The Rough Guide to Yellowstone & Grand
Teton *Frommers

The Rough Guide to Yellowstone & Grand
Teton is your definitive guidebook to this
storied region of the American west,

designed to help you best enjoy your trip
to Yellowstone and Grand Teton national
parks. Whether you want to know how to
avoid Yellowstone's notorious high-
season crowds, when and where to spot
a moose in Grand Teton, or simply where
to eat and sleep in either Yellowstone or
Grand Teton, this detailed guide has
everything you need, including full-

colour photos, richly detailed maps, reviews on every single restaurant and lodge within Yellowstone and Grand Teton, and comprehensive looks at Yellowstone and Grand Teton's various gateway towns, including Jackson, West Yellowstone, Gardiner, Cooke City and Cody. The guide also takes a detailed look at hiking in Yellowstone and Grand Teton, with two full chapters dedicated to the best day and overnight hikes found inside each park.

Hiking Yellowstone National Park

Lulu.com

Excerpt from Campbell's New Revised Complete Guide and Descriptive Book of the Yellowstone Park Perhaps the word Descriptive in the caption of this book is a misnomer, for who shall describe the wonders of a geyser like Old Faithful, or

paint the beauties of the Grand Canon? Talmage with all the eloquence of his soul acknowledged the hopelessness of the task, and Moran put down his brush in despair. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. The Yellowstone National Park Penguin Features 650 species, More than 1,200 color photos, 131 illustrations, 54 geothermal features, 21 waterfalls, 15 color maps, 12 star charts, Clear, concise descriptions Wildlife biologist Kurt F. Johnson is in his second decade leading wildlife safaris throughout Greater Yellowstone. Learn more about Kurt at www.wildthingsofwyoming.com Book jacket.

A Ranger's Guide to Yellowstone Day Hikes Sunlight Sports

When the scenery out the car window is breathtaking, drivers and their passengers want maximum gaze time. Our popular road guide, completely revised and updated, features contiguous text and maps so visitors can follow the maps and descriptions as they drive along. The book's efficient design eliminates having to flip back and forth between maps and text and count odometer mileage--a major frustration of other road guides. This indispensable guide tracks the major roads within Yellowstone National Park and its neighbor Grand Teton National Park. Detailed topographical maps point out where to look for wildlife such as mountain goats, bighorn sheep, elk, deer, and bear; geological formations; historical sites; and plants. Also included

are locations for camping, fishing, and boating within the Wyoming parks. Several pages of maps and accompanying text cover the popular Grand Loop Road, describing the formation of the 308-foot Lower Falls, Yellowstone Canyon's best views from Artist's Point, and how Mud Volcano lives up to its name. This road guide not only helps visitors find their way around but also makes the trip richer, more interesting, and more enjoyable. Campbell's New Revised Complete Guide and Descriptive Book of the Yellowstone Park (Classic Reprint) Travelbrains From Old Faithful to the National Elk Refuge, see the wide-ranging wonders of northwest Wyoming, from valley floor to mountain peaks Includes full-color photographic foldouts, maps, and details

on the vast forests, grasslands, lava flows and geysers, trails, flowers, hiking trails, wildlife, and more. Your complete guide to these unforgettable parks, with important insight and information to make the most of your visit!

Yellowstone, the world 's first national park, is truly a wonder of nature; its majestic beauty and unique geothermal and geologic features are preserved in its pristine glory. Since 1872, over one hundred and fifty million visitors have been awed by the sights and sounds of this abundant and untamed wilderness spanning over 3,400 square miles. With unique Grand Teton National Park nearby, over three and half million annually visit this area to enjoy recreation, wildlife, and scenery. With hundreds of color photos and travel tips,

this unique guide celebrates the profound biblical history revealed within the dramatic landscapes. With perspective on events that formed these mountains and valleys, as well as the breathtaking diversity of plants and animals presented, you will stand in awe of these picturesque parks. This updated edition of the classic guidebook has everything you need to explore the best easy hikes in this gorgeous national treasure.

Campbell's New Revised Complete Guide and Descriptive Book of the Yellowstone Park

Big Earth Publishing
The chilling tome that launched an entire genre of books about the often gruesome but always tragic ways people have died in our national parks, this updated edition of the classic includes calamities in Yellowstone from the past sixteen years, including the infamous grizzly bear attacks in the summer of 2011 as well as a fatal hot springs accident in 2000. In these accounts, written with sensitivity as cautionary tales about what to do and what not to do in one of our wildest national parks,

Whittlesey recounts deaths ranging from tragedy to folly—from being caught in a freak avalanche to the goring of a photographer who just got a little too close to a bison. Armchair travelers and park visitors alike will be fascinated by this important book detailing the dangers awaiting in our first national park.

Death in Yellowstone Forgotten Books
Explore Yellowstone wolves by joining wildlife filmmaker and guide Brad Bulin on a personal journey deep into the world of wild wolves. Through riveting—and sometimes humorous—personal experiences and natural history tales, Brad illuminates the multi-faceted lives of wolves and shares what life is like when closely intertwined with wild creatures. Full of detailed accounts of

real-life wolf stories, this book is one of the best glimpses into what it is like to be a wolf in Yellowstone. Brad's background as a wildlife biologist shines in his observations of wolf behavior, and his years of experience as a teacher and guide bring the stories to life. He weaves together natural history tidbits and reflections to take the reader down a path of education and personal discovery. Along the way, he explores his own connection with wolves. Rich in story and colorful passages, his blend of natural history, storytelling, humor, and reflection is a must-read for all those interested in wild wolves.
