STEWART WARREN

Das Magazin 2021 Routledge

Inspired by the heritage-craft revival, Forge & Carve explores how twenty contemporary artisans turned their art into a sustainable living.

Das Magazin 2022 John Wiley & Sons

There isn't one conversation about animal ethics. Instead, there are several important ones that are scattered across many disciplines. This volume both surveys the field of animal ethics and draws professional philosophers, graduate students, and undergraduates more deeply into the discussions that are happening outside of philosophy departments. To that end, the volume contains more nonphilosophers than philosophers, explicitly inviting scholars from other fields—such as animal science, ecology, economics, psychology, law, environmental science, and applied biology, among others—to bring their own disciplinary resources to bear on matters that affect animals. The Routledge Handbook of Animal Ethics is composed of 44 chapters, all appearing in print here for the first time, and organized into the following six sections: I. Thinking About Animals II. Animal Agriculture and Hunting III. Animal Research and Genetic Engineering IV. Companion Animals V. Wild Animals: Conservation, Management, and Ethics VI. Animal Activism The chapters are brief, and they have been written in a way that is accessible to serious undergraduate students, regardless of their field of study. The volume covers everything from animal cognition to the state of current fisheries, from genetic modification to intersection animal activism. It is a resource designed for anyone interested in the moral issues that emerge from human interactions with animals.

Kalender Edition WP-Magazin 2020 DIN A4 Hochformat A&C Black

In 1930s Bolivia, self-described Anarchist Cholas form a libertarian trade union. In the Northern Highlands of Vietnam, the songs of one girl's youth lead her to a life of activism. In the Philippines, female elders from Kalinga blaze a trail when pushed into an impromptu protest. Equally striking accounts from, Chile, Ecuador, India, Nepal, and Peru weave a tapestry of trauma and triumph, shedding light on not-too-distant histories otherwise overlooked. Indigenous Peoples all over the world have always had to stand their ground in the face of colonialism. While the details may differ, what these stories have in common is their commitment to resistance in a world that puts profit before respect, and western notions of progress before their own. *Movements & Moments* is an introductory glimpse into how Indigenous Peoples tell these stories in their own words. From Southeast Asia to South America, vibrant communities must grapple with colonial realities to assert ownership over their lands and traditions. This project was undertaken in cooperation with the Goethe-Institut Indonesien in Jakarta. These stories were selected from an open call across forty-two countries to spotlight feminist movements and advocacies in the Global South.

Tattoo World Simon and Schuster

The first book to present a comprehensive overview of postwar Japanese design For the Japanese, the concept of design is not limited to functionality or materiality—it is deeply connected with ancient culture and rituals. In this sense, a chair is much more than what you sit on, a cup more than what you drink from: these objects are to be reflected upon, to be touched and cherished. As mass manufacture became widespread in the post-war period, fascinating cross-cultural exchanges began to take place between Japan and the West. And in recent years, a new generation of designers has taken Japanese creativity into entirely new territory, reconceptualizing the very meaning of design. Showcasing over 80 designers, hundreds of objects, and contributions from both Japanese and Western designers inspired by Japan, this volume will remain the definitive work on the subject for many years to come.

Night Falls on the Berlin of the Roaring Twenties Viking Juvenile

Jazz arrived in New York in the 1920s & caused a riot. Artist Robert Nippoldt has put together a collection of drawings of the leading figures of the time, includes luminaries such as Jelly Roll Morton, Fats Waller, Bessie Smith, Louis Armstrong etc. Jazz expert H-J Schaal provides a short history of the period, and a text on each of the musicians featured.

