimson Cranes*! "All the cutthroat competition of a runway fashion reality show and the thrilling exploits of an epic quest." —The Washington Post
 Maia Tamarin dreams of becoming the greatest tailor in the land, but as a girl, the best she can hope for is to marry well. When a royal messenger summons her ailing father, once a tailor of renown, to court, Maia makes the ultimate sacrifice and poses as a boy to take his place. She knows her life is forfeit if her secret is discovered, but she'll take that risk to achieve her dream and save her family from ruin. There's just one catch: Maia is one of twelve tailors in a cutthroat

competition for the job. Backstabbing and lies run rampant as the tailors compete in challenges to prove their artistry and skill. Maia's task is further complicated when she draws the attention of the court magician, Edan, whose piercing eyes seem to see straight through her disguise. And nothing could have prepared her for the unthinkable final challenge: to sew three magic gowns for the emperor's reluctant bride-to-be, from the sun, the moon, and the stars. With this impossible task before her, she embarks on a journey to the far reaches of the kingdom, seeking the sun, the moon, and the stars, and finding more than she ever could have imagined. Steeped in Chinese culture, sizzling with forbidden romance, and shimmering with magic, this fantasy novel is not to be missed. "This is a white-knuckle read." —Tamora Pierce, #1 New York Times Bestselling author of *Tempests* and *Slaughter*
No Heroes The History Press
 An ordinary schoolgirl with a carefree bunch of friends, Miriam's just embarked on her first relationship with her loving boyfriend Toby. She lives with her dad and she has a good relationship with her grandparents. All this ordinary happiness is shattered when one of Miriam's schoolmates goes berserk one day at school with a handgun and kills several pupils and teachers. Toby is shot right in front of her. Shock, grief, bereavement, terror—Miriam and her friends run the gamut of emotions in the days, weeks and months following the shooting. But the worst emotion of all is guilt. "Is it our fault?" is the haunting question that tortures Miriam as she tries to piece her life together again.
In the Darkness Little Island Books
 In the tradition of Gayle Forman and John Green comes this extraordinary YA debut about a blind teen girl navigating life and love in high school. Parker Grant doesn't need 20/20 vision to see right through you. That's why she created the Rules: Don't treat her any differently just because she's blind, and never take advantage. There will be no second chances. Just ask Scott Kilpatrick, the boy who broke her heart. When Scott suddenly reappears in her life after being gone for years, Parker knows there's only one way to react—shun him so hard it hurts. She has enough on her mind already, like trying out for the track team (that's right, her eyes don't work but her legs still do), doling out tough-love advice to her painfully naive classmates, and giving herself gold stars for every day she hasn't cried since her dad's death three months ago. But avoiding her past quickly proves

impossible, and the more Parker learns about what really happened—both with Scott, and her dad—the more she starts to question if things are always as they seem. Maybe, just maybe, some Rules are meant to be broken. Debut author Eric Lindstrom's *Not If I See You First* combines a fiercely engaging voice with true heart. *Not If I See You First* Icon Books Ltd
 "Don't You Forget About Me is one of those books I couldn't put down. Crackling with energy and wit, I lost count of how many times I laughed out loud. Mhairi McFarlane's voice is as clear as a bell—she makes you laugh, but she also makes you feel. I adore her!" — Sally Thorne
 Internationally bestselling author Mhairi McFarlane delivers a funny, romantic, heartfelt novel perfect for fans of Josie Silver or Sally Thorne, and anyone who loves Bridget Jones or *Fleabag*! You always remember your first love... don't you? If there's anything worse than being fired from the worst restaurant in town, it's coming home early to find your boyfriend in bed with someone else. Reeling from the humiliation of a double dumping in one day, Georgina takes the next job that comes her way—bartender in a newly opened pub. There's only one problem: it's run by the guy she fell in love with years ago. And—make that two problems—he doesn't remember her. At all. But she has fabulous friends and her signature hot pink fur coat... what more could a girl really need? Lucas McCarthy has not only grown into a broodingly handsome man, but he's also turned into an actual grown-up, with a thriving business and a dog along the way. Crossing paths with him again throws Georgina's rocky present into sharp relief—and brings a secret from her past bubbling to the surface. Only she knows what happened twelve years ago, and why she's allowed the memories to chase her ever since. But maybe it's not too late for the truth... or a second chance with the one that got away?
Lost You Minotaur Books
 Enter once more the world of Roland Deschain—and the world of the Dark Tower...now presented in a stunning graphic novel form that will unlock the doorways to terrifying secrets and bold storytelling as part of the dark fantasy masterwork and magnum opus from #1 New York Times bestselling author Stephen King. "The man in black fled across the desert, and the gunslinger followed." With these unforgettable words, millions of readers were introduced to Stephen King's iconic character Roland Deschain of Gilead. Roland is the last of his kind, a "gunslinger" charged with protecting whatever goodness and light

remains in his world—a world that “moved on,” as they say. In this desolate reality—a dangerous land filled with ancient technology and deadly magic, and yet one that mirrors our own in frightening ways—Roland is on a spellbinding and soul-shattering quest to locate and somehow save the mystical nexus of all worlds, all universes: the Dark Tower. Now, in the graphic novel series Stephen King's *The Dark Tower: Beginnings*, originally published by Marvel Comics in single-issue form and creatively overseen by Stephen King himself, the full story of Roland's troubled past and coming-of-age is revealed. Sumptuously drawn by Jae Lee and Richard Isanove, plotted by longtime Stephen King expert Robin Furth, and scripted by New York Times bestselling author Peter David, *Beginnings* is an extraordinary and terrifying journey into Roland's origins—ultimately serving as the perfect introduction for new readers to Stephen King's modern literary classic *The Dark Tower*, while giving longtime fans thrilling adventures merely hinted at in his blockbuster novels. It has been nine years since the fall of Gilead, and the handful of survivors—proud young gunslingers led by Roland Deschain—have been flushed out beyond their homeland's boundaries, where they can only watch as time continues to take its toll. For time is now a cruel instrument of violence ruled by “the Good Man” John Farson and his monstrous followers, who are making their move to dominate all of Mid-World itself. But despite the forces of the Affiliation having long been broken apart, there is still rebellion left in the heart of Roland and his ka-tet. With treachery abounding everywhere and the odds overwhelmingly against him, it is time for Roland to make his last stand for all that is good and face John Farson and his corruption of Mid-World head-on—even if he dies trying....

