## CAITLYN NICKOLAS

---

**Antoni Tàpies in Print** Yale University Press

Examples from jewelry, millinery, handbags, perfume, couture, and everyday dress show how the rose--both beautiful and symbolic--has inspired fashion over hundreds of years.

Kandinsky Compositions National Geographic Books

Studies major works by important sculptors since Rodin in the light of different approaches to general sculptural issues to reveal the logical progressions from nineteenth-century figurative works to the conceptual work of the present.

**Pablo Picasso, 1881-1973** National Geographic Books

Published to accompany the 1994 exhibition at The Museum of

Modern Art, New York, this book constitutes the most extensive survey of modern illustrated books to be offered in many years. Work by artists from Pierre Bonnard to Barbara Kruger and writers from Guillaume Apollinaire to Susan Sontag. An important reference for collectors and connoisseurs. Includes notable works by Marc Chagall, Henri Matisse, and Pablo Picasso.

Bibliographic Guide to Art and Architecture Prestel Publishing

The book presents a basis for the interaction of the brain and nervous system with painting, music and literature, and a discussion of art from multiple facets - such as anatomy, migraine, illusion and evolutionary biology. The book explores several aspects of the neurobiology of painting, including evolutionary neurobiology, sensation vs. perception, the visual brain and how the mind works, and also explores the affects of

brain disorders and trauma on artist, with a concluding chapter on Frida Kahlo and the spinal cord injury that influenced her painting.

The Neurobiology of Painting Prestel Publishing

Now available in a new edition, this chronologically arranged volume covers a century and a half of masterpieces which beautifully capture the development of art in the modern age. Now available in a new edition, this chronologically arranged volume covers a century and a half of masterpieces which beautifully capture the development of art in the modern age. Starting with James Abbott McNeill Whistler and ending with Matthew Barney, nearly every prominent figure in Modern art is represented in vibrant double-page spreads that show how these artists redefined norms and challenged tradition. Fascinating biographical and anecdotal information about each artist is provided alongside large reproductions of their most celebrated works, stunning details, and images of the artists themselves. From the Impressionists to the Surrealists, Cubists to Pop artists—readers will find a wealth of information as well as hours of enjoyment learning about one of the most popular and prolific periods in art history.

**Surrealism and Architecture** Elsevier

A visual history covering personalities and topics of the twentieth-century and including key events in the fields of international politics, entertainment, and science.

*Archaeology at the Millennium* Univ of California Press

Essay by Robert Storr. Foreword by Glenn D. Lowry.

Understanding Installation Art Taschen America Llc

When we think of installation art we imagine enormous, perhaps

bewildering, multi-media environments. In this book, Mark Rosenthal offers an historical interpretation and concise critical analyses that should help deepen readers' appreciation of this often-confusing medium.

International Books in Print S. Dali Archives

"Salvador Dali was one of the most brilliantly provocative artists of the twentieth century, not least in the field of printmaking. His graphic works in particular continue to be the subject of often bitter controversy, for not only are they highly sought after by collectors, they have been frequently forged." "An essential guide for all Dali enthusiasts as well as for collectors, curators and dealers, this definitive volume of the graphic works is the key to authenticating every print the artist ever worked on. His techniques, signature and other matters are fully explained by the editors in the Introduction, while in the Catalogue itself every genuine Dali is illustrated along with precise details concerning the number of prints issued in every edition, the date of publication, papers and watermarks, the dimensions of images, the printers and publishers - all the crucial information necessary to distinguish the real Dali from unauthorized editions and outright forgeries." "This book is the result of over thirteen years of meticulous research by the editors, who worked closely with Robert Descharnes, the internationally renowned Dali expert and biographer, as well as with printers, archives, museums and galleries worldwide in order to verify every work here included."-- Jacket.