If you truly love Allah, you will die for him. Your death will mean much reward for you and your family in heaven. Only death will prove your love. It was the final test. A chance to win not only the love of Allah, but the love of her father—something she had never been able to earn. Esther took a deep breath and raised her hand in the air. At the age of eighteen, she had just volunteered to become a suicide bomber. Defying Jihad is the true story of a girl growing up under radical Islamic rule, trained to believe her ultimate purpose was to serve Allah by dying as a jihadist. But two nights before she was to leave forever, she had a dream . . . one that would change the course of her destiny. Against all odds, Esther became a follower of Jesus—even though leaving Islam meant her death sentence. But rather than kill her immediately, Esther's furious father challenged her to a series of public debates with Muslim scholars: the Bible versus the Quran. If Esther won, she might yet survive. But if the Muslim clerics won, Esther must renounce her Christian faith. For an entire month—if she lived that long—Esther would be brought before the mob daily to defend her newfound faith. Would God give her the words to argue against Muslim leaders, former friends, and even her own family? Defying Jihad is an amazing story of a woman prepared to surrender all for Jesus—and whose life transformed from terror to overwhelming love.

This book covers the 125 year history of rallying since 1895 and is a tribute to Martin Holmes by rally journalists and the FIA Rally Commission President. It includes Rallying development from its inception in the 19th century to the end of 2020 with an unprecedented explanation about the mechanical evolution of cars taking part in rallies. Includes The Emancipation day in Britain; City to City Events; French Events Lead the Way; Monte-Carlo: Glamour and Errors. Tourist and completion rallies; Trends and Guidelines; Special Stages, Loops and Single Service Area Revolutions and Marathons.

The Mandalorian Armor: Star Wars Legends (The Bounty Hunter Wars) Random House Worlds
 Sacred Pathways reveals nine distinct spiritual temperaments--and their strengths, weaknesses, and tendencies--to help you improve your spiritual life and deepen your personal walk with God. It's time to strip away the frustration of a one-size-fits-all spirituality and discover a path of worship that frees you to be you. Experienced spiritual directors, pastors, and church leaders recognize that all of us engage with God differently, and it's about time we do too. In this updated and expanded edition of Sacred Pathways, Gary Thomas details nine spiritual temperaments and--like the Enneagram and other tools do with personality--encourages you to investigate the ways you most naturally express yourself in your relationship with God. He encourages you to dig into the traits, strengths, and pitfalls in your devotional approach so you can eliminate the barriers that keep you locked into rigid methods of worship and praise. Plus, as you begin to identify and understand your own temperament, you'll soon learn about the temperaments that aren't necessarily "you" but that may help you understand the spiritual tendencies of friends, family, and others around you. Whatever temperament or blend of temperaments best describes you, rest assured it's not by accident. It's by the design of a Creator who knew what he was doing when he made you according to his own unique intentions. If your spiritual walk is not what you'd like it to be, you can change that, starting here. Sacred Pathways will show you the route you were made to travel, marked by growth and filled with the riches of a close walk with God.

'Toiletpaper' comprises startling photographs colliding commercial photography with twisted narrative tableaux and surrealistic imagery.

Toiletpaper. Ediz. Inglese Harry N. Abrams

Come to the riverbank with Adrian Smith and cast a line on the wild side. 'Beautifully written account' Dave Simpson, The Guardian 'Writes beautifully' The Sun Welcome to the world of Adrian Smith, playing his Jackson guitar onstage to millions - while behind the scenes he explores far-flung rivers, seas and lakes, waterways and weirs, in a fearless quest for fishing nirvana. Hooked on the angling adrenaline rush since first catching perch from East London canals on outings with his father, Adrian grew up to be in one of Rock's most iconic bands. On tour, his gear went with him. The fish got bigger. The adventures more extreme. In *Monsters of River and Rock* you'll hear about his first sturgeon: a whopping 100-pounder from the roaring rapids of Canada's Fraser River that nearly wiped him out mid-Maiden tour. Then there's the close shave with a shark off the Virgin Islands whilst wading waist-deep for bonefish. Not to mention an enviable list of specimen coarse fish from the UK.