#1 New York Times, USA Today, and internationally bestselling author Jennifer L. Armentrout returns to the world of the Lux with *The Burning Shadow*, the steamy, shocking second installment of the Origin series that will leave readers reeling. When Evelyn Dasher crossed paths with Luc, she was thrown headfirst into the world of the Lux—only to discover that she was already far more involved in their world than she ever suspected. Because the Luxen aren't the only ones with a hidden past. There's a gap in Evie's memory, lost months of her life and a lingering sense that something happened,

something she can't remember and nobody is willing to tell her. She needs to find out the truth about who she is—and who she was. But every answer she finds only brings up more questions. Her search for the truth brings her ever closer to Luc, the Origin at the center of it all. He's powerful, arrogant, inhumanly beautiful, extremely dangerous...and possibly in love with her. But even as Evie falls for him, she can't help but wonder if his attraction is to her, or to the memory of a girl who no longer exists. And all the while, a new threat looms: reports of a flu-like, fatal virus that the government insists is being spread by Luxen. A horrifying illness that changes whoever it touches, spreading panic across a country already at its breaking point. The National Book Award finalist and national bestseller exploring the life and legend of Marilyn Monroe Soon to be a Netflix Film starring Ana de Armas, Adrien Brody, Bobby Cannavale and Julianne Nicholson In one of her most ambitious works, Joyce Carol Oates boldly reimagines the inner, poetic, and spiritual life of Norma Jeane Baker—the child, the woman, the fated celebrity, and idolized blonde the world came to know as Marilyn Monroe. In a voice startlingly intimate and rich, Norma Jeane tells her own story of an emblematic American artist—intensely conflicted and driven—who had lost her way. A powerful portrait of Hollywood's myth and an extraordinary woman's heartbreaking reality, *Blonde* is a sweeping epic that pays tribute to the elusive magic and devastation behind the creation of the great 20th-century American star.

"The Italy of Massimo Carlotto is a different world entirely, a dangerous

setting for serious crimes committed by cruel men." — The New York Times A riveting drama of guilt, revenge, and justice, Massimo Carlotto's *Death's Dark Abyss* tells the story of two men and the savage crime that binds them. During a robbery, Raffaello Beggiato takes a young woman and her child hostage and later murders them. Beggiato is arrested, tried, and sentenced to life. The victims' father and husband, Silvano, plunges into an ever-deepening abyss until the day, years later, when the murderer seeks his pardon and Silvano turns predator as he ruthlessly plots his revenge.

2012 Amazon Breakthrough Novel Award Quarterfinalist (top 100 out of 10,000 entries, General Fiction Category) ""This is a premise that will draw people in and it's very interesting. The characters are likable and it gets right to the action... The combination of history and time travel and engaging dialogue in an upbeat style has whetted my appetite to read more."" - Amazon Breakthrough Novel Award Expert Reviewer Former history professor John Curry has been recruited by a time-travel company to scout the best vantage point for clients to witness the inauguration of the first President of the United States. There's just one problem: When he arrives in 1789, there is no inauguration-and no United States. Until this point, the time-travel job has had its perks. Getting relationship advice from the legendary lover, Casanova, was valuable. Accompanying Casanova to the opening night of Mozart's opera, *Don Giovanni*, was even better. But being stranded in the British Colony of New York isn't what he signed up for. Few people have even heard of George Washington, and the

short-lived American Revolution failed- presumably because Washington wasn't alive to lead it. John always knew history could change on a dime, but not after it already happened. Right? After learning Washington was killed thirty years earlier during the French and Indian War, John realizes the only way he can return home is to ensure there's a United States to return to. Everything hinges on keeping Washington alive-not the easiest task protecting someone famous for leading battles on the front lines while perched on a horse. While traveling further back through time to protect Washington, he uncovers a secret the Freemasons have kept for more than two and a half centuries and learns that the history he thought he knew was completely wrong.

The challenges we face today are unprecedented, from the existential crisis of climate change to the global security threats posed by aggression in Ukraine and elsewhere. Add to this the crisis of liberal democracy and we seem to be swirling in a state of moral disarray, unsure whether there are any principles to which we can appeal today that would be anything other than particularistic. In contrast to this view, Markus Gabriel puts forward the bold argument that there are guiding moral principles for human behaviour. These guiding principles extend across cultures; they are universally valid and form the source of universal values in the twenty-first century. In developing what he calls a 'New Moral Realism', Gabriel breathes fresh life into the idea that humanity's task on our planet is to enable moral progress through cooperation. It is only by achieving moral progress in a way that incorporates universal values - and thus embraces all of humanity - that we can avoid the abyss into which we will otherwise slide. Written with verve, wit and imagination, Gabriel's call for a new enlightenment is a welcome antidote to the value relativism and nihilism of our times, and it lays out a moral framework within which we can work together - as surely we must - to deal with the great challenges we now face.
