A hilarious fantasy manga about a heroine tasked with reforming a naughty little devil! In a magical world where demons threaten humankind, the heroine Zeno rises up to be their champion! There's just one problem: the reigning Devil King is a baby, and she can't exactly slay a baby. Even if this domineering monster baby has crass tastes and evil DNA, she believes he can be turned to the side of good with the right influence. Unfortunately, she's forced to test the theory when a contract binds her to the baby Devil King as his surrogate parent until he performs enough good deeds to prove his worth. What kind of role is that for a mighty hero? Oh, mama! [How to Train Your Devil Vol. 1](#)

Eisner-award nominated creator Takehiko Inoue creates a dramatic tale of triumph over adversity. This is the story of three young men whose lives are profoundly changed by their involvement with wheelchair basketball. Critically acclaimed, award-winning manga artist Takehiko

Inoue doesn't pull any punches in this stunning portrayal of people struggling with serious life issues. Masterfully combining rich character development with beautifully detailed line art, Inoue, the creator of the mega-hit masterpieces Slam Dunk and Vagabond, lifts the manga medium to a completely new level of storytelling. A motorcycle accident, bone cancer, a speeding truck crashing into a boy on a stolen bicycle--tragic life-changing events turn the worlds of three young men upside down. These three very different personalities have only one thing in common--their passion for basketball. [Gleipnir 1](#) National Geographic Books

It's the 2070s, and mankind has conquered space, making interplanetary travel possible and igniting the imaginations of the world. It's also vastly increased the amount of dangerous space debris, and someone has to clean it up. Hachimaki, Yuri, and Fee are a crew on that beat, each with their own goals, tendencies, and personal problems: Hachimaki dreams of deep-space exploration in his own ship, Yuri is still recovering from the death of his wife in an accident caused by orbiting debris, and

Fee is secretive, but there's a lot going on under the surface! Just trying to do their jobs in an age of space-age environmental concerns and new vistas of exploration, the crew deals with Hachi's fear of isolation hampering his hopes of joining an upcoming Jupiter mission, keep an eye on the wreckage for signs of Yuri's lost wife, and become unwitting heroes when the only place Fee can still smoke is threatened by terrorists! Dark Horse Manga is proud to present Makoto Yukimura's award-winning hard sci-fi epic *Planetes* in two omnibus-sized editions, complete with bonus color pages never before seen in America! "Planetes has it all: strong themes, interesting characters, and great art." -Anime Fringe

This book casts new light on the process that in the sixteenth and seventeenth

centuries led to a profound transformation in the study of nature with the emergence of mechanistic philosophy, the new mixed mathematics, and the establishment of the experimental approach. It is argued that modern European science originated from Hellenistic mathematics not so much because of rediscovery of the latter but rather because its "applied" components, namely mechanics, optics, harmonics, and astronomy, and their methodologies continued to be transmitted throughout the Middle Ages without serious interruption. Furthermore, it is proposed that these "applied" components played a role in their entirety; thus, for example, "new" mechanics derived not only from "old" mechanics but also from harmonics, optics, and astronomy. Unlike other texts on the subject, the role of mathematicians is stressed over that of philosophers of nature and the focus is particularly on epistemological aspects. In exploring Galilean and post-Galilean epistemology, attention is paid to the contributions of Galileo's disciples and also the impact of his enemies. The book will appeal to both historians of science and scientists.

The sci-fi horror manga classic returns, in a fully-colored, premium-quality hardcover for the first time! If you've never read the story of Shinichi and the polite and murderous alien infesting his right arm--or even if you already own the series--there's never been a better way to collect it. Presented in eight volumes

containing about 300 pages of manga each. They arrive in silence, out of dark skies. They infest human hosts and consume them. And they are everywhere. They are Parasites: alien creatures who must invade and take control of human hosts to survive. Once they have infected their victims, they can twist their hosts's bodies into any abominable shapes they choose: craniums splitting to reveal mouths of sharp teeth, batlike wings erupting from backs, blades tearing through soft hands. But most have chosen to conceal their lethal purposes behind ordinary human faces. No one knows their secret, except an ordinary high school student. Shinichi managed to stop the infestation of his body by an alien parasite, but can he find a way to warn humanity of the horrors to come? For more than 30 years, new generations of readers have been riveted to this unlikely buddy story that unfolds amid a world of monstrosities that never stay hidden for long. Since its first release, in 1988, Parasyte has inspired live-action films, spinoffs, and, in 2015, a global hit anime series. The Full Color Collection presents Hitoshi Iwaaki's original manga in

hardcover for the first time, with each page carefully colorized and a revised translation for 2022. There's never been a better time to stay up late and get your hand on Parasyte!

*Planetes Omnibus Volume 1 Big Head*  
A visually stunning work of sci-fi horror from the creator of Biomega and BLAME! A vast city lies under the shadow of colossal, ancient tombs, the identity of their builders lost to time. In the streets of the city something is preying on the inhabitants, something that moves faster than the human eye can see and leaves unimaginable horror in its wake. Tsutomu Nihei's dazzling, harrowing dystopian thriller is presented here in a single-volume hardcover edition featuring full-color pages and foldout illustrations. This volume also includes the early short story "Digimortal."

The Way of the Househusband, Vol. 6

L'ERMA di BRETSCHNEIDER

After a forbidden room is unsealed, heroic pilot Saito is no longer the only legendary Sidonian with a deceptive avatar on board. Meanwhile, an incoming asteroid forces the spaceship's mobile units to skirmish in a positive-gravity environment. Calling the

shots is Assistant Commander Yuhata Midorikawa, still new in her role, unsure but unshrinking.