Kunstkalender 2020 - Wandkalender BoD - Books on Demand

Die Extreme Rechte entspricht schon lange nicht mehr dem Klischeebild dumpfer Männerhorden, die unverhohlen die NS-Zeit verherrlichen. Vielmehr gibt sie sich gerne intellektuell, bürgerlich, konservativ und sucht den Brückenschlag bis weit in die Mitte der Gesellschaft. Auch Christentum und Kirchen sind im Fokus. Themen wie Lebensschutz oder Anti-Gender-Aktivismus bieten gemeinsame Schnittfelder - der traditionelle Antimodernismus der katholischen Kirche willkommenen Anknüpfungspunkte. Sonja Strube entlarvt die Taktiken rechter Strategen und warnt christliche Kreise eindringlich davor, sich mit den falschen Bündnispartnern einzulassen. Kundig beleuchtet sie zugleich ein hochproblematisches traditionalistisches christliches Milieu und zeigt dessen demokratiefeindliche Umtriebe. Im Anschluss an ihre erhellenden Analysen formuliert sie mögliche Gegenstrategien der Kirchen und zeigt, welches enorme Potenzial diese für die Extremismusprävention und die Verteidigung des demokratischen Rechtsstaats haben.

Gian Paolo Barbieri's photographs of the tattooed people of Tahiti provide a record of an unspoken Polynesian language left on the skin of the people.

Monsters of River and Rock Walter de Gruyter GmbH & Co KG

Optimierungsgestütztes Entwerfen und Bemessen liefert neuartige Methoden, bewehrten Beton besonders effizient einzusetzen. Dabei wird die mathematische Optimierung auf die praktischen Probleme des Betonbaus angewendet. Ziel ist es, sparsam mit dem weltweit meistverwandten Baustoff Stahlbeton umzugehen und damit den CO₂-Ausstoß aus der Zement- und Stahlherstellung und den Ressourcenverbrauch an Kies, Sand und Wasser substanziell zu reduzieren. Drei Themenbereiche sind angesprochen. Erstens, die Strukturfindung, also die Frage nach der richtigen äußeren Form, dass schlanke, nach dem Kraftfluss ausgerichtete Tragwerke entstehen. Baustoffgerecht sind sie weitgehend auf Druck beansprucht. Zweitens, die Bewehrungsführung, die sich am inneren Kraftfluss orientiert. Vorteile ergeben sich gerade für Scheiben, volumenartige Bauteile, an Lasteinleitungsbereichen und Aussparungen. Es entstehen anschauliche, direkt in Bewehrungen umsetzbare Fachwerkmodelle. Dritter Entwicklungsschritt ist die Behandlung von Querschnitten. Sie werden in ihrer Form optimiert und in ihrer Bewehrung bemessen. Dies gilt auch für anspruchsvolle Beanspruchungen (zweiachsige Biegung) und nahezu beliebige Formen. Eine Parametrisierung ermöglicht die allgemeingültige Übertragung auf ganze Klassen von Querschnitten. Die optimierungsgestützten Methoden werden vertieft und anschaulich beschrieben. Sie sind universell anwendbar und unabhängig von Normen, Betonarten und Bewehrungen. Sie gelten für normalfeste bis zu ultrahochfesten Betonen, für Bewehrungen aus Stahl, Carbon oder

Glasfasern und für Bewehrungsstäbe als auch -fasern. Zahlreiche Abbildungen und Berechnungsbeispiele verdeutlichen die Anwendung. Zudem werden praktische Umsetzungen vorgestellt, darunter ultra-leichte Stahl-Beton-Balken, schlanke Solarkollektoren aus Beton und verbesserte Bewehrungslayouts für Tunnelschalen. Das Buch richtet sich gleichermaßen an Studierende, Forscher und Praktiker.

