 Learning all the notes on the fretboard taking too long? Or worse - seems impossible? This book will unlock all the notes in 5 Simple steps! Why Should I learn the Fretboard? Throughout my years of experience with the guitar, I have come across multiple "pro guitarists" who cannot name the note they just played. Learning guitar theory with no knowledge about the names of the fretboard is comparable to learning complex arithmetic equations without knowing numbers! This book will make sure you don't end up like one of those guitarists! Here is why you should learn the fretboard: Understand how notes are arranged on the fretboard Create a mind map to navigate through the fretboard Communicate the ideas you have in your head to written format or to other musicians Create various visual references to make the fretboard less daunting And lots more Why Should I buy this book? It's only fair to ask yourself this question before spending your hard-earned money on anything. Here is what you'll find inside: The whole process of learning the fretboard simplified into 5 easy steps A step by step approach which will give you results even if you are a complete beginner 35+ exercises and tips to make sure you get results as fast as humanly possible The theory behind every concept for those who need it Countless memory techniques to make the process as simple as possible Beginner friendly - no prior music experience required All this taught in less than a day! Why this book from among the 100 others? I know there are multiple books out there that teaches you the exact same things. They have a lot more reviews and have been out for longer than this book. But here is how this book is different: Unique memory techniques which cannot be found elsewhere High-quality pictures and diagrams to give you the whole picture Free bonus material including fretboard diagrams, Flashcards, Reference material and lots more! Gives you results faster than

any book out there! I hope that was enough reasons to make you jump onto the book! So, what are you waiting for? Scroll up and click the BUY NOW button to get access to such a goldmine!

 How do we bridge the gap between theory and the music we love? This book aims to establish as close a relationship as possible between theory, the ear and our instrument. 'Jazz Theory - Think Listen Play' is a comprehensive approach to improvisation, translating knowledge into sound, developing out musical imagination and finding our 'inner voice', which then guides us on our instrument. It will be a rewarding journey for any aspiring musician, music teacher and jazz player. Always remember - there is no truth in theory, only in music. Enjoy!
Steve Vai - The Ultra Zone (Songbook) Alfred Music
 (Guitar Educational). Many guitarists spend years, or entire lives, feeling their way around the guitar neck in the dark. But it doesn't have to be that way! Experiencing the freedom that comes with a little theoretical knowledge is not as difficult as it may seem. With *Visual Guitar Theory*, you'll quickly "connect the dots" by seeing and understanding the shapes and patterns that make music work, with over 500 full-color fretboard diagrams, detailed lessons, quizzes, and an organized, progressive teaching approach. Topics covered include: intervals; building triads; transposing chord shapes; inversions; building scales; and much more.

A Modern Method for Guitar Berklee Press Publications

Do you love sitting at home playing guitar, but find yourself playing the same old things over and over without making much progress? When other musicians invite you to jam, do you worry that you won't be able to keep up? Are you a veteran guitarist who has played for years, but you're embarrassed to admit you have no idea what you're doing? If you want to take your guitar playing to the next level, compose songs like you hear on the radio, and improvise your own music, then you need *Fretboard Theory*. *Fretboard Theory* by Desi Serna teaches music theory for guitar including scales, chords, progressions, modes and more. The hands-on approach to theory shows you how music "works" on the guitar fretboard by visualizing shapes and patterns and how they connect to make music. Content includes: * Learn pentatonic and major scale patterns as used to play melodies, riffs, solos, and bass lines * Move beyond basic chords and common barre chords by playing the types of chord inversions and chord voicings used by music's most famous players * Chart guitar chord progressions and play by numbers like the pros * Identify correct scales to play over chords and progressions so you can improvise at will * Create new sounds with music modes and get to know Ionian, Dorian, Phrygian, Lydian, Mixolydian, Aeolian and Locrian * Add variety to your playing by using intervals such as thirds, fourths, and sixths * Increase your chord vocabulary by using added chord tones and extensions to play chord types such as major 7, minor 7, sus2, sus4, add9, and more * Learn how all the different aspects of music fit together to make a great song * See how theory relates to popular styles of music and familiar songs *Fretboard Theory* will have you mastering music like a pro easier and faster than you ever thought possible. Plus, it's the ONLY GUITAR THEORY RESOURCE in the world that includes important details to hundreds of popular songs. You learn how to play in the style of pop, rock, acoustic, blues, and more! This guitar instruction is perfect whether you want to jam, compose or just understand the music you play better. The material is suitable for both acoustic and electric guitar, plus it features many references to bass. Level: Recommended for intermediate level players on up. *Video Fretboard Theory* is also available as a 21-hour video series that is sold separately on the author's GuitarMusicTheory.com website. Visit the website and sign up for email lessons to sample the footage. *Fretboard Theory Volume II* When you're ready to take your playing to the next level, get the second book in the series, *Fretboard Theory Volume II*, which is also available as a 12-hour video series. **Fretboard Roadmaps** Hal Leonard Corporation
 Go behind the scenes with the musician *The New York Times* called "a guitar God!" Oft-hailed as the Jimi Hendrix of his generation, living guitar legend Joe Satriani has long transcended stylistic boundaries with a sound that raises the bar like a new

horizon for the broader genre of instrumental guitar rock. Joe's 6-string secrets have astounded listeners around the world for nearly 30 years. In *Strange Beautiful Music: A Musical Memoir*, Satriani and coauthor, music biographer Jake Brown, take fans on their first authorized tour of the story behind his climb to stardom and the creative odyssey involved in writing and recording a storied catalog of classics including "Surfing with the Alien," "Summer Song," "Satch Boogie," "Always With Me, Always With You," "The Extremist," "Flying in a Blue Dream," "Crowd Chant," and more. Featuring previously unpublished photos and hours of exclusive, firsthand interviews with Satriani, *Strange Beautiful Music* offers a unique look inside the studio with Joe, giving fans a chance to get up close and personal like never before. With insider details about his collaboration with multi-platinum supergroup Chickenfoot, exclusive interviews with Sammy Hagar and Michael Anthony of Van Halen and Chad Smith of the Red Hot Chili Peppers, commentary from fellow guitar legends such as Steve Vai, Metallica's Kirk Hammett, Primus's Larry LaLonde, and legendary music producers including Glynn Johns and the late Andy Johns, this memoir offers a rare inside look for die-hard Satriani fans, guitar enthusiasts, and anyone who loves to rock.

Mel Bay is pleased to present the long-awaited publication of the Los Angeles Guitar Quartet's "loose" arrangement of the Pachelbel Canon for four guitars. Originally intended as an inside joke for the LAGQ members, this clever and comical send-up of Pachelbel's beautiful (and somewhat overplayed) melody has become a standard LAGQ encore and an internet sensation. Featured in performance on the Mel Bay DVD LAGQ Live at the Sheldon, this unique arrangement presents the pristine Baroque theme, and then adapts it in a number of unexpected musical styles: Reggae, salsa, bluegrass, jazz, flamenco, disco, and even punk. This is the only arrangement in the LAGQ repertoire that was a true group-project with all four members (John Dearman, William Kanengiser, Scott Tennant and Andrew York) contributing;

as a special bonus, new LAGQ member Matt Greif has added an alternative solo for the jazz section. Carefully notated to capture the nuances of LAGQ's stylistic flair, the parts are presented in standard notation as well as in tablature for those less familiar with note-reading. It's a challenging and fun re-imagining of a timeless classic.

Guitar World Presents Steve Vai's Guitar Workout Hal Leonard Corporation
