HARLEY MASON

[Thomas Kinkade](#) Andrews McMeel Publishing
 A collection of fictional stories tracing the experiences of a newly arrived Belgian immigrant, illustrated by the art of American painter, Thomas Kinkade.
Thomas Kinkade, Sea to Shining Sea Harvest House Publishers
 "THE SHARPEST AND MOST UNUSUAL STORY I READ LAST YEAR . . . [Mat] Johnson's satirical vision roves as freely as Kurt Vonnegut's and is colored with the same sort of passionate humanitarianism."—Maud Newton, *New York Times Magazine*
 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Vanity Fair • Houston Chronicle • The Seattle Times • Salon • National Post • The A.V. Club
 Recently canned professor of American literature Chris Jaynes has just made a startling discovery: the manuscript of a crude slave narrative that confirms the reality of Edgar Allan Poe's strange and only novel, *The Narrative of Arthur Gordon Pym of Nantucket*. Determined to

seek out Tsalal, the remote island of pure and utter blackness that Poe describes, Jaynes convenes an all-black crew of six to follow Pym's trail to the South Pole, armed with little but the firsthand account from which Poe derived his seafaring tale, a bag of bones, and a stash of Little Debbie snack cakes. Thus begins an epic journey by an unlikely band of adventurers under the permafrost of Antarctica, beneath the surface of American history, and behind one of literature's great mysteries.
 "Outrageously entertaining, [Pym] brilliantly re-imagines and extends Edgar Allan Poe's enigmatic and unsettling *Narrative of Arthur Gordon Pym of Nantucket*. . . Part social satire, part meditation on race in America, part metafiction and, just as important, a rollicking fantasy adventure . . . reminiscent of Philip Roth in its seemingly effortless blend of the serious, comic and fantastic."—Michael Dirda, *The Washington Post* "Blisteringly funny."—Laura Miller, *Salon* "Relentlessly entertaining."—The *New York Times Book Review* "Imagine Kurt Vonnegut having a beer with Ralph Ellison and Jules Verne."—*Vanity Fair*
 "Screamingly funny . . . Reading Pym is like opening a big can of whoop-ass and then marveling—gleefully—at all the mayhem that ensues."—*Houston Chronicle*

Glory of Creation Thomas Nelson

Offering a fresh perspective on the influence of the American southwest--and particularly West Texas--on the New York art world of the 1950s, *Three Women Artists: Expanding Abstract Expressionism in the American West* aims to establish the significance of itinerant teaching and western travel as a strategic choice for women artists associated with traditional centers of artistic authority and population in the eastern United States. The book is focused on three artists: Elaine de Kooning, Jeanne Reynal, and Louise Nevelson. In their travels to and work in the High Plains, they were inspired to innovate their abstract styles and introduce new critical dialogues through their work. These women traveled west for the same reason artists often travel to new places: they found paid work, markets, patrons, and friends. This Middle American context offers us a "decentered" modernism--demanding that we look beyond our received truths about Abstract Expressionism. Authors Amy Von Lintel and Bonnie Roos demonstrate that these women's New York avant-garde, abstract styles were attractive to Panhandle-area ranchers, bankers, and aspiring art students. Perhaps as importantly, they show that these artists' aesthetics evolved in light of their regional experiences. Offering their work as a supplement and corrective to the frameworks of patriarchal, East Coast ethnocentrism, Von Lintel and Roos make the case for Texas as influential in the national art scene of the latter half of the twentieth century.

The remarkable story of the famous painting by Picasso and its diverse meanings from its conception to the present day

'Enthralling ... This is high-action drama, told like the rest within a huge frame of reference, theme interlocked with theme ... A painting which began its life within a particular political context has emerged as a universal statement on the ever-present horror and suffering of war. Van Hensbergen has treated an extraordinary subject admirably' Evening Standard
 Of all the great paintings in the world, Picasso's Guernica has had a more direct impact on our consciousness than perhaps any other. In this absorbing and revealing book, Gijs van Hensbergen tells the story of this masterpiece. Starting with its origin in the destruction of the Basque town of Gernika in the Spanish Civil War, the painting is then used as a weapon in the propaganda battle against Fascism. Later it becomes the nucleus of the Museum of Modern Art in New York and the detonator for the Big Bang of Abstract Expressionism in the late 1940s. This tale of passion and politics shows the transformation of this work of art into an icon of many meanings, up to its long contested but eventually triumphant return to Spain in 1981.