Wondrously Sheltered Walter de Gruyter GmbH & Co KG

Fetish Style traces the history, forms and tendencies of sub-cultural fashions that are popular in both mainstream and alternative fashion cultures. Presenting the world of subcultural fetish clothing design in all of its richness and beauty, this book explores the idea of fetish as subversive and repressive as reflected in clothing choices in people of all ages and cultures. Linking the fetishistic aspects of contemporary culture with everyday clothing as dictated by fashion and merchandizing, Fetish Style presents a fascinating study of historical as well as 21st century subcultures. Case studies include the Japanese-influenced 'tribes' of the various Lolita formations, the Shotaru (male Lolita), the club scene, the Goths, the hip-hop fashions and other locally-formed fetishized practices. Fetish Style will be key reading for anyone interested in fetish fashion both past and present.

From irresistible macaroons to tasty cheesecakes, discover new ways of using, cooking and enjoying Nutella with 30 mouthwatering recipes. 30 delicious recipes in a Nutella-shaped book for all the fans of the famous spread: - little individual sweets: from a revisited version of bread with Nutella to Nutella and banana tartlettes - generous Nutella cakes to share: cake roll, Twelfth Night cake or even a Nutella charlotte. - creamy, 'must have' recipes: mousse and little cream - surprising recipes to impress both young and old: macaroons, caramelized hazelnut stuffed truffles, little mango egg rolls

Tahiti Tattoos Augsburg Books

In this award-winning book, illustrator Robert Nippoldt and film critic Daniel Kothenschulte team up to pay homage to the golden era of Tinseltown, when silent films became talking pictures, stars got even more glamorous, directors more megalomaniac, and politicians and the mob hankered after a piece of the dazzling action.

Nero Corleone Zondervan

Alles hängt mit allem zusammen. Das Handbuch Klimakrise versammelt die relevanten Fakten, Zahlen und Argumente rund um die Klimakrise und das Massenaussterben sowie zur großen Transformation, die unweigerlich kommen muss und in vielerlei Hinsicht schon längst begonnen hat. Das Leben, wie wir es kannten, ist vorbei. Viele von uns haben es nur noch nicht gemerkt. Wir haben jetzt noch die Wahl, wie wir mit der Klimakrise und mit dem sechsten Massenaussterben umgehen - für unsere Kinder und Enkel*innen. Doch dieses Zeitfenster schließt sich bald. Das Handbuch beleuchtet diese größte Menschheitsherausforderung aller Zeiten allgemeinverständlich aus verschiedenen Perspektiven und zeigt mögliche Lösungsansätze auf. Denn die Klimakrise kann auch eine (letzte) große Chance sein, sowohl für uns als Hamsterradler*innen als auch global: Es kann endlich anders weitergehen, weil es anders weitergehen muss, wenn es weitergehen soll. Schwerpunkte des Handbuchs: Wir sind Erde | Eckdaten: °C, CO₂ & Co | Was kann ich tun? | Wir Verdrängungskünstler*innen | Fliegen, Kreuzfahrten | Verkehr & Mobilität | Politik für Enkel*innen | Energie | Fleisch, Fisch & Ernährung | Landwirtschaft | 11 Milliarden Menschen | Klimagerechtigkeit | Sechstes Massenaussterben **Factourism** Union Square & Company

He's the most feared and successful bounty hunter in the galaxy. He is Boba Fett, and even the most hardened criminals tremble at his name. Now he faces the deadliest challenge of his infamous career--an all-out war against his most dangerous enemies. As the Rebellion gathers force, Prince Xizor proposes a cunning plan to the Emperor and Darth Vader: smash the power of the Bounty Hunters Guild by turning its members against each other. Only the strongest and most ruthless will survive, and they can be used against the Rebellion. It's a job for the fiercely independent Boba Fett, who jumps at the chance to destroy his rivals. But Fett soon realizes the game is rigged, as he finds himself the target of murderous factions, criminal conspiracies, and the evil at the Empire's dark heart. Boba Fett has always finished first. And in this game, anything less is death.
