Clear and practical lessons are illuminated by numerous case studies of organizations like Microchip, Southwest Airlines, and The Ritz-Carlton.

**Life@Work** Thomas Nelson

A positive attitude comes easy in times of joy and progress. But the real test of character comes during times of turmoil and conflict--which are always just on the horizon. When the skies above appear stormy, how will you steer that internal plane we call attitude? In *How High Will You Climb?* bestselling author and pastor John C. Maxwell emphasizes that even in the worst of storms, we are never flying solo. With God supporting our approach in every challenge that comes our way, we have the power to choose--yes, choose--the attitude we take with us on our journey. Oftentimes our outward expression and attitude during conflict is every bit as critical as the inward struggle, and our approach to the struggles in our family, in work, in life in general will actually determine the outcome more than the actual struggle. The choice is yours--when your path brings you through your next storm, how high will you climb?

#1 New York Times bestselling author John C. Maxwell can teach you how to turn any situation into a winning experience. No one wins at everything they try. But any setback, whether professional or personal, can become a step forward with the right tools and mindset to turn loss into a gain. Drawing on nearly 50 years of leadership experience, Maxwell provides a roadmap for winning by examining the eleven elements that constitute the "DNA" of people who succeed in the face of problems, failure, and losses.