*Origins and Development of Kinetic Art* MIT Press

This charmingly illustrated guide shares ten truths about creativity, confidence, and how you can silence that stifling voice

in your head. This book is a salve for creative minds everywhere, and duct tape for the mouth of every artist's inner critic. Author and art curator Danielle Krysa explores ten essential truths we all must face in order to defeat self-doubt. Each encouraging chapter deconstructs a pivotal moment on the creative path—fear of the blank page, the dangers of jealousy, sharing work with others—and explains how to navigate roadblocks. Packed with helpful anecdotes, thoughts from successful creatives, and practical exercises gleaned from Danielle Krysa's years of working with professional and aspiring artists—plus riotously apt illustrations from art world darling Martha Rich—this ebook arms readers with the most essential tool for their toolbox: the confidence they need to get down to business and make good work.

Forthcoming Books ABRAMS

Appealing to fans of architecture, this ingeniously designed book lets you build replicas of some of London's iconic post-war concrete structures while learning about their place in the city's architectural history. In this fun and intellectually stimulating book, readers can recreate a number of London's most renowned Brutalist buildings. Opening with an informative history of the origins and philosophy of Brutalist architecture, the book then focuses on 9 buildings, including the Barbican Estate, Robin Hood Gardens, Balfron Tower and the National Theatre. The first part of the book looks at the significance of each of these buildings, with a short chapter on each, complete with texts and images. The second part of the book consists of a series of 9 pre-cut and folded buildings, printed on heavy card stock, that readers can detach and construct with easy-to-follow instructions. At once fun

and informative, this unique book offers a challenging and entertaining approach to architecture.

*The Children's Buyer's Guide* Knopf Books for Young Readers  
Celebrate 45 women artists, and gain inspiration for your own practice, with this beautiful exploration of contemporary creators from the founder of The Jealous Curator. Walk into any museum, or open any art book, and you'll probably be left wondering: where are all the women artists? *A Big Important Art Book (Now with Women)* offers an exciting alternative to this male-dominated art world, showcasing the work of dozens of contemporary women artists alongside creative prompts that will bring out the artist in anyone! This beautiful book energizes and empowers women, both artists and amateurs alike, by providing them with projects and galvanizing stories to ignite their creative fires. Each chapter leads with an assignment that taps into the inner artist, pushing the reader to make exciting new work and blaze her own artistic trail. Interviews, images, and stories from contemporary women artists at the top of their game provide added inspiration, and historical spotlights on art "herstory" tie in the work of pioneering women from the past. With a stunning, gift-forward package and just the right amount of pop culture-infused feminism, this book is sure to capture the imaginations of aspiring women artists.

*The Official Catalog of the Graphic Works of Salvador Dali* Prestel Pub

A new picture book about the iconic artist Claude Monet, from the Caldecott-Award winning team that created *The Noisy Paint Box*. Claude Monet is one of the world's most beloved artists--and he became famous during his own lifetime. He rejected a traditional

life laid out clean and smooth before him. Instead he chose a life of art. But not just any art: a new way of seeing that came to be called impressionism. Monet loved to paint what he saw around him, particularly the Seine River. He was initially rejected for using bright colors, tangled brushstrokes--condemned for his impressions. But soon art dealers and collectors were lining up each morning to see as Monet saw. Monet, however, waited only for the light. The changing light...each morning he had a dozen canvases on hand to paint a dozen different moments. His brush moved back and forth, chasing sunlight--putting in the arduous work to create an image that seemed to contain no effort at all. The stellar team that brought you the Caldecott Honor book *The Noisy Paint Box* explores another influential painter, in a moving tribute to creativity, commitment, and new ways of seeing the world around you.

Telematic Embrace Yale University Press

Help kids discover and nourish their inner artist with this vividly illustrated, funny, and endlessly encouraging dose of positive reinforcement. With over 200,000 Instagram followers, Danielle Krysa has helped a lot of people overcome the fear that they "aren't creative." In books like *Creative Block* and *Your Inner Critic is a Big Jerk* she calls out the self-criticism that keeps us from claiming and expressing our artistic abilities. Now she uses her characteristic playfulness, lively illustrations, and humor to help kids overcome negativity about their artistic endeavors--and to help them redefine what being an artist means. Every page delivers encouragement to the kid who thinks artists all live in cities, or that art has to look like something familiar, or that painting and drawing are the only way to make art. In a world

that drastically undervalues creative freedom, Krysa's whimsical paintings and collages joyfully proclaim that art is essential and that artists are everywhere. Additionally, a page at the back of the book includes ideas for art projects--because who wants fewer art projects? Nobody!

Salvador Dalí National Geographic Books

This fascinating study of art gallery interiors examines the changing ideals and practices of galleries in Europe and North America from the 18th to the late 20th century. It offers a detailed account of the different displays that have been created—the colors of the background walls, lighting, furnishings, the height and density of the art works on show—and it traces the different scientific, political and commercial influences that lay behind their development. Charlotte Klonk shows that scientists like Hermann von Helmholtz and Wilhelm Wundt advanced theories of perception that played a significant role in justifying new modes of exhibiting. Equally important for the changing modes of exhibition in art galleries was what Michael Baxandall has called “the period eye,” a way of seeing informed by the impact of new fashions in interior decoration and by department store and shop window displays. The history of museum interiors, she argues, should be appreciated as a revealing chapter in the broader history of experience.

**A Big Important Art Book (Now with Women)** Springer Science & Business Media

Considered to be the founder of video art, Nam June Paik (1932-2006) was a visionary artist who foresaw the importance of mass media and new technology, and its impact on visual culture. His cutting-edge, innovative, yet playfully entertaining work

continues to be a major influence on art and culture to this day. This ground-breaking publication focuses on Paik's pivotal role in the cross-germination of radical aesthetics and experimental practices, emphasising his visionary insight and his pioneering role in the emergence and proliferation of performative and collaborative art practice. Bringing together works that span a five-decade career, and including archival materials and excerpts of Paik's own writings, this book offers an in-depth understanding of the artist's innovative practice and his vision of a multidisciplinary future. His ideas such as 'Eurasia' and 'Electronic Superhighway', and his profound insight into a global age will be analysed in the context of transnationalism for the first time. In addition, texts will elaborate upon Paik's collaborations with other artists, musicians and choreographers, such as Charlotte Moorman, John Cage, Merce Cunningham, Joseph Beuys and Fluxus, highlighting Paik's global trajectory and considerable impact on digital culture, which connect his art to a new generation.

*Subject Catalog* Prestel Publishing

One name in the history of the 20th century art stands out over all others: Pablo Picasso (1881-1973). As painter, graphic artist and sculptor, he displayed an inventive enterprise and innovative bravado that always kept him one step ahead of his contemporaries. As one of them, the painter Max Ernst, ruefully

put it: No one can touch Picasso. He is genius incarnate. The works selected here cover Picasso's entire output, from the less familiar to key masterpieces such as *Guernica*, from the Blue and Rose Periods early in his career through his cubist and classicist phases and the formal experiments of the Thirties to his later involvement with politics in art. Discusses the life and work of the well-known twentieth-century painter, describing how his art was influenced by the events in Spain and his early years there.

*Spaces of Experience* Chronicle Books

Twenty-one essays examining the relationship of surrealist thought to architectural theory and practice.

**Nam June Paik** DK Publishing (Dorling Kindersley)

An essential guide for all Dali enthusiasts as well as for collectors, curators and dealers, this definitive volume of the graphic works is the key to authenticating every print the artist ever worked on.

*Salvador Dalí* Psychology Press

A beautiful collection of art books appealing to a wide range of tastes. Short introductory text and full colour illustrations throughout make this series educational, informative and highly collectable. The text provides background information on the artist, as well as contemporaries who may have influenced him or her. Each of the pieces of work illustrated have details of the size of the original, the materials used and a short commentary on the work.
